Another Victory Achieved For Holt

The Holt Basket Ball team books another victory by again defeating the St. Hilaire Stars, in a well fought game from start to finish, Tuesday night in the M. W. A. hall.

Berke, St. Hilaire's Coach, voiced the whistle and the Stars opened up strong by scoring the first five points. The Locals then did some fast team work and attained the lead which they held throughout the game, the first half ended by a score of 16 to 7.

The last half proved even more exciting with some splendid team work on both sides. Altho the Stars had possession of the ball most of the time, they were not strong enough to score more than a few baskets.

A large crowd witnessed the game and were well pleased, the team receiving their usual fine support. The final score was 34 to 18. Boost for the fast team, "The Home Team."

Catarrhal Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.
We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c.

Under the auspices of the Methodist Church Conference of North Dakota a hospital costing approximately $125,000 will be erected at Mandan. The drive for funds has already begun.

William Rivers, his wife and two children of Green Bay, Wis., narrowly escaped asphyxiation by coal gas, when one of the children broke a window. One child and the mother were overcome.

Furs valued at more than $40,000 were sent in a single shipment from Eau Claire, Wis., to New York in one week. The furs are those of skunk, bear, wildcat, lynx, coyote, red and gray fox and rat.

Victor L. Berger, who was re-elected to congress from the fifth congressional district December 19th, Milwaukee, following his expulsion from that body, said that he will go to Washington Jan. 5th, to claim his seat.

In a note found in his room, addressed to a Wichita, Kan., woman, W. Stengeton, 50, of Omaha, Neb., declared he was killing himself because "he couldn't live with her." Stengeton, a stock salesman, took poison at Fargo, North Dakota.

The body of Major E. R. Orchard, in uniform who served two years overseas, was found in the bathroom of his apartment at Bismarck, N. D. There was a bullet hole through Orchard's heart and at his side lay an army revolver.

Warrants were issued at Madison, for the arrest of 67 food manufacturers and manufacturers in Western Wisconsin indicted by the federal grand jury at La Crosse. Names of defendants will not be revealed until the warrants have been served.

Agitation has again been started to secure a North Dakota state naval militia organization with headquarters in Devils Lake. Secretary Daniels has sent to congress a recommendation that funds be provided for giving federal aid to state naval militia organizations.

Coal prices in the northwest will remain stationary until next winter at least, according to W. H. Groverman, secretary of the Northwestern Coal Dock Operators' association, despite advances in prices announced in other sections of the country. This policy was announced by Mr. Groverman because of the large amount of coal stored at the head of the lakes.

Art Court of Marmath, N. D., while plowing on his farm two years ago, lost a wallet which contained $40. Later he enlisted and went overseas and fought in France. Now he is back in Marmath and, the other day, as he was watching Lee Gilmore plowing the same field the lost wallet was turned over. The bills were badly damaged, but enough remains of them to that they may be changed for new money.

Mrs. Lucy M. Mullenax is in the county jail at Coeur d'Alene, Idaho, here charged with having murdered her 2 month old daughter and two sons, 1 and 3 years old, by drowning them in a cistern. She also is said by the police to have attacked Mrs. Mary Mullenax, their 74 year old grandmother. The mother says she killed the children because she feared the hypnotic influence of the aged woman, the police said.

Flour made of soft red winter wheat will be placed on sale in Milwaukee in a few days at 6 cents a pound, fully 1½ cents below the prices obtaining in retail stores. The flour is to be released by the United States Grain corporation. The quality is said to be the equal of white flour.

The Central high school building at Grand Forks, N. D., which has been in process of construction nearly three years will be occupied when the school term reopens in January. The building was erected at a cost of about $250,000. Formal dedication will take place in February.

Joe Rodich, 11 years old, of Butte, Mont., died from a gunshot wound, said to have been inflicted by Joe Ostranich, 15, while the two were using a rifle to shoot at cans.

The written opinion of the Wisconsin supreme court in the bonus law cases has been filed, holding that both the cash bonus law and the soldier educational law as valid in all particulars.

"A general cleaning up," replied James Senning, of Portland, Ore., logger, when the smiling female barber asked his wants. Besides a shave and haircut, the cleaning included his $380, James told the police.

Washington

Alarmed over the widespread deaths from wood alcohol poisoning, the bureau of internal revenue is planning to appeal to congress for legislation safeguarding the sale of this deadly drug for use in manufacture of whisky substitutes.

The transport Buford, known as the "soviet ark," which is carrying 249 "reds" back to Europe, will land them at either Helsingfors or Hango, Finland, from where they will be taken by train to the Russian border, it was learned from authoritative unofficial sources here.

The miners are getting out coal faster than the railroads can move it. Director General W. D. Hines indicated in reports to the cabinet. An increasing number of coal cars is reaching the mining center, but the unusually heavy production is slightly in excess of available car tonnage.

Control and operation of the nation's railroads and express companies, assumed by the government as a war measure two years ago, will revert to the owners of the railroad properties next March 1 unless Congress by legislation fixes an early date. President Wilson, through a proclamation fixing March 1 as the date of the return, put at rest speculation as to the time of the handing back of the roads.

HAPPENINGS IN GOPHER STATE

News From All Parts of Minnesota Given in Condensed Form.

EVENTS BRIEFLY TOLD

Where Busy Readers Will Find News From All Parts of State Tersely Chronicled for Their Benefit.

Owatonna.—The Steele County Poland China Breeders association staged its annual meeting here.

St. Paul.—Helen Masinelli, Minneapolis danseuse, burned at a local theater when her flimsy dress caught fire from an electric switch and died later at a hospital.

St. Paul.—Sixty-three St. Paul saloonkeepers pleaded guilty in Federal district court to violating the government prohibition law and paid a total of $6,300 in fines.

Dodge Center.—Both sides in the Dodge county seat removal fight are fighting to win the special election called by the board of county commissioners for Jan. 8.

Duluth.—Miles Bruce Pringle, well known marine engineer, was overcome by gas fumes and died. The fumes were from a newly installed water heater in his bathroom.

Ellendale.—Miss Cora Johnson, teacher in the Austin public schools and a daughter of Edward Johnson of this village, is suffering from what is believed to be sleeping sickness.

Hibbing.—The bottom fell out of the home made wine industry on the Mesaba range, when Indian agents and government liquor agents destroyed 20,000 gallons of home manufactured wine.

Brainerd.—Albert Scott, former police captain of Brainerd, who took up farming at Borden lake, had a runaway accident, breaking his leg, and he has been at St. Joseph's hospital for some time.

St. Peter.—J. R. Smullen, Le Sueur Center, reports that he caught more than 20 tons of fish in Lake Washington near here. Mr. Smullen has a state contract to sein the lake for rough fish.

Grygla.—An organization known as the Better Schools association has been formed by the teachers in the six townships east of Grygla. Meetings are held every two weeks in the nature of a study club.

Duluth.—Ten thousand Christmas letters, postcards and photographs, incorrectly or insufficiently addressed form a post holiday task for Duluth postal clerks to sort out. All of them accumulated in a week.

Duluth.—Mrs. Hilma Smith, hotel proprietress, testified before the Duluth civil service commission that she had never purchased whisky except from members of the police department and had paid from $8 to $20 a quart for it.

St. Cloud.—Court records of Stearns county show that during the year of 1919 twenty-two divorces have been granted. In many instances divorce is obtained through default. Nine cases are pending in addition to the number of divorces already granted.

Duluth.—Disregarding a plea for leniency made by friends, Judge W. A. Cast in district court sentenced 12 persons to penal institutions, advising that leniency where guilt was established would make the prisoners appear privileged characters.

Fergus Falls.—Aldred Svedahl, 15, died here of injuries sustained in a gasoline explosion. He tried to thaw out a frozen pump by building a fire around it and placed a can of gasoline close by. The gasoline exploded. He was burned terribly about the body.

Gaylord.—Thirteen cars went into the ditch and 31 rails were torn up when a Minneapolis & St. Louis freight train left the track about 2½ miles from this city. The engine crew was slightly injured. The exact cause of the accident has not been determined.

Hastings.—Mr. and Mrs. Jerome Hanna celebrated their golden wedding anniversary. Mr. Hanna is commander of Peller post, No. 89, G. A. R., of Hastings. They have been residents of this city for over 25 years, and before that lived on a farm near here.

Duluth.—County and federal officials raided an alleged illicit still at Proctor, 10 miles from Duluth, the second outfit of the kind confiscated there in three days. In the equipment were a still, a cooler, several bottles of whisky and a barrel of grapes. Tom Wadin, alleged owner, was arrested.

Fairmont.—Sugar beets promise to be an important crop in this and the surrounding country next year as a result of the high prices. Farmers raising beets on a small scale this season reaped such returns that many are contracting with sugar companies to plant large tracts next spring.

Hibbing.—To put an end to the confusion of names that the new Hibbing has been dubbed and in order to assist outside parties in mailing and shipping their packages correctly the Great Northern agent has been notified that hereafter the station in Alice will be known as South Hibbing. Heretofore it has been known as Northland and Alice.

Pillager.—Teachers of the Pillager consolidated school district were refused their request for a $15 a month increase and plan to strike. They will hand in their resignations simultaneously to the board, it is said.

Hastings.—Hastings city council decided to establish a skating rink at the city park for the winter. The park was flooded and will be lighted.

Virginia.—Merchants and business men through the local Retail Merchants' association, propose to prevent further passing of bad checks here.

Bemidji.—Wives, mothers and sisters of war veterans are planning to organize an auxiliary to the Ralph Gracie post of the American Legion here.

Hibbing.—Hibbing "went over the top" in the Christmas seal drive and when complete figures are in, the quota will reach close to the $1,000 mark.

Virginia.—Virginia has been selected for the annual range poultry show and it will be held here on Feb. 6, 7 and 8, in the gymnasium of the new vocational school.

Chisholm.—Colin Munroe, called "first citizen of Chisholm," prominent in politics, fraternally and as a sportsman, is dead. Munroe was vicepresident of the First National bank.

Hibbing.—Charles Kussill, a farmer, was shot through the groin at a dance at Little Swan, six miles south of Hibbing. The victim of the attack refused to divulge the name of his assailant.

St. Paul.—Final organization of the Minnesota Potato Growers' exchange, to be composed of state associations now formed for the purpose of growing and marketing potatoes, is to be made at Little Falls, January 26 and 27.

Pipestone.—A deanery composed of Catholic parishes of Pipestone, Murray and Jackson counties, has been formed by Bishop J. P. Heffron of Winona. The headquarters will be established in Pipestone with Rev. Joseph Mangan as dean.

Duluth.—G. N. Fishback of West Duluth gave his son, Roy, a rifle for Christmas and, after showing the boy how to operate it, they engaged in target practice. The son took the rifle and the father is in the hospital with a wound in the leg.

Luverne.—Levi Ruland, section foreman on the Rock Island railroad, was seriously injured when he was pinned under a railroad motor truck. He lay beneath it for two hours until the northbound passenger train arrived and passengers aided in releasing him.

Duluth.—Alleging that his daughter Muriel, aged 6, was disfigured for life last summer when she was struck in the face by a shovelful of hot tar thrown by a workman on a street repair crew, James Johnston has filed suit for $20,000 damages in district court against the city of Duluth.

Fairmont.—Isaac Wilson, while feeding his chickens, glimpsed something that looked like a bit of glass lying in the yard where the fouls were scratching. Investigation showed that it was a diamond, valued at $300. It was found that the stone had been lost six years ago by Mrs. Claude Small, a neighbor.

St. Peter.—St. Peter now has an airplane factory in operation. It is conducted by Lieutenant Lyle Thro, a former service man in the aviation department. Lieutenant Thro is working on a small stunting plane, which he will use for exhibition flights at the annual winter carnival to be held here New Year's day.

St. Paul.—Minnesota soldiers' bonus claimants retain their serial numbers, which will govern the order of payment even in cases where applications are returned for corrections. An official announcement to that effect was made in the bonus offices at the capitol. It followed numerous inquiries from the claimants.

Virginia.—Students of all range normal training schools will be given an opportunity for practical work during Jan. 12 and 23, doing practice teaching work in schools of St. Louis county. During the practice, the student-teachers will assume charge of classes under supervision of regular teachers in the various schools.

St. Paul.—Investigation of alleged I. W. W. activities in logging camps in Northern Minneosta has been begun by Adjt.-Gen. W. F. Rhinow, who left here for International Falls. He carried authority from Governor Burnquist to make a complete inquiry and will submit a report to the governor on conditions in the camps upon his return.

St. Peter.—Nicollet county Livestock Breeders association, the farm bureau and the bank of the county are fostering pure bred contests among the boys of the county for the coming year. The banks are loaning money to the boys with which to purchase purebred stock. A competition feeding record for the year will be kept and the animals will be sent to the livestock show at South St. Paul next December.

Minneapolis.—Retal lumber dealers from all parts of Minnesota, Iowa, South Dakota and North Dakota, will gather in this city January 20, 21 and 22, for the annual convention of the Northwestern Lumbermen's association, and an attendance of 2,000 is predicted by Secretary Adolph Pfund. Notable speakers are being engaged and a large exhibit of building materials will be displayed at the West hotel, which will be convention headquarters. Sessions will be in the court house assembly hall.

Cloquet.—Smothered by sawdust when the support of a sawdust bin under which he was working gave way, Thomas Jozwiak, 56, met death in a box factory in which he was employed. The body was found under a pile of debris half an hour after the accident.

Hastings.—Dakota county's board, decided to apply for $123,000 federal aid for road improvement and in order to meet the government requirements adopted a resolution to raise $45,000 by an extra tax levy on real estate and personal property to be paid during the ensuing year.

HURRY! YOUR HAIR NEEDS "DANDERINE"

Get rid of every bit of that ugly dandruff and stop falling hair.

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub well into the scalp. After several applications all dandruff usually goes and hair stops coming out. Every hair in your head soon shows new life, vigor, brightness, thickness and more color. —Adv.

BILIOUSNESS Caused by Acid-Stomach

If people who are bilious are treated according to local symptoms they seldom get very much better. Whatever relief is obtained is usually temporary. Trace biliousness to its source and remove the cause and the chances are that the patient will remain strong and healthy.

Doctors say that more than 70 non-organic diseases can be traced to an Acid-Stomach. Biliousness is one of them. Indigestion, heartburn, belching, sour stomach, bloat and gas are other signs of acid-stomach. EATONIC, the marvelous modern stomach remedy, brings quick relief from these stomach miseries which lead to a long train of ailments that make life miserable if not corrected.

EATONIC literally absorbs and carries away the excess acid. Makes the stomach strong, cool and comfortable. Helps digestion; improves the appetite and you then get full strength from your food. Thousands say that EATONIC is the most effective stomach remedy in the world. It is the help YOU need. Try it on our money-back-if-not-satisfied guarantee. At all druggists. ARREST SUSPECTS IN POISON CASES

Federal and State Authorities Have Drag Net Out for Sellers of Wood Alcohol.

NEW YORK IS CENTER

Former Saloonkeeper Gives Evidence Incriminating Other Men and May Becomes Important Government Witness—More Are Dying.

New York.—With six men in custody, alleged ringleaders in a conspiracy to flood New York, New Jersey and New England with poisonous substitutions for whiskey, federal, state and city authorities are united in pursuit of the purveyors of the beverages which have caused scores of deaths and hundreds of cases of blindness and illness. The capture of a score or more of the poison dispensers is expected, according to officials.

In the meantime the toll of death and serious illness caused through drinking wood alcohol and other illicit concoctions continues to mount in New York and adjacent cities.

Distributed from New York.

Thoroughly aroused by the growing list of fatalities the authorities held several conferences planning co-operation between the federal and municipal departments. Colonel Daniel L. Porter, supervising revenue agent for New York, said New York City is the headquarters for the country in the illicit liquor industry and that it is impossible as yet to tell how far the ramifications of the trade extend.

Undertaker and Druggist Implicated.

Federal agents believe the two most important arrests made are those of John Romanelli, Brooklyn undertaker, and Samuel Saleeby, a Brooklyn druggist, who are accused of being the principals in distributing the poison in New England. The two men were released on $25,000 bail, pending an examination.

Find Important Witness.

The remaining four men are Adolph Panarelli, a former saloon keeper, Carmine Licenziato, Amedio Delomada and Lugi Puca, Italian grocers. Panarelli has made a statement to the authorities in regard to the methods employed for the distribution of the liquor and may be a witness for the government.

ON ROCKS OFF NOVA SCOTIA

Dutch Vessel on Rocks While Stormbound Crew Wages Battle for Life.

Halifax, N. S.—Five survivors of the crew of the Belgian steamer Anton Van Driel were battling desperately for life Monday on the wreck of their ship which was fast being pounded to pieces on the jagged rocks at the entrance to St. Marys' bay, Newfoundland. Their only hope was that the wreck, swept incessantly by gigantic icy combers, would hold together until a rescuing steamer from St. Johns was able to reach them. It was a slender hope for the ill-fated ship, which had been driven on the rocks at a spot where no vessel could approach in safety except in the calmest weather.

The Anton Van Driel was laden with coal for the Dutch government, en route from Sydney. The ultimate fate of the vessel and its crew has not yet been determined.

GOMPERS ISSUED CRITICISM

A. F. of L. Head Claimed Fundamental Weakness in Recent Conference.

Washington.—Suggestions of the president's industrial conference for the settlement of labor unrest drew fire from organized labor in the first of the public discussions invited by the commission in its report, which has just been made public.

Samuel Gompers, president of the American Federation of Labor, said the failure of the conference to recognize definitely the organizations of workers—trade unions—as the basis for representation, was a fatal omission, while Frank Morrison, secretary of the federation, noting the absence of refcrence by the conference to collective bargaining or the necessity for organization of workers, said any one who would avert or postpone industrial conflicts, could not ignore these principles.

France Passes New Loan.

Paris.—Louis Klotz, minister of finance, presented to the chamber of deputies the loan bill providing for 5 per cent bonds redeemable during sixty years at 150 with drawings every six months to designate those bonds redemable in each period. The measure was approved by the cabinet. The chamber adopted the loan bill, 491 to 64.

Race Riot at Camp Taylor.

Louisville.—A white woman was killed and a white soldier probably fatally wounded in a fight between negroes and soldiers on a streetcar near Camp Zachary Taylor Monday night. It is said that soldiers on the car attempted to quiet negroes using abusive language in the presence of women. As the car reached a point near Camp Taylor, a soldier was shot in the back as he was getting off the car. The soldiers on the car then attacked the negroes.

TWO ARE KILLED IN DUBLIN FIGHT

Vicious Night Attack Made on House of Viscount French, With Gory Results.

OTHERS BELIEVED DEAD

British Officer Slain in Effort to Protect Lord Lieutenant's Residence—Unknown Attacker Slain Wore British Army Putees.

Dublin, Ireland.—An attack on the residence of Viscount French, lord lieutenant of Ireland, led to a pitched battle in which two men were killed. One of the slain was a British army officer who led a party of volunteers in the battle, fought in pitch dark, which resulted in driving the assailants away from the viceregal lodge.

The other man slain was a member of the attacking party. He was dressed in civilian clothes, but had on puttees of a British soldier. He has not been identified.

Pools of blood found in Phoenix park, the scene of the fight, indicate that others of the attackers may have been killed or wounded and carried away by their companions.

Four men were arrested in the park several hours after the fight. They denied having any connection with the affray, and it is reported that no incriminating evidence was found.

78 KILLED BY WOOD ALCOHOL

Many Christmas Revelers, Especially in East, Victims of Beverage.

New York.—Seventy-eight persons died in the 48 hours immediately following Christmas, and scores of others are suffering from paralysis and blindness, due to drinking wood alcohol "whisky," according to reports from seven eastern cities and Chicago. The toll is highest in New England, where 60 deaths are recorded. Police, internal revenue officers and agents of the department of justice are seeking Adolph Paranell, importer and commission merchant of this city, who, they assert, sold 12 barrels of the poisonous liquor.

In Chicopee, Mass., 34 men and two women died; in Springfield, three men and one woman; Holyoke, six men, and in Greenfield, Mass., one man. In Hartford, Conn., 13 persons died of the poison.

Chicago reported eight deaths from the drinking of poisonous beverages. Four deaths were reported in Pittsburgh.

Two deaths were announced at Newark, N. J., by the police.

District Attorney Ely of Westfield announced tonight that Alex Perry, proprietor of the American house in Chicopee Falls, had confessed to buying 50 gallons of the concoction in Hartford, all except five of which were sold. The district attorney who stated that five other gallons of the liquor had ben traced to the Polski hotel in Holyoke.

RAIL WORKERS IN PROTEST

Brotherhood Heads at Washington Prepare Manifesto on Rail Bill.

Washington.—The attitude of organized railway employes toward the anti-strike provision of the Cummins railroad bill was being formally drafted in a statement of principles by the heads of all the brotherhoods at a conference held Monday with President Gompers of the American Federation of Labor.

Labor leaders declared today that "nothing drastic was to be expected," but the general view among organized workers was that the affiliated trades would stand by the railway machinists' union which voted to quit work if congress enacted the anti-strike provision.

Congressmen express the opinion, however, that the house never would accept the bill as it came from the senate and that even if it should pass, President Wilson would veto it.

BRITISH AMBASSADOR QUITS

Viscount Grey, Departing Washington, Soon to Leave for Home.

Washington.—Viscount Grey, British ambassador, has left Washington for New York, and will sail for home Saturday on the Aquitania. He will be accompanied by his personal suite, Sir William Tyrrell, Ronald Campbell and Major Crauford Stuart.

When he came to Washington, October 1, for the special purpose of dealing with certain questions impending as the result of the world war, delay in final action on the peace treaty made it unprofitable to undertake such negotiations, it was said at the embassy.

No successor to the ambassador has been chosen.

Negroes Confess Murder.

Newark, N. J.—Frank Kelly and Emma Robinson, both negroes, of Brooklyn, N. Y., arrested on suspicion of having been connected with the murder last week of Catherine Dunn, a housemaid employed at the home of Clarence S. Clark in Brooklyn, have confessed to the crime, District Attorney Lewis announced. He said that he would ask the grand jury to return indictments charging Kelly with murder in the first degree and the Robinson woman with being an accessory.

WOULD STRIKE AT NON-STRIKE ACT

Railway Machinists First of Brotherhoods to Attack Cummins Bill.

125,000 WOULD QUIT

Leaders of 14 Brotherhoods to Confer—Meantime House and Senate Conferees Begin Effort to Frame Compromise Bill.

Washington, Dec. 27.—Organized railway machinists, through their president, have served notice on congress that they would not submit to enactment of the Cummins railroad bill, with its drastic anti-strike provision.

Voting more than a month ago, 98 per cent of the 125,000 members of the union favored an immediate walkout in event of the bill's passage by both houses of congress but the result was not made known through fear that the brotherhoods might appear in the light of attempting to coerce the law-making branch of the government.

The machinists, according to William H. Johnston, president of the international association, are the only railway employes who have taken a strike vote, but the heads of all the fourteen brotherhoods have been summoned to meet here to consider pending railway legislation and define precisely their position on the clause in the Cummins bill which would prevent strikes and put strikers in jail.

House and senate conferees are beginning an effort to frame a new railroad bill out of the Esch and Cummins measures, in the hope of final enactment of legislation sometime in the next two months. The anti-strike section is known to be the main point of difference, and while it was left intact in the bill passed by the senate, house leaders frankly express doubt whether the house will accept it.

RAIL OWNERS WANT RAISE

Pennsylvania Rail Head Voices Demand for Higher Rates.

Philadelphia.—Samuel Rea, president of the Pennsylvania railroad, in a statement on the return of the railroads to private ownership, said it is essential that higher rates be approved by the interstate commerce commission to save the country from broken railroads and insufficient facilities and service. Mr. Rea said the railroad bill pending in congress should definitely provide:

1.—That adequate rates be at all times maintained to prevent the railroads from getting into the position from which the are now trying to emerge.

2.—Funding the war indebtedness to the government, which chiefly consists of expenditures made by the government for additions and betterments essential to carry the traffic of the war period.

3—To continue the standard compensation as prescribed by the federal control act until the railroad situation has been steadied by adequate rates and stronger credit.

4—Provide sufficient capital to finish additions, betterments and equipment already authorized by the United States railroad administration, to finance additional new work and equipment that should be authorized in 1920 and also to enable the railroads to provide for securities maturing in that year.

TROTZKY REGIME TOO TAME

Deported Russian Reds Wholly Anarchistic in Their Views.

New York.—Evidence was given at the executive session of the legislative committee which has been investigating radicalism in New York state, that the Union of Russian Workers, the organization to which a large proportion of the radicals recently deported on the transport Buford belonged, includes the soviet government of Russia in its antagonism to all forms of authority. George J. Starr, an investigator of the committee, testified that at one of the meeting of the organization a resolution was adopted condemning the Trotzky variety of government as being as reactionary as any other form.

To Revise Naval Awards.

Washington.—Secretary Daniels has ordered the navy department's board of awards reconvened Monday, January 5, to revise the recent recommendations as to naval awards, which have been the source of a controversy brought to a head a few days ago by declination of Admiral Sims to accept the Distinguished Service medal while the awards remained as at present.

Want to Force Reinstatement.

Seattle.—The alleged refusal of the Wilkeson Coke and Coal company of Wilkeson, Wash., to reinstate 125 miners who struck November 1, when a general strike of miners was called, was the subject of a telegram sent by R. H. Harlin, president of district 10, United Mine Workers of America, to Attorney General Palmer, in which Mr. Harlin requested that the goverrment take steps to compel the reinstatement of the discharged workmen.

FOUND IN AMHERST COLLEGE

Discovery of Audubon Collection of North American Birds Will Delight Ornithologists.

The famous Audubon collection of North American birds, which was mislaid thirty or more years ago, was discovered a short time ago in Appleton cabinet at Amherst college. In the collection are more than 800 type specimens of birds, from which, it is believed, Audubon painted the illustrations in his edition of "Birds of North America." Fifty of the specimens bear labels containing Audubon's own handwriting and are dated 1834.

The collection was originally sold by the Audubon estate for $600 to "Ward's Natural Science" establishment, following which it was sold to H. H. Farnum who, forty years ago, presented the specimens to Amherst college.

Curator Bangs of the ornithological collectors at Harvard will take possession of the collection, which contains specimens of practically every kind of North American bird.

FOUND NEW DISEASE GERM

Annoying "Deer Fly Fever," It Is Announced, Is Caused by Bacterium Tularense.

Announcement has been made by the United States public health service of the discovery by its investigators of a new germ foe to man which causes a disease which has resulted in fatal cases in Utah, the New York Times says.

An investigation has been completed by Surgeon Edward Francis. The germ, which bears the name of bacterium tularense, was first located by Doctors McCoy and Chapin of the health service, as the causative agent in a plaguelike disease of rodents. It was not then known that the same germ also infects man.

Doctor Francis now finds that bacterium tularense is the cause of "deer-fly fever," a disease occurring among the rural population of Utah, and initiated, according to popular belief, by a fly bite on some exposed surface of the body. The site of the bite and the neighboring lymph glands become tender and inflamed and commonly suppurate. A fever like that in ordinary blood poison develops and lasts from three to six weeks.

MORTGAGE FORECLOSURE SALE

NOTICE IS HEREBY GIVEN, That default has been made in the conditions of that certain mortgage duly executed and delivered by Olaf Kristofferson Viken, a single man, Mortgagor, to B. L. Backe Mortgagee, bearing date the 19th day of December, 1913, with power of sale therein contained, duly recorded in the Office of the Register of Deeds in and for the County of Marshall State of Minnesota, on the 20th day of December, 1913, at 8:30 o'clock A. M., in Book 70 of Mortgages, on Page 496, and which mortgage together with the debts secured thereby was duly assigned by said B. L. Backe, Mortgagee, to Eide Struhs by written assignment, dated December 24, 1913, and recorded in the office of said Register of Deeds on the 7th day of February, 1914, at 8:30 A. M., in Book 62 of Mortgages, on Page 295, and which mortgage was assigned together with the debts secured thereby by Eide Struhs, Assignee, to Merchants State Bank of Red Lake Falls by written assignment, dated June 9, 1919, and recorded in the office of said Register of Deeds on the 27th day of June, 1919, at 9.00 o'clock A. M., in Book 97 of Mtgs., Page 332, which default has continued to the date of this notice, by the failure and neglect of said Mortgagor to make payment of the Seven Hundred Forty-four Dollars and Twenty-two cents by said mortgage secured, which by its terms became due and payable on the 19th day of December, 1918, and which default still continues.

AND WHEREAS The said Mortgagee has elected and hereby does elect to declare the whole principal sum of said mortgage due and payable at the date of this notice, under the terms and conditions of said mortgage, and the power of sale therein contained; and whereas, there is actually due and claimed to be due and payable at the date of this notice the sum of Seven Hundred Eighty-eight and 94-100ths Dollars; and whereas, the power of sale has become operative, and no action or proceeding, at law or otherwise, has been instituted to recover the debt secured by said mortgage, or any part thereof:

NOW, THEREFORE, NOTICE IS HEREBY GIVEN, That by virtue of the power of sale contained in said mortgage, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described in and conveyed by said mortgage, to-wit: The Southeast Quarter (SE¼) of Section Six (6), in Township One Hundred Fifty-five (155), North of Range Forty-one (41), West, in Marshall County and State of Minnesota, with the hereditaments and appurtenances; which sale will be made on the 10th day of February, 1920 by the Sheriff of said Marshall County, at the front door of the Court Horse in the City of Warren at 10:00 o'clock A. M. of that day, at public vendue, to the highest bidder for cash to pay said debt of Seven Hundred Eighty-eight and 94-100ths Dollars, and interest and taxes, if any, on said premises, and Fifty ($50.00) Dollars, attorney's fees, as stipulated in and by said mortgage in case of foreclosure, and the disbursements allowed by law; subject to redemption at any time within one year from the day of sale as provided by law.

Wonderful Cuba Caves.

The wonderful caves of Bellamar, Cuba, to the east of Havana, attract the attention of the ambitious tourist. They are on a plateau as level as a table top, which presents no signs of the existence of such caves. After descending into the earth, however, a picture unfolds itself. Then come many passages, and at last the great "Gothic temple," [illegible] feet long and 8½ feet wide.

Arthur Sorum came to town Monday for the first time since he had his leg broken, which is about four months ago. He is able to walk fairly well but still has to be very careful. Everyone was glad to see him and to know that he is able to be around again.

Death of M. B. Fitch

M. B. Fitch died yesterday morning at his home in this village. Dr. Fisher had been called during the night to give something to relieve him as he was suffering terribly at that time. After administering a hypodermic injection, Mr. Fitch became easier and seemed to be resting well but it was soon evident that death again was soon to invade their family circle. The end came peacefully and our brother and friend is at rest in Christ where pain and suffering is no more. While death relieves the body of torturing pain, it leaves behind the vacant chair, which would be hard to bear were it not for strength given from above.

The bereaved family have the sincere sympathy of their many friends.

The funeral will be held next Wednesday afternoon at the Mission church and interment will be made in the Holt cemetery. Obituary next week.

A Sad Case.

Dr. Swedenburg of Thief River Falls was called to the C. E. Nielson home near Golden Valley, Sunday night, to see their daughter Amelia who was quite sick. Their seven year old daughter Anna had died Friday night or Saturday morning and the doctor feared it might be a case of diptheria and he forbid the remains be taken into a church for funeral services. The remains of the little girl were laid to rest in the Holt cemetery Monday afternoon, after a brief service at the grave by Revs. Myhrer and Strom. Both the father and mother were sick and unable to attend the short funeral service. This is a very sad case and the sincere sympathy of the entire country goes out to the grief stricken family.

The family seem to think their sickness was caused by poisoning from coal gas, and this may be the cause of the sudden death of the little girl.

Dr. Swedenberg was called to the Dick Hagen home the same night where he found the patient to be a little girl about six years old, suffering from an attack of appendicitis.

At last reports the little girl was much better, but it is thought she will have to have an operation in the near future.

Farmer Phone Line at Golden Valley

A telephone company has been organized at Golden Valley and a 25 mile line will be built north and south of that place, to connect with Grygla line. They expect to have the line built before April 1st., as shares enough have been sold to pay for it.

Officers have been elected as follows: W. A. Murray, Chairman; Olaf Dahl, Vice Chairman; C. A. Dale, Secy; Elmer Odie, Treas., and Tom Risdohl, Line-man.

Theodore Sollom went to Middle River the first of the week to continue his work of hauling gravel on the road.

Miss Amanda Mickelson was employed in the Holt State Bank during the absence of Miss Hobbs while visiting relatives in North Dakota.

The carpenter work on the new school house was finally completed last week, and now we have a school building of which we may be justly proud.

Diedrick Mathison returned Monday from McIntosh where he spent the New Years vacation with his mother, also brother Albert and family.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c.

MORTGAGE FORECLOSURE SALE

Notice is Hereby Given, That default has been made in the conditions of that certain mortgage duly executed and delivered by Bertha Giller, a widow, and Maurice Giller and Beatrice Giller, his wife, Mortgagors, to Farmers State Bank of Mavie, a corporation, Mortgagee, bearing date the 8th day of June, 1916, with power of sale therein contained, duly recorded in the Office of the Register of Deeds in and for the County of Marshall, State of Minnesota, on the 13th day of June, A. D. 1916, at 10:00 o'clock A. M., in Book 80 of Mortgages, on Page 243, which said mortgage was thereafter duly assigned by the said mortgagee to the Merchants State Bank of Red Lake Falls by written assignment duly executed, dated December 1, 1916, and recorded in the office of the Register of Deeds of Marshall County, Minnesota, on the [illegible] day of November, 1919, at 8:00 A. M., in Book 90 of Mortgages on Page 590 thereof, which default has continued to the date of this notice, by the failure and neglect of said Mortgagor to make payment of the sum of $48.00, interest, by said mortgage secured, which by its terms became due and payable on the 9th day of June, 1919, and which default has continued for more than 150 days.

AND WHEREAS The said Mortgagee and holder of said mortgage has elected and hereby does elect to declare the whole principal sum of said mortgage due and payable at the date of this notice, under the terms and conditions of said mortgage, and the power of sale therein contained; and whereas, there is actually due and claimed to be due and payable at the date of this notice the sum of Eight Hundred Seventy-two Dollars and Fifty Cents ($872.50), and whereas, the power of sale has become operative, and no action or proceeding, at law or otherwise, has been instituted to recover the debt secured by said mortgage, or any part thereof:

NOW, THEREFORE, NOTICE IS HEREBY GIVEN, That by virtue of the power of sale contained in said mortgage, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described in and conveyed by said mortgage, to-wit: The North Half (N½) of the Southeast Quarter (SE¼) and the South Half (S½) of the Northeast Quarter (NE¼) of Section Nineteen (19) in Township One Hundred Fifty-five (155), North of Range Forty-one (41), West of the Fifth Principal Meridian in Minnesota, containing 160 acres, more or less, according to the Government Survey thereof, in Marshall County and State of Minnesota, with the hereditaments and appurtenances; which sale will be made by the Sheriff of said Marshall County, at the front door of the Court House in the City of Warren in said County and State, on the 20th day of January, 1920, at 10:00 o'clock A. M. of that day, at public vendue, to the highest bidder for cash, to pay said debt of Eight Hundred Seventy-two and 50-100ths Dollars, and interest and taxes, if any, on said premises; and Fifty ($50.00) Dollars attorney's fees, as stipulated in and by said mortgage in case of foreclosure, and the disbursements allowed by law; subject to redemption at any time within one year from the day of sale, as provided by law.

Wonderful Cuba Caves.

The wonderful caves of Bellamar, Cuba, to the east of Havana, attract the attention of the ambitious tourist. They are on a plateau as level as a table top which presents no signs of the existence of such caves. After descending into the earth, however, a picture unfolds itself. Then come many passages, and at last the great "Gothic temple," [illegible] feet long and 8½ feet wide.

Relief quickly obtained through Dr. Albertson's Chiropractic Adjustments. Acute and chronic diseases successfully treated. Even those who have been pronounced incurable, have been restored to perfect health again. Phone No. 85. Crookston, Minn.

Arthur Sorum came to town Monday for the first time since he had his leg broken, which is about four months ago. He is able to walk fairly well but still has to be very careful. Everyone was glad to see him and to know that he is able to be around again.

Death of M. B. Fitch

M. B. Fitch died yesterday morning at his home in this village. Dr. Fisher had been called during the night to give something to relieve him as he was suffering terribly at that time. After administering a hypodermic injection, Mr. Fitch became easier and seemed to be resting well but it was soon evident that death again was soon to invade their family circle. The end came peacefully and our brother and friend is at rest in Christ where pain and suffering is no more. While death relieves the body of torturing pain, it leaves behind the vacant chair, which would be hard to bear were it not for strength given from above.

The bereaved family have the sincere sympathy of their many friends.

The funeral will be held next Wednesday afternoon at the Mission church and interment will be made in the Holt cemetery. Obituary next week.

A Sad Case.

Dr. Swedenburg of Thief River Falls was called to the C. E. Nielson home near Golden Valley, Sunday night, to see their daughter Amelia who was quite sick. Their seven year old daughter Anna had died Friday night or Saturday morning and the doctor feared it might be a case of diptheria and he forbid the remains be taken into a church for funeral services. The remains of the little girl were laid to rest in the Holt cemetery Monday afternoon, after a brief service at the grave by Revs. Myhrer and Strom. Both the father and mother were sick and unable to attend the short funeral service. This is a very sad case and the sincere sympathy of the entire country goes out to the grief stricken family.

The family seem to think their sickness was caused by poisoning from coal gas, and this may be the cause of the sudden death of the little girl.

Dr. Swedenberg was called to the Dick Hagen home the same night where he found the patient to be a little girl about six years old, suffering from an attack of appendicitis.

At last reports the little girl was much better, but it is thought she will have to have an operation in the near future.

Farmer Phone Line at Golden Valley

A telephone company has been organized at Golden Valley and a 25 mile line will be built north and south of that place, to connect with Grygla line. They expect to have the line built before April 1st., as shares enough have been sold to pay for it.

Officers have been elected as follows: W. A. Murray, Chairman; Olaf Dahl, Vice Chairman; C. A. Dale, Secy; Elmer Odie, Treas., and Tom Risdohl, Line-man.

Theodore Sollom went to Middle River the first of the week to continue his work of hauling gravel on the road.

Miss Amanda Mickelson was employed in the Holt State Bank during the absence of Miss Hobbs while visiting relatives in North Dakota.

The carpenter work on the new school house was finally completed last week, and now we have a school building of which we may be justly proud.

Diedrick Mathison returned Monday from McIntosh where he spent the New Years vacation with his mother, also brother Albert and family.

Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c.

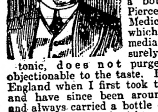
AROUND THE WORLD



Winona, Minn.—"A few years ago I had a severe attack of ptomaine poisoning, which left my blood in very bad condition. I tried a great many so-called 'tonics,' but felt no better until a friend suggested my trying a bottle of Dr. Pierce's Golden Medical Discovery, which gave me immediate relief. It is surely an excellent tonic, does not purge and is not objectionable to the taste. I was living in England when I first took the 'Discovery' and have since been around the world, and always carried a bottle of the 'Golden Medical Discovery' right with me. Remarkable Apple Tree.

A strange apple tree is to be seen in a garden at Porthcawl, Glamorganshire, England. It was planted last spring. Two months later it flowered and bore a crop of good apples. When the first crop was gathered it blossomed and had two large apples, different in size and color from the first. Now it is blossoming for the third time in a year.

BREAKS YOUR COLD IN JUST A FEW HOURS

"Pape's Cold Compound" Instantly relieves stuffiness and distress

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all grippe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!—Adv.

NERVOUS PROSTRATION

Mrs. J. Christman Proved That Lydia E. Pinkham's Vegetable Compound is a Remedy for this Trouble.

Binghamton, N. Y.—"I was in a very nervous condition for over a year, my mind was gloomy, could see no light on anything, could not work and could not have anyone to see me. Doctor's medicine did not help me and Lydia E. Pinkham's Vegetable Compound was recommended. I took it and am now well. I recommend it to all afflicted with nervous prostration."—Mrs. J. CHRISTMAN, 193 Oak Street, Binghamton, New York.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from nervous prostration, displacements, inflammation, ulceration, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion and dizziness. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

If there are any complications about which you need advice write in confidence to Lydia E. Pinkham Medicine Co., Lynn, Mass.

Reasonable Deduction.

"Jurd Loop is norating around that as he was going home from the store tuther night he was attacked by a passel of screech owls," related a citizen of the Fiddle Creek (Ark.) neighborhood. "He says he beat off the first batch with a club, but they whooped and bellered till a lot more, forty or so, popped out of the darkness and tore into him. He 'lows they'd have ripped and clawed him to death if he hadn't slid into a holler log."

"Just as I've said a dozen times," cried the acquaintance to whom the episode was told, "that there cuss knows whur a bone-dry still is at!"—Kansas City Star.

Watch Your Kidneys!

That "bad back" is probably due to weak kidneys. It shows in a dull, throbbing backache, or sharp twinges when stooping. You have headaches, too, dizzy spells, a tired nervous feeling and irregular kidney action. Don't neglect it—there is danger of dropsy, gravel or Bright's disease! Use *Doan's Kidney Pills*. Thousands have saved themselves more serious ailments by the timely use of *Doan's*. *Ask Your Neighbor!*

A Minnesota Case

O. O. Johnson, farmer, R. F. D. No. 4, Windom, Minn., says: "My kidneys were weak and I had a frequent desire to pass the kidney secretions. My back pained and it was difficult to get through with my work on the farm. I blame so much exposure and being out in all kinds of weather for my trouble. I used a box of Doan's Kidney Pills and it didn't take them long to regulate the action of my kidneys and drive away the backache."

PISO'S

COURT UPHOLDS VOLSTEAD ACT

Validity of Wartime Prohibition Upheld by Nation's Highest Tribunal.

WETS LOSE LAST HOPE

Decision Effectually Closes Probability of Abatement of the Liquor Drouth Until Constitutional Prohibition Jan. 16.

Washington.—By a margin of one vote the supreme court Monday upheld the right of congress to define intoxicating liquors, insofar as applied to war-time prohibition.

In a five to four opinion by Associate Justice Brandeis, the court sustained the constitutionality of provisions in the Volstead prohibition enforcement act prohibiting the manufacture and sale of beverages containing one-half of one per cent or more of alcohol. Associate Justices Day, Vandevanter, McReynolds and Clarke dissented.

"Dry" Amendment Not Involved.

Validity of the federal prohibition constitutional amendment and of portions of the Volstead act affecting its enforcement was not involved in the proceedings, but the opinion was regarded as so sweeping as to leave little hope among "wet" adherents. Wayne B. Wheeler, general counsel for the Anti-Saloon League of America, hailed it as a "sweeping victory" and said the only prohibition question left open by the court now is whether the eighteenth amendment is of a nature that can be considered as a federal amendment and whether it was properly adopted.

In rendering the opinion, the court sustained federal court decrees preventing Jacob Ruppert, a New York brewer, from manufacturing beer containing in excess of one-half of one per cent, but which, he alleged, was non-intoxicating.

TO BEGIN PAYING BONUSES

North Dakota to Liquidate 1,700 Soldiers' Claims This Year.

Fargo, N. D.—Fifteen hundred North Dakota ex-service men will be paid their state bonus in full March 15 of this year, according to a statement made by Adjutant General Angus Fraser, who gave a talk at the meeting of the Gilbert C. Grafton post, American Legion, held at the armory here.

The money will be paid out as fast as it is turned into the treasury from collections of the state tax of one-half mill for this purpose, and the applicants will be paid the full amount of their bonuses in the order which their applications have been filed, each having received a number at the time he applied.

"We expect to pay off approximately 1,700 applicants this year," said Mr. Fraser last night, "and by the middle of March should be able to pay off 1,500 of this number, as most of the taxes will be in by then. Delinquent taxes will straggle in throughout the balance of the year, and as fast as the money is received it will be checked out to the applicants in the order of their numbers. About 4,200 have already filed applications, the average claim being in the neighborhood of $375.

MORE REDS SWEPT IN NET

Department of Justice Nabs Men High Up in Soviet Clans.

New York.—The sweeping raids against "reds" by federal agents, which netted nearly 700 prisoners last Friday, were resumed Monday night when ten large automobiles and two army transport wagons left the local headquarters of the department of justice to round up communists and other sedition mongers who escaped the first dragnet.

With the arrest on a deportation warrant of Gregory Weinstein, chief of staff of soviet Russia's ambassador Ludwig C. A. K. Martens, the department of justice announced it was hunting "big game."

Rated as Trotzky's "best friend" here and a co-worker with him on the Russian language radical paper Novy Mir, Weinstein's position in the soviet bureau ranked virtually on a par with Martens', it was stated. His duties as chancellor gave him control equaled only by that of Martens, and his activities were greater, it was declared.

Victor Wolodin, former manager of the Novy Mir, and said to have been another co-worker with Trotzky, was swept into the government's dragnet and sent to Ellis island in the wake of Weinstein.

$100,000 Bail Asked for Prisoners.

New York.—Bail of $100,000 each was demanded by United States Commissioner Reifschneider today when John Romanelli, undertaker; Samuel K. Saleeby, druggist, and Edward G. Ware, Saleeby's brother-in-law, were arraigned before him on charges of selling alcohol in violation of the law. The trio are alleged by federal agents to have been responsible for the distribution of wood alcohol which caused more than 100 deaths.

Constipation, Headache, Colds, Biliousness, Surrender to "Cascarets"

Bring back peace! Enjoy life! Your system is filled with liver and bowel poison which keeps your skin sallow, your stomach upset, your head dull and aching. Your meals are turning into poison gases and acids. You can not feel right. Don't stay bilious or constipated. Feel splendid always by taking Cascarets occasionally. They act without griping or inconvenience. They never sicken you like Calomel, Salts, Oil or nasty, harsh Pills. They cost so little too—Cascarets work while you sleep.—Adv.

GREEN'S AUGUST FLOWER.

Constipation invites other troubles which come speedily unless quickly checked and overcome by Green's August Flower which is a gentle laxative, regulates digestion both in stomach and intestines, cleans and sweetens the stomach and alimentary canal, stimulates the liver to secrete the bile and impurities from the blood. It is a sovereign remedy used in many thousands of households all over the civilized world for more than half a century by those who have suffered with indigestion, nervous dyspepsia, sluggish liver, coming up of food, palpitation, constipation and other intestinal troubles. Sold by druggists and dealers everywhere. Try a bottle, take no substitute.—Adv.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and ¼ oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. It will gradually darken streaked, faded gray hair, and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.—Adv.

MEXICO SHAKEN BY EARTHQUAKE

Mexico City Reports Violent Shocks in Many Parts of the Country.

SAY SCORES ARE KILLED

State of Vera Cruz Believed Heaviest Sufferer—Volcano of Orizba Is Center of Siesmic Disturbance.

Mexico City.—Scores of persons have been killed in a violent earthquake which occurred in many parts of Mexico Saturday night. The center of the disturbance is believed to have been near the volcano of Orizba.

One of the earth shocks was felt here at 10 p. m. Sunday. The shock was more severe than that experienced on December 17, date of groundless astronomical causes.

Incomplete press reports indicate that the state of Vera Cruz suffered more than any other section, although seismic disturbances were felt throughout the entire republic.

WILSON WON'T BUY SUGAR

Waives Power Granted in McNary Bill to Purchase Cuban Crop.

Washington.—President Wilson has decided not to exercise powers conferred in the McNary sugar control bill authorizing purchase and distribution of the Cuban sugar crop, according to a statement issued at the White House.

The statement said the president had decided on the basis of facts presented for his consideration and the recommendation of the sugar equalization board that this power should not be exercised.

In a long statement announcing the president's decision, the declaration is made that apparently the available sugar supply is sufficient for American needs, "even on the present large basis of consumption" and notice is given that the power of price control through the licensing system, authorized by the bill, will be involved if necessary in cooperation with the department of justice.

The American per capita consumption of sugar, the statement said, had risen from 35 pounds in 1866 to an average of 85 pounds in the 1914-1918 period and to 92 pounds for 1919.

MORE SOVIET ARKS TO SAIL

Kilpatrick, America and President Grant Await Expected Loads.

New York.—Armed with more than 300 warrants, federal agents and police detectives continued their search for radicals accused of plotting to overthrow the government, who escaped the government's earlier dragnet which netted 700 prisoners in greater New York.

Under heavy escorts of coastguards, police and government agents, the radicals captured in this city, together with hundreds brought in from northern New Jersey sections, were transported to Ellis island. As a result the immigration station is swamped with its record jam of alien anarchists held for deportation proceedings.

The army transports Kilpatrick, America and President Grant will probably be the "soviet arks" to follow the Buford with further loads of aliens due for return to the lands of their political friends.

SINN FEIN FIGHTS POLICE

Three Hundred in Attack Near Dublin—Barracks Dynamited.

Cork.—A prolonged battle was fought between police and Sinn Feiners in the village of Carrigtohill, nine miles outside of Cork, Saturday night. For four hours the fight lasted, and there were, it is stated, 300 Sinn Fein volunteers in the attack, which was made on police barracks.

Finally a mining party from the attackers succeeded in getting under the wall of the barracks and placed a big charge of dynamite. In a few minutes an explosion took place, and before policemen could recover from their surprise the wall and 100 Sinn Feiners were on top of them. They were seized but later released. No casualties.

Coal Production Normal.

Washington.—Coal production is again sufficient to meet current requirements, according to the weekly report of Walker D. Hines, director-general of railroads. In the central western region coal production last week was exceptionally large, the report says, leading being 54 per cent more than the same period of last year and 148 per cent more than the previous week.

Aged Man Dies in Fire.

Mexico, Mo.—O. B. Thompson, 72 years old, was burned to death, and his son, Shirley, 30, was injured seriously in a fire which destroyed the Orpheum theater here. The theater was owned by the younger Thompson. Loss was estimated at $60,000. The fire's origin has not been determined. The Thompsons resided above the theater. Shirley Thompson fractured both legs and his left arm in leaping from a third-story window after a futile attempt to rescue his father.

Watch the Little Pimples; They are Nature's Warning

Unsightly and Disfiguring Signals of Bad Blood.

Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, and other skin disorders that burn like flames of fire.

They mean that your blood needs S. S. S. to cleanse it of these impure accumulations that can cause unlimited trouble. This remedy is one of the greatest vegetable compounds known, and contains no minerals or chemicals to injure the most delicate skin.

Go to your drug store, and get a bottle of S. S. S. today, get rid of those unsightly, disfiguring pimples, and other skin irritations. It will cleanse your blood thoroughly. For special medical advice free, address Medical Director, 41 Swift Laboratory, Atlanta, Ga.

RARE DOUBLES TO MONARCHS

Resemblances, Fancied and Real, Have Given Rise to Some Highly Imaginative Stories.

Most monarchs possess at least one double, but so far the double of the present shah of Persia has not been discovered. His grandfather, Nasr-ed-Din, had a famous double in the person of Edmund Yatee. The resemblance between these two was so striking that Yates' photographs were sold in Brussels as the shah's when Nasr-ed-Din visited that city. However, he never suffered through the possession of a double as another monarch did, if we may credit a theory of Andrew Lang's. According to that ingenious historian, Queen Elizabeth and Darnley were doubles. The second husband of Mary Queen of Scots was not, as is generally supposed, blown up in the explosion of Kirk o' Field, but escaped into England. He then somehow got Elizabeth at his mercy and ultimately secured her throne, posing as the queen to the end of his days. Thanks to the amazing resemblance between the two, the imposture was not discovered until after Darnley's death.—Manchester Guardian.

MADE HIS ARGUMENT GOOD

Small Johnny Drew on Biblical Knowledge to Convince Mother of Danger He Was In.

Ten-year-old John lives next door to a little girl near his own age. The mothers are good friends and insist on their children being playmates. But this doesn't suit John, who wishes to get out with the boys. So he tries his best to start a quarrel whenever playtime with Edith arrives. And the explanations for this trouble, which he offers to his mother are often elaborate.

Last Wednesday he had succeeded in making Edith angry. Like a little fury she flew at him and pulled his hair. Then John went home to make the announcement that no longer would he play with this girl. "I can't—that's all," he ended. "It's dangerous for me."

His mother smiled. "Oh, I think not," she comforted. "It isn't such a calamity to lose a few hairs."

"Well this is just the beginning," John returned, "and remember what happened to Samson just on account of a woman."

Obituary of M. B. Fitch

Dr. Marlith Bently Fitch was born in Trumbull County, Ohio, June 6, 1840, and departed this life at his home in Holt, Minn., on the morning of Jan. 8th., 1920, aged 79 years, 7 months and 2 days.

He was the son of George and Deborah (Bovlem) Fitch, both of Ohio.

In 1862 he answered his countrys call and enlisted in Co. H. 18th. Iowa Infantry and served faithfully until permanently disabled before the close of the war.

The disability incurred in defence of the Union made a physical wreck of an other wise robust and and exceptionally strong young man, and he never recovered but a very small portion of his former virility.

He was united in marriage with Miss Isabel Nelson in 1888 and located at Decorah, Iowa. Seven childred were born to this union: Roy Anton, Professor at Luther Academy, Albert Lea, at the time of his death, May 17, 1917; George Elmer of Sioux City, Iowa; Raymond Lovejoy, Olivia, Minn, Martin Daubney, Sgt, 1st Class Motor Truck, Co., No. 788, Camp Grant, Ill.; June E. M., a student at Oak Park Academy, Nevada, Iowa; Lyllian Marie, at Sioux City, Iowa, with her brother and William R. at home with his mother.

Dr. Fitch was granted a Diploma by the Institute of Physicians and Surgeons in the city of Rochester, N. Y, Feb. 6th, 1900. He also held two Diplomas from other Scientific institutions and has enjoyed a medical practice which should be the envy of many physicians.

In later years, his health failing, he retired from active practice and and in May 1918 he moved with his family to Holt, Minn., where he resided until death came to relieve him of bodily pains and suffering.

Besides the widow and children, he leaves to mourn their loss, two brothers, George W. of West Union, Ia. and Elmer E. of Cambridge, Ill. and one half brother Philo T. Hageman of Ringgold Co. Iowa and a host of other relatives and friends.

Those present at the funeral from a distance were: two sons, Raymond and Martin, daughter, June, two nieces, Bertha Ingebritsen from Fertile, and Ingeborg Nelson of Grand Forks and a nephew, Edwin Nelson of Thief River Falls.

Funeral services were held at the Mission church in Holt on Wednesday afternoon by Rev. Dahl of Thief River Falls, who used as his text Romans 6:23. Members of the American Legion, attended the funeral as a military escort. The remains were laid to rest in the Holt cemetery to await the Resurrection Day.

The deceased was a devoted husband, an indulgent father, a kind friend and neighbor. THE NEWS joins the many friends of the family in extending to them sincere sympathy in their hour of sorrow.

Card of Thanks

We wish to express our sincere gratitude to our many friends and neighbors who so generously assisted us in our late bereavement, and take this mode of thanking the ex-soldier and sailor escort, also.

HOLT WINS A GLORIOUS VICTORY

Files First Petition for County Division

Scores a Home Run in Second Inning

Makes a Gallant Fight Against Great Obstacles

The smoke of the first battle has cleared away and leaves Holt a Victor, after a Strenuous Campaign.

Petition Filed First of Week with Sec'y of State Schmahl

Proposed New County to be Named "Liberty"

A petition was filed the first of the week in the office of the Secretary of State, asking that Marshall County be divided. The petition asks that the new county be named "Liberty", that Holt be the COUNTY SEAT, and names the following gentlemen for County Commissioners: Carl T. Olson, Otto Hohle, Albert Klungness, E. A. Silverness and And. Moen, also that the election be held in Nov.

Congratulations are due our faithful Solicitors and Committee in charge, in achieving what they set out to do. May the Liberty for which each did his noble part be realized.

Herb Severson has gone to Grand Forks to get work.

Miss Burndette Horien was on the sick list the past week.

Hjalmer Johnson filled the creamery ice house the past week.

A. T. Lee and family moved back to Leeds, N. Dak., this week.

Hilmer Davidson is now running the medicine wagon, formerly run by H. M. Olson.

Miss Agnes Hough, the primary teacher at Newfolden, visited Miss Hazel Barnes Saturday.

County Supt. Johnson has issued an official call for a meeting of the county school officers to be held at Warren Friday, Jan. 30th

The statement of the Holt State Bank, as it appears elsewhere in this paper, shows that they are having a steady growth right along.

The basket social at Ringbo tomorrow night, Jan. 17th, will be held in the school house, instead of the church as announced in this paper, last week.

Farmers in the flooded districts should get to-gether right away and make application to the county for seed grain, as it takes time to do it, and spring may come before the seed does. Now is the time to look after this matter without delay.

The boys of the American Legion seem opposed to Gen. Pershing for President. Personally we are opposed to both Wood and Pershing, or any other military man for that office, as that is outside of that for which they have been educated.

Mr. Laird on Flood Relief

Scott Laird of Thief River Falls, Appraiser for the State Board of Relief, was in Holt Wednesday between trains on business in connection with the distribution of state funds for the flood sufferers of Marshall county.

The allotment of family relief and feed for horses and cows will be completed by today, Friday, and will be mailed out by the county agent at once to flood sufferers.

These allotments are being made only after careful examination of the reports made by the sufferers, taking into consideration special reports also made by the county agent, county officials, Red Cross representatives and business men, so that no one person or institutson can be blamed for apparent inequalities in the distribution.

A special meeting will be held in Holt the early part of February to hear complaints on the allotments.

The announcement of the meeting will be found in this paper next week.

Seed grain requests will be mailed out by the county agent next week with a view of ascertaining how much seed of each kind will be needed. Mr. Laird will then take these figures to St. Paul where seed grain will be secured by the state and furnished to the county, which will take in payment thereof seed grain notes bearing six per cent interest.

Watch this paper for future notices each week.

Catarrhal Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c.

Little Friends of the Liver

The liver is the regulator of health. If the liver is active and well, good health and happiness prevail; but once you allow your liver to get torpid and sluggish, life becomes a misery. Dyspepsia, Indigestion, Biliousness, Constipation, Headaches and Melancholy assail you, resulting in lack of energy, loss of memory and ill health; but remember Carter's Little Liver Pills touch the liver and correct all liver ills.

NEGLECTING THAT COLD OR COUGH?

Why, when Dr. King's New Discovery so promptly checks it

IT'S natural you don't want to be careless and let that old cold or cough drag on or that new attack develop seriously. Not when you can get such a proved successful remedy as Dr. King's New Discovery.

Cold, cough, grippe, croup does not resist this standard reliever very long. Its quality is as high today as it always has been—and it's been growing steadily in popularity for more than fifty years. 60c. and $1.20 a bottle at all druggists. Give it a trial.

Tardy Bowels, Inert Liver

They just won't let you put "pep" into your work or play. Sick headache comes from retaining waste matter and impurities in the body.

Feel right for anything—make the liver lively, the bowels function regularly, with Dr. King's New Life Pills. Smoothly yet positively they produce results that cleanse the system and make the liver and bowels respond to the demands of a strong, healthy body. Still 25c.—at all druggists. Try them tonight.

Quite Right.

BELCHING
Caused by Acid-Stomach

Let EATONIC, the wonderful modern stomach remedy, give you quick relief from disgusting belching, food-repeating, indigestion, bloated, gassy stomach, dyspepsia, heartburn and other stomach miseries. They are all caused by Acid-Stomach from which about nine people out of ten suffer in one way or another. One writes as follows: "Before I used EATONIC, I could not eat a bite without belching it right up, sour and bitter. I have not had a bit of trouble since the first tablet."

Millions are victims of Acid-Stomach without knowing it. They are weak and ailing, have poor digestion, bodies improperly nourished although they may eat heartily. Grave disorders are likely to follow if an acid-stomach is neglected. Cirrhosis of the liver, intestinal congestion, gastritis, catarrh of the stomach—these are only a few of the many ailments often caused by Acid-Stomach.

A sufferer from Catarrh of the Stomach of 11 years' standing writes: "I had catarrh of the stomach for 11 long years and I never found anything to do me any good—just temporary relief—until I used EATONIC. It is a wonderful remedy and I do not want to be without it."

If you are not feeling quite right—lack energy and enthusiasm and don't know just where to locate the trouble—try EATONIC and see how much better you will feel in every way.

At all drug stores—a big box for 50c and your money back if you are not satisfied.

Recent alarming reports concerning losses of stock in Montana do not appear to be borne out by the state press. While the recent storm and cold spell undoubtedly caused some loss to cattle, horses and sheep, the presumption that the losses are the greatest in the annals of the state apparently is considered unwarranted.

December, 1919, just passed, was the coldest December in sixty-eight years, with one exception, according to government records, at Manitowoc, Wis. The average for the past month was 15.3. There has been only one colder December in the past sixty-eight years, and that was December, 1872, when the average was 13.5 for the month.

Investigation of all wholesale and retail prices of necessities sold in Milwaukee and a vigorous plan to increase production and cut down consumption are some of the recommendations of the committee of five, appointed to combat the high cost of living there. Reports of overcharging are to be made and data is to be gathered from the women from which a fair price tabulation will be made.

Farmers in the vicinity of Belfield, N. D., have suffered sudden and serious losses of cattle during the last week from an apparently new disease, said to be a combination of dry feed and cold weather. E. C. NATIONS RATIFY PEACE TREATY

United States Alone of the "Big Five" Has Not Taken Action.

EFFECTIVE AT ONCE

Ceremony at Paris Ends State of War Between Germany and the Greater Number of Nations Involved.

Paris.—Peaceful relations between Germany and the greater number of the nations engaged in the great war with her are established by the action taken at Paris Saturday. The peace treaty now goes into effect as between Germany and those powers that have finally ratified it—Great Britain, France, Italy, Japan, Belgium, Bolivia, Brazil, Guatemala, Panama, Peru, Poland, Siam, Czeco-Slovakia and Uruguay.

Great Britain was the first of the five great powers represented in the supreme council of the peace conference to take such action, being followed in succession by France, Italy and Japan. The United States alone of the "big five" has not ratified the treaty. As the list shows, formal ratifications have been given by most of the smaller powers signatory to the treaty. China did not sign the document because of her objections to the Shantung provisions but proclaimed a state of peace with Germany.

The all important ratification by Germany was given on July 9, 1919, the day following which President Wilson presented the treaty to the United States senate.

The making of the peace which now becomes effective was begun shortly after the conclusion of the armistice of November 11, 1918, which ended the great war. The treaty of Versailles, as it has become known, was signed in the historic Versailles palace on June 28, 1919.

The long interval between the assembling to the peace conference at Versailles on January 18, 1919, and the signing of the treaty was occupied with almost daily conferences on its provisions between the representatives of the nations which had been at war with Germany or had broken relations with her, the principal parts being taken by delegates of France, Great Britain, Italy, Japan and the United States. The first important work completed with the drawing up of the covenant of the league of nations which was finished on February 14. The German representatives were invited to Versailles during April after the draft of the terms of peace had been completed. They received the treaty on May 7.

The treaty not only defines the terms of peace with Germany but contains the league of nations covenant and the provisions for the international labor organization. The document comprises 15 parts with numerous annexes. It provides that as soon as it had been ratified by Germany and three of the principal allied and associated powers a process verbal of the deposit of ratifications should be drawn up, from the date of which the treaty would come into force as between the powers which had ratified it.

ANOTHER QUAKE IN MEXICO

Tremendous Shocks, Covering Large Area, Are Felt.

Mexico City.—The city of Vera Cruz and several towns and villages in the state of Vera Cruz were shaken Saturday night and Sunday by earthquake shocks of tremendous violence. Great property damage is reported, and many lives are believed to have been lost. Details are lacking because of interrupted rail and wire communications.

The region affected extends from Vera Cruz to the new volcanic crater of San Miguel, 65 miles northwest of the city, and to Cordoba, 55 miles west.

At Rinconada, 35 miles north, the sides of two mountains were dislodged by shocks, San Carlos river being blocked by debris. The quake is reported to have left a wide chasm for a distance of three miles through what had been solid rock.

Poles Coming to United States.

Washington.—A large emigration movement from Poland to the United States awaits adequate facilities, a cablegram with Warsaw to the department of commerce said.

Shantung Restored.

San Francisco.—Japan and China have started negotiations on the question of the restoration of Shantung to China, according to a cablegram received by the New World, a Japanese newspaper here, from Tokio.

Asks Millions for Europe.

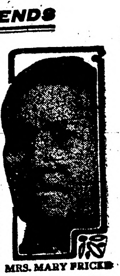
Washington.—Loans aggregating $150,000,000 for food relief in Austria, Poland and other European countries and Armenia to prevent "a general disintegration of political cohesion in western Europe," were proposed to congress today by Secretary Glass, who said it might be necessary to increase this amount to $200,000,000 after the full situation in Europe had been assessed. The loans would be advanced by the grain corporation out of the billion dollar wheat guaranty fund, the secretary said.

Will Not be One Day Without PE-RU-NA

This Lady TELLS Her FRIENDS

Mrs. Mary Fricke, 507 Bornman St., Belleville, Ill., is just one of the many thousands of ladies throughout the country who, after an agony of years, have at last found health, strength and vigor in PE-RU-NA.

Her own words tell of her suffering and recovery better than we can do it: "I suffered with my stomach, had awful cramps and headaches so I often could not lay on a pillow. Saw your book, tried PE-RU-NA and got good results from the first bottle. To be sure of a cure I took twelve bottles. I have recommended PE-RU-NA to my friends and all are well pleased with results. I will not be one day without PE-RU-NA. Have not had a doctor since I started with PE-RU-NA, which was about fifteen years ago. I am now sixty-three years old, hale, hearty and well. Can do as much work as my daughters. I feel strong and healthy and weigh near two hundred pounds. Before, I weighed as little as one hundred. I hope lots of people use PE-RU-NA and get the results I did." An experience like that of Mrs. Fricke is an inspiration to every sick and suffering woman.



MRS. MARY FRICKE

If you have catarrh, whether it be of the nose, throat, stomach, bowels, or other organs, PE-RU-NA is the remedy. It is not new; it is not an experiment. PE-RU-NA has been tried. PE-RU-NA has been used by thousands who once were sick and are now well. To prevent coughs, colds, grip and Influenza and to hasten recovery there is nothing better.

PE-RU-NA will improve the appetite and digestion, purify the blood, sooth the irritated mucous linings, eradicate the waste material and corruption from the system. It will tone up the nerves, give you health, strength, vigor and the joy of living. Do what Mrs. Mary Fricke and thousands more have done—try PE-RU-NA. You will be glad, happy, thankful.

BOSCHEE'S SYRUP.

A cold is probably the most common of all disorders and when neglected is apt to be most dangerous. Statistics show that more than three times as many people died from influenza last year, as were killed in the greatest war the world has ever known. For the last fifty-three years Boschee's Syrup has been used for coughs, bronchitis, colds, throat irritation and especially lung troubles. It gives the patient a good night's rest, free from coughing, with easy expectoration in the morning. Made in America and used in the homes of thousands of families all over the civilized world. Sold everywhere.—Adv.

STORING UP VITAL ENERGY

Without Process That Goes on During the Hours of Slumber Life Could Not Continue.

Following is from Practical Therapeutics by Henry Lindlahr, M. D.:

"During sleep the liberation of vital energy in the body continues as during the wakeful hours of active work, but none is expended. The body acts as a storage battery. A reserve of vital energy is thus accumulated for the work of the following day.

"The moment consciousness wakens and mental activity begins the expenditure of vital force commences.

"It is for these reasons that nothing can take the place of sleep as a restorer of vital energy. No amount of food and drink, no tonics or stimulants can make good for lost sleep."

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and ¼ oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. It will gradually darken streaked, faded gray hair, and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.—Adv.

What Could He Say?

A good story was related by a naval officer who was with Admiral Sims in English waters. It was a heavy, foggy, night. Every vessel was fog-bound. About midnight there came a wireless message to the admiral from a ship's officer reading:

"Am fog-bound. Shall I proceed to next port or return?"

Admiral Sims, being fog-bound himself, could not help smiling at the stupidity of the message. So he sent this reply:

"Yes."

In a short time came back another appeal from the officer. "Think you misunderstood my message. Am fog-bound. Shall I proceed to next port or return?"

To this the admiral replied:

"No."

HAPPENINGS IN GOPHER STATE

News From All Parts of Minnesota Given in Condensed Form.

EVENTS BRIEFLY TOLD

Where Busy Readers Will Find News From All Parts of State Tersely Chronicled for Their Benefit.

Thief Rivers Falls.—John Bratrud has assumed the office of mayor, succeeding Dr. G. A. Penny.

Fairmont. At a meeting of the Commercial club it was decided to have a water sports carnival here, July 1 to 3.

Brainerd. Poisoning, resulting from drinking muriatic acid by mistake four weeks ago caused the death of Charles Stedtfeld, a plumber.

Brooten.—Edward W. Nugent, pioneer resident here, is dead. He was 62 years old and had been a resident of Minnesota more than 50 years.

Hastings.—At a meeting of the Commercial club here a home building association was formed and committees appointed to take charge of the work.

Hastings.—T. S. Rivers, clerk of the district court here, reports 298 marriage licenses issued during the year just closed, and 21 divorces granted.

Duluth.—Violaitons of liquor laws and failure to obey new and stringent traffic ordinances boasted the receipts of Duluth municipal court 25 per cent last year.

Duluth.—Dr. K. J. Hoke was re-elected superintendent of Duluth public schools, his term running three years at a salary of $5,000 for 1920 and $6,000 thereafter.

Owatonna.—Steel county will spend $134,305.10 on state and township roads this year, according to plans outlined by the county board at its annual meeting here.

St. Cloud.—A Chinese educational commission will visit the state normal school next month, according to an announcement which has been received by the president.

Winona.—Miss Louisa Kobler, 44, a resident of Altura, Winona county, was burned to death when an oil stove on which she was preparing dinner exploded, setting fire to her clothing.

Luverne.—Ninety-seven marriage licenses were issued during the last year in Rock county, which is 41 more than the previous year and 15 more than the average for the past 12 years.

Moorhead.—During 1919, 712 marriage licenses were issued here. New records were established for each of the last three months, as follows: October, 79; November, 99; December, 79.

Mankato.—Committees have been appointed at a meeting of local businessmen to obtain a site for the proposed $200,000 armory, which would be the headquarters of the Fifth regiment.

Fergus Falls.—There are 42 head of cattle for every section of land in Otter Tail county. Figures compiled show that the county has $94,701 cattle, 29,233 horses, 25,516 hogs and 16,623 sheep.

Stillwater.—The sugar problem has become a serious matter here. Purchases of one pound by one customer is the rule in retail stores at present, made compulsory by the serious shortage in existence here.

Winona.—James A. Lockwood, 81, and James L. Finch, 80, pioneers of Winona county, died at their homes near Ridgeway. Mr. Lockwood settled in Winona county in 1856, while Mr. Finch became a resident in 1855.

St. Paul.—Anticipating a record breaking demand for crushed rock for building hard surfaced roads in Minnesota this year, new rock crushing plants are starting up at several points in the state, and highway engineers expect no difficulty in supplying needed materials, according to State Highway Commissioner C. M. Babcock.

Fergus Falls.—The Park region district and Otter Tail County Medical association conducted its annual meeting here and elected the following officers for the ensuing year: Dr. K. G. Lee, Underwood, president; Dr. Randall Ashby, vice-president; Dr. Heckstroth, Brandon, second vice-president; Dr. F. Naegeli, Fergus Falls, secretary treasurer.

St. Paul.—Nearly 220,000,000 fish were planted in Minnesota streams and lakes in 1919, according to Carlos Avery, state fish and game commissioner, who has issued his annual report. New high records are assured in 1920, he said. The state fish car and hired baggage cars last year traveled more than 1,500 miles and innumerable trips were made by messengers with small consignments. The result was notable increases in the finny population of more than 1,110 Minnesota lake and streams.

Moorhead.—Caswell A. Ballard assumed the duties of acting president of the Moorhead normal school Jan. 1. R. E. Remington is the temporary head of the department of biological science and chemistry, succeeding Hal Pollock, resigned.

Winona.—John Delepnich of Houston was found in his room at the hotel where he resided suffering from wood alcohol poisoning, according to word received here. Physicians report him to be in a serious condition, being entirely blind and suffering paralysis of the stomach. This is the first case of its kind to be reported in this section.

Was Going Down-Hill

Mrs. Bergman's Friends Were Worried, but Doan's Brought Remarkable Recovery From Kidney Complaint.

"I couldn't sit down without putting a pillow behind my back," says Mrs. Ole Bergman, 820 Pennsylvania St., Gary, Ind. "When I bent over it felt as though somebody had stuck a knife right into my back and I would often fall to the floor. The kidney secretions made me get up four and five times a night. There would be only a small amount, which would burn so that I would almost scream. Before long my body bloated and my feet were so swollen that I couldn't wear my shoes. My skin looked shiny and when I pressed it down it left a dent. I had chills and fever. Sometimes I would sweat so that I could fairly wring the water out of my clothes. Everybody said I was going down-hill fast. In two months I lost fifteen pounds and was discouraged. By the time I had finished three boxes of Doan's Kidney Pills I was entirely cured and I have enjoyed the best of health ever since."

When Blood Is Bad

Granite Falls, Minn.—"During one expectant period I had varicose veins, which were extremely painful. A couple of bottles of Dr. Pierce's Favorite Prescription completely cured me of this condition, and my system was toned up and I had comparatively no suffering. An old lady recommended Dr. Pierce's remedies to me a couple of years before when one of my children had a solid crust of sores on his head. She told me that it was because my blood was in poor condition, so I took Dr. Pierce's Golden Medical Discovery to purify my blood, and at the same time gave the baby a few drops several times a day. The effect was wonderful and in a very short time he was a healthy looking baby and had a fine head of hair."—Mrs. John M. Thompson.

FROM GIRLHOOD UP

Centerville, Iowa.—"I have suffered terribly at times since girlhood; I was all run-down and weak. Was advised to try Dr. Pierce's Favorite Prescription, and when I took the first dose I began to improve. I took only three bottles of it and was cured. Have had five children and have been in good health since. I have frequently recommended the 'Prescription' to others. My sister has also had good results from it."—Mrs. Frank Burns, 727 E. Grant St.

WOMEN EVERYWHERE

St. Paul, Minn.—"For several years I suffered with woman's trouble. I read an advertisement in the newspapers about Dr. Pierce's Favorite Prescription and decided to try a bottle. In all I took about six bottles and it helped me right from the start; it actually cured me of the inflammation and pain in a very short time, and I think it a very wonderful medicine for women."—Mrs. Harry Frederickson, 268 Fuller St.

AMERICAN TROOPS TO LEAVE SIBERIA

Government to Recall Soldiers as Soon as Czecho-Slovak Troops Leave.

U. S. NOTIFIES JAPAN

Japan Has Opened Negotiations With the American Government to Increase Their Troops of 35,000 in Siberia.

Washington.—Decision to withdraw American troops from Siberia on completion of repatriation of the Czecho-Slovak forces next month has been reached by the American government.

The troops were sent to Siberia in accord with an agreement between the United States, Japan and the entente to aid the Czechs and protect the Siberian railroad. Japan has been notified by the United States of cancellation of that agreement insofar as it affects the presence of an American expedition.

Railroad Commission to Return.

When the Czechs have been removed, the American railroad commission, headed by John F. Stevens, in Russia since before the fall of the former czar's government, will leave Vladivostok for home and the American soldiers under Major General Graves will follow as soon as transports are available.

Presumably the same ships which are to take the Czecho-Slovaks across the Pacific will be used. Two of these vessels, the President Grant and America, are expected to leave New York within a few days.

With the departure of the Americans, Japan will be left alone to assist the Russians in their efforts to stem the bolsheviki.

Japan Would Increase Force.

The rapid progress made by soviet forces has been a source of apprehension in Japan, and the cabinet at Tokio has been considering means of combatting what Japanese officials generally regard as a serious menace.

Suggestions have been made that Japan materially increase its force of 30,000 troops in Siberia and it has opened negotiations with the American government with this in view. So far as was learned today, however, no agreement has been reached.

The American force numbers about 8,000 men and was sent into Siberia last summer.

NEWBERRY TRIAL IS SOON

Court Upholds Action Against Michigan Senator.

Grand Rapids, Mich.—The authority of congress to regulate not only the election of its members but their nomination as well, was upheld by Federal Judge C. W. Sessions here today in dismissing a general demurrer to indictments against Truman H. Newberry, United States senator from Michigan, and 134 others charged with violation of the election laws. As a result of the decision the trial will commence as scheduled on January 27.

In arguing for dismissal of the indictments, counsel for the defendants attacked the constitutionality of the general election laws and the applications to the present case of the mail fraud section of the United States criminal code.

Judge Sessions passed over the counts charging violations of the postal laws with the statement that any fraud, no matter what its nature, if the mails are used in its furtherance, comes within the meaning of that section of the criminal code.

The attack on the first four counts of the indictment, the court said, were the important issues raised in the demurrer. These counts however, were based on the admitted authority of congress to enact legislation governing election and nomination of its members, the court ruled.

PERSHING PICKS FUNSTON

General Talks on Site for Training Center.

Junction City, Kan.—If universal training is adopted Camp Funston, Kan., probably will be turned into a huge training center, General John J. Pershing told the Junction City Rotary club at a luncheon Monday. General Pershing put in a strenuous day inspecting Fort Riley, and for relaxation attended a program of boxing and fencing bouts and exhibition rides staged by student officers at the cavalry school. He attended a banquet and reception at Camp Funston and then left for Denver.

London.—Lord Kilmarnock left London to act as British diplomat representative in Berlin.

"Mysterious Mr. Smith" Identified.

Boston.—George Eastman of Rochester, N. Y., is the "mysterious Mr. Smith" who has given or pledged $11,000,000 to the Massachusetts Institute of Technology. The secret of more than seven years' standing was revealed Saturday night by President Richard C. MacLuarin of the institute, in a statement made prior to a jubilee dinner of the alumni. Mr. Eastman, who is president of the Eastman Kodak company, was not present at the dinner.

YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive It Out of Your Blood.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface. To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which acts on the catarrh germs in the blood.

GOT BACK AT CARICATURIST

Laundry People Evidently Have Their 'Bump of Sensitiveness' Quite Well Developed.

Herbert Johnson, the humorous illustrator, said at a dinner in New York:

"Laundry people are the most sensitive folk on earth. Other classes are good natured when I cartoon them, but anything against the laundress causes the whole trade to get its back up.

"I did a comic once about the way some laundries wreck a man's shirt. Well, a laundry trade paper came out the next week with a two-column attack on me. One sentence I remember was:

"'Probably this artist never wore a shirt in his life.'

"And then, apropos of a thumbnail sketch about the way a laundry had wrecked a white dress tie, the paper added:

"'If the artist knew anything about fashionable society he would understand that gentlemen do not tie their own ties, but buy them ready made.'"

An Old Tightwad.

I rented of an agent; had never met the real owner of the place. The agent had promised us a new furnace.

A little man in overalls came to the door and said he wanted to see the furnace.

"Now, look here," I said as I followed him downstairs, "when you bid on this furnace make it a big one. The owner of this place is an old tightwad, but he's got lots of money, so make him come across."

"I'm not bidding on any furnace; I'm the owner of this house," he answered.—Exchange.

Yes, Rafato, the right kind of experience is worth all it costs.

HAD SUBLET THE CONTRACT

And Doughboy Was Satisfied His "Hole" Would Be Finished Without Too Much Delay.

The restless individuality of the American soldier, who was always seeking a shorter way to do things, made him appear to the French and British as hopelessly undisciplined. Even in battle the doughboy hated to follow precedent.

A unit of the Seventy-eighth division, pressing on under shell-fire in the battle of the Meuse-Argonne, finally stopped under orders to dig in as fast as possible. In a few moments dirt was flying along the whole line.

"Out in front, however, just behind a slight natural mound, one doughboy lay motionless with his rifle slanting toward the eenmy.

"Make a hole! Make a hole!" yelled the lieutenant, coming up.

"Sh-h,' don't excite my contractor," the doughboy replied.

Over the edge of the mound the lieutenant saw a German prisoner feverishly digging almost at the end of the doughboy's gun. — The Home Sector.

"Undoubtedly," he replied, with a twinkle in his eye. "I'll prove conclusively to the court that you've never been able to see anyone worth less than $100,000."

MORTGAGE FORECLOSURE SALE

Notice is Hereby Given, That default has been made in the conditions of that certain mortgage duly executed and delivered by Bertha Giller, a widow, and Maurice Giller and Beatrice Giller, his wife, Mortgagors, to Farmers State Bank of Mavie, a corporation, Mortgagee, bearing date the 8th day of June, 1916, with power of sale therein contained, duly recorded in the Office of the Register of Deeds in and for the County of Marshall, State of Minnesota, on the 13th day of June, A. D. 1916, at 10:00 o'clock A. M., in Book 80 of Mortgages, on Page 243, which said mortgage was thereafter duly assigned by the said mortgagee to the Merchants State Bank of Red Lake Falls by written assignment duly executed, dated December 1, 1916, and recorded in the office of the Register of Deeds of Marshall County, Minnesota, on the 13th day of November, 1919, at 8:00 A. M., in Book 90 of Mortgages on Page 590 thereof, which default has continued to the date of this notice, by the failure and neglect of said Mortgagor to make payment of the sum of $48.00, interest, by said mortgage secured, which by its terms became due and payable on the 9th day of June, 1919, and which default has continued for more than 150 days.

AND WHEREAS The said Mortgagee and holder of said mortgage has elected and hereby does elect to declare the whole principal sum of said mortgage due and payable at the date of this notice, under the terms and conditions of said mortgage, and the power of sale therein contained; and whereas, there is actually due and claimed to be due and payable at the date of this notice the sum of Eight Hundred Seventy-two Dollars and Fifty Cents ($872.50), and whereas, the power of sale has become operative, and no action or proceeding, at law or otherwise, has been instituted to recover the debt secured by said mortgage, or any part thereof:

NOW, THEREFORE, NOTICE IS HEREBY GIVEN, That by virtue of the power of sale contained in said mortgage, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described in and conveyed by said mortgage, to-wit: The North Half (N½) of the Southeast Quarter (SE¼) and the South Half (S½) of the Northeast Quarter (NE¼) of Section Nineteen (19) in Township One Hundred Fifty-five (155), North of Range Forty-one (41), West of the Fifth Principal Meridian in Minnesota, containing 160 acres, more or less, according to the Government Survey thereof, in Marshall County and State of Minnesota, with the hereditaments and appurtenances; which sale will be made by the Sheriff of said Marshall County, at the front door of the Court House in the City of Warren in said County and State, on the 20th day of January, 1920, at 10:00 o'clock A. M. of that day, at public vendue, to the highest bidder for cash, to pay said debt of Eight Hundred Seventy-two and 50-100ths Dollars, and interest and taxes, if any, on said premises, and Fifty ($50.00) Dollars attorney's fees, as stipulated in and by said mortgage in case of foreclosure, and the disbursements allowed by law; subject to redemption at any time within one year from the day of sale, as provided by law.

State Will Test Cattle.

The State is willing to co-operate with a number of stock raisers in this vicinity in testing cattle for tuberculosis; according to a letter recently received at the Farm Bureau Office, from Dr. Cotton, of the State Live Stock Sanitary Board. Special attention of all farmers is urged that enough applications be made so that a State Veterinarian can be secured.

The State test for tuberculosis in cattle is a sure way of determining if the disease exists in the herd, and by the co-operation of several farmers the tests may be made at a very small cost, the actual expenses of the veterinarian in charge. At the same time, veterinary advice of any kind may be secured from a man well qualified in this work.

Over a hundred herds have been tested in Pennington County, and it is a significant fact that here, as well as in all sections where tests have been made Tuberculosis has been found to exist in a surprisingly large percent of the herds.

Write the Farm Bureau Office at Grygla for application blanks.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. [illegible] the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c.

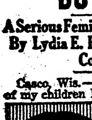
TOO WEAK TO DO ANYTHING

A Serious Feminine Illness Remedied By Lydia E. Pinkham's Vegetable Compound.



Casco, Wis.—"After the birth of each of my children I had displacement and was so weak I couldn't do anything I found a book about Lydia E. Pinkham's Vegetable Compound so thought I would try it, and after taking it I soon felt better. That was fifteen years ago and I have felt well ever since except that I had a slight attack of the trouble some time ago and took some more of your Compound and was soon all right again. I always recommend your medicine and you may publish my testimonial for the benefit of other women."—Mrs. JULES BERO, Jr., R. 1, Box 99, Casco, Wis.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and today holds the record of being the most successful remedy for female ills in this country, and thousands of voluntary testimonials prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

HAPPENINGS IN GOPHER STATE

News From All Parts of Minnesota Given in Condensed Form.

EVENTS BRIEFLY TOLD

Where Busy Readers Will Find News From All Parts of State Tersely Chronicled for Their Benefit.

Albert Lea.—Professor I. C. Baker, superintendent of the local schools, has been re-elected for a two years terms

Hutchinson.—The amount expended during the year 1919 for new buildings and improvements in the city amounted to $168,325. Thirty-four new homes were built.

Mankato.—Louis Wenner, 16, was instantly killed while hunting at Eagle lake, near here. A shotgun accidentally discharged by a companion blew off the top of his head.

Moorhead.—Criminal business in Clay County in 1919 was heavier than usual, with a total of 127 cases, forty-two of them district and eighty-five justice court cases.

Fergus Falls.—I. G. Swenson was elected president of the First State bank of this city to succeed the late A. Brandenburg, who was killed in the tornado here last June.

Moorhead.—Dr. Martin Anderson, pastor of the Trinity Lutheran church of Moorhead, has received a call from the First Lutheran church of Albert Lea, Minn. He has not yet accepted.

Fergus Falls.—Fergus Falls is in the grip of a sugar famine, the supplies of the grocers having been exhausted several weeks before Christmas. People are using syrup and other substitutes.

St. Cloud.—President Henry Suzallo of the Washington State university has been secured to give the commencement address to the graduating class of the St. Cloud normal in June.

Mankato.—William Simmons of Mankato pleaded guilty in the Federal district court, St. Paul, to a charge of attempting to transport liquor from Mankato to Iowa, and was fined $100.

Stillwater.—One thousand, one hundred, sixty-three real estate transfers were filed with the register of deeds, A. W. Magnuson, during 1919, being an increase of 412 over 1918 and 212 more than in 1917.

Stillwater.—The third steel barge to be constructed by the Twin City Forge and Foundry company, is practically ready to be launched, while a fourth boat will be ready for its initial dip in about 30 days.

Stillwater.—V. R. Brown, Neillsville, Wis., has been named county agent of Washington county, to succeed A. O. McCormick, recently resigned. Brown will begin his duties Feb. 15. His salary will be $2,500 per year.

Windom.—Seven criminal cases are all that were handled by the county attorney this year, according to a report filed in Cottonwood county. This is believed to have established a record of low score in criminal cases handled.

Duluth.—More than 200 businessmen from the Mesaba and Vermillion ranges and Duluth will go to Brainerd, Jan. 28, to promote the campaign of the newly organized Minnesota Fair Tax association, which is fighting the proposed tonnage tax.

Crookston.—M. Smith, negro, was sentenced to life imprisonment at Stillwater by Judge W. Watt in Polk county district court when he pleaded guilty to the charge of murdering Edna Warner, 17 years old, at East Grand Forks October 7 last.

Red Wing.—The Red Wing post of the American Legion instructed its officers to take any action necessary to oppose a reported move to seek a pardon for J. C. Seebach, Red Wing miller, who was convicted in federal court for violation of the espionage act.

Luverne.—The members of the Dell-Hogan post of the American Legion have gone on record, favoring the erection of an armory for Company H, Minnesota National Guard, in Luverne. The post will contribute $500 to the project. This will leave approximately $35,000 to be contributed from other sources. The state will appropriate $25,000 towards the construction of the building.

Virginia.—Virginia jobbers are reported to be without sugar, and none seems available for some time. Local wholesale men claim that the condition is due, not to a shortage of sugar, but to speculation in the product, either refineries or others holding the sugar at the fancy prices. Local men handling sugar have declined to buy sugar at the fancy prices asked by the sugar speculator, and will try to aid in the fight for an open market by buying only such sugar as is absolutely necessary.

Duluth.—Northern St. Louis county farmers are recuperating rapidly from the effects of the 1918 forest fires, according to the reports of the Forest Reserve association. The association, using funds supplied by the Federal Reserve bank, loaned $40,000 for reconstruction and reseeding on burned over farms and expect to loan $140,000 in 1920 to complete the work.

Marshall.—Brown county officials have vigorously been prosecuting prohibition law offenders and in a few weeks the total fines have been more than $6,000. At Springfield, Minn., lines have ranged from $125 to $1,000.

Duluth.—Five hundred members of the Minnesota Dairymen's association were in Duluth for the annual convention.

Duluth.—For five nights women were attacked in the downtown streets in Duluth, according to reports given the police.

Slayton.—Nels Holm, pioneer resident of Murray county, died at his home here. Mr. Holm came from St. Paul to Murray county 42 years ago.

Hastings.—At a meeting of the Commercial club here a home building association was formed and committees appointed to take charge of the work.

Glencoe.—At the annual farm bureau meeting here E. H. Ulrich was elected president, C. R. Peters vice-president and George Benjamin secretary-treasurer.

Winona.—Knights of Columbus here are planning to conduct a degree session about Feb. 22, when a class of more than 65 candidates will be initiated.

Hibbing.—Company M, Minnesota National Guard, at Hibbing, will start an active recruiting campaign this month to build the company to full strength.

Winona.—Local Elks will soon inaugurate a campaign to boost the membership of the club to 500. Extension of activities is planned following the campaign.

Virginia.—According to the annual report of the police department, during 1919 1,058 arrests were made, 519 of which were for drunkenness, while during 1918, 1,209 were arrested.

Albert Lea.—Arrangements are being completed for Albert Lea's winter carnival to be staged here from Jan. 26 to 31. In addition to a parade there will be skating, skiing and tobagganing contests.

Detroit.—Bursting of a sprinkler system damaged the stock and fixtures of the Blanding department store here $12,000. The loss is partly covered by insurance.

Thief River Falls.—Gunder Kolshus, a farmer living near here, has been adjudged insane and taken to the state asylum at Fergus Falls. He had killed 40 head of his livestock before apprehended.

Aitkin.—Luther Howard, 14 years old, son of Peter Howard of Rossburg, was shot in the eye by an air gun loaded with a nail and discharged by his younger brother. Luther is in a serious condition.

Duluth.—The original Fitger brewery on East Superior st., Duluth, built in 1882 by August Fitger, was destroyed by fire of unknown origin. The main plant was saved by the entire fire department of the city.

Luverne.—Walter E. Ross, 21 years old, was given a suspended sentence of five years at the St. Cloud reformatory by Judge Nelson in district court here on his plea of guilty to the charge of forgery. Ross' father made good the forged check.

Duluth.—Germain Francois Gilroy, 9 years old, French orphan, has reached Duluth under a special permit from the French government allowing him to reside in America until he is 18, under the promise of Dr. A. T. Laird that he will be educated.

Grand Rapids.—Charles H. Waisanen of the town of Balsam came to town bringing six wolf hides, receiving a bounty of $70 on the six. Mr. Waisanen states that he trapped the wolves in less than two weeks. Aside from the bounty the hunting proved profitable, as the furs are worth in the neighborhood of $10 to $15 each.

Madison.—A shooting scene in "L'Ayenir Studio," a playlet produced at the Congregational church fair here caused the death of Gordon Hayden, 13, one of the players. The boy was killed when a boy in the playlet whose part it was to aim a rifle at Hayden, pulled the trigger. The gun was not known to be loaded. Hayden died a few minutes after the shooting.

Minneapolis.—Good care will be taken of all automotive show visitors according to the plans of the Minneapolis and St. Paul hotel, civic and retail associations. These organizations have made preparations to care for a quarter million out-of-town guests. Visitors can be sure they will receive the best of attention while in the Twin Cities during National Automotive Show week—January 31 to February 7.

Moorhead.—A verdict for $1,500 in favor of the plaintiff was returned by the jury in Clay county district court in the $7,500 damage case brought by John T. Holte, as special administrator, vs. John L. McCormick of Fargo. The suit was to recover damages for the death of O. A. Christensen, Oakport township farmer, from injuries suffered when the car in which he was riding collided with one of the defendant's trucks on the state road north of the Moorhead courthouse on Oct. 12, 1918.

Minneapolis.—Fully ten acres, or six city blocks, of floor space will be filled with the best that America has to offer in all manner of automotive equipment and industrial products at the National Automotive show Jan. 31 to Feb. 7. Each of the five floors of the Overland building, in which the show is to be held, will be filled to capacity with exhibits. Everything has been done for the comfort of automotive show visitors. Wide aisles have been left to avoid overcrowding.

Owatonna.—The Deerfield Farmers' Mutual Fire Insurance company, an organization of 3,282 Steele county farmers, elected officers at the annual meeting here. The officers are: President, John H. Wilker; vicepresident, P. Eliason; secretary, J. C. Peterson; treasurer, A. W. Dietz; directors, A. F. Schult and John Pichner.

Windom.—A commission recently appointed by Judge L. S. Nelson, is framing a new charter for this city. Principal changes concern the administration of municipal affairs. The revised charter will be submitted to the voters next month

INDIGESTION Caused by Acid-Stomach

Millions of people—in fact about 9 out of 10—suffer more or less from indigestion, acute or chronic. Nearly every case is caused by Acid-Stomach.

There are other stomach disorders which also are sure signs of Acid-Stomach—belching, heartburn, bloat after eating, food repeating, sour, gassy stomach. There are many ailments which, while they do not cause much distress in the stomach itself, are, nevertheless, traceable to an acid-stomach. Among these are nervousness, biliousness, cirrhosis of the liver, rheumatism, impoverished blood, weakness, insomnia, melancholia and a long train of physical and mental miseries that keep the victims in miserable health year after year.

The right thing to do is to attack these ailments at their source—get rid of the acid-stomach. A wonderful modern remedy called EATONIC now makes it easy to do this.

One of hundreds of thousands of grateful users of EATONIC writes: "I have been troubled with intestinal indigestion for about nine years and have spent quite a sum for medicine, but without relief. After using EATONIC for a few days the gas and pains in my bowels disappeared. EATONIC is just the remedy I needed."

We have thousands of letters telling of these marvelous benefits. Try EATONIC and you, too, will be just as enthusiastic in its praise.

"Her Dearest Friend."

Miss Sower—Yes, Emily Elder is married at last. The poor thing was over thirty and not at all good-looking. She has no money, and never had an offer before, so she snapped up the first man that came along.

Mrs. Chatter—Are you sure she never had an offer before?

Miss Sower—Of course I am. Who should know if I don't? Why, I'm her dearest friend!—London Answers.

ASPIRIN INTRODUCED BY "BAYER" IN 1900

Look for name "Bayer" on the tablets, then you need never worry.

If you want the true, world-famous Aspirin, as prescribed by physicians for over eighteen years, you must ask for "Bayer Tablets of Aspirin."

The "Bayer Cross" is stamped on each tablet and appears on each package for your protection against imitations.

In each package of "Bayer Tablets of Aspirin" are safe and proper directions for Colds, Headache, Neuralgia, Toothache, Earache, Rheumatism, Lumbago, Neuritis, and for Pain in general.

Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.—Adv.

How'd He Know?

I was buying a pair of shoes one day, and while waiting on me the clerk wanted to know if I would like to try the left shoe on. I told him it was not necessary, whereupon he exclaimed, "O, you have a hole in your stocking; is that it?" All the eyes of the customers were set upon me.—Exchange.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and ¼ oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. It will gradually darken streaked, faded gray hair, and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.—Adv.

Self-Sacrifice.

Parent—Of course, as my daughter is of age she can suit herself as to marrying you, but the day she does I shall cut her off without a cent.

Suitor—In that case, it's all off. I could not think of depriving a young lady of her inheritance.—Boston Transcript.

YOUR COLD IS EASED AFTER THE FIRST DOSE

"Pape's Cold Compound" then breaks up a cold in a few hours

Relief comes instantly. A dose taken every two hours until three doses are taken usually breaks up a severe cold and ends all the grippe misery.

The very first dose opens your clogged-up nostrils and the air passages in the head, stops nose running, relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Clear your congested head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!—Adv.

COMMITTEE TO MAKE INQUIRY

Sims Testimony May Bring Quiz of Navy Department During War.

LETTER TO DANIELS

"Don't Let the British Pull the Wool Over Your Eyes; We Would as Soon Fight the British as the Germans."

Washington.—Investigation of the navy during the war will be asked as a result of testimony given Saturday by Admiral Sims before a senate subcommittee regarding awards and decorations, members of the sub-committee stated.

Statements by Sims that he had been left in London alone with one aid for four months after America entered the war and that his parting orders had been not to let the British "pull the wool over his eyes" so aroused Republican members of the Hale subcommittee that Senator McCormick of Illinois, announced that they would go to the full committee to get additional authority to make a sweeping investigation.

"Don't let the British pull the wool over your eyes; we would as soon fight the British as the Germans," was the parting instructions given him as he left for Europe to command the American naval forces there, Sims told the committee. He did not disclose who gave him these instructions but left the impression that they were from some one in authority in Washington.

At Senator Hale's request, Sims read a long letter "Certain Naval Lessons of the Great War," sent by him to Secretary Daniels and arraigning many aspects of the navy's conduct of the war. In it Sims said that at the time he left for Europe he had no idea that he was to command American naval forces abroad in event of war, then impending.

As soon as he arrived in London, the letter said, Admiral Sims realized that the navy department did not comprehend the seriousness of the submarine menace, due to the insufficient scope of the American intelligence service. The navy department was repeatedly told, the letter said, that it was a matter of simple arithmetical calculation to determine that the allies must lose the war if the rate of ship loss continued.

LABOR TO OPPOSE BILLS

Gompers, President of Labor Party, Makes Formal Announcement.

Washington, D. C.—Formal announcement that the American Federation of Labor would oppose "with whatever power it may possess" enactment of the anti-sedition bills now pending in congress, was made today in a statement issued by Samuel Gompers, president of the federation.

Attack of organized labor, its chieftain indicated, will be directed impartially against the Sterling bill, recently passed by the senate, and against the Graham measure, based on suggestions of Attorney General Palmer and awaiting action by the house rules committee for special rule to expedite consideration.

Referring to two measures as one bill, President Gompers declared its enactment "would violate the constitution and rob whole American people of their most cherished and basic guarantees of free government."

ACTIVITIES TO START SOON

Laborers Leaving America as Result of Raids.

New York.—Raids and deportations have so unsettled the foreign-born population that hundreds employed in basic industries are preparing to leave the United States, according to the Inter-Racial council, which announced launching of a campaign to "make aliens better understood and to lift them from the status of mere cogs in a machine."

The council, of which Coleman du Pont is chairman, and which included in its ranks more than 400 leading financial and industrial organizations, representatives of nearly all the races in America, purposes in its campaign, according to its statement, to accomplish the following object:

To offset bolshevist propaganda through nationwide educational activities.

Paris.—Cabinet of Premier Clemenceau resigned. President Poincare asked Alexandre Millerand, governor of Alsace, to form new cabinet. The outgoing ministry has been in office since November 16, 1917.

Seven Stills Are Closed.

Chicago.—Major A. V. Dalrymple, head of the prohibition enforcement officials in the middle west, announced that seven stills in five states under his jurisdiction had been closed by federal agents. Stills were raided in Detroit, two in Hammond, Ind., one near Des Moines, one in Wisconsin, and one in Chicago. Two trucks, each containing forty-seven cases of whiskey, alleged to have been stolen from a liquor warehouse in Peoria, were seized and the drivers arrested. Several arrests were made in Chicago.

During Motherhood Later In Middle Life

Searles, Minn.—"Over twenty years ago I first started to take Dr. Pierce's Favorite Prescription. It kept me in splendid condition during expectancy and I had comparatively no suffering and was in unusual health afterward. Also during middle life it has helped me. I do not suffer with heat flashes or dizziness at all or any other ailment which I have known other women to have at this time of life. I am glad to recommend Dr. Pierce's Favorite Prescription. I also have Dr. Pierce's Medical Book, the 'People's Common Sense Medical Adviser,' which I appreciate very much." —Mrs. Gertrude Bushard.

Wonderful Results

Oelwein, Iowa.—"I first took Dr. Pierce's Favorite Prescription about thirty years ago and have often taken it since that time with wonderful results. I have often recommended it to others who have been satisfied with it."—Mrs. E. L. Erwin, 410 Fourth Ave., South.

Canada's Water Power.

An important feature of the water powers of Canada is their fortunate situation with respect to existing commercial centers. Within economic transmission range of nearly every important city from the Atlantic to the Pacific, except those in the central western prairies, there are clustered water power sites which will meet the probable demands for hydro power for generations.

No Pie for Dinner.

The other evening I had a girl friend and her husband over for dinner. I had baked a nice peach pie and set it on the porch swing to cool. It was rather warm in the house and my friend's husband went out on the north to get some fresh air. It was getting dark and I, busy preparing dinner, forgot all about the pie until I heard a loud exclamation. The young man had sat in the hot pie. I don't know when I was more embarrassed. We had no pie for dinner and I'm sure our guest was uncomfortable during the remainder of the evening.—Exchange.

TO RESTORE THE HOLY LAND

Zionist Organization of America Is Proceeding Along Comprehensive, Far-Reaching Plans.

The Zionist organization of America will prepare the Holy land in every way for immigration of Jews from Russia, Poland, Galicia, Roumania and "other pogrom-ridden countries," it announced. Large tracts of land in Palestine will be bought, and the plans provide for conservation and development of water power, inauguration of sanitation and drainage in cities and towns, irrigation, a forest station, survey and development of natural resources, and establishment of technical laboratories for agricultural purposes.

Basing its project on its confidence that Great Britain will assume a mandate over Palestine for the specific purpose of establishing there a homeland for the Jewish people, the Zionist organization has gone into comprehensive detail in its Holy land arrangements, it stated. These provide for a school system from kindergartens to a university, financial loans to agricultural and industrial organizations, rehabilitation of devastated Jewish colonies, maintenance of hospitals and nurses' training schools, an anti-malaria campaign and improvement of housing conditions in Jerusalem, Jaffa and other cities.

SETTLED HIS RIVAL'S HASH

Man's Remark Could Only Be Classified as a Remarkable Inspiration of Genius.

Every man thinks all sorts of things about his rival, but not every man is genius enough to say exactly the right thing to lower his girl's opinion of the same rival. But recently a remark was overheard in a downtown restaurant which proved that one man possessed that ability. He and his best girl were eating when the other man entered the restaurant. Immediately he came to them, shook hands with the girl and, after being introduced to the first man, talked a few minutes.

Now, the girl had quoted this second man so much that his name to the first man was like the sight of a red flag. And she firmly expected a stormy session when the intruder left. But instead of that the escort calmly went on with his eating, offering only one comment: "There's one man I'll never be jealous of again."

Expert Witness.

"You swear that this man is no chicken stealer?" demanded the judge.

"Yessur," replied Rastus Dashley. "Da's whut Ah said, suh."

"What do you know about the facts in this case?"

ALIENS RECEIVED BY BOLSHEVIKI

Banished Enter Russian Territory Headed by Berkman and Goldman.

HEARTY CHEERS RAISED

Mid Ruins of War-Wrecked Town, Bolsheviki Gave Exiles a Vociferous Greeting That Created Enthusiasm.

Terijoki, Finnish-Russian border.—The aliens, headed by Alexander Berkman and Emma Goldman, deported from the United States, entered soviet Russia at 2 p. m., Monday afternoon. They received an enthusiastic welcome.

The deportees, laden with suitcases and boxes, trudged through the deep snow, laughing and singing revolutionary songs as they neared the border. Hearty cheers were raised by the Russians waiting for them on the other side of the frozen Systerbak river, which separates the Finnish and bolshevik lines.

Greeted by Bolsheviki.

Willing hands helped them to scramble up the steep banks, and amid the ruins of the war-wrecked town of Bielo-Ostrov, overlooking the stream, the bolsheviki gave the exiles a vociferous greeting that stirred up a frenzy of enthusiasm and delight among the newcomers. They dropped their luggage, whipped off their caps as a military band played the bolsheviki anthem, and cheering wildly, broke open their boxes of food and cigarettes brought from the Buford, distributing them lavishly among the crowd.

May Not Stay.

Hardly had the last of them passed over the border than a belated telegram reached the Finnish military officials in charge of the transfer announcing that the soviet government had decided to permit only three of the deportees to enter. Their names have not been made public but those favored are believed to be Emma Goldman, Alexander Berkman and Blansky (Blanky?). The telegram is incomprehensible in view of the fact that a delegation, including the wife of Maxim Gorky, came out to receive the exiles and elaborate preparations had been made by the bolsheviki to welcome them.

DANIELS DENIES REPORTS

Sims Was Subordinate to Admiral Mayo.

Washington.—Complete investigations of Rear Admiral Sims' charges against the navy department's conduct of the war, will be made by a sub-committee now inquiring into the award of naval decorations, as soon as it completes its present task. This decision was made by the full senate naval committee.

"The paramount duty of the American navy," Mr. Daniels declared, "was to protect the passage of American troops to Europe and the safeguarding of merchant shipping, vital as that was recognized to be, was secondary.

Secretary Daniels emphasized that, contrary to a popular impression, Admiral Sims throughout the war was subordinate to Admiral Mayo, commander-in-chief of the Atlantic fleet. He indicated that on the question of the distribution of destroyer strength as well as on other questions, Admiral Sims was overruled by Admiral Mayo as well as the department.

"Every naval order, every document bearing on the navy's war activities," Mr. Daniels continued, "is open to the light of day, and the more thoroughly the entire record is laid before the people of this country, the greater the pride they can have in the achievements of their navy. The country will be entirely reassured when matters are brought to a showdown."

PREDICTS TREATY WILL LOSE

Declares Lodge Reservations Do Not Wholly Protect U. S.

New York.—Defeat of the peace treaty, with or without reservations, was predicted here Monday night by Senator James A. Reed at a dinner given in honor of himself and Senator Hiram Johnson by a committee of New York businessmen. Senator Johnson declared that the Lodge reservation, while not wholly protecting the United States, did not give a measure of protection, and that they were the "irreducible minimum" on which no compromise could be made.

Volunteers to Fight Flu.

Chicago.—A corps of 600 volunteer nurses engaged Monday in the combat to check the spread of influenza here. Operating from eight dispensaries, the "nursing militia" began a survey of the city to determine the extent of the epidemic. While 1,200 cases had been reported to health authorities Monday, it was said that fewer cases were reported in the last 24 hours. Health department officials said the majority of the cases were mild. Fourteen deaths from pneumonia and five from influenza were recorded Sunday.

Backe Mortgagee, bearing date the 19th day of December, 1913, with power of sale therein contained, duly recorded in the Office of the Register of Deeds in and for the County of Marshall State of Minnesota, on the 20th day of December, 1913, at 8:30 o'clock A. M., in Book 70 of Mortgages, on Page 496, and which mortgage together with the debts secured thereby was duly assigned by said B. L. Backe, Mortgagee, to Eide Struhs by written assignment, dated December 24, 1913, and recorded in the office of said Register of Deeds on the 7th day of February, 1914, at 8:30 A. M., in Book 62 of Mortgages, on Page 295, and which mortgage was assigned together with the debts secured thereby by Eide Struhs, Assignee, to Merchants State Bank of Red Lake Falls by written assignment, dated June 9, 1919, and recorded in the office of said Register of Deeds on the 27th day of June, 1919, at 9.00 o'clock A. M., in Book 97 of Mtgs., Page 332, which default has continued to the date of this notice, by the failure and neglect of said Mortgagor to make payment of the Seven Hundred Forty-four Dollars and Twenty-two cents by said mortgage secured, which by its terms became due and payable on the 19th day of December, 1918, and which default still continues.

AND WHEREAS The said Mortgagee has elected and hereby does elect to declare the whole principal sum of said mortgage due and payable at the date of this notice, under the terms and conditions of said mortgage, and the power of sale therein contained; and whereas, there is actually due and claimed to be due and payable at the date of this notice the sum of Seven Hundred Eighty-eight and 94-100ths Dollars; and whereas, the power of sale has become operative, and no action or proceeding, at law or otherwise, has been instituted to recover the debt secured by said mortgage, or any part thereof:

NOW, THEREFORE, NOTICE IS HEREBY GIVEN, That by virtue of the power of sale contained in said mortgage, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described in and conveyed by said mortgage, to-wit: The Southeast Quarter (SE¼) of Section Six (6), in Township One Hundred Fifty-five (155), North of Range Forty-one (41), West, in Marshall County and State of Minnesota, with the hereditaments and appurtenances; which sale will be made on the 10th day of February, 1920 by the Sheriff of said Marshall County, at the front door of the Court House in the City of Warren at 10:00 o'Clock A. M. of that day, at public vendue, to the highest bidder for cash to pay said debt of Seven Hundred Eighty-eight and 94-100ths Dollars, and interest and taxes, if any, on said premises, and Fifty ($50.00) Dollars, attorney's fees, as stipulated in and by said mortgage in case of foreclosure, and the disbursements allowed by law; subject to redemption at any time within one year from the day of sale as provided by law.

LEAGUE FULFILS AMERICAN IDEAL

Herbert Hoover Says Democracies Replaced Autocracies at Our Bidding.

FOOD ADMINISTRATION CHIEF.

Urges Ratification on Ground That Peace Treaty Will Collapse Without League of Nations.

Herbert Hoover is so deeply concerned over the opposition to the League of Nations in the United States that he has let himself be interviewed at length on the League situation. In a talk with the New York Times correspondent in Paris, the Food Administration Chief asserts that having caused the League idea to prevail America cannot abandon it. We cannot withdraw, he says, and leave Europe to chaos. "To abandon the League Covenant now means that the treaty itself will collapse."

Mr. Hoover's wide acquaintance with conditions both here and abroad, his reputation as an administrator, a man of great affairs who deals with facts, not theories, make his statement one of the most important contributions to the recent League discussions.

"There are one or two points in connection with the present treaty," said Mr. Hoover, "that need careful consideration by the American public. We need to digest the fact that we have for a century and a half been advocating democracy not only as a remedy for the internal ills of all society, but also as the only real safeguard against war. We have believed and proclaimed, in season and out, that a world in which there was a free expression and enforcement of the will of the majority was the real basis of government, was essential for the advancement of civilization, and that we have proved its enormous human benefits in our country.

American Ideas Have Prevailed.

"We went into the war to destroy autocracy as a menace to our own and all other democracies. If we had not come into the war every inch of European soil today would be under autocratic government. We have imposed our will on the world. Out of this victory has come the destruction of the four great autocracies in Germany, Russia, Turkey and Austria and the little autocracy in Greece. New democracies have sprung into being in Poland, Finland, Letvia, Lithuania, Esthonia, Czechoslovakia, Greater Serbia, Greece, Siberia, and even Germany and Austria have established democratic governments. Beyond these a host of small republics, such as Armenia, Georgia, Azerbaijan and others, have sprung up, and again as a result of this great world movement the constitutions of Spain, Rumania, and even England, have made a final ascent to complete franchise and democracy, although they still maintain a symbol of royalty.

"We have been the living spring for this last century and half from which these ideas have sprung, and we have triumphed. The world today, except for a comparatively few reactionary and communistic autocracies, is democratic, and we did it.

"A man who takes a wife and blesses the world with several infants cannot go away and leave them on the claim that there was no legal marriage.

"These infant democracies all have political, social and economic problems involving their neighbors that are fraught with the most intense friction. There are no natural boundaries in Europe. Races are not compact; they blend at every border. They need railway communication and sea outlets through their neighbors' territory.

"Many of these states must for the next few years struggle almost for bare bones to maintain their very existence. Every one of them is going to do its best; to protect its own interests, even to the prejudice of its neighbors.

Governments Lack Experience.

"We in America should realize that democracy, as a stable form of government as we know it, is possible only with highly educated populations and a large force of men who are capable of government. Few of the men who compose these governments have had any actual experience at governing and their populations are woefully illiterate.

"They will require a generation of actual national life in peace to develop free education and skill in government.

"Unless these countries have a guiding hand and referee in their quarrels, a court of appeals for their wrongs, this Europe will go back to chaos. If there is such an institution, representing the public opinion of the world, and able to exert its authority, they will grow into stability. We cannot turn back now.

"There is another point which also needs emphasis. World treaties hitherto have always been based on the theory of a balance of power. Stronger races have been set up to dominate the weaker, partly with a view to maintaining stability and to a greater degree with a view to maintaining occupations and positions for the reactionaries of the world.

"The balance of power is born of armies and navies, aristocracies, autocracies, and reactionaries generally, who can find employment and domination in these institutions, and treaties founded on this basis have established stability after each great war for a shorter or longer time, but never more than a generation.

"America came forward with a new idea, and we insisted upon its injection into this peace conference. We claimed that it was possible to set up such a piece of machinery with such authority that the balance of power could be abandoned as a relic of the middle ages. We compelled an entire construction of this treaty and every word and line in it to bend to this idea.

"Outside of the League of Nations the treaty itself has many deficiencies. It represents compromises between many men and between many selfish interests, and these very compromises and deficiencies are multiplied by the many new nations that have entered upon its signature, and the very safety of the treaty itself lies in a court of appeal for the remedy of wrongs in the treaty.

Benefits of the League.

"One thing is certain. There is no body of human beings so wise that a treaty could be made that would not develop injustice and prove to have been wrong in some particulars. As the covenant stands today there is a place at which redress can be found and through which the good-will of the world can be enforced. The very machinery by which the treaty is to be executed, and scores of points yet to be solved, which have been referred to the League of Nations as a method of securing more mature judgment in a less heated atmosphere, [illegible] the creation of the League.

"To abandon the covenant now means that the treaty itself will collapse.

"It would take the [illegible] of but a few documents at my hand to prove that I had been the most [illegible] of Americans to become [illegible] in this situation in Europe. But [illegible] gone in with our eyes open [illegible] a determination to free ourselves [illegible] the rest of the world from the dangers that surrounded us, we [illegible] now pull back from the job. [illegible] use to hold a great revival [illegible] go away leaving a church [illegible] and services half done.

"We have succeeded [illegible] extraordinary degree in [illegible] upon Europe the complete [illegible] that we are absolutely disinterested. The consequence is that there [illegible] scarcely a man, woman or child who can read in Europe that does not [illegible] to the United States as the [illegible] source from which they must [illegible] assurances and guardianship [illegible] liberties which they have now [illegible] after so many generations of [illegible].

"This is not a problem of [illegible] the big nations, for the [illegible] remain can well look after themselves. What we have done is [illegible] up a score of little democracies [illegible] if the American people could [illegible] their handiwork they would [illegible] the same determination [illegible] did in 1917 that our government [illegible]."

Flood Relief Meeting

County Agent John Husby has mailed out from his office in Warren the allotments for practically all of the flood sufferers who have been found worthy of same up to this date. It may be some have been overlooked, or some may feel that they have not been correctly rated.

Therefore it has been decided to hold a public meeting in Goodridge next week Thursday, Feb. 5, and one in Holt on Friday, Feb. 6, at which time Scott Laird appraiser for the the State Relief Board will be present, with others, to listen to any who may wish to register complaint. These meetings will be held on these dates unless the present influenza epidemic becomes worse and necessitates the postponement of the meetings. The present state board of health rules are that those having colds or the "flu" must not frequent public gatherings and it is hoped that such people will not attend the meetings if they are held but will register their complaints by mail.

Meetings will also be held at Grygla and Gatzke about two weeks later, notice of which will appear in these columns.

Balanced Dairy Ration

Ordinarily it will pay to feed grain to cows that are capable of producing 20 or 25 lbs. of milk daily. As one of our prominent farmers says, "There is no money in feeding cows on wild hay and cold water." The following is a feed that produces very good returns: 50 lbs. oats, 30 lbs. of corn and 20 lbs. bran for 100 lbs. of feed. A little oil meal or cottonseed meal, about one lb. for every ten lbs. of feed, will raise the protein content and cheapen the ration. It is a safe rule to feed 2 lbs. of hay daily for every 100 lbs. animal weight and one lb. of grain for every three or four lbs. of milk produced daily. Due to the excellent corn crop this year, this is one of our cheapest concentrate feeds, oats having raised considerable in price. In concentrate feeds, each of the following have about the same feeding value for cows; Corn 10 lbs., oats, 9 lbs. Barley 9 1-2 lbs., Bran, 7 lbs, Shorts 6 1-3 lbs, Middlings 6 3-10 lbs. Linseed Meal, 3 lbs. Cottonseed Meal 2 1-2 lbs.

For example, 7 lbs. of Bran is equal to 10 lbs. of oats as a dairy feed.

Mrs. Tom Severson is on the sick list.

J. M. Swan returned home Tuesday from St. Paul where had been with stock.

Obituary

Glenda Winnefren Hagen, the little daughter of Mr and Mrs. D. Hagen of Golden Valley, after a brief illness of only eight days died in the hospital at Thief River Falls Jan. 15th.

She was born in Roseau County Dec. 10th, 1911 and came to Marshall County with her parents about five years ago.

She was a child of good disposition and very much loved by all who knew her.

Beside her parents, she leaves to mourn their loss, three brothers, and three sister, Ethel, Lester, Delmar, Ralph, Camilla and Marion.

The funeral service was held at the home Wednesday Jan. 21st at two o'clock and conducted by Rev. R. Drysdale, pastor of the Presbyterian church of Middle River

She was laid to rest in the cemetery at Golden Valley, in sure hope of a blessed Resurrection.

Card of Thanks.

We wish to express our gratitude to the many friends and neighbors who so kindly assisted us during our sad bereavement.

Mr. and Mrs. D. Hagen.

We unintentionally ommitted the local last week about Mrs. H, Peterson and baby returning home Monday from a few days visit with her sister in Thief River Falls.

We learn from The Pioneer, that Ernest Phillipson went to Manomen last week, where he will work in a barber shop and also attend a mechanical engineering and drawing school.

The Union Block in Thief River Falls was completely destroyed by fire Sunday forenoon, caused by defective electric wireing it is thot.

The entire printing plant of The Times and the Thief River Music Co., are a complete loss, besides the six families, living on the second floor, lost about all their furniture.

The sympathy of the entire newspaper fraternity goes out to The Times, their loss being something terrible to comprehend, as the present price for a full newspaper equipment like theirs means a small fortune.

Catarrhal Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffing, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.—Adv.

HAIR FALLING? HERE IS WHERE IT SHOWS

Don't worry! Let "Danderine" save your hair and double its beauty.

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of delightful "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Your hair will grow strong, thick and long and appear soft, glossy and twice as beautiful and abundant. Try it!—Adv.

Be Reasonable!

It was during her summer vacation on the farm that Elizabeth longed to be allowed to drive the big team of horses. She was just five, but one afternoon her cousin lifted her in and gave her the reins. She pulled and slapped them on the horses' back, and, in fear of the team starting too swiftly, cousin Frances advised her to be careful and drive with less motion. Again she shook the reins violently.

"Slower, Elizabeth, and you'll be a better driver."

She held tight to her reins, then turned and said reproachfully, "Cousin Frances, what can you s'pect? I'm only a child!"

"Why not?"

"Then she got employment with a dentist."—London Tit-Bits.

"ROSY-FIT"

If Bilious, get your Pep and Color back with "Cascarets"

Furred Tongue, Bad Taste, Indigestion, Sallow Skin, and Miserable Headaches come from a torpid liver and sluggish bowels, which cause the stomach to become filled with undigested food which sours and ferments, forming acids, gases, and poisons. Cascarets tonight will give your bilious liver and constipated bowels a thorough cleansing and have you feeling clear, bright and as fit as a fiddle by morning. Cascarets never sicken or inconvenience you like nasty Calomel, Salts, Oil, or griping Pills. They work while you sleep.—Adv.

HAPPENINGS IN GOPHER STATE

News From All Parts of Minnesota Given in Condensed Form.

EVENTS BRIEFLY TOLD

Where Busy Readers Will Find News From All Parts of State Tersely Chronicled for Their Benefit.

Hibbing.—Hibbing has an acute sugar shortage there being none for sale. Sales have been made as high as 30 cents a pound.

St. Paul.—Rev. Oscar Krienheder, pastor of the English Evangelical Lutheran church and the oldest resident Lutheran pastor in St. Paul in length of service here, has accepted a call to Detroit.

St. Paul.—J. M. Gruber vice president of the Great Northern railroad in charge of operations, and William C. Watrous, superintendent of transportation, have resigned, according to reports here.

Zumbrota.—Five business buildings were destroyed at a loss of $80,000 by a fire which broke out here. The fire burned itself out. The fire was caused by explosion of a coffee percolator in a restaurant.

Baudette. — Ralph Sexton, well-known citizen here for many years was found dead in his bed. He had been in poor health with tuberculosis for some time. He leaves a widow and one child.

Minneapolis. — Forty carriers and clerks in the Minneapolis postoffice are incapacitated by influenza. Postmaster Purdy said and the office force is severely handicapped. Most of the cases have been reported during the last few days, he said.

Minneapolis.—Two elk, a male and a female have arrived in Minneapolis from Yellowstone park, a present to the Minneapolis Park board from the United States government. They will be placed with the other elk at Minnehaha Falls.

Minneapolis. — George P. Wilson, former member of the Minnesota house and senate, three times attorney general and one of the Nestors of the bar of Minnesota, died here at the home of his daughter, aged 80.

Stillwater.—Indications point to the fact that the figures to be returned by census enumerators for Stillwater will fall short of the 10,000 mark, notwithstanding that the last city directory issued in 1919 gave Stillwater a population of 12,470.

Pipestone.—The Pipestone city council selected 20 blocks of street to be paved during the summer and following a public hearing to be held within a few days bids for the work will be secured that the operations may be commenced early in the spring. Pipestone will have nearly 14 miles of concrete paved streets.

Crookston.—The Farmers' Co-operative Live Stock Shipping association made the first shipment of three car loads of stock, the hogs all brought the top price of $14.10 with the exception of three pigs for which 10 cents over top pig market were paid. The total amount received for this shipment was approximately $6,000.

Brainerd.—George Bennett of Cuyuna was found guilty of a charge of first degree manslaughter by a jury in district court here. Bennett was charged with shooting his wife when he mistook her for a deer. Oscar Reno, a companion of Bennett on the night of the shooting, who was indicted also, was discharged.

Chisholm.—St. Louis county will have its second American Legion band and the Mesaba range the first one, if steps taken by the local post materialize. The Chisholm soldiers and sailors have appealed to the Chamber of Commerce to get behind the movement, which will turn the present city band into a legion band with a greatly increased membership.

Albert Lea.—At the annual meeting of the stockholders of the Albert Lea Examiner, a daily newspaper launched in this city December 15, last, it was unanimously voted to suspend the publication at once. The treasurer's report showed that during the existence of the paper, a little more than one month, there was a deficit of between $10,000 and $15,000 in its operation. The paper will be published as a weekly.

Lake Benton.—A systematic search is now being carried on in an effort to locate three $1,000 Liberty Bonds. War Saving stamps valued at 100 and currency to the amount of $720 which were lost on a Northwestern passenger train running through here. Although the loss occurred on October 13, last all efforts to find the missing securities have failed. The federal authorities have been notified and renewed efforts are now being made to recover the lost bonds and money.

Thief River Falls.—The annual convention of the Woman's Christian Temperance union for the sixth Minnesota district, was conducted here. Delegates from Pennington, Kittson, Roseau, Red Lake, Polk, Norman, Marshall, Clearwater, Mahnomen and Beltrami counties attended.

Hibbing.—Furs valued at several hundred dollars were seized by wardens at Orr, Minn., according to an announcement by Game Warden George Wood. In the catch were 227 muskrats, mink and weasel furs. The furs were sent to St Paul and will be sold by the state.

Hastings.—The city has secured title to a block of land on Vermillion street which will be converted into a public recreation park.

Wabasha.—Tony Lemmer, laborer, was killed by being struck by a train on the Milwaukee road at Kellogg. He leaves no relatives in this country.

Albert Lea.—At least 35 cases of influenza have been found here. Luther academy has been quarantined with 21 cases. No deaths have been reported.

Lake Park.—C. H. Nelson, for several years cashier of the First National bank here, has purchased controlling interest in the bank from the Marks brothers of Litchfield.

Jackson.—Cyril Moran, 15, lay in a ditch an hour or more after being struck by an automobile while sliding, and died shortly after being picked up. It is not known who struck him.

St. Paul.—Clifford L. Hilton, attorney general, and John E. Palmer and A. E. Pratt, members of his staff, are confined to their homes by sickness which their physicians say is not influenza.

Red Lake Falls.—A better road between Crookston and Red Lake Falls will be in existence by the end of the current year if the plans of the Polk county commissioners are carried into effect.

Pipestone.—A movement for the organization of women's auxiliaries to American Legion posts in this section of the state has been started. Last week auxiliaries were started at Windom and Lake Benton.

Thief River Falls.—Two thousand delegates representing congregations of the Lutheran Free churches from over the United States and Canada will conduct an eight day convention in Thief River Falls. June 9.

Wabasha.—Wabasha county has fallen in line with other progressive counties of the state and has engaged Mrs. M. Stevenson, a public health nurse, who has begun visiting schools and homes and conducting clinics.

Hibbing.—Hibbing housewives face still another sugar shortage with no hopes of immediate relief. Some of the leading groceries have been without sugar for the last six weeks. Local grocers say there will be relief about March 1.

Wabasha.—W. G. Deming, proprietor of a large machine shop at Kellogg, six miles from here, was fatally injured by an explosion while he was repairing a gasoline barrel with a welding outfit. He died two hours after the accident.

St. Paul.—Deposits in Minnesota banks aggregate $444,049,269—an increase of $104,410,411 over the totals a year ago, according to the annual report by George Sivwricht, deputy superintendent of the state banking department.

Duluth.—Reports that the railways were unable to supply cars for Duluth shipments to the northwest were denied by E. D. Brigham, subregional fuel manager. He said January would average 1,310 cars of coal daily from Duluth and Superior.

Duluth.—More than 200 businessmen from the Mesaba and Vermillion ranges and Duluth will go to Brainerd, Jan. 28, to promote the campaign of the newly organized Minnesota Fair Tax association, which is fighting the proposed tonnage tax.

Lake City.—Mr. and Mrs. George W. Selover celebrated their 50th wedding anniversary here recently. More than 20 children, grandchildren and other members of the family attended. Purses and other gifts were presented by organizations of which Mr. and Mrs. Selover are members.

Minneapolis.—Minnesota received 71 out of a total of 133 cars of immigrant movables handled in December by the Minneosta Transfer Railway company, according to figures made public today by Fred D. Sherman, state commissioner of immigration. The figures show a gain over 1918 totals of 16 cars, and for Minnesota a gain of 20 cars.

Crookston.—Every Red river valley county will send farm crops exhibits to the Red River Valley Winter shows, to be conducted at Crookston, Feb. 9, to 13, to compete for premiums valued at $1,300 for the crops division. Begun in a small way in 1910, this annual exhibit has grown until it now is the largest grain, corn and potato exhibit in the state, with 1,110 entries last year and 1,500 expected this year.

St Paul.—The state soldiers' bonus board sold $7,500,000 of bonus certificates of indebtedness at par, and a premium of $13,500 on a 5 per cent interest basis, on the joint bid of the Capital Trust company, Northwestern Trust company, and Merchants Trust and Savings bank, all of St. Paul and affiliated with the Hill interests. J. A. O. Preus, state auditor, said that it was expected that money will be available early next month to begin paying soldiers' bonus claims.

St. Paul.—More than 600 members of the grand lodge of Masons of Minnesota gathered in annual meeting at the St. Paul Masonic Temple and elected officers for the year. Those elected were: E. A. Montgomery, Minneapolis grand master; F. E. Jenkins, Faribault, deputy grand master; H. Held, New Ulm, grand senior warden; J. M. McConnell, St. Paul, grand junior warden; David W. Knowlton, Minneapolis grand treasurer; John Fishel, St. Paul, grand secretary; Henry Nobbs, Renville, grand chaplain.

Medford.—Medford home and business houses will be electrically lighted for the first time in the history of the oldest town in Steel county next spring, when the line connecting the village with the Consumers Power company plant at Faribault is completed.

Red Wing.—The Red Wing post of the American Legion instructed its officers to take any action necessary to oppose a reported move to seek a pardon for J. C. Seebach, Red Wing miller, who was convicted in federal court for violation of the espionage act.

LEADS TO ODD RELATIONSHIP

Hawaiian Custom of Adoption of Children Has Been the Cause of Amusing Complications.

The very old custom of legal adoption in the Hawaiian islands, which originated when there were many tribes often at war with one another, was intended to bring peace among them. The cause has long since disappeared, but the custom still persists. When a child is "spoken for" by some relative or friend, the little baby, as soon as it can leave its own mother, will be given to the foster mother, and will be regarded as a sacred trust. A Youth's Companion contributor tells of one woman who was the mother of eight children, seven of whom had been adopted by friends. When she was asked why she gave them away, she replied sadly, "It is a superstition. I know, but if they are 'asked for' and I refuse I fear some harm might come to them." The poor soul let them go just because she loved them so much!

The custom leads to very amusing complications. One of the native princesses now living has given her baby to her own mother. The little girl is legally adopted, and therefore has become the grandmother's daughter.

Long Meteor Flight.

Numerous observations of the brilliant meteor seen in the early evening of October 21, 1919, show that it had the long horizontal flight of 335 miles from over a point 20 miles northeast of York, England, to 30 miles southwest of St. Valery, France. It traveled at a speed of about 33 miles a second and its average altitude was 74 miles. Its radiant point and speed agree nearly with those computed by Prof. A. S. Herschel for the meteors from the comet of 1739.—Scientific American.

DID NOT NEED INTRODUCTION

First School Teacher Had Met Her Chum's Friend Somewhat Earlier In the Day.

These two teachers were chums. They are still chums. The first one met the second one and was out of humor about something. "Why, the most terrible thing happened today. A regular pill of a teacher visited me. She didn't even tell me that she enjoyed my work when the visit was over—just put up her head and sailed out of the room."

The second one essayed comfort and invited the first one home with her to supper. "Then we'll go to a show and forget all about that visitor," she said.

The first one accompanied her home, and there in the living room was another visitor. The second one greeted the out-of-town cousin and turned to introduce her to her friend when the friend began with a sickly smile: "Oh, you visited me this afternoon."—Indianapolis News.

A Hurry Call.

Senator Boise Penrose awoke his chauffeur by telephone a couple of hours before daylight recently and told him to come to the hotel at once. The chauffeur responded, sans collar, vest and coat, simply slipping into his overcoat and buttoning it up tightly about his throat. As the senator, warmly clothed, stepped into the car, the chauffeur asked:

"To the capitol, senator?"

"No," said Senator Penrose, "to Pittsburgh."

A week later, still minus a dress coat, the chauffeur returned to Washington.

WOMEN OF MIDDLE AGE

May Pass the Critical Period Safely and Comfortably by Taking Lydia E. Pinkham's Vegetable Compound.

Summit, N. J.—"I have taken Lydia E. Pinkham's Vegetable Compound during Change of Life and I think it is a good remedy in such a condition. I could not digest my food and had much pain and burning in my stomach after meals. I could not sleep, had backache, and worst of all were the hot flashes. I saw in the papers about Vegetable Compound so I tried it. Now I feel all right and can work better. You have my permission to publish this letter."—VICTORIA KOPPL, 21 Oak Ridge Ave., Summit, N. J.

If you have warning symptoms such as a sense of suffocation, hot flashes, headaches, backache, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness, inquietude, and dizziness, get a bottle of Lydia E. Pinkham's Vegetable Compound and begin taking the medicine at once. We know it will help you as it did Mrs. Koppl.

STRONG ENOUGH TO FIGHT WORLD

Russian Soviets Have Millions of Dollars to Spend in Other Countries.

AGENT IS QUESTIONED

Martens Says He Has Never Urged Soviet Rule in America—Russians No Longer Urging World Revolution.

Washington.—Russian soviet organizations have become "strong enough to fight the world," Ludwig C. A. K. Martens, soviet agent to the United States, told a senate investigating committee Monday. Because of this, he said, the soviets have ceased to urge international revolution to support them.

The Russian soviets have between $450,000,000 and $500,000,000 in the public treasury, Martens said, which it is now desired to spend in foreign countries on the purchase of necessities. There was now no gold in the hands of private banks or individuals in Russia, he added.

Examination of Martens before the senate subcommittee investigating radical propaganda was resumed and his statement as to the policy of the Russian soviets followed the request of the committee that the originals of his instructions be presented.

Questioned by Borah.

Senator Borah of Idaho, Republican, declared that the committee would want to have the original instructions from the soviet government to him.

"Have you ever carried on propaganda in this country with a view to getting soviet government established in this country?" Senator Borah asked.

"Never," Martens answered. "I have carried on a propaganda in this country to get the soviet government recognized, that is all."

"Isn't it one of the tenets of your creed that soviet governments should be established everywhere?" Senator Borah asked.

"No. We don't care what kind of government other peoples have," Martens replied.

"Isn't it a fact that the Russian soviet federation has a cardinal purpose of instituting a world-wide revolution among other peoples?" Senator Borah demanded.

"There was a time when Russians believed that it was necessary to sustain their own soviet," Martens said. "Now conditions have made it unnecessary. Russian soviets are firmly established and have grown strong enough to sustain themselves—strong enough to fight the world."

APPROVE MILITARY TRAINING

Compulsory Training for Youths Between Ages of 18 and 21.

Washington.—By a vote of nine to five the senate military committee approved provisions providing for compulsory military training for boys between 18 and 21 years, inclusive, and ordered a favorable report upon the army reorganization bill.

As finally agreed upon the bill is virtually the same as reported by the subcommittee, but is radically different from the reorganization bill submitted by the war department to congress. In addition to establishing compulsory training, the bill provides for the establishment of one army to be divided into a citizen army composed of men who have received the compulsory training, a standing army consisting of 280,000 enlisted men and 18,000 officers, and national guard.

The bill also places youths who have undergone four months military training on the reserve list subject to two weeks' training annually. Under an amendment, dependents of youths during training would receive an allowance the same as provided under the war risk insurance act.

FLU SPREADS IN MICHIGAN

Disease Is Now Prevalent Throughout 20 States.

Washington.—Influenza is now prevalent generally throughout 20 states, the public health services announced Monday and has made its appearance in a number of others.

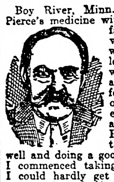
Two thousand new cases in Michigan were reported Monday while Kansas City reported 36 deaths directly attributed to the disease. Many new cases also were reported by New York city and the disease also is scattered through the northern part of New York state.

States through which the disease is well scattered include North Dakota, Minnesota, Iowa and Wisconsin.

Bolivia Wants Outlet.

La Paz, Bolivia.—Discussion of the Arica question, through which Bolivia hopes to secure an outlet to the Pacific, continues to occupy public men. Senor Linares, Bolivian minister to Lima, expresses his belief that neither the league of nations nor the United States will have the time to give a solution of the problem and thinks that possibly the intervention of the United States would not in any event, make the reaching of a friendly solution easier.

PAIN IN BACK



Boy River, Minn.—"I have used Dr Pierce's medicine with good results in my family for years. Last winter I was taken with La Grippe and it left me run-down, and with pains in my hips and back. I took different medicines without getting any benefit. At last I sent and got some of Dr. Pierce's Anuric and took it and am feeling well and doing a good day's work. When I commenced taking the Anuric Tablets I could hardly get out of the bed, felt as though a knife was sticking in my back."—A. C. Blodgett, Box 2.

KIDNEYS AND BLADDER

Inland, S. Dak.—"I can recommend Dr. Pierce's Pleasant Pellets and Anuric (anti-uric-acid) Tablets as grand medicines. I was troubled with my stomach, and also had weakness of the bladder and I started taking Dr. Pierce's Anuric Tablets and Pleasant Pellets and I believe they have cured me of my trouble. I think my stomach trouble was dyspepsia. The 'Pleasant Pellets' are the best regulator of the stomach and bowels I have ever used and I would recommend them highly. I have used four bottles of Anuric Tablets and four vials of Pleasant Pellets."—E. A. Eastman.

Rheumatism, Feet Swollen

Stillwater, Minn.—"I feel that it is my duty to write about the wonderful results I received from the use of 'Anuric.' I was suffering from kidney and bladder trouble, scalding, rheumatism, also my feet and ankles swelled so that at times I could not walk without assistance. Had taken several different kinds of kidney remedies and all failed. Finally I sent to Dr. Pierce for a package of his new discovery, 'Anuric' (anti-uric-acid), which I received by mail in tablet form. I soon got better and am convinced that this popular new medicine is good. I wish to recommend it to my neighbors and everybody suffering from kidney troubles."—Mrs. M. J. Sargent, 218 E. Elm St.

SENATOR LODGE TAKEN TO TASK

Influential Republicans Protest Against Compromise on Reservations to Treaty.

MAY CAUSE G.O.P. SPLIT

President Taft States That Compromise on Reservation Would Not Kill Treaty—Other Provisions Would Make for Peace.

Washington.—Protest by a large group of influential Republican senators against further compromises on reservations to the peace treaty gave the compromise negotiations a severe setback and senators declared involved future solidarity of the Republican party not only in the senate but in the nation.

Eight Republican senators, headed by Senators Johnson of California and Borah of Idaho, claiming to represent other senators, called Republican Leader Lodge into conference and delivered what was declared to be an ultimatum against proposed compromise of the informal bipartisan committees of senate leaders.

Some of the senators in the conference with Senator Lodge declared that the reception of the protests would affect the Republican leadership and unity in the senate, while one senator, Sherman of Illinois, stated after the conference that he would leave the Republican party and join a third party if the Republicans support "emasculated" reservations.

President Taft consulted with several "mild reservation" Republicans, including Senator McCumber of North Dakota, McNary of Oregon, Kellogg of Minnesota, and Colt of Rhode Island.

Mr. Taft urged compromise strongly and during his visit declared that a compromise on the Lodge reservation to article ten of the league of nations covenant would not "kill" the treaty, because, he said, other provisions would make for world peace and cause resort rarely to article ten.

LOOSING GRIP ON FIUME

Captain d'Annunzio's Control of City Claimed to Be Disastrous.

Flume.—Captain Gabrielle d'Annunzio's control of this city has been disastrous to the people, who have little food and are suffering from epidemics, according to Ricardo Zanella, opponent of d'Annunzio and leader of the Fiumian people's party. He says the poet-soldier is afraid of assassination and is constantly under guard and that his action in seizing the city has resulted in international embarrassment for Italy.

Signor Zanella says President Wilson's program by which the future status of Fiume is to be fixed is not acceptable to the people of the city, adding that Fiume which is not important to Jugo-Slavia, which has a better port at Spalato, must be Italian.

"Captain d'Annunzio has violated every principle of free government," says Signor Zanella, who was formerly mayor of the city. He has lodged his legions on our people, has troubled the city for months and has commandeered property under threats of violence. The people are sick of his regime. There is little food and much disease and suffering while our financial situation is appalling.

LEADER CLAIMS NEUTRALITY

Chairman Cummings Replies to Complaint of William J. Bryan.

Washington.—Homer S Cummings chairman of the Democratic national committee, in a formal statement Thursday night, declared that if complaints of William J. Bryan, as made in addresses Wednesday in Norfolk and Richmond, Va., were based on the chairman's attendance at the inaugural dinner given Governor Edward I. Edwards of New Jersey on Tuesday night at Newark, the former secretary of state's comments "are without merit."

Chairman Cummings further asserted that had Mr Bryan read the speech given by the chairman at the dinner, "he would not have made the comments attributed to him." His attendance at the Edwards dinner, the chairman said, connected him in no way with any movement having as its aim the selection of Governor Edwards as the Democratic nominee for president as his position as regards candidates was "one of impartial neutrality."

Former Secretary Bryan referring to Mr. Cummings attendance at the Edwards dinner, declared that the chairman must either separate himself from the New Jersey governor or resign from the committee.

N. D. Tax Act Suit Is Up

Washington.—Appeals from federal court decrees holding unconstitutional the North Dakota corporation excise tax act of 1919 were filed in the supreme court Thursday by state officials with a request that consideration be expedited. The proceedings are those instituted by Director General Hines on behalf of the five railroad companies operating in North Dakota and the Farmers' Grain and Shipping company, in which the state was enjoined from enforcing the act.

WORK DIDN'T SHOW FOR MUCH

Lecturer's Wife May Have Had the Idea That Perhaps He Was Wasting His Time.

The steel and coal strikes were on; the reds were busy in thousands of American communities stirring up anarchy; the civilized world was literally boiling with discontent; the profiteers were piling up their guilty millions unrestrained. And Fred Warren, former editor of the Appeal to Reason at Girard, Kans., a socialist lecturer of national renown, was starting out from home with his traveling bag in hand, to fill a speaking engagement.

"Where are you going now?" inquired Mrs. Warren.

"Out to save the world," he replied.

"How long have you been engaged in saving the world?" she asked retrospectively.

"About fifteen years," was his answer.

"And now look at it!" she lamented.—Fort Scott Tribune.

Worth Paying Premiums For.

A $5,000 life insurance policy was taken out on a hen exhibited in Portland, Ore., recently. This hen is a White Leghorn, owned by Doctor Tanored of Kent, Wash. She set a world's record for production by laying 330 eggs in 365 days, ending September 16. This is about four times the production of the average hen. Her owner consented to allow her to be placed on exhibition by one of the poultry feed companies, but stipulated that she must be insured for $5,000.

Learned Something

"Flubdub seems subdued. He used to think he was the whole thing."

"He got married."

At eighteen every girl is surprised at how little her mother really knows about life.

Wealth in North Dakcta.

According to United States government statistics the agricultural products of North Dakota have increased about $278,000,000 since 1915, making a per capita wealth in the state of $2,966 at the close of 1918. The United States census bureau estimates the per capita wealth of the entire Union at $1,956, so that the average wealth in North Dakota is more than $1,000 greater than the average for the whole Union. Including horses, cattle, hogs, sheep and creamery products, the agricultural production of the state at the close of 1918 was valued at about $260,000,000.

Before He Thought.

When I was going to high school my money was limited, but I managed to take my best girl to a play once or twice a week. One evening as we were about to start for the movies, my girl, not wanting to leave her mother alone, asked her to go. Before I thought I said, "Surely, Mrs. ——, go with us; I've only got 20 cents, but I can borrow a dime uptown." Needless to say, she declined the invitation, and I felt like the 20 cents in my pocket.—Chicago Tribune.

Marital Inconsistency.

"Married couples should yield to one another's opinions to get along," said the sober-faced man.

"I dunno," responded the other. "It didn't work in our case. I told my wife I wasn't worthy of her and she declared I was. For the sake of harmony, I yielded my opinion and said I was worthy of her, and she, not to be outdone in generosity, I suppose, yielded her opinion and said I wasn't. And so we parted. No, I guess what you said isn't so, stranger."

As to Terms.

"Is that a dirigible?"

"No; it's just a balloon airship."—Baltimore American.

State Will Test Cattle.

The State is willing to co-operate with a number of stock raisers in this vicinity in testing cattle for tuberculosis; according to a letter recently received at the Farm Bureau Office, from Dr. Cotton, of the State Live Stock Sanitary Board. Special attention of all farmers is urged that enough applications be made so that a State Veterinarian can be secured.

The State test for tuberculosis in cattle is a sure way of determining if the disease exists in the herd, and by the co-operation of several farmers the tests may be made at a very small cost, the actual expenses of the veterinarian in charge. At the same time, veterinary advice of any kind may be secured from a man well qualified in this work.

Over a hundred herds have been tested in Pennington County, and it is a significant fact that here, as well as in all sections where tests have been made Tuberculosis has been found to exist in a surprisingly large percent of the herds.

Write the Farm Bureau Office at Grygla for application blanks.

Miss Stella Mickelson returned home from Crookston Monday and is now employed in the Johnson confectionery.

Ernest Kuehne went to Thief Falls Monday to help care for the Knauf family, all of whom were sick with the flu.

Elmer Engstrom and Hilmer Folden returned home Monday from the Agricultural School for a visit with home folks.

J. M. Swan visited over Sunday with his wife, who is a patient at the hospital in Thief River Falls, and reports that she is getting some better.

The flu situation here has not been bad so far, but as a precaution, a ban has been placed on gatherings of all kinds, the postoffice closed while the mail is being distributed and it may be found necessary to close the school. No one can tell what a day or two may bring forth at this time.

Relief quickly obtained through Dr. Albertson's Chiropractic Adjustments. Acute and chronic diseases successfully treated. Even those who have been pronounced incurable, have been restored to perfect health again. Phone No. 85, Crookston, Minn.

Deaths.

Miss Hobbs received the sad news Sunday P. M. of the death of her sister Bessie who died on Saturday at Lankin, N. D. where she had been teaching. Miss Hobbs left Monday morning for their home at Forest River N. D. to attend the funeral.

Mr. and Mrs. Ole Knutson received the sad news Wednesday of the death of their daughter, Mary, wheich occurred that morning in Fargo, where she had been working for sometime. Miss Knutson and her cousin Hilmer Nyberg had both been sick with the flu for about a week and the later is now reported much better. Mr. Knutson and his son Diedrick of Thief River Falls, departed Wednesday for Fargo to bring the remains home for burial.

Sincere sympathy is extended to the sorrowing parents and other relatives of the deceased.

Take Notice

The flood meeting scheduled for to-day has been postponed on account of the epidemic of influenza

If any one feels they have been overlooked or cannot wait, they should write direct to Scott Laird, Thief River Falls, who will give the matter prompt attention.

As the flu situation is improving at Crookston, the Farm Crop Show will be held Feb. 9—13, as advertised.

B. Docken sold three tracts of of land last week consisting of 520 acres to parties from the southern part of the state.

The ground hog saw his shadow Monday and according to the old signs, we are due for six weeks more of winter. But we don't believe in signs.

The soil in this section is adapted to the raising of sugar beets, mangels, potatoes and all root crops and these crops will help solve the sow thistle problem.

It seems there has been some ill feelings between the villiages of Grygla and Goodridge over their fair and now Grygla has decided to have a fair of their own. We wish them success.

The Benville correspondent to The Grygla Eagle, after giving a good boost for the new flour mill at Goodridge, then proceeds to start a boost for a sugar mill.

When farmers start to raising sugar beets and have their own co-operative mills, they will not need to fear the sugar trusts.

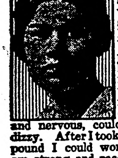
NOW FREE FROM PAIN

Lydia E. Pinkham's Vegetable Compound Frees Another Woman From Suffering.



Bayonne, N. J.—"Before I was married I suffered a great deal with periodical pains. I had pains in my side and back and also headaches, and got so weak I could not do anything. I took Lydia E. Pinkham's Vegetable Compound and soon felt better. Now I am married and have two little boys. Before the first one came I was weak and nervous, could not eat and was dizzy. After I took the Vegetable Compound I could work and eat. Now I am strong and recommend your medicine to my friends."—Mrs. ANNA SLEVA, 25 East 17th Street, Bayonne, N. J.

WESTERN CANADA CORN

Wins First Honors at Kansas City.

While visiting the Canadian Government Information Bureau at Kansas City, where there is on exhibition a very creditable display of Canadian products, my attention, says a writer in the agricultural press, was directed to a few ears of Dent corn, bearing the modest inscription,

"This Northwestern Dent corn took the first prize at the Soil Products Exposition recently held in Kansas City, Mo., and was grown by John Hamilton of Kelwood, Manitoba."

Kelwood, Manitoba, lies about twelve hundred miles north of Kansas City, and it was quite pardonable that these Canadians should so proudly parade the fact that they had been able to carry off for their corn display the blue ribbon that for years the old "corn-growing" states had looked upon as being practically their own, and for which they were strong contestants in the recent show.

I asked Mr. Hewitt, agent in charge of the Canadian Government office at 2012 Main Street, Kansas City, what the winning of the prize means for Canada. His reply was that it means the "corn belt" is moving northward, and in a few years to the fame that Canada has already achieved as a wheat, barley and oats producing country, will have to be added that of growing the best corn in America.

"Why," he said, "twenty years ago a friend of mine was attracted at the Minnesota State Fair by the number of those who were examining some corn growth north of Crookston, Minnesota. It was not the large ear produced farther south, but it was an even ear and perfect kernel. The interest centered in it was the fact that it had been grown so far north. That was twenty years ago. Today, the traveler on any of the railways in that section of the country may see field after field of corn. In many portions of Manitoba," he continued, "out into Saskatchewan and Alberta, the growing of corn is receiving much attention, at presently mainly for fodder, but within a short time, with acclimated seed a maturing corn of good quality may reasonably be expected. Already the number of silos in use in Western Canada indicates that the progressive farmers there look forward to the day when corn will be one of their most important crops.

"Corn lands in South Dakota are said to be selling as high as $250 per acre, and if corn has been the means of placing these lands at this price what may be expected of Western Canada lands, when the day comes that corn will be grown as successfully there?"

It was not in corn alone that Western Canada carried off the honors at the Soil Products Exposition. The awards won by Western Canada were 40 first, 29 second, and 26 third prizes. These included 1st, 2nd and 3rd prizes for hard spring wheat; the sweepstakes for wheat and the cup offered by Canadian Pacific Railway for the best half-bushel of hard spring wheat; 1st, 2nd and 3rd prizes and sweepstakes for oats; 1st, 2nd and 3rd prizes for barley; and 2nd and 3rd prizes for oats.

It is interesting to note that the sweepstakes for wheat and first prize for hard red spring wheat have been won by Saskatchewan exhibitors seven times in the last eight years, Manitoba winning one year.

Potato classes have some interesting successes for Western Canadian exhibitors, who won four firsts, three seconds and three thirds. Exhibitors from these provinces also made fine showing in the vegetable classes, winnig among other prizes the premium prizes for cabbages, cauliflowers, pumpkins squash and watermelons.—Adv.

Wilimar.—Preparatory work this year for the erection of a new church here is announced following a decision of the recent annual meeting of the Swedish Lutheran church. Rev. Jesper Holmquist is pastor of the church, which has a membership of nearly 600.

Waseca.—All dance halls, skating rinks, theaters, poolhalls and other places of amusement here have been closed by the Waseca board of health because of influenza. Forty cases have ben under quarantine in the city. The schools will be kept open unless a serious epidemic threatens.

Winona.—A court order temporarily restraining the Wisconsin-Minnesota Light and Power company from putting into effect in this city the increase in gas rates from $1.45 to $2 a thousand cubic feet announced for Feb. 1, has been issued by Judge C. E. Callahan in district court.

Winona.—Champion junior poultry raisers of Minnesota are represented in the demonstration team of the Winona Boys' and Girls' Poultry club. Awards announced by T. A. Erickson, head of the state clubs, give the Minnesota club championship to the Winona club, and the individual highest honors to Edwin Neeb, a member.

Hibbing.—Concrete foundation for the new hotel in South Hibbing is finished and the contract for the building let to C. F. Haglin & Sons of Minneapolis. The hotel will be four stories, 135 by 125 feet, the front facing north on Howard street. The estimated cost exclusive of furnishings is $375,000.

Duluth.—A record in criminal court procedure in Northern Minnesota is believed to have been made when Adolph Carlson was arraigned, the indictment read, six witnesses examined the jury retiring for nine minutes and the defendant convicted, all in 54 minutes. Carlson was sentenced to one year at Stillwater penitentiary.

Minneapolis.—A new athletic stadium to cost approximately $385,000 is a possibility at the University of Minnesota within the next five years. James Paige, faculty member of the Board of Athletic Control, discussed some of the temporary plans for a larger playing field at a meeting of 100 students at the university. Mr. Paige stated that if a new modern stadium were built, the money would come from profits derived from football and other athletic events as well as donations from prominent members of the alumni.

Cloquet.—In a fit of jealous passion, John Ranta, 35, Finnish farmer residing five miles north of Cloquet, on the Saginaw road, shot and killed his wife and two children and then turned his revolver upon himself with fatal results. Ranta, it is believed in Cloquet, where he is well known, went violently insane. The Ranta case is the third case of insanity and gun play near Cloquet within the last four months.

Albert Lea.—Peter Brandstrop, a switchman, was killed here in the Minneapolis & St. Louis yards when a freight train ran into the rear of a car on which he was standing.

Sauk Center.—A Woman's Auxiliary of the American Legion post here has been formed.

Hastings.—A temporary ban was placed upon public dances by Dr. P. H. Cramer, city health officer, on account of influenza.

Fairmont.—Incendiarism is the suspected cause of a $50,000 fire which destroyed a barn and silo and 30 tons of hay here recently.

Duluth.—The Builders Exchange of Duluth today approved plans for a $1,000,000 office building, which will house their headquarters.

Montevideo.—J. R. Burnip was reelected mayor of this city at the annual election. All present office holders were re-elected without opposition.

New Richland.—The New Richland Farmers Co-operative company has incorporated with a capitalization of $40,000. Frank Johnson is president.

Waseca.—Improvements and building here last year amounted to $350,000. It is expected that the 1920 total will at least be twice that amount. The street paving total was $37,936.

St. Paul.—The Consumers' Flour Mills company of St. Paul, an enterprise to be capitalized ultimately at $1,000,000, between $300,000 and $400,000 of which is to be invested in a modern mill here, has been chartered.

St. Paul.—Wallace O'Brien, St. Paul, was decorated in Paris with eighteen other American Red Cross workers, for service to Montenegro, since the signing of the armistice. He received the Order of Prince Daniels, a third class.

Crookston.—The winter livestock show to be held here Feb. 9-13 in the Red River valley livestock pavilion and the newly built 75 by 140, two-story annex, is the center of interest in this section of Minnesota and of Eastern North Dakota.

Windom.—A special election has been called here Tuesday, Feb. 17, to vote upon the new charter for the village of Windom. If the charter is ratified Windom in the future will be known officially as a city instead of a village.

Hibbing.—Married little more than seven months, Mary Hull, 16, has asked for a divorce from William Hull, eight years her senior. They were married June 19, 1919, at Sturgeon River, Minn. Mrs. Hull alleges that her husband was cruel.

Fergus Falls.—Selma Backlund, a school teacher, was buried at New York Mills, her home. She took her own life at Northome, Minn., January 23. Despondency over her work was responsible, friends say, although officials said her work was good.

Mankato.—The high school was closed part of last week because of the sickness of the teachers. An attempt will be made to keep the grade schools going by filling in with high school teachers who are not sick. Fourteen teachers were off duty on one day.

Winona.—What is said to be record prices for Minnesota were paid for blooded Duroc hogs at a sale of these animals at Weaver. One sow sold for $2,525, while 38 other animals sold for an average of $601 each. The total sales for the day amounted to $22,830.

Moorhead.—The directors of the Clay County Farm bureau refused to accept the resignation of A. C. O'Banion as county agent. They also reelected him county agent for the ensuing year at a salary of $2,400, the same amount he had been offered by Hubbard county.

Windom.—Leonard Lokken of Heron Lake, had one of his hands torn off while operating a corn sheller on a farm near here. Lokken was reaching over the gears to adjust an oil cup when his hand was caught in the machinery. The hand was torn off completely below the thumb.

Thief River Falls.—The annual statement submitted by County Auditor T. P. Anderson to the comissioners shows that Pennington county is in excelent condition. There is a surplus remaining in practically every fund and the year 1920 is begun with the treasury balance of $77,583.

Warren.—S. P. Spalding of Warren recently purchased of Supt. R. H. Poston of the St. Croix County, Wisconsin, County farm, a purebred registered Holstein cow and her 3-month-old heifer for $2,100, the mother bringing $1,500 and the calf $600, probably a record price for a heifer that ege.

Virginia.—Complaints of merchants that the school board is discriminating against local business men in purchasing school supplies were heard when members of the school board purchasing committee met with a deputation of merchants. The matter of purchase of toweling was discussed and the board will investigate further to discover whether or not any injustice was done the local men.

Little Falls.—Potato growers from all over the state organized the Minnesota Potato Growers' exchange and prepared articles of incorporations to be filed at the state capitol. One hundred and fifty delegates from sixty potato growers' organizations attended the meeting. By-laws were adopted and rough draft of the articles of incorporation submitted and referred to the directors for completion. The Michigan plan of potato marketing was approved as the basis of operations. Little Falls was selected as temporary headquarters.

Sauk Center.—The debating team of the local high school won the district championship in the State Debating league here by defeating Crosby.

Sauk Center.—A community house, which also will be the permanent headquarters of the local American Legion post is being planned. The city of Sauk Center will be petitioned to finance the project.

Brainerd.—Fred T. Lincoln, secretary of the Brainerd Chamber of Commerce, has accepted the position of secretary of the Billings, Mont., Commercial club, and will take up his duties there early in February.

He Wasn't So Much.

Giles' grandmother, with whom he lived, was ill and the little fellow was left uncared for except for his own childish efforts. One day he came home very dirty and shabby in appearance and with his stockings down. His grandmother bewailed the fact that she was unable to take proper care of him.

"Gee, grandmother," said Giles, "you don't know the world. You ought to see the other guys."

Back to the Old Home.

He had just vacated one house on the street for another farther down. A few days later he came hurrying home, and when he came to the old place went in as usual. Passing into the living room he sat down, but when he came to himself he was gazing at three total strangers. "Oh, I beg your pardon!" he exclaimed, to their amusement. He departed hastily, but the joke leaked out to his great embarrassment.

MEANT TO SERVE AS BEACON

Statue of Liberty at New York Is Not Fulfilling Original Purpose of Designer.

The statue of Liberty, in New York harbor, is electrically illuminated—that is, so flooded with light as to be rendered brightly visible at night.

Originally, however, the idea was to make it serve as a beacon, and for this purpose the "flame" of the lady's torch was cut at the sides, the openings fitted with glass, and nine duplex arc lamps placed inside.

Thus was obtained a light which, upheld at a height of 305 feet above the water, was visible 24 miles out at sea, or ten miles beyond the anchorage of the outside lightship. Its maintenance was assigned to the government lighthouse board.

But the lighthouse board declared that it had little or no usefulness as an aid to navigation, its value being purely sentimental, and in 1902 the light was extinguished, the business of illuminating the statue being handed over to the war department.

Unanswerable.

"I hope you didn't take a second piece of cake, Ethel?" said the mother to the young daughter, who had been visiting a friend for tea.

"Yes, I did, mother," replied the child. "You told me never to contradict, and the lady said: 'I know you'll have another piece of cake;' so what could I say?"

A woman isn't necessarily shallow because her beauty is only skin deep.

NUT-BEARING NATIVE TREES

Of Them All the Hickory Is Easily the Best Known, and Grows Nowhere Else.

Of the nut-bearing American trees, hickories are perhaps the best known, being strictly North American trees, none now growing in any other part of the world. Of the 14 known species one is Mexican, the other 13 growing east of the Rocky mountains. Indiana boasts of six species, of which the shagbark, or shellbark, is the most noted, because of its nuts and peculiar bark.

The wood of most of these species is tough, strong and flexible, but because of its value for implements and fuel the finest trees of our forests have been sacrificed, the crop of wild nuts decreasing as a consequence.

The pecan is the largest of our hickories, being a native of the southern and southwestern counties of Indiana and growing to perfection in the rich, moist soils of river bottoms. The black walnut grows west from western Massachusetts to Minnesota. Its branches are stout and spreading, forming a round-topped tree when grown in the open.

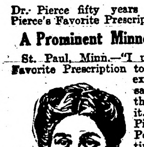
WHEN THE DAY IS OVER

When the household cares and the worries of every-day life have dragged you down, made you unhappy, and there is nothing in life but headache, backache and worry, turn to the right prescription, one gotten up by Dr. Pierce fifty years ago, called Dr. Pierce's Favorite Prescription.

A Prominent Minnesota Woman



St. Paul, Minn.—"I used Dr. Pierce's Favorite Prescription to help me during expectancy and can say that it is all that is claimed for it. I also took Dr. Pierce's Pleasant Pellets at the same time and think they are a splendid purgative. I have four children and we are all in perfect health. Dr. Pierce's book, 'The People's Common Sense Medical Adviser,' has been a great help to me in bringing up my family. I gladly recommend Dr. Pierce's remedies to those who need them."—Mrs. A. J. Allen, 343 Walnut St.

Doctor Said She Would Not Live

Fort Dodge, Iowa.—"At one time my daughter was very nervous and run-down in health. The doctor said she would not live a year. Before she had finished taking a bottle of Dr. Pierce's Favorite Prescription her health was fully restored.

"My mother took the 'Prescription' about twenty-five years ago for general weakness and she was cured. I always recommend it."—Mrs. Mohler, 520 20th Street.

OPPOSE CREDIT TO FOREIGN NATIONS

Proposed Loan for Food Relief Is Warmly Debated by Legislators

CONSIDER FINAL ACTION

Foreign Nations Using Money They Owe United States to Extend World Interests—Interest Alone Is $275,000,000.

Washington.—Sharp disagreement as to authorization of loans to Poland, Austria and Armenia for food relief developed at the conference between Republican members of the house ways and means committee and the Republican legislative steering committee. At the same time opposition to further credits to any European country was expressed in the senate.

Senator Smith, Democrat, Georgia, started the debate by putting into the record a compilation showing that foreign governments owe the United States $275,000,000 in interest alone. This should answer the contention, he said, that the American government had done nothing for Europe.

Senator Walsh, Democrat, of Montana, said some of the debtor nations were spending stupendous sums in military and naval preparations, and Senator Phelan, Democrat, California, declared he was against further credits because the United States by not ratifying the peace treaty had failed to establish the new world order it proposed, and Europe was being rehabilitated by American money on the same old obnoxious basis.

Senator Phelan said European nations and particularly England, were using money owed to the United States to extend oil interests throughout the world.

At the conference of house Republicans, Chairman Fordney of the ways and means committee was understood to have insisted on providing $50,000,000, as had been agreed upon informally Friday by the Republicans on that committee, but a majority of the steering committee was said to have opposed any fund, declaring congress was without authority to give away public funds.

After the conference, Chairman Fordney said the full ways and means committee would meet to consider final action. Indications were that the committee would recommend the $50,000,000 authorization, and that there would be a sharp fight on the floor of the house.

SPECIAL JURY ENDS PROBE

"Big Bill" Haywood and Thomas Whitehead Among Those Indicted.

Chicago.—Indictments against 37 members of the I. W. W. were returned by the special grand jury investigating radical activities.

Chief among those indicted were William D. ("Big Bill") Haywood, former secretary of the organization, now at liberty from Leavenworth prison under bond, and Thomas Whitehead, who succeeded Haywood as secretary.

The indictments complete the work of the "red" grand jury. Last week the grand jurors indicted 85 members of the Communist party and 38 members of the Communist Labor party.

The charges in all cases are conspiracy to overthrow the government and advocating the overthrow of the government by force.

The indictments of the leading figures in the three radical organizations are the outgrowth of the sensational New Year's eve roundup in which State's Attorney Maclay Hoyne, anticipating federal authorities by 24 hours, arrested more than 300 persons, suspected of being members of the three groups.

MOURNERS MAY VISIT PARIS

Plans Perfected by Y. W. C. A. to Care for Visitors.

Paris.—Women relatives of American soldiers who fell in France need not hesitate to come to this country to visit the loved one's tomb under plans perfected by the Y. W. C. A. in this city. Ignorance of the French language and difficulties of travel in a foreign land will be made the object of special attention by the organization which has already engaged rooms at the Hotel Petrograd and begun operation under the name of "The American Women's club."

The club will get in touch with soldiers' relatives upon their arrival, provide them with comfortable quarters in the center of Paris, help them with baggage and passports, arrange visits to the prefecture of police and provide means by which they may exactly locate the grave they seek.

Plan to Protect Exchange.

Copenhagen.—Danish bankers have agreed unofficially not to sell foreign exchange unless this step is recommended by the Danish price regulation committee, it is understood. It is hoped by this means to reduce importations of luxuries and thus ameliorate the adverse exchange situation. It is stated that stocks of flour and coffee already in hand are considered ample for the next 12 months and that it is unnecessary to purchase goods in America.

IF BACK HURTS USE SALTS FOR KIDNEYS

Eat less meat if Kidneys feel like lead or Bladder bothers.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulates them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep the kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

CASE OUTLINED BY PROSECUTOR

Takes First Day Explaining Evidence Against Newberry and His Associates.

LARGE SUMS SPENT

Boasts to Make Truman H. Newberry Best Known Man in Michigan—Spends More in 48 Hours Than Permitted for Campaign.

Grand Rapids, Mich.—An outline of what the government expects to prove against Truman H. Newberry, United States senator, and his 123 associates, charged with conspiracy in connection with the 1918 senatorial campaign, was started in federal district court here Monday by Frank D. Dailey, special assistant attorney general. When adjournment time came he was about two-thirds through his prepared outline. As soon as he finishes Tuesday James U. Murfin, personal counsel for Senator Newberry, will reply on behalf of the defense.

Defendants Fill Courtroom.

Martin W. Littleton, of counsel for the defense, interrupted Mr. Dailey a few times with objections, and at the close of the session asked the court to order government agents to "cease sitting among the defendants and listening to their whispered conversations."

Judge Clarence W. Sessions announced that hereafter the front seats would be reserved for defendants and that others would have to find places after the men on trial had selected places. He could not issue a formal order against the presence of the secret service men, who, Mr. Littleton said, were "not invited to sit among the defendants."

Charges Lavish Spending.

Throughout the address Mr. Dailey stressed the money which the government alleges was spent in violation of the law limiting campaign expenses. He said Milton Oakman was hired as manager of the Detroit campaign "at an enormous and staggering salary, amounting to thousands of dollars." He charged that when the campaign started the Newberry organization "launched into an orgy of spending" and spoke of "great heaps and piles of currency," which he said were visible at the Detroit and Grand Rapids headquarters.

"The evidence will show," he shouted, "that this organization spent more money an average every 48 hours than the laws of the United States permit for an entire campaign. It will show that the defendants boasted that they would make Truman H. Newberry the "best known man in Michigan."

BRITISH DIFFER ON PLAN

Many Agree That It Is Best to Have America on Any Terms.

London.—The relations between the United States and Great Britain fill a large space in the London morning papers, several of which print long dispatches from their American correspondents and comment thereon, with references to the letters of Viscount Grey and Secretary Glass.

The Chronicle agrees with Lord Grey that it is better to have America in the league at almost any terms and with any reservations than not at all. The Morning Post, however, regards the league as more dangerous to Great Britain than to America, dissents from Lord Grey's advocacy of the American reservations, and contends that if America is to be admitted under special reservations, the other nations must also have special reservations.

EXTRADITION LIST COMPLETE

Allies Will Make Demand for Many German Subjects.

Paris.—The list of German subjects whose extradition is demanded by the allies was finally approved by the council of ambassadors. The council also approved the terms of the note to accompany the list. A drafting committee was charged with the drawing up of the note. The list and the note probably will be handed to Baron Von Lersner, the head of the German peace delegations, as soon as the covering letter has been framed.

The council considered an application for the admission of the Belgian ambassador to the meetings of the council, on the ground of Belgium's proximity to Germany and her participation in the occupation of the Rhineland, and it was decided to invite him to attend the council meetings when Belgian interests were in question.

American Trade Balance Grows.

Washington.—America's trade balance against Europe increased by $4,435,410,566 in 1919, figures issued by the department of commerce showing that exports from the United States were $5,185,980,350, while imports were $750,569,784. The trade balance in favor of the United States over the United Kingdom piled up during the year was $1,969,988,783, that over France $769,497,587, and that over Italy $383,628,396. A trade balance of $82,137,085 also was registered over Germany.

NEW SOUTH WALES

Has Enormous Capacity for Food Production.

The vast acreages of arable lands in New South Wales are rapidly becoming a factor in the food-producing power of the world. New South wales has an area of 310,700 square miles, or as much territory as the combined area of the New England States plus New York, New Jersey, Delaware, Maryland, Pennsylvania, Ohio, Indiana, Michigan, and a portion of Illinois. The climate is similar to that of Southern France, Southern California or Italy. Everything that can be raised in a temperate or tropical climate will grow abundantly in New South Wales. In the northern part of the State, bananas, coffee, sugar-cane and passion-fruit grow side by side with potatoes, cereals, tobacco, onions, grapes, and cool-climate fruits. The products range from cotton to silk, olives, corn, barley and wheat.

New South Wales is to be classed as a "new country" and "The Last Great West." Already about six million acres of its lands are under crops. Forty million bushels of wheat are produced annually, and the wheat acreage is increasing by leaps and bounds.

The country is largely devoted to pastoral purposes, and wool is "king." NEW SOUTH WALES INFORMATION BUREAU, 149 Broadway, New York City.—Advertisement.

Backe Mortgagee, bearing date the 19th day of December, 1913, with power of sale therein contained, duly recorded in the Office of the Register of Deeds in and for the County of Marshall State of Minnesota, on the 20th day of December, 1913, at 8:30 o'clock A. M., in Book 70 of Mortgages, on Page 496, and which mortgage together with the debts secured thereby was duly assigned by said B. L. Backe, Mortgagee, to Eide Struhs by written assignment, dated December 24, 1913, and recorded in the office of said Register of Deeds on the 7th day of February, 1914, at 8:30 A. M., in Book 62 of Mortgages, on Page 295, and which mortgage was assigned together with the debts secured thereby by Eide Struhs, Assignee, to Merchants State Bank of Red Lake Falls by written assignment, dated June 9, 1919, and recorded in the office of said Register of Deeds on the 27th day of June, 1919, at 9.00 o'clock A. M., in Book 97 of Mtgs., Page 332, which default has continued to the date of this notice, by the failure and neglect of said Mortgagor to make payment of the Seven Hundred Forty-four Dollars and Twenty-two cents by said mortgage secured, which by its terms became due and payable on the 19th day of December, 1918, and which default still continues.

AND WHEREAS The said Mortgagee has elected and hereby does elect to declare the whole principal sum of said mortgage due and payable at the date of this notice, under the terms and conditions of said mortgage, and the power of sale therein contained; and whereas, there is actually due and claimed to be due and payable at the date of this notice the sum of Seven Hundred Eighty-eight and 94-100ths Dollars; and whereas, the power of sale has become operative, and no action or proceeding, at law or otherwise, has been instituted to recover the debt secured by said mortgage, or any part thereof:

NOW, THEREFORE, NOTICE IS HEREBY GIVEN, That by virtue of the power of sale contained in said mortgage, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described in and conveyed by said mortgage, to-wit: The Southeast Quarter (SE¼) of Section Six (6), in Township One Hundred Fifty-five (155), North of Range Forty-one (41), West, in Marshall County and State of Minnesota, with the hereditaments and appurtenances; which sale will be made on the 10th day of February, 1920 by the Sheriff of said Marshall County, at the front door of the Court House in the City of Warren at 10:00 o'Clock A. M. of that day, at public vendue, to the highest bidder for cash to pay said debt of Seven Hundred Eighty-eight and 94-100ths Dollars, and interest and taxes, if any, on said premises, and Fifty ($50.00) Dollars, attorney's fees, as stipulated in and by said mortgage in case of foreclosure, and the disbursements allowed by law; subject to redemption at any time within one year from the day of sale as provided by law.

State Will Test Cattle.

The State is willing to co-operate with a number of stock raisers in this vicinity in testing cattle for tuberculosis; according to a letter recently received at the Farm Bureau Office, from Dr. Cotton, of the State Live Stock Sanitary Board. Special attention of all farmers is urged that enough applications be made so that a State Veterinarian can be secured.

The State test for tuberculosis in cattle is a sure way of determining if the disease exists in the herd, and by the co-operation of several farmers the tests may be made at a very small cost, the actual expenses of the veterinarian in charge. At the same time, veterinary advice of any kind may be secured from a man well qualified in this work.

Over a hundred herds have been tested in Pennington County, and it is a significant fact that here, as well as in all sections where tests have been made Tuberculosis has been found to exist in a surprisingly large percent of the herds.

Write the Farm Bureau Office at Grygla for application blanks.

Deaths.

Eling Hagen died last Thursday night at the home of his sister, Mrs. Hastikon near Hazel.

He had gone down there only the week before to assist the family who were all sick with the flu. It is thot he contracted the disease while stopping over night in Thief River Falls, and as he was not very robust he could not overcome it.

Interment was made Saturday in the Rindahl cemetery north of Rosewood.

John Doane died last Friday morning at his home near Golden Valley. He had been sick less than a week with the flu, followed by pneumonia. Funeral services were held Monday at the home and interment was made in the cemetery there.

The deceased was 59 years old, he leaves the widow and one daughter about 14 years old, who makes her home with other relatives.

Sincere sympathy is extended to the grief stricken families.

Obituary

Mary Elise Knutson was born on the farm of her parents near Holt, Minn., on May 10th. 1891 and departed this life at Fargo, N. D. Feb. 4th, after only a few days sickness with the flu.

She lived in this vicinity nearly all her young life, with the exception of about two years with her parents in Canada.

The deceased was of a fine Christian character and always ready to give her testimony for Christ.

Her presence will not only be missed in the home and among her relatives and friends, but also by the managers and employees of the Fargo Laundry, where she had employment.

There remain to mourn their loss, the parents, Mr. and Mrs. O. A. Knutson, two sisters, six brothers and numerous other relatives and friends. Three of the brothers are living at Kelvington, Sask, Canada, and were unable to attend the funeral services which were conducted at the home Monday afternoon by Rev. Nels Bergland of Thief River Falls, who was assisted in the service by M. O. Bakken of that city.

The relatives and a number of friends from T. R. Falls and from this vicinity were present at the funeral. Interment was made in the Holt cemetery.

Card of Thanks.

We wish to extend our heartfelt thanks to our friends and neighbors, also to the managers and employees of the Fargo Laundry Co., for their kindly help and sympathy, also for the beautiful floral offerings, at the time of our great bereavement.

Mr. and Mrs. O. A. Knutson
and family.
Miss Christine Anderson

STEINER NEWS

Arthur Simonson was a business caller at Thief River Falls last week.

Mrs. M. O. Saugen went to the county seat Saturday with cream.

Adolph Rupprecht has been hauling hay the past week from the Rogers farm northwest of this place.

J. A. Russell is recovering from a spell of influenza.

Rene Werner called at the Rogers home last Sunday.

Otto Solem returned from the logging woods last week.

A bunch of young bloods spent the evening swapping stories at the batchelor quarters of Harvey Copp, one night last week.

Willis Warring and Henry Rogers did butchering for Mr. J. A. Russell while he was confined to the house with the flu last week.

-The Northwest Experiment Station urges all farmers to test their seed grain before planting this spring, due to the wide variation in tests made so far. Without testing, many people will plant seed, especially corn, and get a very poor stand. With the prevailing high prices of grain there is urgent need for every grower to know what to expect from the seed he is sowing. For those not in a position to make their own tests the Northwest Station will run tests for them. Samples can be mailed to Crookston.

The flu is not bad here yet.

"Keep out of crowds" is the slogan while the flu rages.

We understand the Rux family will soon move to Dakota.

Don't help to spread the flu, by using care and common sense many lives may be spared.

Elmer Sollom went to Middle River yesterday to commence work in the Security State Bank.

The frost of last week was hard on telephone wires and several of the lines were out of commission for awhile.

Several places are having a fit for no other reason than that Holt and Middle River had spunk enough to ask to have the county divided.

The week of March 1 to 6 is to be observed as Thrift Stamp week, in all the schools of the Ninth Federal Reserve District. Save your pennies to buy Thrift Stamps.

Chris Norbeck and family, all of whom have been sick with the flu, are now reported much better, due no doubt to the care of a trained nurse they have had since Saturday.

Dr. Froehlich was called Monday to see Mrs. Jacob Gabrielson and Dr. Biederman was called on Wednesday and both doctors stated that hers was a hopeless case. The whole family have been down about a week with the flu and it has been hard to get help to care for them.

Yesterday was the birthday of "The Great Emancipator" Abraham Lincoln.

Mrs. Clarence Docken has been on the sick list a few days.

Alfred Newton of McIntosh came Friday to visit friends a few days.

Dr. Spinks of Middle River was called to attend the sick baby of Mr. and Mrs C. Docken's last week Friday.

The carpenters have commenced work again on the Bakke & Docken house, just north of C. W. Christianson's.

Miss Hobbs returned from her home in Forest River N. D. Monday where she had been to attend her sister's funeral.

Mrs. August Kuehne went to Thief River Falls Friday to care for her daughter, Mrs. Knauf, who was still very sick at that time.

The families of John Udstrand, Erik Johnson, Gunder and Pete Sorter are among those of the Ringbo neighborhood who are sick with the flu.

Messrs Emil Simenson, P. H. Kiehne and K. Hevle have been shipping hay to Montana, the past week, also Chas. Smith has been shipping more hay this week.

The Holt Merc. Co., recently took in Ole Johnson as a partner in the business. Ole has worked hard, is always on the job and is entitled to the success he has achieved.

Miss Christine Anderson who was an intimate friend of Miss Mary Knutson, accompanied the remains here from Fargo last Thursday and will remain at the home of her late friend for several days.

Miss Amanda Mickelson in writing from Crookston to have the paper sent to her address, stated that she had been very busy as two of the bank force had been sick with the flu, but that she liked her work and the people with whom she works.

The meeting planned to be held in Holt next Monday to attend the hearing on petitions for the five big ditches from the Grygla and Beltrami district, to the Thief River, has been postponed for a week or more on account of the danger of spreading the epidemic of the flu.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

"CALIFORNIA FIG SYRUP" IS CHILD'S LAXATIVE

Look at tongue! Remove poisons from stomach, liver and Bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.

Mother! You must say "California."—Adv.

A Hope.

"You see, Charley, dear," said young Mrs. Torkins, "the reason women are such a success in politics is that they reason directly and work immediately for the happiness of the home."

"Good for them!" exclaimed the voice behind the newspaper. "Let's hope they'll go after this servant problem and get it out of the way first thing!"

ONLY WAY ASPIRIN SHOULD BE TAKEN

Look for name "Bayer" on tablets and follow directions in package.

The Bayer Company, who introduced Aspirin, tell in their careful directions in each package of genuine "Bayer Tablets of Aspirin" that to get the best results one or two glasses of water should be drank after taking tablets.

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Then you are getting the world-famous Aspirin, prescribed by physicians for over eighteen years.

Each unbroken "Bayer" package contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, and for Pain generally.

Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.—Adv.

Ex-Soldiers Make Pipes.

Tobacco pipes are now being made from Australian woods, which in appearance and finish compare very favorably with imported pipes of good quality. In one of the factories in Melbourne all of the work is done by disabled Australian soldiers and employment is reserved for them exclusively.

GIRLS! A MASS OF WAVY, GLEAMY BEAUTIFUL HAIR

Let "Danderine" save and glorify your hair

In a few moments you can transform your plain, dull, flat hair. You can have it abundant, soft, glossy and full of life. Just get at any drug or toilet counter a small bottle of "Danderine" for a few cents. Then moisten a soft cloth with the Danderine and draw this through your hair taking one small strand at a time. Instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass, so soft, lustrous, fluffy and so easy to do up. All dust, dirt and excessive oil is removed.

Let Danderine put more life, color, vigor and brightness in your hair. This stimulating tonic will freshen your scalp, check dandruff and falling hair, and help your hair to grow long, thick, strong and beautiful.—Adv.

Double Acting.

"You advertise this as the best hotel in town," said the man who had stayed overnight.

"It certainly is," replied the clerk.

"Well, that may be a good boost for the hotel, but it's a terrible knock for the town."—Boston Transcript.

BREAKS YOUR COLD IN JUST A FEW HOURS

"Pape's Cold Compound" instantly relieves stuffiness and distress

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all grippe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!—Adv.

Stock Raising in WESTERN CANADA

is as profitable as grain growing. Successes as wonderful as those from growing wheat, oats, barley, and flax have been made in **raising Horses, Cattle, Sheep and Hogs.** Bright, sunny climate, nutritious grasses, good water, enormous fodder crops—these spell success to the farmer and stock raiser. And remember, you can **buy on easy terms**

Farm Land at $15 to $30 An Acre

—land equal to that which through many years has yielded **from 20 to 45 bushels of wheat to the acre**—grazing land convenient to good grain farms at proportionately low prices. HAPPENINGS IN GOPHER STATE

News From All Parts of Minnesota Given in Condensed Form.

EVENTS BRIEFLY TOLD

Where Busy Readers Will Find News From All Parts of State Tersely Chronicled for Their Benefit.

Marshall.—A celebration, probably in October, will take place here in observance of the 50th anniversary of the establishment of Marshall.

Waseca.—Mrs. Amelia Everett, widow of William Everett, Waseca pioneer, died at Washington, D. C. The body was brought here for burial.

St. Peter.—The St. Peter Tribune has been discontinued and the plant purchased by the other two papers of this place, the Herald and Free Press.

Moorhead.—George A. Leverson has sold 120 acres of section 27 in Cromwell township to Emil Peterman, who owns other land in the same section for $12,000.

Brainerd.—Twin babies, Martin and Magdalene, aged 4 months, children of Mr. and Mrs. John Trettel, died of pneumonia and funeral was held from the home.

Duluth.—Duluth is still 385 short of the 100,000 mark in the census, according to a check of the record made by the supervisor of the census. Business men are canvassing the city to obtain the 385.

Maynard.—Influenza has made its appearance in this locality and is causing considerable suffering. The disease is most extensive in Wang township. The epidemic, although serious, is said to be under control.

St. Paul.—Mayme Jyring, 11 years old, of Sandy, is champion potato grower among Minnesota boys and girls, it is announced. She will receive a scholarship to the short course given at the University Farm school.

Clinton.—Fire destroyed the granary on the Erick Gjengdahl farm, five miles southeast of here, causing a loss of more than $1,000. There were more than 600 bushels of oats, barley and flax in the granary, which was practically all consumed.

Palo.—Victor Lahti, living near Markham, brought in five wolves to John Carlson, clerk of the town of Colvin. One of the wolves measured six and one-half feet from tip to tip and had a coal-black stripe about one foot wide running the full length of its back. Its feet had a spread of about three inches.

Hibbing.—Judge Martin Hughes in choosing a jury for the first of the so-called "fire cases," ordered that fourteen jurymen be chosen so in case any of the regular panel of twelve are ill the two aditional men will act as substitutes. The fourteen men must sit in the jury box but only twelve will participate in the deliberations, providing twelve are well enough to go into the jury room.

Bellingham.—Three buildings on the main street of Bellingham were destroyed by fire which for two hours threatened the entire business district. The total loss on the buildings and their contents is estimated at $17,500. The fire department from Madison, 10 miles away, arrived in time to check the spread of the flames. One citizen fighting the fire was overcome by smoke but was resuscitated.

Pipestone.—Senator Knute Nelson, in a letter to Mayor S. S. Duea, declares that the movement for a park on the Indian reservation here is progressing. The federal commissioner of Indian affairs is said to have investigated the plans of local residents and has tentatively declared he has no objection. Engineers have completed plans for an artificial lake, swimming pool and other recreation attractions.

Bemidji.—The United States paid $112 to secure the information necessary for the 1920 census from one man living north of Red Lake, according to Thomas W. Swinson, director of the census work in this district. The census enumerator employed to cover five townships north of Red Lake found but one homesteader and his report conveys that information. A number of cabins were found, but no information could be discovered regarding the occupants.

St. Paul.—Minnesota expended $729,836.43 on and through its military department during the eleven months period ending June 30, 1918, according to the report of an examination by Adjt.-Gen. W. F. Rhinow's office, by Andrew E. Fritz, state public examiner, made public in the office of Governor Burnquist. The largest single item of expenditure for the eleven months was $331,708.50 for services, including $306,331.31 on military and $25,375.19 on office payrolls. The National Guard account shows expenditures of $144,161.

Stillwater.—Frank S. Nelson, who died at Fargo, N. D., following an attack of influenza, was buried here with military honors.

Lake Benton.—Work will proceed at once in the erection and establishment of a wireless station of the highest power in Lake Benton.

Worthington.—A building and loan association which will begin the erection of ten residences in this city at once has been organized.

Renville.—The funeral of Hamer L. Spaulding, recently superintendent of schools at Cass Lake, who died at Redwood Falls, was held here.

Brainerd.—Crow Wing county has 97 miles of trunk highways, 148 miles of state roads and 628 miles of all roads, according to statistics just issued.

Little Falls.—Two horses hitched to a Little Falls school wagon were killed by a Northern Pacific train. The driver was thrown to one side and was not hurt.

Spooner.—The Pat Duffy house, about nine miles south of town, was burned during the night with contents. Mrs. Duffy was burned to death. She leaves a husband and several children.

Moorhead.—The convention of the Northwest Minnesota Educational association, scheduled to have been held here this week, has been postponed until March 8, on account of the influenza epidemic.

St. Paul.—Governor J. A. A. Burnquist, who has been ill of pneumonia for several days at his home here, is reported to be much improved. Attending physicians said he is on the road to recovery.

Austin.—Austin Lodge of Elks, with a membership of over 400, plan on erecting a home and the question of purchasing the land on Lansing avenue will be presented to the lodge at the next meeting.

Medford.—The Medford grade and high school have been closed because of the prevalance of influenza among students. School officials expect to reopen the schools next week unless the epidemic increases.

St. Paul.—Minnesota, with a total of 3,700 National guardsmen, is second in numercial strength in the states having recognized units of the National Guard, the militia bureau of the War department announces.

Winona.—James H. Hendricks, G. A. R. veteran and former pioneer citizen of Wabasha, is dead here. He was 78 years old. His golden wedding anniversary in 1919 at Wabasha was the occasion of a notable family reunion.

Sauk Center.—The Sauk Center co-operative creamery during the past year received 674,830 pounds of cream, 213,349 pounds of milk and 167,796 pounds of butter fat, according to a report just published. The ~~total~~ paid out to the farmers was $93,972.54.

Deer River.—While experimenting with acids in the creation of blow gas in the chemist class at the high school, an explosion resulted when a girl lit a match near the gas to see if it would have effect; it did. Glass and pieces of bric-a-brac were scattered about the room and a number of pupils were slightly injured, while one girl had her eyes almost blinded by the acids flying into her face.

Minneapolis.—Damage suits which may total hundreds of thousands of dollars brought against the Soo Line railroad by fire sufferers in the Moose Lake forest fire, which swept over the Northeastern section of the state in October, 1918, are to be tried in Hennepin district court under an order of change of venue, because of protest that impartial trial of the suits in Aitkin county will not be possible.

St. Paul.—The county farm bureau of Minnestoa, of which there is one in every county, formed a state-wide federation at a meeting of delegates in the House chamber of the new state capitol. The Minneosta federation is allied with the national federation formed a few weeks ago in Chicago. The purpose of the federation is to promote the agricultural industry along sane and conservative lines in Minnesota, and in co-operation with the national federation, throughout the country. It is also to foster a better and more enjoyable country life.

St. Paul.—Minnesota has 318 accredited cattle herds, or more than any other state in the Union, according to the state livestock sanitary board, brought down to Feb. 1. Thirty-nine herds were given a clean bill of health in January. About 2,000 herds are under test at the present time. Virginia is second to Minnesota. Iowa has no accredited herds, but is doing much testing work. There is not an accredited herd in Missouri. Minnesota in this respect is far in advance of Wisconsin, Illinois, Indiana, Ohio, New York and other old and wealthy states.

Cloquet.—Catching fire, presumably from an overheated stove, the store maintained by Fred Anderson on the Duluth road, about six miles northeast of here, was totally destroyed a few days ago. The building and stock were but partly covered by insurance and the loss to Mr. Anderson is several thousand dollars. The family lived above the store and were absent at the time, having left what they thought was a moderate fire in the stove. Mr. Anderson was a resident of Cloquet at the time of the fire of Oct. 12, 1918, and lost all he had in that conflagration.

Cleaning Up Debris of War.

Scattered over the low-lying country between Ypres and Dixmude, scene of many a battle, are thousands of German prisoners under guard of British and Belgian soldiers as well as civilians who have been called into the gigantic task of clearing up the battlefields and once more making them fit for habitation. They are stacking shells, recovering brass cases and burying the dead. There is a military efficiency about their work and the progress they are making is most gratifying for all the governments concerned.

Training Memory.

The memory ought to be a storeroom; many turn theirs into a lumber room. Train the understanding. Take care that the mind has a stout and straight stem. Leave the flowers of wit and fancy to come of themselves. Like the sun, we cannot see it moving, but after a while we perceive that it has moved; nay, that it has moved onward.

"RESULTS MORE THAN CLAIMED"

So testifies Mr. J. F. ARENDT, Box 44, Remlig, Texas

PE-RU-NA

THE REMEDY FOR EVERYDAY ILLS

"I have used Pe-ru-na for years in cases of colds and catarrh. The results have been good, in fact, more than you claimed. Have also taken Lacupia and can easily say it is one of the best blood purifiers I have ever used."

Mr. J. F. Arendt

For Catarrh and Catarrhal Conditions

The evidence of one man like Mr. Arendt is more convincing proof to you of the merits of Pe-ru-na than any written words of ours. For fifty years Pe-ru-na has been the standby of the American family for diseases due to catarrhal inflammation of the mucous membranes lining the organs of the body. Thousands, like Mr. Arendt, have proved the effectiveness of Pe-ru-na for coughs, colds, nasal catarrh, stomach, bowel and liver disorders or any disease characterized by a catarrhal condition.

If your suffering is the result of a catarrhal disorder try Pe-ru-na. It is a true, tried medicine.

NEW FRONTIERS VERY REAL

Nothing of an "Imaginary Line" About the Borders of the New European States.

Frontiers used to be "imaginary lines" or marks on a map. The miles and miles of new frontiers in Europe are not "imaginary" and not confined to maps. You can walk right up and touch them.

Out there in central and eastern Europe, frontiers are fine-tooth combs, that delay trains for hours at every crossing point. Some of the new frontiers are "flying walls" of soldiers with fixed bayonets. Others are guarded fences.

Travelers without exceptional credentials go through searching examinations, often bodily "friskings."

Soldiers armed to the teeth guard the trains and passengers during examinations and customs inspections, to see that nobody gets out or in without the official papers.

Roads at frontier points are also guarded by soldiers who preside over striped gates that go up and down like the crossing gates of American railways.

Passports and vises in the new countries are made as difficult as possible. Business men are held up weeks, as a rule. The official idea seems to be to keep everybody that's in the country in, and to bar everybody else out.

Not Tied.

A small boy of Columbus was out riding with his mother one day recently, when he saw several pumpkins in a field. He wished to stop the machine and get one, but the mother explained that this would not do, that the pumpkins on the vine were the property of the man who owned the field, and that in due time he would gather them for winter use. The boy was convinced, and said no more until he happened to see a pumpkin unattached to a vine, lying at the side of the road. "Well, mother," he said, "I guess we can have that one. It isn't tied."—Indianapolis News.

Slightly Embarrassed.

A good story was told to me the other day by Miss Marie Lohr concerning a maid who, quite unexpectedly, expressed a wish to "give notice." Somewhat surprised, Miss Lohr asked, "Is there any reason?" Then, seeing that the girl hesitated and looked confused, she added, "Something private, perhaps?" "No, ma'am," was the answer, "it ain't no private, it's a sergeant. He's been denobilised."—New York Times.

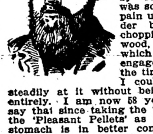
INDIGESTION, DYSPEPSIA

Torpid Liver, Pain in Side and Shoulder-blade



Lime Springs, Iowa.—"I have taken Dr. Pierce's Golden Medical Discovery with occasional doses of 'Pleasant Pellets' for indigestion, or dyspepsia, and torpid liver, with pain in side and under shoulder blade, which I thought was caused by rheumatism. I was so troubled with pain under the shoulder blade that in chopping or cutting wood, the work in which I have been engaged so much of the time by the day—I could not work steadily at it without being played out entirely. I am now 58 years old. Will say that since taking the 'Discovery' and the 'Pleasant Pellets' as mentioned, my stomach is in better condition than it has been before for 25 or 30 years. Not long since I chopped down and trimmed up about 40 loads of wood as quickly as I ever did that amount in my life, and I just enjoyed doing the work. I have taken the 'Discovery' and the 'Pleasant Pellets' a number of times in my life, and never without very beneficial results. I also know that as a cough remedy or for any rash or skin disease the 'Discovery' is a great remedy. I could say more in recommendation if space would permit."—James L. Colby, Rt. 4, Box 26.

COULD NOT SLEEP

Dubuque, Iowa.—"Have used Dr. Pierce's Pleasant Pellets for 36 years and can say nothing but what is to their credit. I could not sleep without them in the house. They have cured me of chronic constipation, and thus assisted in preventing serious results."—R. C. Campbell, 104 W. Locust St.

SICK-HEADACHES

Shenandoah, Iowa.—"I have given Dr. Pierce's Golden Medical Discovery to my children at different times when they have needed a tonic and it worked all right. It is mighty good for sick headaches. One of my daughters took it for that and was relieved. It has always acted well for us. We have never taken any other medicine. I consider it one of the best medicines."—Mrs. B. J. Treasure Hidden in Mexico.

Vast treasures of silver and gold, stolen by bandits over a period of many years, are cached in the mountains of Chihuahua, Mexico, and in the remote and wild sections of the Mexican states of Durango, San Luis Potosi and Zacatecas, according to American mining men who have been investigating operation of foreign-owned mines in bandit-ridden sections of the southern republic.

Among the peons rumors run of buried treasure, stored in Chihuahua and Durango mountains by the bandit Francisco Villa, rivaling the riches Cortez found among the people when the Spaniards conquered Mexico.—Detroit News.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and ¼ oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. OFFICIAL INDICTED FOR PROFITEERING

Houser Accused by U. S. Probers With Manipulating Prices for Own Benefit.

ADVANCE WHEAT PRICE

Purchases of Grain at the Government Fixed Price Estimated as 85 Per Cent of Washington State Crop of 42,000,000 Bushels.

Spokane, Wash.—Wholesale speculation in grain by milling companies of the Pacific northwest, among them three Portland concerns in which Max H. Houser, vice president of the United States Grain corporation for the northwest, is declared by the report to be interested, is charged in a return made by a United States grand jury Saturday.

Purchasers of grain at the government fixed price, estimated by the report to total 85 per cent of the Washington state crop of 42,000,000 bushels in 1919, by about half a dozen large grain concerns, is charged by the report, which declares that by purported sales of grain to each other and through "manipulation of the grain market centered at Minneapolis" and by other methods, they have advanced the price to about $1 a bushel above the government price.

The report charges also that the proposed plan for an appropriation by congress of $150,000,000 for European famine relief is for the purchase of wheat "now owned largely by speculators and in some cases by interests directly and indirectly connected with some of the officers of the United States Grain corporation.

Reference is made to the reported purchase by Herbert Hoover, former federal food administrator, and Julius Barnes, president of the United States Grain corporation, of an interent in a newspaper at Washington, D. C., and, the report continues, "we now note daily newspaper articles which seem to indicate a propaganda is being carried on through the newspaper by Mr. Hoover urging the financing on a huge scale of wheat and flour to European countries."

The report opposes such a plan, declaring "sales to Europe will benefit only individuals and the consumer will pay the bills."

PICK JURY TO TRY RADICALS

Eleven I. W. W. Being Tried for Shooting at Centralia, Wash.

Montesano, Wash.—Act two of the sequel to the Armistice day shootings at Centarlia opened in the court room of Superior Judge M. Wilson when Herman Allen, prosecuting attorney of Lewis county delivered his opening statement to the jury Saturday. The first act ended when Attorney George F. Vanderveer, counsel for the 11 alleged I. W. W. on trial for the murder of Warren O. Grimm, one of the victims of the tragedy, dramatically accepted a thirteenth and alternate juror "on his looks."

The 11 defendants, seated on a long, oaken bench, paid particular attention to the prosecutor when told of the alleged meetings at which the alleged conspiracy to attack the marchers in the Armistice day parade was discussed and planned.

Attorney Vandeveer, at the close of Allen's statement, asked the prosecutor whether the state took the position that there was no attack on the I. W. W. hall before the shooting, Allen replied that the position of the state is that the "boys were standing in the street in military formation under the charge of their commander, paying attention to him when he gave the command to halt and close up ranks, and that they were marking time when fired upon."

PLACE BOYCOTT ON U. S. SHIPS

Yokohama.—Serious trouble has developed in Yokohama harbor between the Japanese steamship companies and the United States shipping board vessels which have been calling in increasing numbers.

Lighterage boycott was declared against the Admiral line ships and lighters intended for these vessels are being repeatedly towed away half loaded and scattered about the harbor, because business was given to an American formed lighterage company.

Tugs loaded with Japanese thugs, armed with knives and clubs, smashed their way onto lighters and cut them adrift, after which they boarded the steamer Lake Gitano and seriously beat the American mate and a number of the crew. The thugs later visited the home of the Japanese foreman of the American Lighterage company and murdered him.

Shortage of Lumber.

Virginia, Minn.—Edward Hines, president of the Virginia and Rainy Lake Lumber company, who is now in Virginia attending the annual meeting of the company stockholders, said that the lumber problem is one of the big ones of the day, as the country's building program depends upon it this year. Hhe said "there is a marked lumber shortage which is retarding building and labor disorder in our camps has cut down much of the output of our mills during the past year."

LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Adv.

Stop Whipping Bowels Into Activity, but take "Cascarets"

Put aside the Salts, Pills, Castor Oil, or Purgative Waters that irritate and lash the bowels into action but which do not thoroughly cleanse, freshen and purify these drainage organs, and have no effect whatever upon the liver and stomach.

Keep your "insides" pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels which are keeping you half sick, headachy, and miserable.

Cascarets tonight will make you feel great by morning. They work while you sleep—never gripe, sicken or cause inconvenience. Cascarets cost so little too.—Adv.

TROOPS FIRE INTO LEXINGTON MOB

Five Killed and Many Injured in Effort to Storm Courthouse and Secure Negro.

BENT UPON LYNCHING

Negro Convicted of Murder of 10-Year-Old Girl Will Be Electrocuted March 11—Has Been Spirited Away to Place of Safety.

Lexington, Ky.—Martial law prevails here. Six hundred federal and state troops are patrolling the streets to prevent further rioting which during the day exacted a toll of 5 dead and 15 wounded.

The city was quiet early Monday night, but authorities fear a recurrence of violence. Five hundred additional United States troops are en route from Camp Taylor, Ky.

Lexington and all of Fayette county was placed under martial law at 3 o'clock Monday afternoon by Brig. Gen. F. C. Marshall on his arrival from Camp Taylor with 300 troops of the famous First division which helped repulse the Germans at Chateau Thierry.

Rioting began Monday morning when a mob bent on lynching William Lockett, a negro, who confessed to the murder of 10-year-old Geneva Hardman, was fired on with rifles and machine guns by state militiamen as the mob was storming the Fayette county court house to get the negro during his trial.

The shooting temporarily dispersed the mob. The mob reformed, however, and looted pawnshops and hardware stores to get firearms.

The federal troops immediately began the work of patrolling the streets to keep crowds from congregating.

Lockett, arrested last Tuesday night and held in the state penitentiary at Frankfort for safekeeping, was indicted late last week and was brought here on a special train Monday morning for trial. He was found guilty and will be electrocuted March 11.

Hundreds of farmers from the surrounding county arrived early to attend the trial and sullenly watched the prisoner as he was marched from the train to the court house between lines of state troopers. When the trial opened courtroom was crowded to its capacity.

OPPOSE UNIVERSAL TRAINING

Democrat Caucus Votes 106 to 17 Against Bill.

Washington.—Rejecting President Wilson's advice, house Democrats in caucus Monday night went on record as opposed to universal military training by a vote of 106 to 17. The president, in letters to Democratic leaders earlier in the day, asked that action be withheld so the party's stand might be left to its national convention.

The rejection of the president's appeal was double in its scope, for before declaring against military training the caucus rejected, 88 to 37, a proposal that all action on the question be deferred "at this time."

"It is the sense of this caucus," the resolution adopted by the Democrats declared, "that no measure should be passed by this congress providing for universal compulsory military service or training."

Though not binding on the Democratic membership of the house, the caucus decision was interpreted by Repreesntative Caldwell of New York, who led the fight against the caucus' action, as precluding the possibility of universal training being incorporated in the army reorganizatoin bill that will soon be brought before congress.

STRIKE ORDERS ARE GIVEN

Men to Quit Work February 17 Unless Demands Are Met.

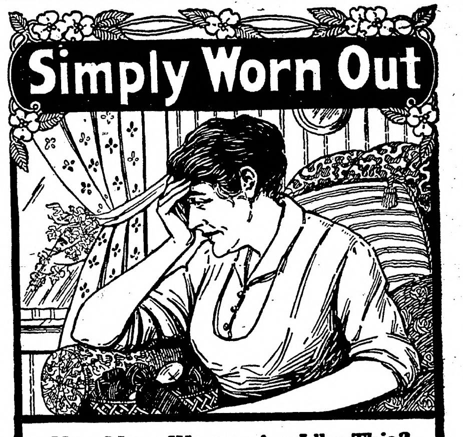
Detroit, Mich.—Orders directing 300,000 members of the United Brotherhood of Maintenance of Way Employees and Railway Shop Laborers to suspend work at 7 a. m. Tuesday, February 17, were sent out to various locals of the organization.

Decision to order the men out was announced by Allen E. Barker, grand president, following a meeting Monday of the general chairmen of the brotherhood. The strike can be averted only if the federal railroad administration grants wage increases demanded last summer, Mr. Barker said.

The strike, in addition to wage increases requested last summer, is to secure a uniform rate from coast to coast. It would affect storehouse employes, stationary firemen, stationery engineers, steel bridge workers, cinder pitmen and oilers, as well as other members of the brotherhood.

Revolution in Korea.

Washington.—Official dispatches received here Monday said a force of 2,000 Koreans, armed principally with equipment furnished by the Bolsheviki, crossed into northern Korea from Kirin, Manchuria, and attacked a Japanese post of 700 men at night and killed 300 of them and routed the remainder. According to these dispatches the attack was the initiation of an active rebellion in Korea. It was described as "the beginning of a tremendous affair."



Simply Worn Out

How Many Women Are Like This?

Can anything be more wearing for women than the ceaseless round of household duties? Oh! the monotony of it all—work and drudge; no time to be sick; tired, ailing, yet cannot stop. There comes a time when something "snaps" and they find themselves "simply worn out," and to make matters worse, have contracted serious feminine disorder which almost always follows the constant overtaxing of a woman's strength.

Then they should remember that there is no remedy like Lydia E. Pinkham's Vegetable Compound—the experience of these two women establishes that fact:

Cedar Rapids, Ia.—"*After the birth of my last child I had such painful spells that would unfit me entirely for my housework. I suffered for months and the doctor said that my trouble was organic ulcers and I would have to have an operation. That was an awful thing to me, with a young baby and four other children, so one day I thought of Lydia E. Pinkham's Vegetable Compound and how it had helped me years before and I decided to try it again. I took five bottles of Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and since then I have been a well woman, able to take care of my house and family without any trouble or a day's pain. I am ready and thankful to swear by your medicine any time. I am forty-four years old and have not had a day's illness of any kind for three years.*"—Mrs. H. Koenig, 617 Ellis Blvd, Cedar Rapids, Iowa.

Sandusky, Ohio.—"*After the birth of my baby I had organic trouble. My doctor said it was caused by too heavy lifting and I would have to have an operation. I would not consent to an operation and let it go for over a year, having my sister do my work for me as I was not able to walk. One day my aunt came to see me and told me about your medicine—said it cured her of the same thing. I took Lydia E. Pinkham's Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and they have cured me. Now I do my own housework, washing and ironing and sewing for my family and also do sewing for other people. I still take a bottle of Vegetable Compound every spring for a tonic. I recommend your medicine to others who have troubles similar to mine and you can use my letter if you wish.*"—Mrs. Paul Papenfuss, 1325 Stone St., Sandusky, Ohio.

WOMEN EXERT QUEER POWER

Sisters Dwelling on Mysterious Mount in Burma Undoubtedly Able to Charm Reptiles.

In the fastnesses of Mount Popa, a mysterious sacred mount in Burma, live two sisters who have achieved a wide reputation for their uncanny powers in charming deadly snakes. Ma Hpwa and her sister are the only living exponents of an art which has been handed down from generation to generation within the circle of their family. Their secret is most rigidly preserved, and at their death will be passed on to their next-of-kin, as it was handed on to them by their parents.

In a great number of cases so-called snake-charmers swindle the public by extracting the poison fangs of their pets, thereby rendering themselves safe from accident. There is tragic proof, however, to the genuine nature of the performance of Ma Hpwa and her family, in the death of a sister who disregarded the strict traditions of the art.

King cobras are the snakes these remarkable women use. During the performance of charming the snakes an ordinary Burmese band is used, while the charmers squat on their haunches in front of the snake. They then begin to sway in rhythm to the music, giving sharp leaps each time the reptile strikes.

Take Care of Overshoes.

Keep overshoes in a dark place. They will crack if the sun shines on them. When overshoes are wet do not place on a radiator or near the fire. This also cracks them. In stormy weather be careful not to sit over the heat in a trolley car, as this has the same effect.

Beneficent Intent.

"I don't see how you can argue that your demand for a complicated system of fares is philanthropic."

"Of course it doesn't appear on the surface," said Mr. Dustin Stax. "But my idea is to keep the passenger doing mental arithmetic so hard that he will forget about the discomforts of overcrowding."

"There's a Reason"

HOME GROWN SEED

Repeated tests in the spring wheat states prove beyond any question that Marquis outyields any other spring wheat and because of its excellent milling qualities is gaining very rapidly in popularity.

Being a better wheat than the other Fifes, Bluestem and Velvet Chaff in most localities, a concerted action should be taken to establish Marquis as the standard wheat.

Home-grown seed if of a fair quality, is better than that obtained from a distance, although a good seed brought from another locality is usually better than poor seed grown at home. Each farmer will do well to keep his seed as pure as possible and to select for seed a field which can be kept free from weeds and other grain mixtures. Every farmer ought to establish a seed plot on a different piece of ground each year and keep enough seed for at least two years. Oftentimes seed grown from such a plot is worth a lot of money.

If good seed is not available at home or in the locality, ask your banker or elevator what plans have been made to bring seed into the county or write to the state experiment station. If you have any 1918 seed do not sell it at the elevator but keep it for seed and let your neighbors know that you have some good seed. Don't sell any wheat suitable for seed at the elevator for the market. Hold it for seed. Somebody wants it. Seed is scarce this year.

SEED BED FOR WHEAT

Loose on Top, but a Firmly Packed Root Bed.

Wheat is a shallow feeding plant and therefore should have a firm foundation. When wheat is to follow corn or other cultivated crop, no plowing is necessary, but the surface should be made fine with a harrow. The plowing ought to be done in the fall for best results. If deep turned a few days before seeding in the spring time, no maximum yield is possible unless some sort of sub-packing implement can firm the root bed thoroughly.

Do you remember the circus ring in the morning after the show, after the horses have pounded it down and at the same time scuffed it up on top? That is the ideal condition for the seed and root bed.

Deep plowing is probably necessary now and then owing to conditions, but the root bed should not be disturbed by the plow or any other tool for spring seeding.

The spring work should be nothing more or less than pulverizing the top layer about two or three inches deep on corn land or land which is in proper condition.

If necessary to plow in spring, a heavy corrugated roller should be used. The root bed must be packed hard and firm. A hard under surface is imperative whether obtained by machinery or by nature.

SEED VERY POOR

The indications are that seed wheat has low germinating qualities this year and it will take careful fanning and selection to get the best of it out for seed. In all probability the 1919 crop contains a sufficient amount of good wheat to sow the required acreage in Minnesota, North and South Dakota, but it will take very careful handling to grade it, to treat it for smut and to test it for germination.

Farmers are accustomed to taking their wheat from their own bins, therefore the cost of seed wheat will be approximately that of Marquis wheat or possibly 10 to 15 per cent above. Farmers will continue to grow wheat if they can be reasonably sure of a fair profit. The price is high and will be high for the year. Every effort should be made to sow a normal acreage of spring wheat.

SEED WHEAT

Select seed with dark flinty kernels free from yellowberry. Marquis is the favored wheat because it contains plenty of gluten of the best quality for bread-making. It matures from five to ten days earlier than other wheats, avoiding danger from hot winds and drought. Being earlier it is not so liable to rust. It does not shell out and waste so badly as Bluestem, Fife and Velvet Chaff during harvest even when overripe. The straw is shorter and stiffer and therefore suffers less from lodging.

If you buy seed be sure that the variety is as pure as possible, because one variety is always better than a mixture.

SPRING PLOWING

Spring plowing may be slightly shallower than fall plowing and should be worked down immediately. The surface mulch should not be too fine and powdery in districts where blowing is common. If too fine the rain may puddle it and not penetrate so readily. An excellent seed bed can be made in the spring on fall plowing or on spring disking followed immediately with corrugated rollers.

Number of Days to Harvest.

Marquis is an early variety ripening from 98 to 135 days after sowing, the average being about 115 days. This makes it three or four days earlier [illegible] other Fife varieties, [illegible] into the ground [illegible] bed may be [illegible]

WHAT SHALL WE DO FOR SPRING WHEAT?

The Five Fundamentals Which Will Insure a Good Crop.

1. Choose the Best Variety. Marquis is the best, then Fife, then Bluestem. Velvet Chaff is weak in bread gluten. Durum has a limited market. Red Durum has no market at all. Don't sow it under any circumstances.

2. Clean Seed in Fanning Mill. To remove weed seeds, shriveled kernels and trash.

3. Treat for Smut and Scab. Use one pound full-strength formaldehyde in 40 gallons of water. Full directions at any drug store.

4. Be Sure the Seed Will Grow. Fold 100 kernels into a piece of wet blotting paper. Keep damp for six days. Ninety-five kernels should grow strong.

5. The Seed Bed. Soil loose and fine on top, packed solid beneath. Sow with drill as early as possible.

THE BEST WHEAT

Contrary to the common opinion, seed wheat does not "run out." It is true that its quality will deteriorate and the yield become smaller if left to its enemies which are inherent in the wheat.

It is therefore important that concerted action should be taken to establish more profitable farming methods.

It is wise to establish the variety best adapted to soil and climate. In almost every county Marquis wheat should be urged. There is nothing the matter with Fife and Blue Stem except that they have not been kept pure and the record will show that they do not yield so well and are not so safe, but taking everything into consideration, Marquis is the most desirable wheat. Velvet Chaff lacks bread gluten and is too soft. Durum is a fine wheat for certain purposes, but has a limited market, there being a demand for not more than 10 per cent of the total spring wheat crop. The price of Durum is often 20 to 80 cents per bushel below the price of No. 1 Northern, which in itself is argument enough. This applies to the macaroni durums which should not be confused in any way with the so-called Red Durum, "Rust Proof" or Durum Fife wheat which has been making so much trouble and for which there is practically no market, and should not be seeded under any circumstances.

PREPARING THE SEED BED

Spring wheat should be sown as soon in the spring as the seed bed can be properly prepared. Germination takes place in the ground when the temperature is about 42 to 50 degrees.

Generally the quantity of seed per acre varies six to eight pecks. Your own experience will tell you how much. Drilling is better than broadcasting. The seed bed should be loose on top and the root bed firm underneath. The use of the corrugated roller is recommended.

Marquis is an early variety ripening from 98 to 135 days after sowing, the average being about 115 days. This makes it three or four days earlier than most of the other Fife varieties, but it should be put into the ground just as soon as the seed bed may be prepared.

The seed usually should be sown about two to three inches deep. The important thing is to get it into soil sufficiently moist to insure germination. In heavy wet soil one to two inches will be deep enough.

Old or stubble land should be plowed in the fall or as early as possible in the spring. Sandy soils with a tendency to drift, should be plowed under in the spring. When land is fall-plowed it should be left rough to catch and hold the snow and to prevent soil blowing. Plow six to eight inches deep, covering all weeds and trash.

Spring plowing may be slightly shallower than fall plowing and should be worked down immediately. The surface mulch should not be too fine and powdery in districts where blowing is common, besides the rain may puddle it and not penetrate so readily. An excellent seed bed can be made in the spring on fall plowing or on spring plowing followed immediately with disks and corrugated rollers.

BREAD VS. BACON

An unskilled laborer at the minimum wage of $4 per day has to work more than three weeks to pay for his year's supply of bacon, if he can afford to buy it. In a single day he can make enough money to buy one-third of a barrel of flour and with three days' work can buy his entire year's supply.

Eat bread. There is nothing so cheap and nutritious no matter what the price of flour.

KILL THE BARBERRY BUSH

Wheat rust is hard to fight. There is no treatment of the seed which is any good. The rust spores winter on the barberry bush. Every boy and girl ought to know the barberry bush and report every one left growing. There is no other treatment for rust except to sow an early variety as early as possible.

Deaths.

John Engen, a brother of Christ Engen, died last Thursday at Highlanding, Minn. Funeral services were held at Ringbo Tuesday, conducted by Rev. Ordahl.

The vicinity was saddened by the news of the death of Mrs. Gabrielson of Golden Valley last Wednesday. Mrs. Gabrielson had had a severe attack of the flu but having a weak heart, was unable to overcome the effects. The many friends of the stricken family, extend their sincere sympathy.

Funeral services were held on this week Wednesday, Rev. Ordahl officiating.

Messages were received here this week of the death of Walter Patten on Sunday at Langdon, N. D., also his mother who had gone there to spend the winter, died on Wednesday morning.

Earl Patten had made arrangements to go there to attend the funeral when he received a message from another brother, who is a physician, advising him that it was best not to go as their mother and brother's death was caused by the flu

B. Docken

Dr. Mellby was called to the home of K. T. Knutson Tuesday to see their son Harry who was taken suddenly sick Monday night. The sickness proved to be an acute attack of appendicitis and he was immediately taken to the hospital in Thief River Falls that same day and operated upon that evening.

His condition was found to be quite critical as the appendix was full of puss and if delayed twenty four hours, it would have broken and proved very serious. We are glad to report that Harry underwent the operation and the effects of the ether splendidly and is getting along nicely. His mother, Mrs. Knutson, went to Thief River Falls Wednesday to see him.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

BACK GIVEN OUT?

There's surely some reason for that lame, achy back. Likely it's your kidneys. A cold or strain ofttimes congests the kidneys and slows them up. That may be the reason for that nagging backache, those sharp pains, that tired, worn-out feeling. You may have headaches and dizzy spells, too, with annoying bladder irregularity. Use *Doan's Kidney Pills.* They have helped thousands. *Ask your neighbor!*

A North Dakota Case

Every Picture Tells a Story

G. L. Sheldon, 223 3rd St., S., Bismarck, N. D., says: "I was in bad shape with kidney trouble. Rheumatic pains were the worst symptom of my complaint. My kidneys didn't act right and the secretions contained a brick-dust sediment. I doctored for a time, getting no relief until I started using Doan's Kidney Pills. I continued taking them and in three months I was cured."

Owatonna.—The local board of education plans to let the contract for Owatonna's new high school building at a meting here March 3.

Stillwater.—Hunting licenses numbering 1,376, were issued by the county auditor's office during 1919, the largest number for one year for Washington county.

Hastings.—A caboose badly damaged, the tank on an engine raised up in the air, and no one hurt is the result of a collision which occurred near the Hastings depot.

Crookston.—Crookston high school debaters defeated those from the Fergus Falls high school here. This gave the local school the championship for the ninth district.

Lewiston.—The Lewiston grist mill, owned by Arthur Neeb, was destroyed by fire here. The loss is estimated at $4,000, with insurance of $2,000. The mill will be rebuilt.

Lewiston.—A record sale of pure bred heifers imported by the Southeastern Minnesota Guernsey Breeders association, was conducted here. 25 heifers brought a total of $7.120.

Bemidji.—According to records of County Auditor A. D. Johnson, over 1,100 licenses for hunting big game and 450 licenses for small game were issued in Beltrami county during 1919.

Redwood Falls.—The board of health has issued an order closing all pool halls, moving picture theaters, churches and has placed a ban on all public gatherings until further notice.

Stillwater.—Josephine and Dorothy, daughters of Mr. and Mrs. Henry E. Schroeder, died within an hour of each other from pneumonia. The former was 32 years old and the later 24 years.

Moorhead.—Plans for the entertainment of the delegates of the Minnesota State Firemen's association who will attend the annual convention in Moorhead June 15 and 16, are nearing completion.

Redwood Falls.—Vaults and office space in the Redwood county courthouse here are to be enlarged and the building modernized as a result of action taken by the board of county commissioners.

St. Cloud.—The knife-slashed body of Louis Engel, 34 years old, was found near the Great Northern freight depot. A knife was found by his side. Engel is said to have suffered mental lapses for some time.

Pipestone.—Because it was decided all bids were too high, the board of county commissioners of Pipestone county rejected all the bids made for the 11 miles of proposed concrete highway in this county.

Winona.—One of the city's most familiar landmarks, the old First Congregational church, dating back to 1856, has been sold and will be wrecked, possibly to be followed by a modern apartment building.

Hastings.—John Conzemius, proprietor of the Pleasant Valley farm at Ninlnger, at his first annual auction sale, disposed of 35 head of Poland breed sows for $6,600. "Alice Wonder 'B,'" brought $600.

Mankato.—L. M. McConnell spoke here at the formal opening of the new Union grade school. The new Union school is one of the most complete grade school buildings in the state. It was erected at a cost of nearly $200,000.

Bemidji.—Two agents from the state fire marshall's office are here to investigate the burning of the Great Northern hotel. Local fire authorities after finding evidence that a gallon can of gasoline had been concealed in the building before the fire, notified the marshal.

Faribault.—By the collapse of a five-story cold storage building here about 2,000,000 pounds of meat was ground up among debris of brick, stone and timber, much of it being destroyed. The building was leased by Wilson and company, packers, from the Faribault Packing and Provision company. It was used to store meat from their Albert Lea killing plant.

St. Paul.—Albert Berg, former secretary of state, died at Mounds Park sanatorium, from an attack of pneumonia. Mr. Berg was 59 years old. In 1895 he became secretary of state holding that office for seven years, serving under Governors John Lind and D. M. Clough. From the office of secretary of state, Mr. Berg was elected representative to the Legislature serving in 1901 and 1902.

Brewster.—William Langholdt, 24 years old, a returned soldier, was seriously and perhaps fatally burned as a result of a gasoline explosion on a farm near here. Langholdt was using high test gasoline to heat the carburetor of a tractor when the explosion occurred, throwing the flaming oil over his hands, arms and chest.

Luverne.—Petitions bearing more than 700 names have been presented to the city council asking that an ordinance be passed prohibiting motion picture shows on Sunday. The petitions were circulated by the members of church societies.

Melrose. — Melrose Co-operative Creamery association voted to erect a $30,000 creamery building at a meeting here.

Hastings.—Henry Schrintz, St. Paul, is at the Latta hospital here, with a wound in his throat, supposed to have been self inflicted.

Duluth.—Noah A. Young, superintendent of St. Louis county schools, has resigned his office. He had held the office for 10 years.

Stillwater.—During the year 1919 the Washington County Rod and Gun club has planted 1,562,000 fish fries in the lakes of the county.

Winona.—A campaign to raise $1,000,000 in the Catholic diocese of Winona for the support of St. Mary's college here has been suspended until spring.

Fergus Falls.—With 404 students and 11 teachers absent, the schools of this city have been closed on account of influenza. Public dances were prohibited several days ago.

Bemidji.—Col. H. A. Hanigan, U. S. A., praised the appearance of the ninety-two men mustered in here in Company K, Sixth M. N. G. Over 60 per cent are former service men.

Brainerd.—Brainerd's new Northern Pacific railway station is expected to be occupied on March 1 by the Northern Pacific and Minnesota & International Railway office and other forces.

Minneapolis.—Members of the Minnesota Editorial association will meet in Minneapolis Friday and Saturday, Feb. 27 and 28 for their 54th annual convention and not on Feb. 13 and 14 as previously reported.

Luverne.—According to the authority of the Minnesota crop bureau, Rock county has the distinction of being the greatest swine producing county in the state, having a total of 112,450 hogs to its credit on Jan. 1, 1920.

Bemidji.—The new school bus for the Bemidji public schools has arrived and is in service. It was purchased at a cost of approximately $5,211, and is used to transport the children to and from school, who live too far away to walk.

St. Paul.—Two thousand, one hundred and thirty-eight Minnesota men made the supreme sacrifice in the World war, according to an official summary of the war department. The total Minnesota casualties were 7,323, American deaths in the World war totaling 77,118.

St. Cloud.—Suffering with a mental aberration that resulted in his having temporarily lost his reason, Louis Engel, 34, took his own life by cutting his throat with a razor. Besides the aged mother and a brother the young man is survived by two sisters, Misses Mary and Kate Engel.

Thief River Falls.—Three members of the Nora family, in Norden township, died of the "flu"—Mrs. Nels Nora, 57; Ole Nora, a son, and the latter's wife. Only two members of the family remain—Oswald, the 4-year old son of Mr. and Mrs. Ole Nora, and the grandfather, Nels Nora.

Hibbing.—Lee Rauschted, former village president of Buhl, V. Jewell and Robert McNair, members of the board of education, who were indicted by the last grand jury on a charge of fraudulently presenting claims to public officers, entered a plea of not guilty in district court before Judge Martin Hughes.

Duluth.—The Duluth Teachers' association has voted to ask the board of education for a $200 bonus in addition to the $100 extra payment they will receive at the close of the present school year and for an increase in the salary scale for next year over and above the minimum of $1.000 already recommended by the board for 1920-1921.

Mankato.—Jack Martin, chief of police of Mankato, was arraigned before Judge W. L. Comstock in district court here charged with malfeasance of office. The indictment returned by the grand jury charges Martin with failing to retain certain evidence which was taken during the carnival week recently, when several gamblers were arrested.

St. Paul.—Caged like wild animals in cells planned for solitary confinement, twenty-five insane prisoners at Minnesota's model state prison are receiving hardly the humane consideration that is accorded dumb animals, the state board of visitors asserted in an official report filed in the office of Governor Burnquist. The prison authorities deny the statements made in the report.

St. Paul.—Senator Frank B. Kellogg is the donor to the museum of the State Historical society of a complete set of bronze medals bestowed by the presidents of the United States to various Indian chiefs to promote good will between the Indians and whites in the frontier days. Senator Kellogg obtained the medals from the collection department of the United States mint at Washington.

International Falls.—Sheriff Hugh T. McIntosh of Koochiching county has been missing for two weeks and his whereabouts is a complete mystery to his family and friends. Various theories are current, but no one seems to be certain just what has become of the officer. His wife is prostrated and his friends are naturally alarmed. He formerly lived at Loman, this county, and was serving his first term. He is 55.

Crookston.—Arthur Pearson was arraigned in municipal court after being charged with murder in connection with the death of a new born infant found a few days since. He is in jail and will be given a preliminary hearing Feb. 20. Mrs. Pearson will be arraigned on a similar charge as soon as she can leave the hospital.

Owatonna.—John J. Skinner, superintendent of schools in this city and for a number of years past prominently connected with public education in southern Minnesota, has been re-elected as superintendent for 1920-1921 by the local board of education.

MILLIONS BID ON GERMAN LINERS

Bids Received to Await Outcome of Controversy Over Proposed Sale.

ACTION IS NOT FINAL

Presidents of Great Shipping Companies Are Bidding in Millions Against Each Other—Group of Six at $13,100,000.

Washington. — While controversy over the proposed sale of 30 former German liners occupied three government agencies Monday—the White House, senate and district supreme court—presidents of great shipping companies were bidding in millions against each other for the craft at the shipping board's auction.

Bidders Make $250,000 Boosts.

For one group of six vessels the bidders fought with $250,000 boosts in price, until Major General George W. Goethals, retired, now head of the American Ship and Commerce company, dropped out at $13,000,000, which, he said, was his limit, and P. A. S. Franklin, president of the International Mercantile Marine raised the price to $13,100,000.

Action Is Not Final.

Commissioner Scott had announced in opening the auction that it was only for the purpose of receiving bids, final action to await approval of the senate commerce committee and the house merchant marine committee, and the outcome of William Randolph Hearst's application for an injunction to prevent the sale. While the bidding was in progress the senate adopted a resolution requesting that the sale be postponed, but it was announced that the auction would continue Tuesday.

In the district supreme court Associate Justice Bailey took under advisement Mr. Hearst's application and will give his decision Friday.

DRIVE ON LIVING COSTS

Railroad Brotherhoods Will Continue Campaign on High Prices.

Washington.—Formulation of a definite program as a basis on which to continue its campaigns against high living costs has been initiated by railroad labor, according to union officials. While the wage demands of the 2,000,000 railroad workers, which have held official attention since February 3, will be held in temporary abeyance at the request of the president, there is no disposition on the part of the union leaders to regard their work as complete or to await altogether a final decision on the whole wage controversy, to be given by the general conference of the union committeemen to be held here February 23.

The attitude of the union officials, while they expressed gratification at recognition of certain of their principles by President Wilson, is that the government "has not held together in any of its drives against the high cost of living spectre." Much criticism was directed at congress and the heads of executive departments during the recent wage negotiations, leaders said.

The general feeling of railroad labor was expressed in this question, asked by a union official who has carried its grievances through the entire negotiations:

"Are we, as Americans, to admit that we cannot control the profiteer?"

DUTCH WILL INTERN KAISER

Former Monarch Will Be Placed at Doorn Under Guard.

The Hague.—The latest allied note to Holland with regard to extradition of the former German emperor reverses the original demand for his surrender and only asks his internment, with the suggestion that the former monarch be sent, perhaps, to one of the Dutch islands, in the East Indies, it became known Monday.

Information derived on excellent authority Monday is that the Dutch government has already determined to reply with an offer actually to intern Wilhelm at Doorn. Holland would accept the full responsibility of preventing him from endangering the peace of the world, establishing a guard over him, and a strict censorship.

Holland, it is pointed out in diplomatic quarters, is anxious to meet any request of the allies which is compatible with her own dignity and does not conflict with the nation's laws and traditions of long standing. More than anything else, as far as can be learned, she desires to bring to a close the issue over the presence of the former emperor, which has been a thorn in her side since the Hohenzollerns sought refuge here in 1918.

Kellogg Defends Barnes.

Washington.—A defense of Julius H. Barnes was made in the senate by Senator Kellogg, Republican, of Minnesota, who replied to a speech by Senator Gronna, who attacked Mr. Barnes. "I have seen no evidence that Mr. Barnes used the grain corporation as a propaganda for Mr. Hoover for president," Senator Kellogg said. "I do not know if he (Hoover) is a candidate for president or not, but I do know that Mr. Barnes would not use the government agencies for any illegitimate purposes."

But Messenger Had to Declare Himself Emphatically Before He Got That Ice Book.

The quartermaster's department had conferred upon me authority to buy for the sum of $6 an ice book good for 2,000 pounds of ice and had sent me to this building, headed up "Commissary," for the goods. The first clerk I saw did not question my good intentions or my legal and military right to buy that ice book somewhere in the building, but was doubtful of his authority to sell it to me. He lacked self-confidence.

He said: "Go to the other end of the building."

And he said: "Go to the other side of the building."

And he said: "Go to the other end of the building."

And I said: "D—— it, I've been to three ends and five sides of this building, and I go no further. If you've got an ice book—and I have reasons for believing you have—I ask you as man to man to give it us."

He said: "Sir, it is yours."—Bookman.

Seamless Boats Now Molded.

Seamless boats are now molded out of thin steel. A plate of the metal is run into a huge hydraulic press, which forces or stamps it into the form of a boat, and turns it out virtually ready for the sea.

Those who buy what they don't need are likely soon to need what they can't buy.

WOOD VERY LIKE MAHOGANY

Carlania Can Be Used to Advantage in the Absence of the More Valuable Lumber.

It is interesting to note that more than twenty mahoganylike woods are now offered as true mahogany, not to mention a considerable number of woods cunningly stained to imitate mahogany. In the present circumstances, therefore, when the demand for mahogany is greater than the supply, unusual interest attaches to such woods as Carlania or Colombian mahogany, which is acknowledged not to be mahogany, but which is so similar to it in color, grain effects and working qualities as to serve for the rare wood.

The statement is made that while carlania differs widely in its botanical and anatomical characters from true mahogany, its close superficial resemblance to mahogany and its physical properties at once distinguish it as a high-class cabinet wood. When properly seasoned it does not warp, check or shrink, while much of the lumber is beautifully figured. It works well, takes a filler readily, and can be highly polished.

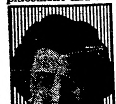
There's a Reason

DO ALL MY HOUSEWORK

Before I took Lydia E. Pinkham's Vegetable Compound I could hardly stand, says Mrs. Kwarcinski.



Chicago, Ill.—"I suffered with displacement and irregularities and I did not know what to do. My mother advised me to take Lydia E. Pinkham's Vegetable Compound and use the Sanative Wash so I took her advice and used these remedies and cured myself. I feel fine and do all my housework which I could not do before, as I could hardly stand up and I have three healthy children. You can use this letter if you wish, for your remedy is certainly wonderful for sick, run down women."—Mrs. A. KWARCINSKI, 3627 W. Oakdale Ave., Chicago, Ill.

For forty years Lydia E. Pinkham's Vegetable Compound has been making women strong and well, relieving backache, nervousness, ulceration, and inflammation, weakness, displacements, irregularities and periodic pains. It has also proved invaluable in preparing for childbirth and the Change of Life.

Women who suffer are invited to write for free and helpful advice to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. It is free and always helpful.

She Had Spoiled Daddy.

Her father gave Helen several things for Christmas which she wanted very much, and she kept kissing him to show her gratitude. A day or two after Christmas he brought home a belated gift which didn't particularly interest her, and she offered no gratitude.

"Come here and kiss me," said he, pretending to pout in disappointment.

"Oh, dear," sighed Helen, "I've got you so spoiled that you think kissings always go with givings."

Clever.

"Is that young man who calls on you very clever?"

"I should say he is. Why, he can pick up a new dance step in no time."

Acid-Stomach

Makes 9 Out of 10

People Suffer

Doctors declare that more than 70 non-organic diseases can be traced to Acid-Stomach. Starting with indigestion, heartburn, belching, food-repeating, bloat, sour, gassy stomach, the entire system eventually becomes affected, every vital organ suffering in some degree or other. You see these victims of Acid-Stomach everywhere—people who are subject to nervousness, headache, insomnia, biliousness—people who suffer from rheumatism, lumbago, sciatica and aches and pains all over the body. It is safe to say that about 9 people out of 10 suffer to some extent from Acid-Stomach.

If you suffer from stomach trouble or, even if you do not feel any stomach distress, yet are weak and ailing, feel tired and dragged out, lack "pep" and enthusiasm and know that something is wrong although you cannot locate the exact cause of your trouble—you naturally want to get back your grip on health as quickly as possible. Then take EATONIC, the wonderful modern remedy that brings quick relief from pains of indigestion, belching, gassy bloat, etc. Keep your stomach strong, clean and sweet. See how your general health improves—how quickly the old-time vim, vigor and vitality comes back!

UNIONS ACCEPT WILSON'S OFFER

President Will Provide Commission of Wage Experts to Deal With Question.

STRIKE IS POSTPONED

Committee Will Meet Feb. 23 for Final Decision—May Hold Up Demands Until Owners Resume Control.

Washington.—The railroad wage controversy was referred to a general conference of union committeemen, called to meet here on February 23 for final decision as to whether the demands for increased pay will be pressed on the government or passed on to corporations soon to resume control of their properties.

Representatives of the 14 unions who have been conferring with Director General Hines since February 3, and whose spokesmen laid their claims before President Wilson, have tentatively accepted the White House proposal for a tribunal, created either by law or on the president's motion, to consider the demands.

While union leaders feared the effort of further delay on their membership, the possibility of a general strike appeared more remote Saturday. Officials of the Brotherhood of Maintenance of Way Employes and Shop Laborers did not sign the letter accepting Mr. Wilson's proposal, but their proposed strike was called off. President Wilson and the brotherhood delegates here had telegraphed A. E. Barker, president of the Maintenance workers, urging that the strike be called off, and Mr. Barker complied.

Assurance was given the union officials by the president in the proposal that he would provide machinery for dealing comprehensively with their claims. He proposed the naming of a commission of wage experts to begin the compilation of data bearing on the controversy. The president said he was "certain it is apparent to all reasonable men and women that these momentous questions must be dealt with by an agency which can continue to function after March 1."

WORK ENDED BY CONGRESS

Proposes Cooperative Production Experiment by Experts.

Chicago.—Resolutions for the advancement of the cooperative movement in America and for legislation favorable to farmers and workers were adopted Saturday at the final sessions of the National Farmer-Labor Cooperative congress. The next meeting will begin on Lincoln's birthday, 1921.

One resolution provides for the appointment of a committee to procure federal and state laws which shall put cooperative enterprises on an equal footing with other business. Another calls for the study of cooperative production by a committee of technical experts. These shall select some factory and develop it along lines laid down by the resolution to work out the best methods of management.

ADRIATIC QUESTION IS UP

President Wilson Does Not Approve Action of Premier Lloyd George.

Paris.—Hugh C. Wallace, the American ambassador, delivered to the foreign office a memorandum from President Wilson, according to Temps, in which the president said he could not approve of Premier Lloyd George's proposed settlement of the Adriatic question, which has been submitted to the Jugo Slavs.

The newspaper says that an identical memorandum was delivered to the British foreign office in London. The Temps says that President Wilson allowed it to be understood that the United States would find it impossible to continue in conference if the allies settle the Adriatic question without consulting the United States.

29 RADICALS ARE CAPTURED

Many of the Most Notorious "Reds" in the U. S. Taken in Raid.

Paterson, N. J.—Twenty-nine radicals, said by secret service agents to include the most dangerous terrorists in the United States, members of the notorious Lera Nuova group, whose creed is assassination and violence by individuals without waiting for "mass action," were captured by 100 agents of the department of justice in a raid on "red" headquarters here. Every man seized was armed.

The most important capture, federal officials said, was that of Ludovico M. Caminetta, editor of the Italian anarchist magazine La Jacquerie (The Massacre).

Seven in One Family Die.

Rushford, Minn.—Influenza caused seven deaths in the family of Joseph Hermanson, residing six miles east of this place. The father, mother and 12 children were all taken ill at the same time. The mother, despite her weakened condition kept about caring for the balance of the family until forced to her bed and was the first to die. Then followed the deaths of six of the children. The father and remaining children are still very ill but it is believed they will recover.

SALTS IF BACKACHY AND KIDNEYS HURT

Stop Eating Meat for a While If Your Bladder Is Troubling You.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.—Adv.

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils to Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffling, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, give you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.—Adv.

Natural Persuasion.

"Who egged the man on to this conduct?" "I guess it was the old hen he married."

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and ¼ oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. It will gradually darken streaked, faded gray hair, and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.—Adv.

Or Will Be Later.

"What do you think about Kate marrying a prize fighter?"

"She must have been hard hit."

YOUNGSTERS!

Need "Cascarets" when Sick, Bilious, Constipated.

When your child is bilious, constipated, sick or full of cold; when the little tongue is coated, breath bad and stomach sour, get a box of Cascarets and straighten the little one right up. Children gladly take this harmless candy cathartic and it cleanses the little liver and bowels without griping. Cascarets contain no calomel or dangerous drugs and can be depended upon to move the sour bile, gases and indigestible waste right out of the bowels. Best family cathartic because it never cramps, sickens or causes inconvenience.—Adv.

TOOK HARDWARE FROM STOMACH

Prisoner Ate Junk and Doctors Removed It When He Complained.

TAKEN AS DESSERT

For Months Man Had Steady Diet of Hardware With Occasional Pieces of Glass for Variety—Was Model Prisoner.

Boston, Mass.—Indigestion is liable to hit any one at one time or another, but possibly the toughest case on record was disclosed in this city when facts were gleaned relative to an operation recently performed at Long Island hospital upon Charles W. Buzzell, an ex-minister and social worker now serving a year's sentence for forgery at the House of Correction at Deer Island. Numerous articles of hardware, measuring a quart in all, were taken from Buzzell's stomach in the operation and he still lives.

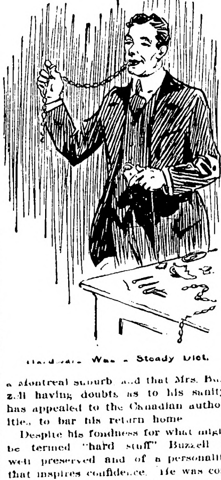
Hardware has been a steady diet with Buzzell for some months past and he was not averse to a sidedish of broken glass. While he has been consuming these articles he has taken some foods necessary for sustenance as well. The hardware menu which he may have taken as dessert, is described by Dr. L. C. Rockwell, the operating surgeon, as consisting of 179 fragmentary pieces of glass, a suspender buckle and twelve small nails and staples.

More Comfortable.

Now that Buzzell has been relieved of this amount of hard substance he is reported as "resting more comfortably," and it is very easy for even a layman to see why he should.

It is intended that Buzzell shall not have free rein to his abnormal appetite after he recovers from his present debauch.

Buzzell is about thirty-eight years old and on his own word has been a minister in the Presbyterian, Congregational and Methodist churches of Canada, whence he hails. It has been definitely ascertained that he has a wife and two children in Hochelager, a Montreal suburb and that Mrs. Buzzell having doubts as to his sanity has appealed to the Canadian authorities to bar his return home.



Hardware Was a Steady Diet.

Despite his fondness for what might be termed "hard stuff" Buzzell is well preserved and of a personality that inspires confidence. He was convicted in the Central municipal court last May and was committed to Pierce farm for observation as to his sanity. He was released as "cured" in July and turned over to the officials of the House of Correction.

Hankers for "Hard Stuff."

Seemingly he was a model prisoner. He was familiar with horses and was put to work in the stable and it was while working there that the strange hankering after hardware would overwhelm him.

The prisoner complained about a week ago to some of his pals, a fellow's of severe stomach aches. But he kept his secret up to the last few hours, when he broke down and told the attendants that "some nuts and bolts are bothering me." The next day he was subjected to an X-ray and the plate showed an astounding collection of material weighing heavily on the pit of his stomach.

The patient rallied with exceptional speed after the operation and talked freely if not altogether coherently, about his career. He said he had eaten the dog chain in Newark, N. J., but had no information about the dog.

ASPIRIN—A Talk

Take Aspirin only as told by "Bayer"

The name "Bayer" identifies the true, world-famous Aspirin prescribed by physicians for over eighteen years. The name "Bayer" means genuine Aspirin proved safe by millions of people.

In each unbroken package of "Bayer Tablets of Aspirin" you are told how to safely take this genuine Aspirin for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis and for Pain.

Always say "Bayer" when buying Aspirin. Then look for the safety "Bayer Cross" on the package and on the tablets.

Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger packages.

Aspirin is trade mark of Bayer Manufacture Monoaceticacidester of Salicylicacid

YOUR CATARRH MAY LEAD TO CONSUMPTION

Dangerous to Use Treatment for Only Temporary Relief.

There is a more serious stage of catarrh than the annoyance caused by the stopped-up air passages, and other distasteful features.

The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your path. Your own experience has taught you that the disease cannot be cured by sprays, inhalers, atomizers, jellies and other local applications.

S. S. S. has proven a most satisfactory remedy for Catarrh because it goes direct to its source. Get a bottle today, begin the only logical treatment that gives real results. For free medical advice write Medical Director, 42 Swift Laboratory, Atlanta, Ga.

NOTICE OF MORTGAGE FORECLOSURE SALE.

Notice is Hereby Given, That default has been made in the conditions of a certain mortgage, containing a power of sale, executed by John E. McDonagh and Ovidie C. McDonagh, his wife, as mortgagors to B. L. Backe as mortgagee, dated the 21st day of May, A. D. 1914, and recorded in the office of the Register of Deeds of Marshall Co., State of Minnesota, on the 3rd day of June, A. D 1914, at the hour of 8:00 o'clock and 30 minutes in the forenoon of said day, in Book "74" of Mortgage Records, at page 120 thereof and which mortgage together with the debts secured thereby was duly assigned by said B. L. Backe, Mortgagee, to Mrs. Hannah Funk by written assignment, dated the 6th day of June, 1914, and recorded in the office of said Register of Deeds on the 7th day of January, 1915, at 8:30 A. M., in Book 75 of Mortgages on page 92 thereof, and that said default consists of failure to pay the sum of Two Hundred Dollars ($200,00) and interest thereon at six (6) per cent per annum since December 1, 1918, and that there is due and payable at the date of this notice upon said mortgage and the debt secured thereby the sum of Two Hundred Fourteen and no 100ths ($214.00) Dollars; and that no action or proceeding has been instituted to recover said debt secured by said mortgage or any part thereof;

And Therefore, That by virtue of said power of sale in said mortgage contained, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed and the land and premises described therein and covered thereby, situate lying and being in the County of Marshall State of Minnesota, and described as follows, to wit:

The Northeast Quarter (NE 1-4) of Southeast Quarter (SE 1-4) of Section Eight (8) in Township One Hundred Fifty-seven (157), North, of Range Thirty-nine (39). West, which will be sold at public auction to the highest bidder therefor, for cash, by the sheriff of said Marshall County, to satisfy and pay the amount which shall then be due on said debt so secured by said mortgage, and the sum of Twenty-five ($25.00) Dollars, stipulated in said mortgage, as attorney's fees, and the costs and expenses of these foreclosure proceedings as allowed by law; and that the said sale will be made at the front door of the court house in the city of Warren in said Marshall County, State of Minnesota, at the hour of 10:00 o'clock in the forenoon, on Saturday, the 3rd day of April, 1920.

Mrs. Hannah Funk,
Assignee of Mortgagee.
Dated the 3rd day of Feb. 1920

The Northwest Experiment Station urges all farmers to test their seed grain before planting this spring, due to the wide variation in tests made so far. Without testing, many people will plant seed, especially corn, and get a very poor stand. With the prevailing high prices of grain there is urgent need for every grower to know what to expect from the seed he is sowing. For those not in a position to make their own tests the Northwest Station will run tests for them. Samples can be mailed to Crookston.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

SAVED HER LIFE

Morrison, Iowa.—"Dr. Pierce's remedies and the professional advice received from the specialists at Dr. Pierce's Invalids' Hotel in Buffalo, N. Y. (which I followed to the letter), saved my life when I was a girl and I have had cause to feel grateful for more than forty years. When I was about sixteen years of age I fell from my horse and was terribly injured internally. A short time after this an immense bunch formed on my right hip which doctors neglected to lance and consequently my entire system was poisoned. I not only became terribly emaciated but my body was a mass of running sores and my right limb drew up under me and became helpless. I was in bed for more than six months and all hope for my recovery had been given up when someone told my father about Dr. Pierce's Invalids' Hotel in Buffalo, where they not only manufactured some wonderful remedies but also gave advice free, so he wrote for advice, and in a very short time we were very thankful that he did, because the first half bottle of 'Golden Medical Discovery' helped me so much that I was able to raise my head from the pillow, my appetite returned and I was able to sleep. Then the sores commenced to heal and I knew that I had started on the right track.

"It took five years to bring me back to my original good health but I took no remedies but Dr. Pierce's Golden Medical Discovery, 'Favorite Prescription' and 'Pleasant Pellets'—with the approval of my doctor all the time. This was forty years ago and I am still in the best of health. I have never had any sign of a blood disorder since or any ailment due to impurity left in my system, and I feel quite confident in recommending Dr. Pierce's Golden Medical Discovery as a blood purifier. The 'Favorite Prescription' I found equally as good in toning up the womanly organs, and I could not have kept house without the 'Pleasant Pellets.' Every member of my family has found them to be unequaled as a purgative and liver tonic, and we have often had to drive a good many miles from home to get them."—Mrs. N. P. Jensen, P. O. Box 100.

NEGLECTING THAT COLD OR COUGH?

Why, when Dr. King's New Discovery so promptly checks it

IT'S natural you don't want to be careless and let that old cold or cough drag on or that new attack develop seriously. Not when you can get such a proved successful remedy as Dr. King's New Discovery.

Cold, cough, grippe, croup does not resist this standard reliever very long. Its quality is as high today as it always has been—and it's been growing steadily in popularity for more than fifty years. 60c. and $1.20 a bottle at all druggists. Give it a trial.

Tardy Bowels, Inert Liver

They just won't let you put "pep" into your work or play. Sick headache comes from retaining waste matter and impurities in the body.

Feel right for anything—make the liver lively, the bowels function regularly, with Dr. King's New Life Pills. Smoothly yet positively they produce results that cleanse the system and make the liver and bowels respond to the demands of a strong, healthy body. Still 25c.—at all druggists. Try them tonight.

It is easier to find fault than it is to lose it again.

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Adv.

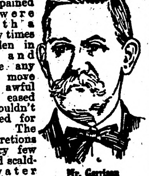
CAME NEAR DYING

Finally Used Doan's and Was Restored to Health. Has Been Strong and Well Since.



Mr. Garrison

"Malaria fever weakened my kidneys when I was a young man," says L. W. Garrison, 23 F St., Anderson, S. C. "Finally, ten years ago, I was in such bad shape that I expected to die. Medicine wouldn't help me any more. My back pained as if it were pierced with a knife. Many times I have fallen in the street and didn't have any strength to move until the awful misery was eased up. I couldn't sleep in bed for two years. The kidney secretions passed every few minutes and scalding hot water couldn't have burned any worse. I thought I was doomed to die, but a friend pleaded with me to try *Doan's Kidney Pills* and I owe my life to his visit. Doan's helped me from the start and eleven boxes made a permanent cure which has lasted eight years. I have not had one sick minute since, nor missed a day from work." *Sworn to before me.*

MILITARY CLAUSE BEING BLOCKED

Suggests Discarding of Prussian Feature in New Army Measure.

POSTPONEMENT ASKED

Representative Mondell and Other House Leaders Want to Drop Training Plan Out of Reorganization Bill.

Washington. — Universal military training may not be included in the house army reorganization bill, under a plan adopted Monday by Republican leaders calling for consideration of the measure later. None of the leaders would deny that omission of a training plan was likely, but asserted that no final agreement had been made with advocates of the training proposal.

Despite the decision of the military committee adopting universal training, in principle, as a part of the country's future military policy, efforts were made Monday to prevent the committee decision from appearing in the reorganization bill.

Representative Mondell was understood to have suggested the discard of the training plan, he being supported by other house leaders, who assert that passage of a reorganization bill, including a training plan, is impossible at present.

Training Postponed Till December.

The floor leader is understood to have proposed that instead of attempting adoption of a training plan, that the army bill merely provide for a congressional commission on "physical military training," which would make a report to congress next December. Such an authorization, it was said, might bring the training plan before the house as a separate proposition.

Army of 250,000 Men.

After the committee decision to recommend adoption of the training, it was decided to refer the question to a subcommittee to work out the details. No meeting of this committee, a majority of whom oppose the training, has been held or called, and the adoption of a plan with a final committee recommendation in time for house consideration seems impossible.

The military committee will continue its work on the army reorganization bill. The bill provides for a standing peace time army with a maximum combatant strength of 250,000 men and 17,700 officers. This force would be the skeleton of nine divisions, capable of expansion in time of war.

MARTENS ADMITS STAND

Russian Soviet Agent Still a Revolutionist.

Washington.—Admitting that he had been "a revolutionist" in every country where he had lived—Russia, Germany and Switzerland—Ludwig C. A. K. Martens, Russian soviet agent in the United States, told a senate investigating committee Monday that he still was a revolutionist.

"You mean here in the United States, you are a revolutionist now?" asked Chairman Moses.

"I am,' was Martens' reply.

Wade Ellis, counsel for the committee, asked Martens if he had ever opened "secret communication" with revolutionary activities here. "All my business has been done in the open," Martens said.

"Don't be too sure about that," the examiner warned him, "we're coming to that later."

Martens said he had no connection of any kind with the Russian Socialist federation. The hearing will be resumed.

LEADERS MAY DEMAND VETO

Railroad Brotherhoods Will Stand Together on Measures.

Washington. — President Wilson's proposal for settlement of the railroad wage controversy and the compromise railroad bill, pending in the senate, were bitterly assailed in the conference here Monday of the railroad union officials and grievance committeemen, who were called to Washington to discuss the settlement policy laid down by the president.

Indications were that a strong element, perhaps a majority of the union leaders, would demand that railroad labor stand together in an appeal to the president to veto the Cummins-Esch measure because of its labor provisions. Some regarded it as destroying all progress made during the negotiations with Director General Hines toward a settlement of their demands for higher pay.

Peary Funeral Held.

Washington.—The body of Rear Admiral Robert E. Peary, discoverer of the North pole, was laid to rest in Arlington national cemetery Monday with full naval and military honors, and with high officials and officers of the government and the diplomatic corps present to pay last tribute to the world famous explorer. Because of the high naval rank bestowed upon Admiral Peary, with the thanks of congress for his achievements, the ceremonies were in charge of the navy department

END OF EIGHT YEARS MISERY

Used Lydia E. Pinkham's Vegetable Compound and Recovered.

Newark, N. J.—"The doctor said I had an organic trouble and treated me for several weeks. At times I could not walk at all and I suffered with my back and limbs so I often had to stay in bed. I suffered off and on for eight years. Finally I heard that Lydia E. Pinkham's Vegetable Compound was a good medicine and tried it with splendid effect. I can now do my housework and my washing. I have recommended your Vegetable Compound and your Blood Medicine and three of my friends are taking them to advantage. You can use my name for a testimonial."—Mrs. THERESA COVENTRY, 75 Burnett St., Newark, N. J.

THE "BLUES" Caused by Acid-Stomach

Millions of people who worry, are despondent, have spells of mental depression, feel blue and are often melancholy, believe that these conditions are due to outside influences over which they have little or no control. Nearly always, however, they can be traced to an internal source—acid-stomach. Nor is it to be wondered at. Acid-stomach, beginning with such well defined symptoms as indigestion, belching, heartburn, bloat, etc., will, if not checked, in time affect to some degree or other all the vital organs. The nervous system becomes deranged. Digestion suffers. The blood is impoverished. Health and strength are undermined. The victim of acid-stomach, although he may not know the cause of his ailments, feels his hope, courage, ambition and energy slipping. And truly life is dark—not worth much to the man or woman who has acid-stomach!

Get rid of it! Don't let acid-stomach hold you back, wreck your health, make your days miserable, make you a victim of the "blues" and gloomy thoughts! There is a marvelous modern remedy called EATONIC that brings, oh! such quick relief from your stomach miseries—sets your stomach to rights—makes it strong, cool, sweet and comfortable. Helps you get back your strength, vigor, vitality, enthusiasm and good cheer. So many thousands upon thousands of sufferers have used EATONIC with such marvelously helpful results that we are sure you will feel the same way if you will just give it a trial. Get a big 50 cent box of EATONIC—the good tasting tablets that you eat like a bit of candy—from your druggist today. He will return your money if results are not even more than you expect.

GREEN'S AUGUST FLOWER.

Constipation invites other troubles which come speedily unless quickly checked and overcome by Green's August Flower which is a gentle laxative, regulates digestion both in stomach and intestines, cleans and sweetens the stomach and alimentary canal, stimulates the liver to secrete the bile and impurities from the blood. It is a sovereign remedy used in many thousands of households all over the civilized world for more than half a century by those who have suffered with indigestion, nervous dyspepsia, sluggish liver, coming up of food, palpitation, constipation and other intestinal troubles. Sold by druggists and dealers everywhere. Try a bottle, take no substitute.—Adv.

CONVENIENT!

If Constipated, Bilious or Headachy, take "Cascarets."

Cascarets never gripe, sicken or inconvenience one like Salts, Oil, Calomel or harsh Pills. Feel bully! Be efficient! Don't stay sick, bilious, headachy, constipated. Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your breath bad and stomach sour. Why not spend a few cents for a box of Cascarets and enjoy the nicest, gentlest laxative-cathartic you ever experienced? They work while you sleep. Adv.

The worst thing a man can do is to do something his friends are sure he would never do.

YOUR COLD IS EASED AFTER THE FIRST DOSE

"Pape's Cold Compound" then breaks up a cold in a few hours

Relief comes instantly. A dose taken every two hours until three doses are taken usually breaks up a severe cold and ends all the grippe misery.

The very first dose opens your clogged-up nostrils and the air passages in the head, stops nose running, relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Clear your congested head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!—Adv.

HAPPENINGS IN GOPHER STATE

News From All Parts of Minnesota Given in Condensed Form.

EVENTS BRIEFLY TOLD

Where Busy Readers Will Find News From All Parts of State Tersely Chronicled for Their Benefit.

Crookston.—Bids are asked for the erection of an addition to the Polk and Norman counties sanatorium located here.

Pipestone.—The present indications are that no future steps will be taken for concrete paving on rural highways in Pipestone county this year. The roads will probably be graveled.

Pine River.—Deputy Fire Marshal Tourtillotte of Little Falls, condemned the old Gilbert hall here and the Ladies' aid, American Legion and the various dances have no place to gather.

Winona.—The daylight saving plan is expected to be adopted here again this summer. At a meeting of the Association of Commerce, more than 520 votes were cast in favor as against 3 in opposition to the plan.

Melrose.—A special election to vote on a bond issue of $5,000 for the purchase of parks, property and improvement of the same, will take place here March 2, according to action taken at a meeting of the city council.

Truman.—Ten automobiles, valued at $10,000, $2,500 in tires and storage batteries valued at $9,000 were destroyed by fire which razed the Truman garage. The total loss is estimated at $27,000 with $3,500 insurance.

Hill City.—Burial was made here of the body of Frank Panbolzer, farmer living in the Swatara country, whom Coroner D. F. Williams decided killed himself a few days ago while apparently despondent about his family in Austria.

Fairmont.—Thousand of fish have smothered in Martin county's thirty lakes, due to the water freezing to the bottom, according to fishermen who have been seining for buffalo and carp for shipment to the New York markets.

St. Paul.—Edwin Du Rose, 27 years old, of Lily Dale lost his left foot when a tree, which he and several friends had chopped down, fell on his foot, crushing it. The foot was so badly mangled that City hospital physicians amputated it.

St. Paul.—One hundred thousand acres of state land in Northern Minnesota will be appraised during 1920 and offered for sale. The state still owns approximately 1,900,000 acres of land, largely in Aitkin, Beltrami, Cass, Cook, Itasca, Koochiching, Lake, Roseau and St. Louis counties.

Moorhead.—J. W. Stevens, one of the young men held in Moorhead charged with robbing the cash drawer of the telephone booth in the Northern Pacific depot, is wanted in Milwaukee charged with robbing the cash drawer turned over to the Federal authorities.

Moorhead.—E. W. Nelson of St. Paul is the new proprietor of the New Columbia hotel, Moorhead. The deal for the equipment of the hotel was completed with Nels Holbeck, and Mr. Nelson at once assume charge. The consideration for the transfer is $10,000.

St. Paul.—The Minnesota birth rate last year was more than double the death rate, according to a state health bulletin. The births reported last year numbered 51,309, compared with 55,696 the year before. Death reports totaled 24,794 last year, against 31,312 the year before.

Windom.—The voters in a special election here decided that Windom should become a city of the fourth class, with a new charter of a modified home rule nature. The vote was light, only about 310 appearing at the polls. There were only about 40 votes cast against the new charter.

Blooming Prairie.—Following the refusal of the local village council to allow the corporate limits of the village to be changed so that certain parcels of land would be placed outside the village limits, 10 local residents have petitioned the Steele county board of commissioners for such action.

St. Paul.—Minnesota taxpayers this year will have to pay a record tax total of $96,933,405 for all public governmental expenses. The announcement was made by State Auditor Preus and is based on abstracts from 86 counties in the state of 1919 tax levies for collection this year. The total of Minnesota taxes for 1920 collection is compared with the next highest record of $72,299,340 collected last year and with that of $36,753,408 in 1860. The average tax rate of 54.63 mills for current levies is compared with that of 38.56 mills last year and the low record of 16.20 mills established in 1880.

St. Paul.—The shortage of teachers in Minnesota is so acute that more than 300 school rooms have closed down. Teachers and superintendents have left educational fields to work in other capacities because of the small comparative salaries paid teachers in proportion to salaries paid to workers in other lines, according to a report made public by the Minneosta state board of education.

Fergus Falls.—Directors of the Otter Tail, Wilkin, Wadena and Stearns Fair associations organized the "Big Four" fair circuit with Benjamin DuBois, Sauk Center, president.

Chisholm.—Contracts have been awarded for erection of a $220,000 grade school here.

Fairmont.—Pneumonia following influanza, has caused five deaths near here the last few days.

Hibbing.—A. W. Simmons of Bear River has been offered 50 cents a pound for his clover seed crop of 4,700 pounds.

Nashwauk.—Eating cold storage chicken is blamed for the whole Hoskinson family here being ill of ptomaine poisoning.

Brainerd.—George Pine, a Chippewa Indian, 45 years old, committed suicide by shooting himself in the head at his home, at Hammett Lake.

Brainerd.—William J. Lynonais has been appointed deputy grand president of the Eagles with jurisdiction over the north half of Minnesota and all of North Dakota.

Belgrade.—The ban on all public gatherings has been lifted after being in force for more than three weeks because of the influenza epidemic. No deaths from the disease has been reported in this place.

Stillwater.—The fourth steel barge assembled by the Twin City Forge and Foundry company was launched here. The fifth will be ready for its initial dip about April 1. Work on the sixth barge is now under way.

St. Cloud.—Speakers at a banquet here stated that the granite production for 1919 totals nearly $3,500,000. A tremendous increase in the demand for granite was predicted as a result of the vast reconstruction program.

Hastings.—P. R. Spencer, for the last four years superintendent of Hastings public schools, tendered his resignation to the board of education effective Aug. 1. He was recently elected superintendent of schools at St. Cloud.

Tyler.—S. J. Sorenson, resident of this place, has been in an unconscious condition for several days as a result of an injury received when he fell from a ladder while working about his stock ranch. His condition is critical.

Mankato.—George Atchison prominent real estate dealer and a former president of the state fair board was seriously injured when his automobile was struck by a speeding fire truck. His leg and arm were broken and other injuries suffered.

St. Paul.—Mankato National guardsmen now on duty on the border have been relieved today by 50 men from Company K, Fifth Infantry, of Morris, according to an announcement made by Maj. W. C. Garis, assistant to Adjutant General Rhinow.

Stillwater.—Farmers of this locality fear that if heavy snows go off quickly that serious floods will result. Snow to the depth of nearly four feet on the level is piled up in the country districts, and many of the roads in this immediate vicinity are impassable.

Duluth.—George L. Arnold, 48 years old, was shot and instantly killed, police say, by his wife, Mary M. Arnold. According to police, Mrs. Arnold told them that her husband had attacked her and in order to protect herself from harm, she had fired a revolver. Mrs. Arnold was taken to police headquaters.

Mankato.—An explosion of gasoline set fire to the Truman garage owned by Victor St. John and the building and contents were destroyed. For a time it was feared that the postoffice, N. T. True store and Hunte hospital would ge ignited, as there was such a high northwest wind. The loss was about $25,000.

Duluth.—Jack Carney was indicted on two counts by the Federal grand jury which reported in United States District court. He is charged with having interfered with enlistments and with having attempted to cause insubordination among men in the service of the United States. Carney was arraigned immediately and his trial set. Clarence Darrow, noted Chicago attorney, will probably conduct the case for the defense.

St. Paul.—Continued cold weather during January which often prompted overheating of stoves and furnaces is given as one of the possible causes for an increase in the number of fires and the total fire loss in a bulletin issued by G. H. Nettleton, state fire marshal. In 233 fires reported during January the loss suffered totalled $726,069, as ompared with a loss of $684,509 from 256 fires in January of 1919.

Detroit.—Dr. [illegible] P. Green of the state board of health was here, in consultation with Dr. L. C. Weeks, chairman of the city health board. Dr. Green advised against closing any public gatherings such as schools, churches, movie theaters and pool halls. He recommended that the schools be opened as soon as possible as the best results in controlling the "flu" epidemic had been obtained where the schools were not closed.

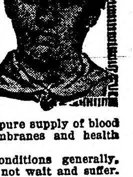
St. Paul.—John P. Wall, Minneapolis, former chief deputy sheriff of Hennepin county, has accepted the temporary appointment as sheriff of Koochiching county, Governor Burnquist offered him. Mr. Wall is thoroughly familiar with the situation at International Falls. During the suspension from office of Thomas P. White, former sheriff of Kooching county, in 1917, Mr. Wall occupied that position for several months, until Mr. White was reinstated.

Northome.—The 250 persons who live in this little Koochiching county town hailed with joy the arrival of the first coal car in two years. Although more than 75 per cent of the furnaces in homes in the town are coal burners, the owners for two years voluntarily have used wood to relieve the coal situation.

Ellsworth The Sioux county grand jury has returned an indictment against Ira Pavey, charging him with the murder of Claud Litner. Pavey is in a Missouri jail, serving a two year term, but the Sioux county officials will bring him back to stand trial here

THREE YEARS WITHOUT HOPE

A Story of Sickness and Suffering with Final Return to Health
It will do you good to read it



No matter how long nor how much you have suffered, do not give up hope. Do not decide there is no help for you. There is. Make up your mind to get well. You can. There is a remedy in which you may place full reliance as did Mrs. Rozalia Kania of 39 Silver Street, New Britain, Conn. This is what she says: "I had cramps for three years and thought I would never be any better. I could not eat without distress. Slept with my mouth open and could hardly breathe. No medicine helped me. I had catarrh of the stomach. Now I have no cramps and am feeling well and healthy. I wish every suffering person would take PE-RU-NA."

Catarrh effects the mucous membranes in any organ or part. PE-RU-NA, by regulating the digestion and aiding elimination, sends a rich, pure supply of blood and nourishment to the sick and inflamed membranes and health returns.

For coughs, colds, catarrh and catarrhal conditions generally, PE-RU-NA is recommended. If you are sick, do not wait and suffer. The sooner you begin using Dr. Hartman's well-known PE-RU-NA, the sooner you may expect to be well and strong and in full possession of your health. A bottle of PE-RU-NA is the finest emergency, ready-to-take remedy to have in the house. It is fourteen ounces of prevention and protection.

Sold everywhere in tablet or liquid form.

Rare as Radium.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and ¼ oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. It will gradually darken streaked, faded gray hair, and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.—Adv.

Where Can I Find Relief From Itching, Terrifying Eczema?

Question on Lips of Afflicted.

There is a harrassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source, which is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., which acts by cleansing the blood. Get a bottle to-day, and you will see results from the right treatment. TOWN LONG WITHOUT BANK

Colorado Community, in Existence More Than a Century, Is Now to Have Institution.

The little Spanish town of San Luis, the county seat of Costilla county, Colo., in the lower end of the valley, will welcome its first bank when the State Bank of San Luis opens its doors for business. This little town is more than one hundred years old, and was one of the furthest outposts of Spanish settlement that followed the northward push of the Spanish residents of Santa Fe and vicinity.

For nearly fifty years before the first contingent of Americans, under command of Gen. Frank Baldwin, now a resident of Denver, arrived over La Veta pass and established the military post of Fort Garland, San Luis had been a flourishing little settlement surrounded by highly developed farms.

In the last few years the progress and development of the town and community has been more rapid until now the town is considered to be large enough to need a bank. The majority of the residents of the vicinity are Spanish-speaking people of the old school, polished, courteous, energetic and prosperous. Some of the wealthiest men of the valley are to be found in the town and its close environs.

Happiness is something a fellow has to earn for himself; no one else can hand it to him.

SOUNDED ALL RIGHT TO HER

Prisoner's Defense Naturally Had a Lot of Weight With the Fair Prosecutor.

The case looked black against the prisoner, who was charged with loitering suspiciously at the railway station.

Presently the magistrate said sternly:

"This lady says you tried to speak to her at the railway station."

"It was a mistake," pleaded the man in the dock. "I was looking for my wife's young niece, whom I've never seen, but who'd been described to me as a handsome young lady, with golden hair, well-cut features, fine complexion, perfect figure, beautifully dressed, and—"

With a charming blush, the principal witness against him interrupted his flow of eloquence.

"I don't wish to prosecute the gentleman, sir," she said to the magistrate. "Any one might have made the same mistake."

Oh, Dear!

She was going down in the elevator. Her voice had a touch of sadness that almost approached emotion.

"Hardly a bit of use for me to go out to lunch," she said to her girl friend. "Everything I like I can't eat—turnips or sauerkraut—well, I ain't so crazy about boiled cabbage, but it does taste kind o' good. Oh, dear!"

MORTGAGE FORECLOSURE SALE

Notice is Hereby Given, That default has been made in the conditions of a certain mortgage, containing a power of sale, executed by John E. McDonagh and Ovidie C. McDonagh, his wife, as mortgagors to B. L. Backe as mortgagee, dated the 21st day of May, A. D. 1914, and recorded in the office of the Register of Deeds of Marshall Co., State of Minnesota, on the 3rd day of June, A. D 1914, at the hour of 8:00 o'clock and 30 minutes in the forenoon of said day, in Book "74" of Mortgage Records, at page 120 thereof and which mortgage together with the debts secured thereby was duly assigned by said B. L. Backe, Mortgagee, to Mrs. Hannah Funk by written assignment, dated the 6th day of June, 1914, and recorded in the office of said Register of Deeds on the 7th day of January, 1915, at 8:30 A. M., in Book 75 of Mortgages on page 92 thereof, and that said default consists of failure to pay the sum of Two Hundred Dollars ($200.00) and interest thereon at six (6) per cent per annum since December 1, 1918, and that there is due and payable at the date of this notice upon said mortgage and the debt secured thereby the sum of Two Hundred Fourteen and no 100ths ($214.00) Dollars; and that no action or proceeding has been instituted to recover said debt secured by said mortgage or any part thereof;

And Therefore, That by virtue of said power of sale in said mortgage contained, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed and the land and premises described therein and covered thereby, situate lying and being in the County of Marshall State of Minnesota, and described as follows, to wit:

The Northeast Quarter (NE 1-4) of Southeast Quarter (SE 1-4) of Section Eight (8) in Township One Hundred Fifty-seven (157), North, of Range Thirty-nine (39), West, which will be sold at public auction to the highest bidder therefor, for cash, by the sheriff of said Marshall County, to satisfy and pay the amount which shall then be due on said debt so secured by said mortgage, and the sum of Twenty-five ($25.00) Dollars, stipulated in said mortgage, as attorney's fees, and the costs and expenses of these foreclosure proceedings as allowed by law; and that the said sale will be made at the front door of the court house in the city of Warren in said Marshall County, State of Minnesota, at the hour of 10:00 o'clock in the forenoon, on Saturday, the 3rd day of April, 1920.

Mrs. Hannah Funk,
Assignee of Mortgagee.

Dated the 3rd day of Feb. 1920
Chas. E. Boughton, Attorney
for Assignee of Mortgagee.

MORTGAGE FORECLOSURE SALE

Default having been made in the payment of the sum of six hundred fifty-three and 80-100 ($653 80) Dollars, which is claimed to be due, and is due, at the date of this notice, upon a certain mortgage duly executed and delivered by Peter Walstad, a single man, mortgagor, to Holt State Bank, (a Minnesota corporation) Mortgagee, bearing date the 7th day of January, 1917, and with a power of sale therein contained, duly recorded in the office of the Register of Deeds in and for the County of Marshall and State of Minnesota on the 6th day of September, 1917, at 8:30 o'clock A. M. in Book 84 of Mortgages on Page 429, and no action or proceeding having been instituted at law, or otherwise to recover the debt secured by said mortgage, or any part thereof;

NOW, THEREFORE, NOTICE IS HEREBY GIVEN, That by virtue of the power of sale contained in said mortgage, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described in and conveyed by said mortgage, viz: The Northeast Quarter of Section Twenty-eight in Township One Hundred Fifty-six North, of Range forty West, of the fifth principal meridian, in Marshall County and State of Minnesota, with the hereditaments and appurtenances, which sale will be made by the Sheriff of said Marshall County at the front door of the Court House in the City of Warren in said County and State on the 13th day of March, 1920, at 11:00 o'clock A. A Narrow Escape

Last Friday while working around his saw mill, Svenke Svenkeson was struck on the head by a slab which in some way got caught in the saw. A deep gash was cut just above the eye and across the nose. He was taken to Dr. Spinks' office at once to have his wounds dressed. The doctor took several pieces of bone out of his nose and it took several stitches to close the wound. It was a narrow escape for Mr. Svenkeson and his friends hope he will soon be alright again.

Report of County Nurse

The physical examinations of the pupils of the Middle River and Holt consolidated schools have just been completed. 134 children were examined in Middle River, 4 of these were apparently without physical defects, 23 had defective vision, 50 had defective temporary teeth, 101 had defective permanent teeth, 88 had defective tonsils and adenoids, 11 had abnormal ear conditions, 3 had skin diseases, and 25 had pediculosis.

Only 3 of the children had already received glasses, 10 had tonsils and adenoids removed. only 127 permanent teeth had received dental care, but 47 of these were extractions, while 369 are still in need of care.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

HOW TO GET RID OF YOUR COLD

The quick way is to use Dr. King's New Discovery

DON'T put off until tonight what you can do today. Step into your druggist's and buy a bottle of Dr. King's New Discovery. Start taking it at once. By the time you reach home you'll be on the way to recovery.

This standard family friend has been breaking colds, coughs, grippe attacks, and croup for more than fifty years. It's used wherever sure-fire relief is appreciated. Children and grownups alike can use it—there is no disagreeable after-effect. Your druggist has it. 60c. and $1.20 bottles.

Bowels Begging for Help

Torpid liver pleading for assistance? How careless to neglect these things when Dr. King's New Life Pills so promptly, mildly, yet effectively come to their relief!

Leaving the system uncleaned, clogged bowels unmoved, results in health-destructive after-effects. Let stimulating, tonic-in-action Dr. King's New Life Pills bring you the happiness of regular, normal bowels and liver functioning. Keep feeling fit, doing the work of a man or woman who finds relish in it. All druggists—25c.

MAN'S BEST AGE

A man is as old as his organs; he can be as vigorous and healthy at 70 as at 35 if he aids his organs in performing their functions. Keep your vital organs healthy with

GOLD MEDAL
HAARLEM OIL
CAPSULES

The world's standard remedy for kidney, liver, bladder and uric acid troubles since 1696; corrects disorders; stimulates vital organs. All druggists, three sizes.
Look for the name Gold Medal on every box and accept no imitation

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and ¼ oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. It will gradually darken streaked, faded gray hair, and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.—Adv.

On the Highway.

"Why do you speak of the flyers as vagrants of the air?" "They have no visible means of support."

Soap and water will prevent a multitude of ills.

BACK-ACHE
Pain In Side, Kidneys

St. Paul, Minn.—"I was troubled with disordered kidneys for about two years—my back ached terribly, side pained and I had frequent excretions. I let it run on until I read of Dr. Pierce's Anuric (anti-uric-acid). I took the Anuric but a short time when I was feeling fine. My side and back stopped paining, and kidneys acted normally. I could sleep well at night which I couldn't do before. I certainly advise anyone suffering from kidney disorders to use the Anuric Tablets."—Mrs. Louise Gilfillan, 289 State St.

The kidneys and bladder suffer from the wear and tear and we get chronic inflammations sometimes indicated by backache, painful voiding of water—dull, heavy feelings. Perhaps the uric acid is stored up in the system in excessive amount, and consequently when the urate salts are deposited in muscles and joints one suffers from lumbago (pain in back) rheumatic pains, gout, etc.

Nothing will act so nicely as "Anuric" (anti-uric-acid), a recent discovery of Dr. Pierce's which can be had at all drug stores. "Anuric" washes away the poisons, cleanses the bladder and kidneys—rendering them antiseptic—consequently one is soon cured of lumbago, rheumatism, gout, and the body is put into a clean, healthy state.

Northwest

George Norby, Edmore, N. D., was arrested by federal authorities, charged with attempting to import three cases of liquor from Canada.

Henry Reneike, a prominent businessman of Buelah, Wyo., shot and killed his wife and then committed suicide. It is thought that Reneike became temporarily insane. Five children survive.

Milton Kelley, 10 year old son of former Congressman and Mrs. J. E. Kelley of Flandreau, S. D., was seriously injured while playing with a loaded rifle. A bullet passed through the boy's abdomen.

Fourteen state banks were chartered in North Dakota during the last year, according to O. E. Lofthus, state bank examiner. The total number of banking associations under state supervision is now 719.

A report from the Montana state board of health to the county health officer of Flathead county confirmed the theory that the poisoning of five persons at Java, Mont., was occasioned by eating ripe olives.

On account of an 11th hour discovery in South Dakota that candidates for delegates to the national convention must be elected at the March primary, it has been necessary to get out a new form of ballot.

C. C. Blankenship, 36 years old, a former deputy marshal in Montana, was arrested near Goshen, N. Y., on a charge of setaling 167 head of cattle from a Montana ranch. He is held to await extradition proceedings.

The funeral of John McDonald, aged 81, was held in Mandan, N. D. Mr. McDonald had the distinction of being the first white man to establish his home in North Dakota, west of the Missouri river, coming to that territory in 1872, from Faribault, Minn.

After making several attempts on his life by cutting his throat, Gustave Kemper, 66 of Sheboygan, Wis., finally tied packing twine about his neck, fastended the rope to a hook and hanged himself. Kemper had been ill a long time and often threatened to commit suicide.

Sitting in front of a coal stove playing with a celluloid comb nearly cost the life of the 3 year old daughter of Mr. and Mrs. P. J. Bylow, of Neenah, Wis. The comb ignited and the flames spread to the child's clothing. The father smothered the flames. The child sustained seveer burns.

Mrs. H. J. Clark of Grandview, Wis., was burned to death when her clothing caught fire. Mrs. Clark was found by members of the family ablaze in a barn. It is said that her clothing had been saturated with kerosene. She was removed to a hospital, but efforts to save her life were unavailing.

The Northern Montana Good Roads association and the Northern Montana Development association are co-operating in a movement for the Theodore Roosevelt Memorial highway, which, as projected, would pass through the cities on the Great Northern highline across Glacier park and into Idaho through the Roosevelt pass.

The death of another girl brought the toll up to four as the result of an explosion at the plant of the Aluminum Goods Manufacturing company, at Manitowoc, Wis., while five others are reported to be in serious condition. Officers of the company, after was their opinion that the flames which ignited the gas and dust in the blower tank had been caused by spontaneous combustion in a "blower" pipe.

Theft of an automobile at Lewistown, Mont., its sale just around the corner from where it was stolen, and later holding up of the men who bought the machine and relieving them of their remaining money, are among achievements Harry Wallace, alias C. L. McConnell, boasts of, according to the police. The car was afterward recovered by its original owner. Wallace is held on a larceny charge.

Saloon property leases were automatically vacated when the federal prohibition went into effect, and saloonmen cannot be held to them, Circuit Judge E. C. Higbee of La Crosse, ruled in the action brought against Sam Grant, former proprietor of a local saloon by the La Crosse Theaters company, to compel payment of rental alleged to be due on the store in the La Crosse Theater building.

While many offers have been made for Brown county, S. D., land as high as $175 an acre, no actual sales have been made at that figure. The record up to this time is $135 an acre, paid by Fay P. Harrington for a quarter section in Bath township, formerly owned by George I. Simpson. Eighteen years ago Simpson bought the quarter for $27 an acre.

Winnipeg newspapers have announced that on account of the paper shortage they will be obliged "until further notice" to discontinue publication of advertising matter. They will continue to publish news.

Major Raymond W. Pullman, superintendent of the Washington Metropolitan police force, died of double pneumonia, after an illness of several weeks.

If such is the wish of the nearest of kin, bodies of American soldiers overseas will not be disturbed in any way, whenever practicable, Secretary N. D. Baker said.

Bainbridge Colby of New York, who was one of the leaders in the Progressive party under Theodore Roosevelt, will succeed Robert Lansing as Secretary of State.

The secretary of the interior has ordered the opening to homestead entry of more than 360,000 acres in western Oregon, a portion of which is adapted to cultivation.

Between 75,000 and 100,000 cases of canned salmon bought for the army in 1918, were condemned as unfit for consumption, Director Carl Alsberg of the department of agriculture's bureau of chemistry, told the house committee investigating contracts.

Ripe olives, which have caused many deaths recently from poisoning, may be eaten with impunity within a few months as a result of changes in preserving methods and abandonment of glass containers, Dr. Carl Alsberg of the federal bureau of chemistry said.

President Wilson sent this message of condolence to the widow of Rear Admiral Peary: "Mrs. Wilson joins me in extending our warmest sympathy to you and your children in the death of your distinguished husband. May the memory of his intrepid and indefatigable effort in the cause of science do much to assuage your grief."

A charge of $10 for passports of Cuba, Bermuda, the Bahama Islands and Mexico has been tentatively agreed upon by the confereees on the diplomatic and consular appropriation bill. Under the original measure such passports were to be granted free. Revenue from passports to these countries is now estimated at $800 daily, with prospects of great increases because of prohibition.

Prohibition closed the doors of the Cafe de Paris, New York, formerly known as "Rector's" one of Broadway's most famous restaurants, and resulted in the filing of an involuntary petition in bankruptcy against the Pekin, also popular in the days of John Barleycorn.

BACK HURT ALL THE TIME

Mrs. Hill Says Lydia E. Pinkham's Vegetable Compound Removed The Cause.

Knoxville, Tenn.—"My back hurt me all the time, I was all run down, could not eat and my head bothered me, all caused by female trouble. I was three years with these troubles and doctors did me no good. Your medicine helped my sister so she advised me to take it. I took Lydia E. Pinkham's Vegetable Compound and the Liver Pills and used Lydia E. Pinkham's Sanative Wash and now I am well, can eat heartily and work. I give you my thanks for your great medicines. You may publish my letter and I will tell everyone what your medicines did for me."—Mrs. PEARL HILL, 418 Jacksboro St., Knoxville, Tennessee.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you are ill do not drag along and continue to suffer day in and day out but at once take Lydia E. Pinkham's Vegetable Compound, a woman's remedy for woman's ills.

A North Dakota Case

"Every Picture Tells a Story"

Mrs. O. H. Phillips, 314 Washington Ave., Bismark, N. D., says: "I was suddenly afflicted with kidney trouble and my back almost doubled up, it pained so intensely. After sitting down I could hardly straighten up. My feet and ankles swelled so I had to go about with house slippers on and I was generally run down. I used Doan's Kidney Pills and they cured me so that I have never had a return of the trouble since."

DISSOLUTION OF TRUST REFUSED

Court Holds United States Steel Corporation Is "Good" Trust.

NO CAUSE FOR ACTION

Government's Long Fight for Dissolution of Steel Concern for Alleged Violation of Sherman Anti-Trust Laws Ended.

Washington.—In a four to three decision Monday the supreme court refused to dissolve the United States Steel corporation and its numerous subsidiaries.

The government's long fought suit for dissolution of the iron and steel trade combination for alleged violation of the Sherman anti-trust laws was dismissed.

Placing the high court's "O. K." on the steel corporation were Chief Justice White and Associate Justice McKenna, who announced the majority opinion, and Holmes and Van Devanter. Justice Day gave the dissenting opinion, which was joined by Justices Pitney and Clarke. Justices McReynolds and Brandeis took no part. Primarily, the decree officially brands the steel corporation as a "good" combination.

Further, the court held that mere size, bigness or preponderance in industry of corporate combinations is not alone sufficient cause for their dissolution.

The court also gave a new and far-reaching judicial interpretation or application of the Sherman law, analogous to its famous "rule of reason" in the Standard Oil and Tobacco "trust" cases, by declaring that public interest must be considered in applying the law. The public interest, it was held, would not be served and might be injured by dissolving the concern.

Dissolution of the corporation and its principal subsidiaries was urged in the spirited dissenting opinion. The minority declared that the anti-trust law was violated in its organization, that there has been "open, notorious and continued violation" of its provisions, and that approval of illegally born combinations "would practically annul the Sherman law by judicial decree."

5000 VOLUNTEERS OFFER AID

French Railway Strike Is Considered a Failure.

Paris.—Railroad men mobilized by the Paris, Lyons and Mediterranean systems were reported in increasing numbers Sunday night and what little change there is in the strike situation seems to be for the better. So far, the general strike called on Saturday morning may be said to be a failure, as a number of railroad men, even union adherents, are refusing to quit, particularly in the provinces.

Inconvenience is being suffered by the public and freight service is being dislocated, however, by the existing strike conditions. Everywhere except in devastated regions of northern France, freight service has been virtually abandoned. The outlook now seems to be distinctly more hopeful and competent circles hold the opinion that if a suitable compromise can be found the National Federation of Railway Men will willingly call off the strike.

Five thousand persons have volunteered for service during the strike, and two hundred chauffeurs have placed themselves at the disposal of the ministry of public works in carrying out the revictualing system, according to The Matin.

SERVES NOTICE ON LODGE

Will Not Compromise Article X of Peace Pact.

Washington.—The latest ultimatum from the group of irreconcilables in which they served notice on Senator Lodge, Republican leader, that if any attempt were made to modify the article X reservation, they would reserve to themselves liberty of action, when consideration of the past was resumed, was the principal development in the senate peace treaty imbroglio. Their action, it was said, was based on the fear that Republican leaders might consent to some modifications of the reservation if unable otherwise to obtain enough Democratic votes to insure ratification of the treaty.

Just what course the irreconcilables propose to follow was not disclosed. It was pointed out that if the opponents so chose they might easily block action by talk until after the national political conventions have assembled. That, in turn, it was thought, would throw the whole question of the treaty into the next campaign.

National Guard Training.

Washington.—Fifteen days' field training and not to exceed four days' special instructions for officers and selected enlisted men are provided in this year's national guard training program, made public by Major General Carter, chief of the militia bureau. General Carter recommended, in view of the present state of appropriations, that encampments be held before July 1, but said funds probably would be available to hold them after that date.

Bad Sickness Caused by Acid-Stomach

If people only realized the health-destroying power of an acid-stomach—of the many kinds of sickness and misery it causes—of the lives it literally wrecks—they would guard against it as carefully as they do against a deadly plague. You know in an instant the first symptoms of acid-stomach—pains of indigestion; distressing, painful bloat; sour, gassy stomach; belching; food repeating; heartburn, etc. Whenever your stomach feels this way you should lose no time in putting it to rights. If you don't, serious consequences are almost sure to follow, such as intestinal fermentation, auto-intoxication, impairment of the entire nervous system, headache, biliousness, cirrhosis of the liver; sometimes even catarrh of the stomach and intestinal ulcers and cancer.

If you are not feeling right, see if it isn't acid-stomach that is the cause of your ill health. Take EATONIC, the wonderful modern stomach remedy. EATONIC Tablets quickly and surely relieve the pain, bloat, belching, and heartburn that indicate acid-stomach. Make the stomach strong, clean and sweet. By keeping the stomach in healthy condition so that you can get full strength from your food, your general health steadily improves. Results are marvelously quick. Just try EATONIC and you will be as enthusiastic as the thousands who have used it and who say they never dreamed anything could bring such marvelous relief.

So get a big 50-cent box of EATONIC from your druggist today. If not satisfactory return it and he will refund your money.

You Can't Cure Rheumatism With Liniments and Lotions

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?

Do not try to rub the pain away, for you never will succeed. Try the sensible plan of finding the cause of the pain. Remove the cause, and there can be no pain. You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has no equal as a blood cleanser, scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Get a bottle of S. S. S. at your drug store and get on the right treatment to-day. If you want special medical advice, address Medical Director, 49 Swift Laboratory, Atlanta, Ga.

HAPPENINGS IN GOPHER STATE

News From All Parts of Minnesota Given in Condensed Form.

EVENTS BRIEFLY TOLD

Where Busy Readers Will Find News From All Parts of State Tersely Chronicled for Their Benefit.

St. Peter.—St. Peter is to have a novel industry. Hilton Miller, a high school boy, will operate a rabbit farm here this year.

Marshall.—Two and a half miles of streets in Marshall are to be paved this year, according to a decision arrived at by the city council.

Spring Valley.—Charles Jahne, a prominent farmer near Washington, 10 miles northeast of this place, was adjudged insane and taken to Rochester.

Sandstone.—A. S. Dean, who organized the First National bank here fourteen years ago and was cashier of the bank, has resigned. He will remain here for the present.

Virginia.—Raisin mash was discovered and destroyed by members of the sheriff's force who, in company with United States agents, visited Gilbert and Eveleth, but no arrests were made.

Virginia.—An exhibit of articles of clothing made by girls of the high school domestic science classes is planned for the latter part of April, when gowns and similar articles will be placed on display.

Red Wing.—Mrs. John G. A. Clausen, 27 years old, died here, her death being the fifth to occur in her family within a year. The mother, Mrs. Anna Swanson, and three sisters died during the last 12 months.

Hibbing.—Official figures of the range census, according to a report received in Hibbing, will show this city as leading the entire range in population with a total of 15,000. Virginia is next with a total of 14,150.

Albert Lea.—The national convention of the Spring Egg and Poultry association will take place here March 12. Egg and poultry men from Michigan, Indiana, Ohio, Missouri, Iowa and other states will be in attendance.

Winona.—Sixty-six prizes, averaging in value $5, were distributed to local school children who won in the army essay contests. Two thousand students of the public and parochial schools participated in the contest.

St. Peter.—Mrs. Pernilla Newgaard and Mrs. E. J. Severson, both pioneers of Lake Prairie township, Nicollet county, died here of influenza. Mrs. Newgaard was 83 years old and Mrs. Severson 74. Both lived here 50 years.

St. Cloud.—Anthony J. Patock, a carpenter, was seriously injured when he grasped an electricity arm in a partially completed building and may lose both of his hands and possibly his arms up to the elbows. He is in St. Raphael's hospital.

Pipestone.—Plans have been accepted and work will soon be commenced on the Ashton Memorial hospital, to be erected in this city. The funds for the erection of the structure are furnished by O. E. Ashton in memory of his father, the late R. W. Ashton.

Minneapolis.—Three hundred members of the Minnesota Editorial association gathered at the West Hotel, Minneapolis, in its fifty-fourth annual convention. Registration of publishers, editors and their wives numbered about 400. The convention was in session two days.

Le Sueur.—The Farmers' and Merchants' Mutual Telephone company will incorporate for $100,000, it was decided at the annual meeting held here. The company is planning on extensive improvements in Le Sueur county.

St. Peter.—Lieut. Herbert Johnson, commander of Company B, Fifth Minnesota National Guard, received $950.68 belated pay for his men from the War department. This payment covers service from January 1 to June 30, 1919, and is the first pay received by the local unit since their enlistment.

Duluth.—Minnesota retail grocers and general merchants, at the closing session of their twenty-fourth annual convention here elected M. R. Bush of Duluth president of the organization and chose St. Paul as the site of the next yearly meeting. This year's convention, which occupied three days, was pronounced by those in attendance as one of the most successful events in the history of the organization. C. J. Evenson of Moorhead was chosen first vice president at the meeting; W. R. Wolf, Waseca, second vice president; George M. Peterson, Duluth, was re-elected secretary, and J. W. Lux, St. Paul, was re-elected treasurer.

Hibbing.—There was a disagreement of the jury in the case of A. R. Peterson vs. the Great Northern railroad to recover $28,000 damages alleged to have been caused through negligence of the company's employes in connection with the famous Cloquet-Brookston forest fires of Oct. 12, 1918, which was on trial before Judge Hughes here for nearly three weeks. The jury reported a disagreement to the court after about thirty-one hours' deliberation, making it one of the record cases of the range. The twelve men were discharged from further consideration of the case.

DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If Your Back Hurts or Bladder Bothers, Drink Lots of Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.—Adv.

Cuticura Soap for the Complexion. Nothing better than Cuticura Soap daily and Ointment now and then as needed to make the complexion clear, scalp clean and hands soft and white. Add to this the fascinating, fragrant Cuticura Talcum and you have the Cuticura Toilet Trio.—Adv.

Professional Comfort.

"Did your photographer friend get the girl he wanted to accept his proposal?"

"Not exactly, but he secured a good negative."

BOSCHEE'S SYRUP.

A cold is probably the most common of all disorders and when neglected is apt to be most dangerous. Statistics show that more than three times as many people died from influenza last year, as were killed in the greatest war the world has ever known. For the last fifty-three years Boschee's Syrup has been used for coughs, bronchitis, colds, throat irritation and especially lung troubles. It gives the patient a good night's rest, free from coughing, with easy expectoration in the morning. Made in America and used in the homes of thousands of families all over the civilized world. Sold everywhere.—Adv.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! How good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.—Adv.

Co-operation means so to conduct yourself that others can work with you.

OUCH! MY BACK! RUB LUMBAGO PAIN AWAY

Rub Backache Away With Small Trial Bottle of Old "St. Jacobs Oil."

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints!—Adv.

LAND HAS SUFFERED MUCH

Bessarabia, Always in the Pathway of Savage Invasion, Repeatedly Overrun and Pillaged.

Bessarabia, sloping southward from the westward foothills of the Carpathians, between the Dniester and Pruth, down to the Black sea and Danube delta, lay in the normal geographical pathway of tribes pushing westward from Asia and southward from the warmer seacoast lands.

Among the most harrowing of the invasions was that of the Mongols in the fourteenth century, when that region suffered atrocities during which women and children were used as targets in bow-and-arrow contests, and slivers of wood were driven under the nails of the men, all this going on until "no eye remained open to weep for the dead."

Prior to the outbreak of the world war, pastoral Bessarabia offered a pleasing contrast. The Moldavian homes offered delight to the tourists. The interior of the Moldavian home was immaculate and vivid, brightly colored curtains and hangings being used. The people are deeply religious, and each orthodox home has its altar. The Bessarabian women are sprightly, bright-eyed and pretty.

College Professor Had Something to Learn Concerning the Changed Order of Things.

President Meikeljohn of Amherst was talking about the changed financial conditions that now prevail.

"I heard the other day," he said, "of a harassed college professor who, in order to make ends meet, decided to take up manual labor.

"So he visited a large building operation and said, nervously, to a red-faced man with a diamond horseshoe in his necktie:

"'I am—ahem—an ex-college professor, and I would like to know if you could take me on here as a bricklayer?'

"The red-faced man gave a derisive snort.

"'Bricklayer? I guess not!' he said. 'We might start you in as an architect, though, and let you work your way up.'"

No Call.

"I saw an auto-jack at work today."

"Did you call the police?"

"No; they were only using it to put on a new tire."

LEONARD WOOD.

Born in New Hampshire, 58 years ago.

Graduated from Harvard Medical School and entered the army as a surgeon.

Was given command of infantry in Apache Campaign and won a congressional medal of honor for his bravery.

Was appointed Colonel of Rough Riders of which Theodore Roosevelt was Lieutenant Colonel.

Was appointed to be Major General by President McKinley.

Afterwards served as Governor General of Cuba and next held a similar position in the Philippines.

Was an early advocate of preparedness, establishing the Plattsburg and other training camps.

Since the war he has tactfully and successfully dealt with riots at Omaha and the strike at Gary, Ind.

Leonard Wood's strong point is his ability as an administrator, evidenced by the splendid manner in which he put Cuba on her feet as a modern nation after 4 centuries of Spanish misrule.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Lydia E. Pinkham's Vegetable Compound Has Been This Woman's Safeguard All That Time.

Omaha, Neb.—"I have used Lydia E. Pinkham's Vegetable Compound for over twenty years for female troubles and it has helped me very much. I have also used Lydia E. Pinkham's Sanative Wash with good results. I always have a bottle of Vegetable Compound in the house as it is a good remedy in time of need. You can publish my testimonial as every statement I have made is perfectly true."—Mrs. J. O. ELMQUIST, 2424 S. 20th Street, Omaha, Nebraska.

Women who suffer from those distressing ills peculiar to their sex should be convinced by the many genuine and truthful testimonials we are constantly publishing in the newspapers of the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

To know whether Lydia E. Pinkham's Vegetable Compound will help you, try it! For advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

CHEST CLOGGED UP WITH HEAVY COLD?

Don't give it a chance to "set in"—use Dr. King's New Discovery

THAT dangerous stage where a cold or cough or case of grippe might get the better of you may be nearer than you think. Prompt action with Dr. King's New Discovery will avert a long siege.

For fifty years it has loosened congested chests, dissipated tight-packed phlegm, broken vicious colds and coughs. Give it to the youngsters—take it yourself. There will be no disagreeable after-effects.

Bowels Become Normal

—liver livens up, bile flows freely—headache, biliousness, tongue-fur, stomach-sourness, disappear when Dr. King's New Life Pills get in their natural, comfortable action.

Purgatives, never pleasantly corrective, sometimes habit-forming, should not be taken to rack the system violently. Nature's way is the way of Dr. King's New Life Pills—gently but firmly functioning the bowels, eliminating the intestine-clogging waste, and promoting the most gratifying results. Cleanse the system with them and know the boon of regular bowels. 25c. at all druggists.

Dizzy's Rap at His Old Foe.

Disraeli's unpublishel novel will be read with eager interest by all who care to learn his view of his great rival, Gladstone, who is therein portrayed as Joseph Toplady Falconet. In denying him any sense of humor the novelist does not exceed the privileges of poetic license, for certainly his model was always in grim, serious earnest. In declaring, however, that he was never seen to smile Disraeli somewhat maliciously exaggerates, for Gladstone's smile was not infrequent, and was among his many personal charms. But it must be remembered that the novel was written when the two statesmen had long been settled and unrelenting foes, and Dizzy was a good hater.—London Chronicle.

Public sales of 165,000 acres of land in the former Cheyenne river and Standing Rock Indian reservations, in North and South Dakota, have been ordered by the secretary of interior. Lands in the Lemmon, S. D., land district will be offered at Timber Lake, S. D., land district Timer Lake on June 1. Appraised prices of the lands are 50 cents to $6 an acre and none will sold at less than appraised value. No limitation is placed on the area to be sold any one purchaser.

Jack Carney, political extremist and one of the leaders of the communist party in America, was sentenced to two years in the federal penitentiary at Leavenworth, Kan., by Judge Page Morris in United States district court at Duluth. He was found guilty of having willfully attempted to obstruct enlistments during time of war and of having willfully sought to encourage disloyalty in the United States service during time of war.

STOCK DIVIDENDS FREE FROM TAX

Court Holds Earnings Distributed as Shares of Business Not Subject to Laws.

HITS INCOME LEVIES

Decision Will Involve Great Loss in Revenues to Government in Future Collections and Refunds of Taxes Collected.

Washington.—Corporation dividends distributed in the form of stock do not constitute "income" and consequently are not subject to federal income taxes, the supreme court decided Monday in a five to four decision.

Provisions of the 1916 federal income tax levying taxes on stock dividends were declared unconstitutional. The decision also nullified similar provisions of the present law, and will involve great loss in revenues to the government in future collections and also refunds of such taxes already collected.

Untaxable Because Unrealized On.

In holding that stock distributions are not dividends, on account of no separation of corporate assets being involved, Justice Pitney, in behalf of the majority, declared that stock shares, "are nothing except paper certificates," in undistributed assets, are not realized profits and therefore, are not taxable.

The attempt of congress in the income tax law to tax stock distributions, the majority decided to be unconstitutional and not permitted by the sixteenth or income tax amendment to the federal constitution. Stock dividends, the majority held, may be taxed only after stockholders realized on them by sale in which case the government may levy income taxes on such profits.

All four dissenting justices contended that congress had power to tax stock dividends, holding that such dividends are "income" the same as if in cash.

Representative Hull, Democrat of Tennessee, author of the income tax law, declared Monday that the decision "not only destroys the last vestige of congressional power to tax stock dividends," but also annulls the present law for taxation of "personal service corporation"—those in which individual service is the chief factor.

SAYS BONUS PLAN IS WRONG

That Legion Erred in Presenting Its Proposals.

Washington.—A serious mistake was made by the American Legion in presenting its proposals for soldier relief in the form in which it did, the house ways and means committee was told by Colonel E. Lester Jones, a member of the Legion's executive committee.

He said the executive committee would assemble this month and that he proposed to suggest that it formulate "a definite and sane policy" for presentation to congress in a "quiet and respectful way."

Colonel Jones said he believed the legion also should present a well considered scheme for financing any plan it proposed.

Discussing the farm settlement proposal, the witness said that in making an estimate some months ago he had found that about 350,000 former soldiers desired an opportunity to take over farms.

While he approved in principle a land settlement scheme, Colonel Jones said it should not be confined to vacant public lands or remote cutover lands in the south and west, but that vacant lands in the vicinity of the cities should be condemned and purchased for soldier use.

DANIELS MAKES ULTIMATUM

Either Join the League or Build Battleships.

Washington. — Secretary Daniels told the house naval committee he would recommend a naval building program for the next fiscal year larger than that proposed by the general board, "if the peace treaty is not ratified at this session of congress." Withholding final recommendations, however, the secretary added that if this country rejected in the end membership in the League of Nations, he would feel impelled to renew his recommendation for another three-year program of construction.

Reiterating his statement of last year, that "we must have a league of nations by which every nation will help preserve the peace of the world without competitive naval building, or we must have incomparably the biggest navy in the world." Mr. Daniels declared there was no "middle ground."

To Enforce "Full Crew" Law.

Bismarck, N. D.—Carl Dupuis, of the state railroad commission, has announced that the commission has been notified by railroads operating in the state, that provisions of the "full crew" law, passed by the legislature in 1919, are being complied with to the best of the ability of the roads. The law was not enforced during the period of government control of railroads, but will be enforced as against the private management of the railroads, it is announced.

BOTH IN GRIP OF TYRANNY

Parallel in Case of the Farmer and the Unfortunate Lover of the Cornet.

O. E. Bradfut of Xenia, the farmer delegate at the industrial conference, said at an Xenia tea:

"A farmer was talking to me the other day about the way the middleman tyrannizes over the farmer, and he wound up with a story.

"He said the farmer's position reminded him of a cop. This cop saw a fairly well-dressed customer playing a cornet on his beat, and after the man had played three or four tunes he walked up the front steps of a handsome house.

"'No, ye don't, friend,' says the cop. 'Play yer cornet as much as ye've a mind to, but I'll have no beggin' or solicitin' on this beat.'

"'Quite right, officer,' says the cornetist. 'Glad to hear you're so strict. I guess you don't mind my entering my own house, though. You see, wife objects to my practicing indoors.'"

Auto Needed in Peru.

The Peruvians take eagerly to the automobile, wherever its use is possible. Outside of the sections served by railroads—and there are only about 1,700 miles of railway in Peru's 700,000 square miles of land—transportation has hitherto depended on pack mules or burros. As trails or bridle paths are being converted into highways, motorcars and trucks are bringing new life to formerly isolated centers of mining and agricultural production.

YEARS BUT ADD TO BEAUTY

Particularly Graceful Tribute Paid to the Elderly by Widely Known American Writer.

I have carried these my preferences through life, and I still regard old ladies as angelic, insomuch that I have never seen one that I did not revere. I do not know when they begin to look old to other eyes, but to mine they never look old, as old men look.

Very likely some of them may once have been silly, and some naughty, but they do not show it, while all the goodness and wisdom of their youth has grown upon them.

I should like to touch here, but barely touch, the thought of the dear and lovely lady which has all this time been in the back of my mind, as a supreme proof of the highest praise that could be given to aging woman, writes W. D. Howells in Harper's Magazine. She was of the finest modernity in her love of the best things in literature and life, and could no more err in taste than in truth or the beauty which is one with it.

She is gone now, who was so lately here in such perfection of mind and soul, that it seems as if she could never have left us who were privileged to share the bounty of her wisdom and grace.

Manitoba Has Largest Elk Herd.

Manitoba boasts that it has the largest herd of elk in the world and one of the last two herds known to exist on the North American continent. It is to be found in the Riding Mountain reserve and is believed to number between 6,000 and 8,000 head. The elk are strictly preserved under the game laws of Manitoba and their feeding grounds are within the prescribed areas in which no guns can be carried by other than a game guardian or other officer of the crown.

This Medicine Recommended by a Doctor

DR. J. H. WAGNER

When a doctor uses a medicine himself besides prescribing it to his patients, he must know that it has merit.

This is what Dr. J. H. Wagner, a prominent physician of Skate, Kentucky, has to say about Dr. Hartman's well-known remedy, PE-RU-NA: "I have used PE-RU-NA myself for catarrh and have given it to others for catarrh, bloating after eating and other ailments. It has proved a success in all cases with old and young men and women. All speak well of PE-RU-NA. It is the best of all tonics."

Dr. Wagner, out of the fullness of his own personal experience, for the good of all sick and suffering, recommends a medicine which he knows to be good. You may be sure a doctor would not endanger his professional reputation by endorsing PE-RU-NA unless satisfied beyond a doubt of its value.

Whether your trouble be a cough or a cold, or a more subtle catarrhal effection of the stomach, bowels or other organs, give PE-RU-NA a trial. The immediate improvement which you will see will satisfy beyond a doubt that PE-RU-NA is what you need.

PE-RU-NA may be purchased anywhere in tablet or liquid form.

Harvest 20 to 45 Bushel to Acre Wheat in WESTERN CANADA

WESTERN CANADA
Farm Lands at Low Prices

Think what that means to you in good hard dollars with the great demand for wheat at high prices. Many farmers in Western Canada have paid for their land from a single crop. The same success may still be yours, for you can buy on easy terms,

Farm Land at $15 to $30 an Acre

located near thriving towns, good markets, railways—land of a kind which grows 20 to 45 bushels of wheat to the acre. Good grazing lands at low prices convenient to your grain farm enable you to reap the profits from stock raising and dairying.

BEAR CUBS PROBABLY UNIQUE

New Species the Result of Mating Canadian Black and Russian Brown, in London Zoo.

A "marriage was arranged" in London some time ago between Teddy, the black bear from Canada, and Daisy, the brown bear from Russia. The result is the first hybrid black-brown bear cubs ever born in the zoo—they may even be unique, for nature let alone produces no hybrids. They are a rich mahogany compromise between their parents' colorings, and are doing splendidly. Along with the news comes word that the ugliest beast in the world, the Matamata turtle, another emigrant from the new world, has been on a hunger strike ever since his arrival in London. At home he gets his food in a nasty, treacherous way. He has a shell which looks like a lump of rock on which weed grows freely. He keeps quiet and looks like a pleasant stone for fish to rest under. Round his jaws are a number of long lumps which look like desirable worms. These are his ground bait, and even if the Matamata be asleep a nibble rouses him to snap up a meal.

Met With Blank Stare.

Is there anything more embarrassing than asking four people to spend Sunday evening with you and then promptly forgetting all about it? On the evening designated, while friend husband and I were reading, he coatless, collarless and in slippers, and I in a kimono, our guests arrived. I stared blankly and husband ran to the nearest shelter while our friends asked, "Aren't we expected?" I managed to welcome them but finally told of my social error, was forgiven and excused while I dressed—but I still dread meeting them.—Exchange.

Her Point of View.

The house where granny lived was said to be haunted, and fifteen-year-old Eric was rather nervous of sleeping alone in it. During the first night he fancied he heard all sorts of strange noises, too.

So in the morning he tackled the old lady.

"Do you believe in spirits, granny?" he asked.

The old lady thought deeply for a moment, then suddenly her face brightened and she said slowly:

"Well, they do say that whisky's good for rheumatism!"

Paris as a Watering Place.

The Paris municipal council, at its closing meeting of 1919, voted a resolution in favor of the capital being officially "classed" as a watering place. The object of the motion is to enable the city to collect a small poll tax on visitors in order to swell the municipal revenues, as is already done in other watering places. While agreeing that such a tax probably would bring in a good round sum, the Figaro criticizes the proposal as hardly in keeping with the city's traditions.

EVENTS BRIEFLY TOLD

Where Busy Readers Will Find News From All Parts of State Tersely Chronicled for Their Benefit.

Red Wing.—Oscar F. Fogerquist, resident of the city for 35 years and alderman from the third ward, died here.

Sauk Center.—At a meeting of farmers in this city a plan of erecting a stock sales pavilion was launched. The territory will cover several counties.

Jackson.—The present indications are that the $1,000,000 ditch project plan for Sioux Valley township will be abandoned without further proceedings.

Winona.—Fire completely destroyed the home of James Ferrier, well known Winona county farmer, in the southwest corner of the county. The loss was estimated at $6,000.

Winona.—Winona printers are in favor of resumption of the daylight saving plan. The printers were the first of 26 unions represented in the Trades and Labor council to ballot on the question.

Albert Lea.—Professor W. H. Alderman and Professor E. S. McIntosh, of the University farm, were the leading speakers here at the annual meeting of the Southern Minnesota Horticultural society.

Owantonna.—The ban placed on public dances and other gatherings some time ago by the local board of health has been lifted, following the almost complete disappearance of the influenza here.

Hastings.—The city council reelected N. F. Kranz city assessor for the next two years. The city clerk was instructed to advertise for bids for the paving of Second and Sibley sts., the bids to be opened April 5.

Pipestone.—This section experienced the severest snowstorm of the season a few days ago. The storm began at midnight and a heavy fall of snow whipped by a stiff wind caused great drifts to form. Train service was badly crippled.

Owatonna.—More than $3,500 of Steele county's $6,000 quota for the Near East relief fund has been raised, according to officials of the county executive committee. Efforts will be made to complete the quota within the next two weeks.

St. James.—St. James district reported its quota raised for the Near East Relief in the campaign for $750,000 to be raised in the state for the famine stricken Armenians. Will Curtis, publisher of St. James Plaindealer, is chairman of the district.

Pipestone.—The county political pot was started boiling when James Irving filed as a candidate for the office of probate judge. Irving, who is a full-blood Sioux Indian, is a law graduate and was for several years instructor of printing at the Pipestone Indian school.

Luverne.—Preliminary plans are now going forward for the extensive road work that is to be carried on in Rock county. Several of the state roads in the county are to be graveled and it is stated work to be done here will be the most extensive of the state this year.

Wionna.—Word has been received here of the appointment of Professor W. W. Charters, formerly of the faculty of the Winona normal school, to the position of dean of education in Stephens college. The salary is said to be $10,000 a year with a contract for 10 years.

Marshall.—Marshall will celebrate its 50th anniversary June 17 and 18. Committees are now at work formulating plans of entertainment. The principal feature will be a pageant depicting scenes in pioneer days, the coming of the whites, and the settlement with the Indians at Shetek.

Ivanhoe.—Among the important cases to come up at the March term of the district court here is a renewal of the "dynamite case," started by Martin Mikulewicz in which he asks $41,000 damages for personal injuries. A stick of dynamite was exploded in a tree July 4, 1916, resulting in the death of one man and the serious injury of two or three other persons.

Duluth. — William Hetherington, Proctor, is in a critical condition at St. Luke's hospital with two bullet wounds in his groin, and Mr. and Mrs. George Martin, Duluth, are held pending outcome of Hetherington's condition as the result of a shooting affray at the Martin home. Both Mr. and Mrs. Martin were said by the police to have been under the influence of liquor.

Pipestone.—While driving his car along a country road five miles south of here Severt Swanson, a business man of Ihlen, died of apoplexy. The automobile was traveling about 25 miles an hour when death overtook the driver. The machine swerved from the road, ran through a fence and across a half section cornfield before striking an obstruction which brought it to a stop. Persons who had seen the machine leave the road and dash across the field investigated and found the body of Swanson in the car, one of his hands still gripping the steering wheel

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a Glass of Salts If Your Back Hurts or Bladder Bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Adv.

OUT O' LUCK

Never mind! Just take Cascarets if Bilious, Constipated

Everyone must occasionally give to the bowels some regular help or else suffer from constipation, bilious attacks, stomach disorders and sick headache. But do not whip the bowels into activity with harsh cathartics.

What the liver and bowels need is a gentle and natural tonic, one that can constantly be used without harm. The gentlest liver and bowel tonic is "Cascarets." They put the liver to work and cleanse the colon and bowels of all waste, toxins and poisons without griping—they never sicken or inconvenience you like Calomel, Salts, Oil or Purgatives.

Twenty-five million boxes of Cascarets are sold each year. They work while you sleep. Cascarets cost so little too.—Adv.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and ¼ oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. It will gradually darken streaked, faded gray hair, and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.—Adv.

DON'T FEAR ASPIRIN IF IT IS GENUINE

Look for name "Bayer" on tablets, then you need never worry.

To get genuine "Bayer Tablets of Aspirin" you must look for the safety "Bayer Cross" on each package and on each tablet.

The "Bayer Cross" means true, world-famous Aspirin, prescribed by physicians for over eighteen years, and proved safe by millions for Colds, Headache, Earache, Toothache, Neuralgia, Lumbago, Neuritis, and for Pain in general. Proper and safe directions are in each unbroken "Bayer" package.

Handy tin boxes of 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.—Adv.

Our idea of a great talker is a woman who has enough sense to know her limit.

The Important One.

A young stenographer was discussing her Christmas shopping with the girl who worked across the hall from her. "I've got something for all my nieces and nephews except the newest one," she said, "and she is only two months old. Can't you suggest something for a baby of that age?"

The other girl smiled. "Why are you going to get her anything?" she asked. "A baby two months old doesn't know there is such a thing as Christmas."

"No," agreed the stenographer—then added wisely: "But her mother does."

Beyond Doubt.

The class in business organization at the Arsenal technical schools was listing the essentials of production, which included management. D. C. Morgan, teacher, defined the meaning of the word and cited examples of "good managers." To illustrate a poor manager, he asked: "What would you call a cook who put one cup of sugar and forty-eight eggs in a cake?"

"I should call her a rich woman," answered one pupil instantly.

120,000 STAND IN BREAD LINE

More Than 1,000,000 Face Death Is Message Brought by Miss Dakesian.

Imagine a bread line of 120,000 famished people waiting for twenty-four hours a day for the dole of food that is the sole barrier between them and death from starvation. That is the situation in Alexandropol, a city in Russian Armenia, according to Miss Hermine Dakesian, a pretty Armenian girl, one of the survivors of four years of the horrors of Turkish massacres and deportations. Saved by an American woman, she has come to this country and entered Oberlin College.

MISS HERMINE DAKESIAN.

With her came fourteen other Armenian girls in charge of Miss Adelaide S. Dwight, a Near East Relief worker, who has been instrumental in helping to save hundreds of thousands of their people from death by starvation. Miss Dwight, who is not given to exaggeration and has seen conditions at first hand, says more than a million people are facing death by starvation in Armenia and will perish unless America aids.

Herself an eyewitness to the slaughter of hundreds of helpless women and children by the Turks and a victim of the deportations, Miss Dakesian, an unusually pretty girl, says there is untold suffering in Armenia and Syria. She praises the efforts of the Near East Relief, formerly the American Committee for Armenian and Syrian Relief, to save as many of these people as possible. At Erivan, the capital of the Armenian republic, one hot meal is given out daily, and by this relief alone the city's death rate has been cut from a thousand daily to an average of twenty. At Alexandropol, where the refugees from Turkish Armenia were driven by thousands, the situation is appalling, Miss Dakesian says. It is to avert these wholesale deaths that Near East Relief is making a nation-wide appeal for funds.

BOY SCOUTS IN YOUNG ARMENIA

Strangest Troop of All in Constantinople Being Made Into Good Citizens.

American Boy Scout training is aiding prominently in the rehabilitation of hundreds of little Armenian boy refugees from the Turkish massacres, who have been organized into a scout troop in Constantinople as the solution of one of the most troublesome problems that confronted the Near East Relief workers in that city.

Hounded and driven for four years, having seen their parents and relatives slaughtered or worse by Turks and Kurds and themselves forced to beg, steal or do almost anything to eke out the barest existence, these boys had completely lost their moral sense when they finally found refuge in the Near East Relief orphanages.

The boys had been clad in rags for so long that they had forgotten how to take care of clothes. This was a tragedy when the Near East Relief had need of every pair of shoes and of every suit of clothes for new boys constantly coming in.

Then the boys were organized as Boy Scouts and given their uniforms. They began to be careful of their school clothes as well as of their uniforms.

They had been so often hungry they had come to steal without compunction. When they first entered the orphanages they continued to steal. One boy stole a purse from his American teacher. For two or three weeks after he became a Boy Scout he was obviously uneasy. One day he came to her with the purse in his hand.

"I don't want to give it back," he said reluctantly. "But I have to. I'm a Boy Scout now."

To form more scout troops to transform these little unfortunates into good citizens, is one of the reasons why the Near East Relief, 1 Madison Avenue, New York city, is making its appeal for funds.

MORTGAGE FORECLOSURE SALE

Notice is Hereby Given, That default has been made in the conditions of a certain mortgage, containing a power of sale, executed by John E. McDonagh and Ovidie C. McDonagh, his wife, as mortgagors to B. L. Backe as mortgagee, dated the 21st day of May, A. D. 1914, and recorded in the office of the Register of Deeds of Marshall Co., State of Minnesota, on the 3rd day of June, A D 1914, at the hour of 8:00 o'clock and 30 minutes in the forenoon of said day, in Book "74" of Mortgage Records, at page 120 thereof and which mortgage together with the debts secured thereby was duly assigned by said B. L. Backe, Mortgagee, to Mrs. Hannah Funk by written assignment, dated the 6th day of June, 1914, and recorded in the office of said Register of Deeds on the 7th day of January, 1915, at 8:30 A. M., in Book 75 of Mortgages on page 92 thereof, and that said default consists of failure to pay the sum of Two Hundred Dollars ($200.00) and interest thereon at six (6) per cent per annum since December 1, 1918, and that there is due and payable at the date of this notice upon said mortgage and the debt secured thereby the sum of Two Hundred Fourteen and no 100ths ($214.00) Dollars; and that no action or proceeding has been instituted to recover said debt secured by said mortgage or any part thereof;

And Therefore, That by virtue of said power of sale in said mortgage contained, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed and the land and premises described therein and covered thereby, situate lying and being in the County of Marshall State of Minnesota, and described as follows, to wit:

The Northeast Quarter (NE 1-4) of Southeast Quarter (SE 1-4) of Section Eight (8) in Township One Hundred Fifty-seven (157), North, of Range Thirty-nine (39) West, which will be sold at public auction to the highest bidder therefor, for cash, by the sheriff of said Marshall County, to satisfy and pay the amount which shall then be due on said debt so secured by said mortgage, and the sum of Twenty-five ($25.00) Dollars, stipulated in said mortgage, as attorney's fees, and the costs and expenses of these foreclosure proceedings as allowed by law; and that the said sale will be made at the front door of the court house in the city of Warren in said Marshall County, State of Minnesota, at the hour of 10:00 o'clock in the forenoon, on Saturday, the 3rd day of April, 1920.

Mrs. Hannah Funk,
Assignee of Mortgagee.

NOTICE OF MORTGAGE FORECLOSURE SALE.

Default having been made in the conditions of that certain mortgage hereinafter described, which said default consists of the mortgagor's failure to pay the 1918 taxes against the premises covered by said mortgage, and which taxes are now past due and delinquent and at date hereof amount to One Hundred Sixty and 97-100 (160.97) Dollars, which said mortgage was duly executed and delivered by Harry C. Multby and Minnie B. Multby, his wife, Mortgagors to B. Docken, Mortgagee, bearing date the 5th day of April, 1918, and with a power of sale therein contained duly recorded in the office of the Register of Deeds in and for the County of Marshall and State of Minnesota on the 24th day of April, 1918, at nine o'clock a. m., in Book 93 of Mortgages on Page 14, and whereas, the said mortgagee and holder of said mortgage has duly elected and does hereby elect to declare the whole principal sum of said mortgage due and payable at the date of this notice under the terms and conditions of said mortgage and the power of sale therein contained, and whereas, there is actually due and claimed to be due at the date of this notice the sum of One Thousand Fifty-five and 67-100 ($1,055.67) dollars, and whereas, said power of sale has become operative, and no action or proceedings have been instituted at law, or otherwise, to recover the debt secured by said mortgage, or any part thereof;

NOW THEREFORE, Notice is hereby given, that by virtue of the power of sale contained in said mortgage, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described in and conveyed by said mortgage, viz: The Southeast Quarter (SE¼) of Section Four (4) in Township One Hundred Fifty-five (155) North of Range Forty-one (41) West of the Fifth principal meridian, and, the West Half of the Southeast Quarter (W½SE¼), Southwest Quarter of the Northeast Quarter (SW¼NE¼) and Lot Two (2) of Section Two (2) in Township One Hundred Fifty-six (156) North of Range Forty-one (41) West of the Fifth Principal Meridian, in Marshall County, Minnesota, with the hereditaments and appurtenances, which sale will be made by the Sheriff of said Marshall County at the front door of the court house in the city of Warren in said county and state on the 24th day of April, 1920, at eleven o'clock a. m. of that day at public vendue to the highest bidder for cash to pay said debt of One Thousand Fifty-five and 67-100 (1,055.67) dollars and interest, and the taxes on said premises and Fifty ($50.00) dollars Attorney's fees as stipulated in and by said mortgage in case of foreclosure, and the disbursements allowed by law, subject to redemption at any time within one year as provided by law.

Seed Grain Secured

Flood Sufferers

The Attorney General adviced the State Relief Board that they had no authority to assist the farmers in the flooded districts with seed grain, and they followed his advice and decided not to do so. The Red Valley Development Assn., called a meeting at Crookston Friday and arranged to send a delegation to St. Paul to go before the relief board on Monday and have the matter of furnishing seed grain again taken up by that board. That the delegation was successful is shown by the telegram below, and gives the neccessary particulars.

B. Docken attended the meeting in St. Paul Monday as a member of the delegation.

As Others Sees Us

Strangers judge this town mainly by its appearance.

If it is clean, sanitary and inviting, they carry the good word afar.

But if it is dingy and illkept, they carry the bad record to even greater distance.

We should have a reputation second to none—Superior to many, but we will have only that which we carve out by our own efforts.

Let's all pitch in and make this the cleanest and the brightest and the most progressive year in our history.

Spring is the time to begin.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

HOW TO GET RID OF YOUR COLD

The quick way is to use Dr. King's New Discovery

DON'T put off until tonight what you can do today. Step into your druggist's and buy a bottle of Dr. King's New Discovery. Start taking it at once. By the time you reach home you'll be on the way to recovery.

This standard family friend has been breaking colds, coughs, grippe attacks, and croup for more than fifty years. It's used wherever sure-fire relief is appreciated. Children and grownups alike can use it—there is no disagreeable after-effect. Your druggist has it. 60c. and $1.20 bottles.

Bowels Begging for Help

Torpid liver pleading for assistance? How careless to neglect these things when Dr. King's New Life Pills so promptly, mildly, yet effectively come to their relief!

Leaving the system uncleaned, clogged bowels unmoved, results in health-destructive after-effects. Let stimulating, tonic-in-action Dr. King's New Life Pills bring you the happiness of regular, normal bowels and liver functioning. Keep feeling fit, doing the work of a man or woman who finds relish in it. All druggists—25c.

MAN'S BEST AGE

A man is as old as his organs; he can be as vigorous and healthy at 70 as at 35 if he aids his organs in performing their functions. Keep your vital organs healthy with

GOLD MEDAL
HAARLEM OIL
CAPSULES

The world's standard remedy for kidney, liver, bladder and uric acid troubles since 1696; corrects disorders; stimulates vital organs. All druggists, three sizes. Look for the name Gold Medal on every box and accept no imitation

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and ¼ oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. It will gradually darken streaked, faded gray hair, and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.—Adv.

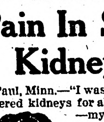
"Why do you speak of the flyers as vagrants of the air?" "They have no visible means of support."

Soap and water will prevent a multitude of ills.



BACK-ACHE Pain In Side, Kidneys

St. Paul, Minn.—"I was troubled with disordered kidneys for about two years—my back ached terribly, side pained and I had frequent excretions. I let it run on until I read of Dr. Pierce's Anuric (anti-uric-acid). I took the Anuric but a short time when I was feeling fine. My side and back stopped paining, and kidneys acted normally. I could sleep well at night which I couldn't do before. I certainly advise anyone suffering from kidney disorders to use the Anuric Tablets."—Mrs. Louise Gilfillan, 289 State St.

The kidneys and bladder suffer from the wear and tear and we get chronic inflammations sometimes indicated by backache, painful voiding of water—dull, heavy feelings. Perhaps the uric acid is stored up in the system in excessive amount, and consequently when the urate salts are deposited in muscles and joints one suffers from lumbago (pain in back) rheumatic pains, gout, etc.

Nothing will act so nicely as "Anuric" (anti-uric-acid), a recent discovery of Dr. Pierce's which can be had at all drug stores. "Anuric" washes away the poisons, cleanses the bladder and kidneys—rendering them antiseptic—consequently one is soon cured of lumbago, rheumatism, gout, and the body is put into a clean, healthy state.

BACK HURT ALL THE TIME

Mrs. Hill Says Lydia E. Pinkham's Vegetable Compound Removed The Cause.

Knoxville, Tenn.—"My back hurt me all the time, I was all run down, could not eat and my head bothered me, all caused by female trouble. I was three years with these troubles and doctors did me no good. Your medicine helped my sister so she advised me to take it. I took Lydia E. Pinkham's Vegetable Compound and the Liver Pills and used Lydia E. Pinkham's Sanative Wash and now I am well, can eat heartily and work. I give you my thanks for your great medicines. You may publish my letter and I will tell everyone what your medicines did for me."—Mrs. PEARL HILL, 418 Jacksboro St., Knoxville, Tennessee.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you are ill do not drag along and continue to suffer day in and day out but at once take Lydia E. Pinkham's Vegetable Compound, a woman's remedy for woman's ills.

DISSOLUTION OF TRUST REFUSED

Court Holds United States Steel Corporation Is "Good" Trust.

NO CAUSE FOR ACTION

Government's Long Fight for Dissolution of Steel Concern for Alleged Violation of Sherman Anti-Trust Laws Ended.

Washington.—In a four to three decision Monday the supreme court refused to dissolve the United States Steel corporation and its numerous subsidiaries.

The government's long fought suit for dissolution of the iron and steel trade combination for alleged violation of the Sherman anti-trust laws was dismissed.

Placing the high court's "O. K." on the steel corporation were Chief Justice White and Associate Justice McKenna, who announced the majority opinion, and Holmes and Van Devanter. Justice Day gave the dissenting opinion, which was joined by Justices Pitney and Clarke. Justices McReynolds and Brandeis took no part. Primarily, the decree officially brands the steel corporation as a "good" combination.

Further, the court held that mere size, bigness or preponderance in industry of corporate combinations is not alone sufficient cause for their dissolution.

The court also gave a new and far-reaching judicial interpretation or application of the Sherman law, analogous to its famous "rule of reason" in the Standard Oil and Tobacco "trust" cases, by declaring that public interest must be considered in applying the law. The public interest, it was held, would not be served and might be injured by dissolving the concern.

Dissolution of the corporation and its principal subsidiaries was urged in the spirited dissenting opinion. The minority declared that the anti-trust law was violated in its organization, that there has been "open, notorious and continued violation" of its provisions, and that approval of illegally born combinations "would practically annul the Sherman law by judicial decree."

5000 VOLUNTEERS OFFER AID

French Railway Strike Is Considered a Failure.

Paris.—Railroad men mobilized by the Paris, Lyons and Mediterranean systems were reported in increasing numbers Sunday night and what little change there is in the strike situation seems to be for the better. So far, the general strike called on Saturday morning may be said to be a failure, as a number of railroad men, even union adherents, are refusing to quit, particularly in the provinces.

Inconvenience is being suffered by the public and freight service is being dislocated, however, by the existing strike conditions. Everywhere except in devastated regions of northern France, freight service has been virtually abandoned. The outlook now seems to be distinctly more hopeful and competent circles hold the opinion that if a suitable compromise can be found the National Federation of Railway Men will willingly call off the strike.

Five thousand persons have volunteered for service during the strike, and two hundred chauffeurs have placed themselves at the disposal of the ministry of public works in carrying out the revictualing system, according to The Matin.

SERVES NOTICE ON LODGE

Will Not Compromise Article X of Peace Pact.

Washington.—The latest ultimatum from the group of irreconcilables in which they served notice on Senator Lodge, Republican leader, that if any attempt were made to modify the article X reservation, they would reserve to themselves liberty of action, when consideration of the past was resumed, was the principal development in the senate peace treaty imbroglio. Their action, it was said, was based on the fear that Republican leaders might consent to some modifications of the reservation if unable otherwise to obtain enough Democratic votes to insure ratification of the treaty.

Just what course the irreconcilables propose to follow was not disclosed. It was pointed out that if the opponents so chose they might easily block action by talk until after the national political conventions have assembled. That, in turn, it was thought, would throw the whole question of the treaty into the next campaign.

National Guard Training.

Washington.—Fifteen days' field training and not to exceed four days' special instructions for officers and selected enlisted men are provided in this year's national guard training program, made public by Major General Carter, chief of the militia bureau. General Carter recommended, in view of the present state of appropriations, that encampments be held before July 1, but said funds probably would be available to hold them after that date.

Bad Sickness Caused by Acid-Stomach

If people only realized the health-destroying power of an acid-stomach—of the many kinds of sickness and misery it causes—of the lives it literally wrecks—they would guard against it as carefully as they do against a deadly plague. You know in an instant the first symptoms of acid-stomach—pains of indigestion; distressing, painful bloat; sour, gassy stomach; belching; food repeating; heartburn, etc. Whenever your stomach feels this way you should lose no time in putting it to rights. If you don't, serious consequences are almost sure to follow, such as intestinal fermentation, auto-intoxication, impairment of the entire nervous system, headache, biliousness, cirrhosis of the liver; sometimes even catarrh of the stomach and intestinal ulcers and cancer.

If you are not feeling right, see if it isn't acid-stomach that is the cause of your ill health. Take EATONIC, the wonderful modern stomach remedy. EATONIC Tablets quickly and surely relieve the pain, bloat, belching, and heartburn that indicate acid-stomach. Make the stomach strong, clean and sweet. By keeping the stomach in healthy condition so that you can get full strength from your food, your general health steadily improves. Results are marvelously quick. Just try EATONIC and you will be as enthusiastic as the thousands who have used it and who say they never dreamed anything could bring such marvelous relief.

So get a big 50-cent box of EATONIC from your druggist today. If not satisfactory return it and he will refund your money.

You Can't Cure Rheumatism With Liniments and Lotions

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?

Do not try to rub the pain away, for you never will succeed. Try the sensible plan of finding the cause of the pain. Remove the cause, and there can be no pain. You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has no equal as a blood cleanser, scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Winona.—Sixty-six prizes, averaging in value $5, were distributed to local school children who won in the army essay contests. Two thousand students of the public and parochial schools participated in the contest.

St. Peter.—Mrs. Pernilla Newgaard and Mrs. E. J. Severson, both pioneers of Lake Prairie township, Nicollet county, died here of influenza. Mrs. Newgaard was 83 years old and Mrs. Severson 74. Both lived here 50 years.

St. Cloud.—Anthony J. Patock, a carpenter, was seriously injured when he grasped an electricity arm in a partially completed building and may lose both of his hands and possibly his arms up to the elbows. He is in St. Raphael's hospital.

Pipestone.—Plans have been accepted and work will soon be commenced on the Ashton Memorial hospital, to be erected in this city. The funds for the erection of the structure are furnished by O. E. Ashton in memory of his father, the late R. W. Ashton.

Minneapolis.—Three hundred members of the Minnesota Editorial association gathered at the West Hotel, Minneapolis, in its fifty-fourth annual convention. Registration of publishers, editors and their wives numbered about 400. The convention was in session two days.

Le Sueur.—The Farmers' and Merchants' Mutual Telephone company will incorporate for $100,000, it was decided at the annual meeting held here. The company is planning on extensive improvements in Le Sueur county.

St. Peter.—Lieut. Herbert Johnson, commander of Company B, Fifth Minnesota National Guard, received $950.68 belated pay for his men from the War department. This payment covers service from January 1 to June 30, 1919, and is the first pay received by the local unit since their enlistment.

Duluth.—Minnesota retail grocers and general merchants, at the closing session of their twenty-fourth annual convention here elected M. R. Bush of Duluth president of the organization and chose St. Paul as the site of the next yearly meeting. This year's convention, which occupied three days, was pronounced by those in attendance as one of the most successful events in the history of the organization. C. J. Evenson of Moorhead was chosen first vice president at the meeting; W. R. Wolf, Waseca, second vice president; George M. Peterson, Duluth, was re-elected secretary, and J. W. Lux, St. Paul, was re-elected treasurer.

Hibbing.—There was a disagreement of the jury in the case of A. R. Peterson vs. the Great Northern railroad to recover $28,000 damages alleged to have been caused through negligence of the company's employes in connection with the famous Cloquet-Brookston forest fires of Oct. 12, 1918, which was on trial before Judge Hughes here for nearly three weeks. The jury reported a disagreement to the court after about thirty-one hours' deliberation, making it one of the record cases of the range. The twelve men were discharged from further consideration of the case.

DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If Your Back Hurts or Bladder Bothers, Drink Lots of Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.—Adv.

BOSCHEE'S SYRUP.

A cold is probably the most common of all disorders and when neglected is apt to be most dangerous. Statistics show that more than three times as many people died from influenza last year, as were killed in the greatest war the world has ever known. For the last fifty-three years Boschee's Syrup has been used for coughs, bronchitis, colds, throat irritation and especially lung troubles. It gives the patient a good night's rest, free from coughing, with easy expectoration in the morning. Made in America and used in the homes of thousands of families all over the civilized world. Sold everywhere.—Adv.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! How good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.—Adv.

OUCH! MY BACK! RUB LUMBAGO PAIN AWAY

Rub Backache Away With Small Trial Bottle of Old "St. Jacobs Oil."

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints!—Adv.

LAND HAS SUFFERED MUCH

Bessarabia, Always in the Pathway of Savage Invasion, Repeatedly Overrun and Pillaged.

Bessarabia, sloping southward from the westward foothills of the Carpathians, between the Dniester and Pruth, down to the Black sea and Danube delta, lay in the normal geographical pathway of tribes pushing westward from Asia and southward from the warmer seacoast lands.

Among the most harrowing of the invasions was that of the Mongols in the fourteenth century, when that region suffered atrocities during which women and children were used as targets in bow-and-arrow contests, and slivers of wood were driven under the nails of the men, all this going on until "no eye remained open to weep for the dead."

Prior to the outbreak of the world war, pastoral Bessarabia offered a pleasing contrast. The Moldavian homes offered delight to the tourists. The interior of the Moldavian home was immaculate and vivid, brightly colored curtains and hangings being used. The people are deeply religious, and each orthodox home has its altar. The Bessarabian women are sprightly, bright-eyed and pretty.

AIMED ENTIRELY TOO HIGH

College Professor Had Something to Learn Concerning the Changed Order of Things.

President Meikeljohn of Amherst was talking about the changed financial conditions that now prevail.

"I heard the other day," he said, "of a harassed college professor who, in order to make ends meet, decided to take up manual labor.

"So he visited a large building operation and said, nervously, to a red-faced man with a diamond horseshoe in his necktie:

"'I am—ahem—an ex-college professor, and I would like to know if you could take me on here as a bricklayer?'

"The red-faced man gave a derisive snort.

"'Bricklayer? I guess not!' he said. 'We might start you in as an architect, though, and let you work your way up.'"

No Call.

"I saw an auto-jack at work today."

"Did you call the police?"

"No; they were only using it to put on a new tire."

HUNGER KNOWS NO ARMISTICE IN CAUCASUS

Colonel Haskell Reports to Near East Relief on Desperate Needs of Helpless.

"Peace may come elsewhere in the world, but hunger knows no armistice in the Near East," says Colonel William N. Haskell, Allied high commission in the Trans-Caucasus, in an appeal to Near East Relief, 1 Madison avenue, New York city, for food and supplies for the relief of the starving millions.

Colonel Haskell is in charge of all operations and disbursements of Near East Relief in the Caucasus.

"There is no fuel or shelter for the greater part of them during the terrible winter in the mountains," he says, "and the existing food supply is entirely inadequate for the great number of refugees without resources of any kind.

COLONEL HASKELL.

"By a recent agreement between the premiers of the republics of Armenia, Azerbaidjan and Georgia to cease hostilities and settle all differences by arbitration one obstacle to relief work in the Caucasus has been removed and makes accessible a great number of destitute people who otherwise would perish this winter.

"Two hundred thousand destitute Armenians and Tartars can now be reached in the districts of Karabagh, Shusha and Nakhichevan, in the southeast section of the Trans-Caucasus, and we are planning to extend our work there. The economic situation is so desperate and food supplies so scanty that the Georgians have ordered 100,000 persons, mainly Russian refugees without employment, to leave the city of Tiflis. About 45,000 workers in the oil fields of Baku have been ordered by the Azerbaidjanese to leave the city because there is no work for them and food is scarce.

Around every station along the railway are gathered groups of hundreds of homeless people lying huddled together on the ground, the majority of them too weak even to try to help themselves. From time to time the stronger ones climb on freight cars and move elsewhere, always seeking better conditions, which do not exist. Two hundred and sixty-three thousand homeless refugees from Turkish Armenia thus are constantly milling about throughout Russian Armenia, making the relief work conducted by the Americans a problem requiring infinite patience and organizing ability.

"This is especially true in view of the existence of 248,000 destitute inhabitants of Russian Armenia who possess homes, but no food, as well as 150,000 Greeks, Russians, Persians, Syrians and Yezidis who have been driven out of parts of Transcaucasia.

"One hundred and forty thousand Moslems, whose villages were destroyed in the course of five years of constant warfare, are helplessly encamped in the open around villages of their former enemies, begging infinitesimal quantities of flour, which they mix with dirt to give the illusion of nourishment.

"These hundreds of thousands of suffering adults, mostly homeless and lacking every necessity of life, having nothing more to lose, are concentrated in a country as yet inadequately policed or governed. They constitute a fertile field for the seeds of Bolshevism or any form of anarchy, the spread of which once loosed would be impossible to predict.

"It is generally admitted in the Caucasus that the Americans of the Near East Relief already have saved the lives of at least 30,000 babies and children and of 500,000 adult refugees and destitute. This work still is continuing."

In an effort to procure funds to carry on the work and save the lives of these hundreds of thousands who otherwise will die of starvation and exposure, Near East Relief, of which Cleveland H. Dodge is treasurer, is making an appeal to the American people.

MORTGAGE FORECLOSURE SALE

Notice is Hereby Given, That default has been made in the conditions of a certain mortgage, containing a power of sale, executed by John E. McDonagh and Ovidie C. McDonagh, his wife, as mortgagors to B. L. Backe as mortgagee, dated the 21st day of May, A. D. 1914, and recorded in the office of the Register of Deeds of Marshall Co., State of Minnesota, on the 3rd day of June, A. D. 1914, at the hour of 8:00 o'clock and 30 minutes in the forenoon of said day, in Book "74" of Mortgage Records, at page 120 thereof and which mortgage together with the debts secured thereby was duly assigned by said B. L. Backe, Mortgagee, to Mrs. Hannah Funk by written assignment, dated the 6th day of June, 1914, and recorded in the office of said Register of Deeds on the 7th day of January, 1915, at 8:30 A. M., in Book 75 of Mortgages on page 92 thereof, and that said default consists of failure to pay the sum of Two Hundred Dollars ($200.00) and interest thereon at six (6) per cent per annum since December 1, 1918, and that there is due and payable at the date of this notice upon said mortgage and the debt secured thereby the sum of Two Hundred Fourteen and no 100ths ($214.00) Dollars; and that no action or proceeding has been instituted to recover said debt secured by said mortgage or any part thereof;

And Therefore, That by virtue of said power of sale in said mortgage contained, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed and the land and premises described therein and covered thereby, situate lying and being in the County of Marshall State of Minnesota, and described as follows, to wit:

The Northeast Quarter (NE 1-4) of Southeast Quarter (SE 1-4) of Section Eight (8) in Township One Hundred Fifty-seven (157), North, of Range Thirty-nine (39), West, which will be sold at public auction to the highest bidder therefor, for cash, by the sheriff of said Marshall County, to satisfy and pay the amount which shall then be due on said debt so secured by said mortgage, and the sum of Twenty-five ($25.00) Dollars, stipulated in said mortgage, as attorney's fees, and the costs and expenses of these foreclosure proceedings as allowed by law; and that the said sale will be made at the front door of the court house in the city of Warren in said Marshall County, State of Minnesota, at the hour of 10:00 o'clock in the forenoon, on Saturday, the 3rd day of April, 1920.

Mrs. Hannah Funk,
Assignee of Mortgagee.

Dated the 3rd day of Feb. 1920
Chas E. Boughton, Attorney
for Assignee of Mortgagee.

NOTICE OF MORTGAGE FORECLOSURE SALE.

Default having been made in the conditions of that certain mortgage hereinafter described, which said default consists of the mortgagor's failure to pay the 1918 taxes against the premises covered by said mortgage, and which taxes are now past due and delinquent and at date hereof of amount to One Hundred Sixty and 97-100 (160.97) Dollars, which said mortgage was duly executed and delivered by Harry C. Maltby and Minnie B. Maltby, his wife, Mortgagors to B. Docken, Mortgagee, bearing date the 5th day of April, 1918, and with a power of sale therein contained duly recorded in the office of the Register of Deeds in and for the County of Marshall and State of Minnesota on the 24th day of April, 1918, at nine o'clock a. m., in Book 93 of Mortgages on Page 14, and whereas, the said mortgagee and holder of said mortgage has duly elected and does hereby elect to declare the whole principal sum of said mortgage due and payable at the date of this notice under the terms and conditions of said mortgage and the power of sale therein contained, and whereas, there is actually due and claimed to be due at the date of this notice the sum of One Thousand Fifty-five and 67-100 ($1,055.67) dollars, and whereas, said power of sale has become operative, and no action or proceedings have been instituted at law, or otherwise, to recover the debt secured by said mortgage, or any part thereof;

NOW THEREFORE, Notice is hereby given, that by virtue of the power of sale contained in said mortgage, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described in and conveyed by said mortgage, viz: The Southeast Quarter (SE¼) of Section Four (4) in Township One Hundred Fifty-five (155), North of Range Forty-one (41) West of the Fifth principal meridian, and, the West Half of the Southeast Quarter (W½SE¼), Southwest Quarter of the Northeast Quarter (SW¼NE¼) and Lot Two (2) of Section Two (2) in Township One Hundred Fifty-six (156) North of Range Forty-one (41) West of the Fifth Principal Meridian, in Marshall County, Minnesota, with the hereditaments and appurtenances, which sale will be made by the Sheriff of said Marshall County at the front door of the court house in the city of Warren in said county and state on the 24th day of April, 1920, at eleven o'clock a. m. of that day at public vendue to the highest bidder for cash to pay said debt of One Thousand Fifty-five and 67-100 (1,055.67) dollars and interest, and the taxes on said premises and Fifty ($50.00) dollars Attorney's fees as stipulated in and by said mortgage in case of foreclosure, and the disbursements allowed by law, subject to redemption at any time within one year as provided by law.

CLEAN SEED

Hitch Your Grader to Your Gas Engine and Fan and Fan—Do a Good Job; Money In It.

Seed wheat is so bad this year that it will be necessary to do some very radical cleaning with the fanning mill. All of the shriveled and diseased kernels should be fanned out. Probably enough seed may be had on almost any farm if the fanning and grading is done severely enough. It has been claimed by many farmers that all seeds, large and small, will grow equally well, but this is not so. A plump seed carries its own food until such time as the shoots and rootlets may be sprouted sufficiently to take nourishment from soil and air. The seed must carry enough plant food so that it will produce a strong plant.

The fanning mill should operate both by screen agitation and wind blast. Some farmers do not use the fanning mill, because it is the only machine on the farm that they cannot ride, but it is a very simple matter to hitch up the hind leg of your Ford and run the fanning mill with a belt. You probably have a gasoline engine for other work. Hitch it to your fanning mill and do a good job.

You cannot take too much care in preparing your seed for this year. Seed is scarce and high. You are guilty of criminal negligence, if you omit to do so. Now is the time for every man to give patriotic service and reconstruction must begin with food and food is based on wheat.

CLEAN SEED WHEAT

The grains of seed wheat besides being all of one variety, should also be heavy, plump and spherical and free from dirt, weed seeds or injured, sick or immature kernels. Heavy seed promotes stooling and the production of spring plants and benefits yield and quality of grain as well as making a stiffer straw. In a small or shriveled seed there is insufficient food supply or an imperfectly developed germ, so the plants from such seed usually have not the power to live, although the seed may sprout quite successfully. Therefore the wise farmer will see that his seed is recleaned thoroughly. One of the most profitable things to do is to run the seed through a fanning mill a second time so that the kernels will all be the same size which will enable them to get an even start and mature at the same time.

Life Insurance As a Protection

Life Insurance is more than just "protection" for your wife and family. It is protection for you in your business ventures. It is protection for you in your old age. The cost to you is not money thrown away or lost forever. It is an investment of the best kind- a sure dollar-for-dollar proposition. Life insurance is only another means of saving your money PLUS the protection it offers. When you understand what it means to you, to your wife and family, and to your business, you'll realize its true value. Ask us about the new "Double Indemnity" Life Policy. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

AFTER 6 YEARS--STILL WELL

Now Strong and Hearty Though Case Looked Hopeless

"Six years ago I was in awful condition," says E. K. Chase, 36 E. Cross St., Ypsilanti, Mich. "My family was told I couldn't live more than two months. I was in constant pain from the uric acid and was so bad with rheumatism my legs seemed all drawn up. My back never stopped hurting. The kidney secretions were held back until only a few drops came, and I bloated until I thought my skin would burst. My legs were twice their normal size. "The water seemed to fill my chest and press against the heart. For three months I never moved out of the chair and I choked and gasped for breath like a dying man. All the doctoring failed, and my weight went from 185 to 125 pounds. "*Doan's Kidney Pills* saved my life. Eleven boxes cured me of every complaint. I have been well six years and able to work as hard as any man."

Sworn to before me.

BELCHING
Caused by
Acid-Stomach

Let EATONIC, the wonderful modern stomach remedy, give you quick relief from disgusting belching, food-repeating, indigestion, bloated, gassy stomach, dyspepsia, heartburn and other stomach miseries. They are all caused by Acid-Stomach from which about nine people out of ten suffer in one way or another. One writes as follows: "Before I used EATONIC, I could not eat a bite without belching it right up, sour and bitter. I have not had a bit of trouble since the first tablet."

Millions are victims of Acid-Stomach without knowing it. They are weak and ailing, have poor digestion, bodies improperly nourished although they may eat heartily. Grave disorders are likely to follow if an acid-stomach is neglected. Cirrhosis of the liver, intestinal congestion, gastritis, catarrh of the stomach—these are only a few of the many ailments often caused by Acid-Stomach.

A sufferer from Catarrh of the Stomach of 11 years' standing writes: "I had catarrh of the stomach for 11 long years and I never found anything to do me any good—just temporary relief—until I used EATONIC. It is a wonderful remedy and I do not want to be without it."

If you are not feeling quite right—lack energy and enthusiasm and don't know just where to locate the trouble—try EATONIC and see how much better you will feel in every way.

At all drug stores—a big box for 50c and your money back if you are not satisfied.

Bids for the construction of a state-owned terminal grain elevator and flour mill at Grand Forks, will be opened on April 5, it was announced today by the state industrial commission at Bismarck.

Edward Ralph, proprietor of a Sioux Falls cafe, is looking for a thief who, after stealing $57 from a tomato can in which it was concealed in his place of business, stole Ralph's automobile and escaped.

Commencement exercises were held at the North Dakota agricultural college. A class of 21 were graduated from the industrial section. The principal speaker was J. A. Worst, former president, who delivered the baccalaureate sermon.

Because wolves and coyotes increase their ravages, the Ruby Valley Stock association in Montana, has decided to put up its bounty scales. Fifty dollars is offered for a wolf and $25 for a coyote, of all ages, being an increase of $5 each.

A. C. Lowery of Huron, S. D., sold 10 acres of land adjoining the city, south of Huron college campus, for $1,500 an acre, according to reports of the Huron Commercial club. This is the highest price paid for land in Beadle county, if not the highest in the state.

Wondering at her long absence from home neighbors, led by a police officer broke into the house of Miss Mary L. Hitchcock, 68 years old, a nurse at Fon du Lac, Wis., to find her dead body in bed, clad in a night robe. Death is believed to have occurred five weeks ago.

The South Dakota state land department will offer approximately 170,000 acres of state lands at auction the last week of this month and the first part of April. The prices will range from $10 to $128 per acre, with a cash payment of 10 per cent. The land is in more than a dozen counties.

The first case under North Dakota's law, enacted to establish the legitimacy of children born out of wedlock has been completed in Case county courts and a child so born has received its father's name and been declared his legitimate heir. The law was passed by the legislature in March 1917.

Two unmasked men held up H. E Stafford, cashier in the Internal Revenue Collector's office in the federal building at Seattle, and robbed the strong box of $20,000 in currency and fled. The money represented nearly all the cash returns from the last day's income tax collections for the Seattle district.

A return of $3,560 from wild hay cut a single quarter section of Jones county, S. D., lands last year is reported. This means that the crop was grown without any preparation of seeding and the only expense was that of harvesting and marketing, which would mean that a large part of this return was not profit to the owner.

At a recent meeting of the New Rockford, N. D., Community club, committees were appointed to begin at once a campaign for the removal of the state capital to that city. An appropriation was made some time ago to cover expenses of this work. The committees will work to secure signatures enough to put the matter before the voters of the state this year.

Scores of patients at the Manhattan state hospital, many of them feeble minded, were carried to safety when fire broke out while they were attending a motion picture show. The building was destroyed. They seemed to think the fire was part of the performance. They stared at the flames and smoke and refused to move. Finally they were carried from the building shortly before the roof caved in.

Recent figures from the federal government showing that the percentage of unmarried men is higher in Montana than in any other state, bring out the explanation that it is the bachelor alien who causes this condition, especially those working in the mines.

Forty-six immigrant cars were handled in one night through the twin city terminals bound for North Dakota points, according to advices received by J. H. Worst, state's commissioner of immigration. Mr. Worst expects a large number of immigrants to come to North Dakota this year from the states of the central west.

KING HAD SOME IMAGINATION

Wonderful Story of "Waterless Sea" Would Have Done Credit to Baron Munchausen.

Prester John as a title was like the Egyptian Pharaoh and belonged to whole lines of king who reigned in the East and in Ethiopia in particular. One writer of long ago sets Abyssinia as the kingdom of Prester John. Abyssinia used to be called "Middle India."

It is related that before the year 1241 a letter was addressed by Prester John to Manuel Commenus, emperor of Constantinople, saying that in Prester John's country there is a "waterless sea," which none have ever crossed. It consists of tumbling billows of sand, never at rest, and contains fish of most excellent flavor.

Three days' journey from the coast of the sand sea is a mountain whence rolls down a "waterless river," consisting of small stones, which crumble into sand when they reach the sea.

Whoever Prester John may have been, if he invented that story, he certainly possessed a vivid imagination and considerable originality.

No Time to Lose.

Timothy approached his lady love timidly, bearing a big fish, which announced its presence subtly, but unmistakably.

"Oh, what a fine cod!" exclaimed Maria. "Wherever did you get it?"

"A man at the market gave it to me last week for helping him," replied Tim. "I've been keepin' it for your birthday."

"But my birthday ain't till tomorrow," the girl told him coyly.

"—I know, Maria, but I sort o' wondered if you'd mind keepin' it today, as—well, me and—and the fish is gettin' kind of impatient."

Work! Work! that is my unfailing cure for all troubles.—Lydia Maria Child.

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from your druggist, and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than one ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine, as this is sold under guarantee of money back if it fails to remove freckles.

MODERN YOUTH HARD TO TRAP

Little Near-Tragedy Story That Is an Example of His Quick Wit and Duplicity.

Of course, he shouldn't have done it, and all that sort of thing, but both Hazel and Betty were charming girls, and it was summertime, and he was young, and he had gone and got himself engaged to both of them. He was sitting on the beach pondering the various problems this situation presented, when two soft hands were laid lightly over his eyes and a soft voice whispered at the back of his head "Guess who?"

Now, the voices of Hazel and Betty were much alike, too much alike when heard as a whisper to make identification sure. And it didn't help any when the voice cooed—"I'll give you a hint—it's some one you told you loved."

Still he hesitated, his mind in a whirl. Should he name either girl and chance it? Already he felt a cooling of the air, as the voice continued: "Well, if that doesn't tell you who—"

"Of course I know who it is!" he exclaimed. "It is the prettiest, sweetest, dearest, smartest little girl in all the world!"

"Oh, you dear old boy!" she chirped in satisfied delight. "How did you really know for sure it was I?"

The elevator may be lowered, but the boy who runs it is hired.

Safety First.

Mrs. Smith and her daughter attended the movie. On entering they found it very dark. The daughter, taking the lead, found seats No. 2 and 3, about midway in the balcony. The man in seat No. 1 stood up to let the two pass, and when they had entered the row the mother thought she was falling and reached her hand forward to catch herself. The man, still standing, said to the mother: "Lady, you have your hand on that man's head."

Drawing her hand back with surprise, she turned to the speaker and said: "Oh, I thought it was a post, for it shone like that post up there."

After seating herself she addressed her daughter in a loud voice, and said: "I put my hand right on that man's head," pointing to a man in the row below. Much laughter followed and many lost interest in the rest of the film.

Beginner's Luck.

"Stranger," said Plute Pete, "you've won quite a little money since we began to teach you this game known as draw poker."

"I've had what might be called beginner's luck."

"You sure have. And me and Three-Finger Sam here has decided it's about time to change the entertainment to some kind of a game that you know and we don't."

The less a man knows about politics the more angry he gets in a political argument.

"Yes, if I have any innings this spring."

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and ¼ oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. It will gradually darken streaked, faded gray hair, and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.—Adv.

FASCINATED THE FAIR SEX

Marat, Repulsive in Person and Manners, Was Noted for His Attractiveness to Women.

Jean Paul Marat, one of the leading and most infamous figures of the French revolution, was described by a contemporary as "beyond any question the ugliest man in the whole of France—and not merely ugly, but positively repulsive in person, habits and manners." And yet, in his early years, he was the most popular physician in Paris, not because of supposed professional skill, but on account of his attractiveness to women, the most wealthy and beautiful women of France daily crowding his consultation rooms, pushing, almost fighting, to get a word or perhaps, a single from him. That he turned a cold shoulder to their allurements seemed only to inflame their ardor, and at one time he contemplated flight, so embarrassing became their attentions. Even when he contracted a loathsome skin disease while hiding in the sewers of Paris, fair women continued to adore him.

HAPPENINGS IN GOPHER STATE

News From All Parts of Minnesota Given in Condensed Form.

EVENTS BRIEFLY TOLD

Where Busy Readers Will Find News From All Parts of State Tersely Chronicled for Their Benefit.

Pipestone.—The carpenters of Pipestone have formed a local union with a charter membership of 20.

Jasper.—Potato growers of Pipestone county, in session here, decided to form a permanent organization.

Hutchinson.—Benjamin Ross, a resident of Hutchinson, since 1856, died at his home here at the age of 80 years.

Two Harbors.—Gust Norlen died very suddenly at his home from blood poisoning resulting from an ulcerated tooth.

Hallock.—A. D. Griffin has been reelected superintendent of the Hallock public schools at a salary of $2,400 a year.

St. Peter.—Owing to the high price of building materials, two business blocks will not be built here this spring.

Baudette.—J. A. McArthur has been re-elected superintendent of the local schools for the coming year at a salary of $2,400.

St. Paul.—Administrators for the $995,280.54 estate of the late Frederick W. Benz paid an inheritance tax of $76,514.31.

Mora.—There were 223 births reported from Kanabec county during 1919 and 64 deaths, an increase of 159 births over deaths.

Pine River.—G. H. Atwood has arrived from Long Prairie and taken up the work of agriculture instructor in the Pine River school.

Fergus Falls.—Leo A. Sweazey, cashier at the Northern Pacific station here, gave himself up, saying that he was short in his accounts.

Luverne.—Statistics for 1919, made public by the Luverne county farm bureau, show that business totaling $49,000 was done in the sale pavilion.

Hibbing.—Beauty spots near the Mesaba range near Hibbing will be advertised if the Commercial Club is successful in carrying out the plans it has formulated.

Moorhead.—Eighteen hundred bushels of certified seed potatoes will be planted this spring on the Theodore H. Skrei farm, northeast of Moorhead on the Buffalo river.

Windom.—Professor L. J. Hollinter, now connected with the public schools of Springfield, Minn., has been elected superintendent of the Windom schools for the coming year.

Waseca.—Voters of Waseca will be given an opportunity to vote on a $65,000 bond issue for the construction of the proposed new city hospital at the city election, April 5.

Albert Lea.—P. C. Baker, superintendent of public schools here and former president of the Minnesota Educational association, resigned to take the superintendency of the Grand Rapids, Minn., public schools.

Medford.—O. S. Lutes, head of the history department at Faribault, has been chosen as superintendent of the Medford consolidated schools, to succeed F. C. Lewis, who recently resigned.

Hastings.—Only nine of 18 teachers of the public schools here elected for the ensuing year accepted the positions. Inadequate salary to meet the living costs were given as the cause for refusal.

Crookston.—March 25, the Northwest School of Agriculture will hold its twelfth commencement exercises when twenty-eight will be given diplomas, having finished the regular agricultural course.

Luverne.—Mr and Mrs Rasmus Halverson of Luverne have presented each one of their 10 children with a quarter section of improved land in Rock county. Each of the gifts is appraised at $26,000.

Luverne.—Present indications are that the proposed high school building will not be erected this year. A $350,000 bond issue has been voted for the structure but, it is said, the amount will be inadequate to carry out the building program.

Winona.—Three cases of poisoning here as a result of eating stuffed olives were reported to the city health officers. The three cases were in the same family, where father, mother and child were made severely ill but are practically recovered.

Mankato.—Teachers of the Mankato state normal school toured to neighboring towns to follow up work of normal school graduates and see how they are progressing and to meet high school seniors and discuss with them the possibility of taking up a teaching course.

Northfield.—Defeating Mankato in the final game of the tournament, 21 to 10, Red Wing won the Minnesota state high school basketball title. This is the second time Red Wing has taken the state honors, winning before in 1915. Art Rolfe, former Carleton star, is coach of the winning team.

Clear Lake.—Petitions are now being circulated asking the city council to submit to the voters at the coming municipal election the question of levying a tax of not more than 1 mill for the support of the Clear Lake band. The band was recently formed with 30 musicians.

LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Adv.

SOME FACTS AND FANCIES ABOUT THE PHILIPPINES

There Has Been Much Misrepresentation in America About People and Conditions.

By MAXIMO M. KALAW, Secretary of the Philippine Mission.

Maximo M. Kalaw.

A certain lady at the St. Louis Exposition saw at a ballroom a brown complexioned man in faultless evening dress and accosted him with the inquiry, "I suppose you are Japanese, sir?"

The man addressed replied, "No, madam."

"Then you must be Chinese," she said.

"No, I am not. I am a Filipino," he replied.

"How's that?" asked the lady. "I thought they were all savages living in the woods."

"Well, I'll tell you how I came here," he said. "A month before I left the Philippines I was living in the woods, but the American Governor decided to catch as many wild men as possible, train them and send them over here. So here I am, just as you see." And the St. Louis lady actually believed him.

That is what you would call fancies about the Philippines. The fact is, however, that the 11,000,000 Filipinos and their ancestors have been civilized and Christians for 300 years; that the non-Christian population, according to the census of 1918, is only 500,000, and even these are not all uncivilized.

Another fancy is that not until the coming of the Americans were school buildings seen in the Islands, roads built, or substantial houses erected. Do you know that for hundreds of years the Filipinos have had colleges and schools and that the University of Santo Tomas is only twenty-five years older than Harvard? That as early as 1866, out of a population of 4,000,000 people, there were 841 schools for boys and 833 for girls? That in 1892, eight years before the coming of the Americans, there were 2,137 schools?

"To grant self-government to Luzon under Aguinaldo would be like granting self-government to an Apache reservation under some local chief." Thus spoke a former President of the United States during the Filipino-American war. Exaggeration could be an excuse at a time when the dignity of the American people demanded the extinction of Filipino opposition, but do you know that the Philippine Republic, before the American occupation of the Islands, had the approval of prominent Americans who were on the spot—like John Barrett, Director of the Pan-American Union, who compared it favorably with the Japanese government? That Admiral Dewey considered the Filipinos better fitted for self-government than the Cubans? That they had drafted a constitution at Malalos which elicited the approval of distinguished Republicans like the late Senator George F. Hoar? That before the coming of the Americans they had produced national heroes like the martyred Jose Rizal, pronounced by a Republican congressman, Representative Cooper, as the noblest victim that has ever fallen into the clutches of tyranny?

And do you know that the Filipinos have not had for hundreds of years any caste system, blood distinction or royal families, and that, unlike their oriental sisters, they are the only Christian people in the orient?

People have pictured an ignorant mass of Filipinos, illiterate, poor, living a life of servitude for a few wealthy land owners and foreigners, with no houses or farms or property of their own. Do you know that 70 per cent. of the people above ten years of age can read and write and that this percentage of literacy is almost as high as some of the states of the Union? That it is higher than in any country of South America, higher than the literacy of the Spanish people, and unquestionably above that of any of the new countries recognized in Europe? Do you know that there are a million and a half farms in the Philippines and that 96 per cent. of these farms are owned by Filipinos. In other words, that out of the 11,000,000 Christian Filipinos, 8,000,000 of them at least live on their own farms, with houses of their own, independent of any absentee landlord or foreign master? That 91 per cent. of the urban property consisting of houses and lands is owned by the natives of the Philippines, and only 9 per cent. is in the hands of foreigners? Yet these are facts cabled by Acting Governor Charles Emmett Yeater to the War Department from the recent census estimates.

Having solemnly promised the Filipinos their independence and having gone before the world as the champion of self-determination, the Filipino people cannot understand how America can consistently refuse to make good these promises.

CLIMATE OF THE PHILIPPINES.

The Philippine Islands have a mildly tropical climate. The nights are cool and sunstrokes are unknown. The temperature record for the past thirty years shows an average of 80 degrees.

MORTGAGE FORECLOSURE SALE

Notice is Hereby Given, That default has been made in the conditions of a certain mortgage, containing a power of sale, executed by John E. McDonagh and Ovidie C. McDonagh, his wife, as mortgagors to B. L. Backe as mortgagee, dated the 21st day of May, A. D. 1914, and recorded in the office of the Register of Deeds of Marshall Co., State of Minnesota, on the 3rd day of June, A. D 1914, at the hour of 8:00 o'clock and 30 minutes in the forenoon of said day, in Book "74" of Mortgage Records, at page 120 thereof and which mortgage together with the debts secured thereby was duly assigned by said B. L. Backe, Mortgagee, to Mrs. Hannah Funk by written assignment, dated the 6th day of June, 1914, and recorded in the office of said Register of Deeds on the 7th day of January, 1915, at 8:30 A. M., in Book 75 of Mortgages on page 92 thereof, and that said default consists of failure to pay the sum of Two Hundred Dollars ($200.00) and interest thereon at six (6) per cent per annum since December 1, 1918, and that there is due and payable at the date of this notice upon said mortgage and the debt secured thereby the sum of Two Hundred Fourteen and no 100ths ($214.00) Dollars; and that no action or proceeding has been instituted to recover said debt secured by said mortgage or any part thereof;

And Therefore, That by virtue of said power of sale in said mortgage contained, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed and the land and premises described therein and covered thereby, situate lying and being in the County of Marshall State of Minnesota, and described as follows, to wit:

The Northeast Quarter (NE 1-4) of Southeast Quarter (SE 1-4) of Section Eight (8) in Township One Hundred Fifty-seven (157), North, of Range Thirty-nine (39), West, which will be sold at public auction to the highest bidder therefor, for cash, by the sheriff of said Marshall County, to satisfy and pay the amount which shall then be due on said debt so secured by said mortgage, and the sum of Twenty-five ($25.00) Dollars, stipulated in said mortgage, as attorney's fees and the costs and expenses of these foreclosure proceedings as allowed by law; and that the said sale will be made at the front door of the court house in the city of Warren in said Marshall County, State of Minnesota, at the hour of 10:00 o'clock in the forenoon, on Saturday, the 3rd day of April, 1920.

Mrs. Hannah Funk,
Assignee of Mortgagee.

Dated the 3rd day of Feb. 1920
Chas E. Boughton, Attorney
for Assignee of Mortgagee.

The grains of seed wheat, besides being all of one variety, should also be heavy, plump and spherical and free from dirt, weed seeds, or injured, sick or immature kernels.

The seed promotes stooling and the production of spring plants and benefits yield and quality of grain as well as making a stiffer straw. In a small or shriveled seed there is insufficient food supply or an imperfectly developed grain, so the plants from such seed usually have not the power to live although the seed may sprout quite successfully.

Therefore the wise farmer will see that his seed is recleaned thoroughly. One of the most profitable things to do is run the seed through a fanning mill a second time so that the kernels will all be the same size, which will enable them to get an even start and mature at the same time.

SPRING WHEAT

The acreage of spring wheat in 1919 was much greater and up to June we had the promise of the very best crop on record, yet the weather conditions in many localities were such that in Minnesota, North and South Dakota only about 114,000,000 bushels were harvested, much of it being very chaffy, scabby and smutty and unfit for seed.

More than 80,000,000 bushels have already been marketed and our seed requirements for the three states are about 15,000,000 bushels.

As every grain man knows, the wheat now being shipped is badly mixed, full of trash and light in weight, making much of it unfit for seed.

So it therefore becomes imperative that all of those interested in the prosperity of the Northwest should unite for action, make a local survey of seed conditions and where there is a surplus of good seed, make it known, and where there is a shortage, immediately locate proper seed and make some arrangement for financing it and distributing it to the farmers. If there is any 1918 wheat at your station of good quality, you should see that it is held for seeding? Don't mix it in with the new wheat to make grades. You might possibly save a fraction of a cent, but you will sacrifice many bushels in the next crop.

The farmer must first become prosperous before any one can prosper.

PROSPERITY

In a good wheat year every one is prosperous. The farmer must be prosperous before anyone else may prosper. We must have bread and the world is willing to pay the farmer a liberal price for his wheat.

Life Insurance As a Protection

Life Insurance is more than just "protection" for your wife and family. It is protection for you in your business ventures. It is protection for you in your old age. The cost to you is not money thrown away or lost forever. It is an investment of the best kind, a sure dollar-for-dollar proposition. Life insurance is only another means of saving your money PLUS the protection it offers. When you understand what it means to you, to your wife and family, and to your business, you'll realize its true value. Ask us about the new "Double Indemnity" Life Policy. Have settled claims for $6000,00 thru this agency in past year and a half.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

FIND THE CAUSE!

It isn't right to drag along feeling miserable—half sick. Find out what is making you feel so badly and try to correct it. Perhaps your kidneys are causing that throbbing backache or those sharp, stabbing pains. You may have morning lameness, too, headaches, dizzy spells and irregular kidney action. Use *Doan's Kidney Pills*. They have helped thousands of ailing folks. Ask your neighbor!

A North Dakota Case

Mrs. W. E. Crawford, 123 W. Sixth St., Devils Lake, N. Dak., says: "I suffered a great deal from heavy bearing-down pains in the lower part of my back, especially during the day. A tired feeling clung to me; I felt all worn out and had no ambition. Doan's Kidney Pills were highly recommended and soon after using them I got relief. They took away the distress in my back and made me feel a hundred per cent better."

INDIGESTION
Caused by
Acid-Stomach

Millions of people—in fact about 9 out of 10—suffer more or less from indigestion, acute or chronic. Nearly every case is caused by Acid-Stomach.

There are other stomach disorders which also are sure signs of Acid-Stomach—belching, heartburn, bloat after eating, food repeating, sour, gassy stomach. There are many ailments which, while they do not cause much distress in the stomach itself, are, nevertheless, traceable to an acid-stomach. Among these are nervousness, biliousness, cirrhosis of the liver, rheumatism, impoverished blood, weakness, insomnia, melancholia and a long train of physical and mental miseries that keep the victims in miserable health year after year.

The right thing to do is to attack these ailments at their source—get rid of the acid-stomach. A wonderful modern remedy called EATONIC now makes it easy to do this.

One of hundreds of thousands of grateful users of EATONIC writes: "I have been troubled with intestinal indigestion for about nine years and have spent quite a sum for medicine, but without relief. After using EATONIC for a few days the gas and pains in my bowels disappeared. EATONIC is just the remedy I needed."

We have thousands of letters telling of these marvelous benefits. Try EATONIC and you, too, will be just as enthusiastic in its praise.

Your druggist has EATONIC. Get a big 50c box from him today. He will refund your money if you are not satisfied.

One of the outfits patrolling the border during the Mexican tangle in 1916 had recruited to strength with a collection of raw material that knew little about the finer points of military tactics. One of the rawest of the raw was on guard duty one night after taps, when a major passed unchallenged.

"Don't you want the countersign?" inquired the officer sternly.

"No, thanks, major," replied the sentry. "The fellow in the guardhouse gave it to me already."—Home Sector.

HAS NO PAIN NOW

What Lydia E. Pinkham's Vegetable Compound Did for Mrs. Warner.

Onalaska, Wis.—"Every month I had such pains in my back and lower part of stomach I could not lie in bed. I suffered so it seemed as though I would die, and I was not regular either. I suffered for a year and was unfit to do my housework, could only wash dishes once in a while. I read an advertisement of what Lydia E. Pinkham's Vegetable Compound had done for other women and decided to try it. It surely did wonders for me. I have no pains now and I can do my housework without any trouble at all. I will always praise your medicine as I do not believe there is a doctor that can do as much good in female weakness, and you may use these facts as a testimonial."—Mrs. LESTER E. WARNER, R. 1, Box 69, Onalaska, Wis.

The reason women write such letters to the Lydia E. Pinkham Medicine Co. and tell their friends how they are helped is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives. Freed from their illness they want to pass the good news along to other suffering women that they also may be relieved.

Oh, What's the Use?

"More money? Why, only yesterday I gave you $20."

"Yes, dear, but I spent that on a new hat."

"But I gave it to you to buy food. You can't feed yourself on a new hat."

"I can feed part of myself with it."

"What do you mean?"

"I can feast my eyes on it."

The nomination of Bainbridge Colby as secretary of state has been confirmed by the senate.

Representative W. J. Browning of Camden, N. J., dropped dead in the barbershop at the capitol.

An investigation of the profits of the beet sugar manufacturers in the Colorado district was ordered by the department of justice.

An official estimate by the state department placed the number of Americans in Germany at about 8,000, of whom approximately 400 are women.

Overnight bags or suitcases may be searched on sight by official enforcers of the "dry" act, according to a ruling by United States Commissioner McGoldrick.

The naval appropriation bill carrying $425,000,000 to complete the 1916 three year building program and providing a personnel of 125,000 passed the house and goes to the senate.

Thomas A. Scott resigned as a member of the shipping board effective April 15, and John E. Cushing as director of operations effective April 1. Both will return to private business.

Arrangements have been completed by the senate subcommitee on privileges and election for recounting the Michigan ballots to determine whether Truman H. Newberry or Henry Ford was elected senator in 1918.

President Wilson posed for more than five minutes for moving picture men as he was leaving the White House grounds for an automobile ride. The pictures showed him somewhat thinner than before his illness.

Robert Lansing, former secretary of state, has accepted honorary chairman of the National Interchurch board, which has effected a strong alliance of more than a score of church denominational organizations to fight the "red" menace.

One of the first acts of Bainbridge Colby after he assumed the office of secretary of state was to request the chairman of the foreign relations committee to lift the lid off the mystery surrounding his fitness for the position of secretary.

Leaders of 1,850,000 railroad employees presented wage advance demands totalling $1,100,000,000 to the joint conference of managers and employees here. The question eventually will go to the railroad labor board soon to be appointed by the president.

"Don't waste," Secretary of Commerce J. W. Alexander urged upon the American housewife, calling attention to the possibility of utilizing much of the refuse which will be disclosed by the spring house cleaning. At least $450,000,000 worth of waste paper, rubber, metals and other articles sent to the rubbish heap each year can be reclaimed, the secretary said.

NAME "BAYER" ON GENUINE ASPIRIN

Safe and proper directions are in every "Bayer package."

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Then you are getting the true, world-famous Aspirin, prescribed by physicians for over 18 years.

Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions to safely relieve Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally.

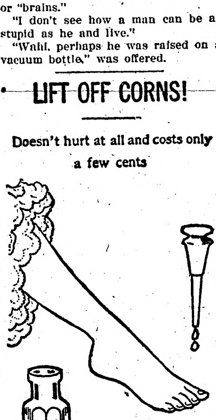
Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

Cracker Barrel Senate Decision.

Not all the time of the cracker barrel senate is devoted to politics and the league. Discussion swung to one of the less gifted members of the community, at least less gifted in intellect or "brains."

"I don't see how a man can be as stupid as he and live."

"Wahl, perhaps he was raised on a vacuum bottle," was offered.



LIFT OFF CORNS!

Doesn't hurt at all and costs only a few cents

Magic! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift the corn off with the fingers! Truly! No humbug!

Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius.—Adv.

New Life-Saving Device.

Firing a test shot with its barrel full of water was the unusual performance of an improved form of gun for shooting a life line over a wrecked vessel, in recent official trials, says Popular Mechanics Magazine. A one-piece shell containing powder and projectile gives the new gun a great advantage over the old muzzle-loading type. The barrel may be regulated to elevations of thirty, forty-five, sixty or eighty degrees, and its range is 1,700 feet. The barrel is readily carried by one man, and the one-piece carriage has a pair of wheels for easy hauling. The firing mechanism is actuated by a lanyard, and the lifeline, attached to the projectile, unwinds from the center of the reel without kinking.

His Liver.

Recently John, the young son of the pastor of the Brightwood Methodist church, was sick. His father took him to see Dr. W. C. Engle. The doctor was giving him a thorough examination to determine his ailment.

In the examination he said: "John, I am going to see whether you have a liver. Have you a liver, John?"

The boy replied: "Not yet; I will have one after dinner."

"After dinner," said the doctor. "How is that, John?"

"Well," said John, "mother is cooking an old hen for dinner, and I am going to eat her liver."—Indianapolis News.

BAD BLOOD, BOILS

Davenport, Iowa.—"Dr. Pierce's Golden Medical Discovery at one time saved me a lot of suffering. My blood was in very bad condition, which resulted in my having numerous boils. I could not get them out of my system until I took the 'Golden Medical Discovery' and it so purified my blood that I have never had any more such trouble.

The Itching and Sting of Blazing, Fiery Eczema

Seems Like the Skin Is on Fire.

There is a harassing discomfort caused by Eczema that becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source.

The source of Eczema is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain. Get a bottle today, and you will see results from the right treatment. Write for advice. REASON IN LOWER ANIMALS

That They Possess More Than Mere Instinct Seems to Have Been Abundantly Proved.

In the woods when male deer get to fighting, the rattle of their clashing antlers may be heard a long way off, and sometimes other males hearing the sound make toward it and lure away the female over which the other two are fighting.

Hunters frequently employ this knowledge of deer habits to decoy bucks into range of their rifles by rattling together a couple of sets of old antlers.

Take it all in all, it is hardly fair to the animals to say they merely possess instinct, when we have so many instances of their reasoning powers. If monkeys were able to preserve the best thoughts of each generation of their species as humans do with the printing press—well, anyway, it is too bad that Garner didn't live to establish on the Florida coast his monkey colony. Had he done this, who knows what startling discoveries he might have made concerning their intellect?—Exchange.

Seeing Ourselves.

A well-known film buyer was chatting to a producer the other day and became so interested in the subject of film acting that the latter thought he ought to be tactful and offer him a part. When the film was complete the producer invited the buyer to see himself as he really was.

"Well!" said Mr. Producer, "and are you going to buy the film?"

"No," replied Mr. Buyer. "I'm going to commit suicide!"

MEANT FORM OF CRITICISM

Original Expression, "Getting the Dickens," Was Not, as Many Think, Something Profane.

Sometime, somewhere, from somebody we all get "the Dickens." And those of us who become prominent get it more than the others.

Among those of us ordinary mortals who occasionally find relief in letting off steam in the form of something more expressive than slang, there seems to be a common misconception that "getting the Dickens" is a modification or abbreviation of (heaven help us!) "getting the devil." It is not. It is a harmless, legitimate and respectable expression that may be used with impunity in the best of company. It is simply an allusion to our old friend, Charles Dickens.

Though immortal as a novelist, Dickens was well known in his own time as a newspaper man. So vitriolic is he said to have been in his attacks on faulty public officials or other prominent men that gradually it came to be said, when anyone was criticised by him, that he got "the Dickens."

Not Disappointed.

My friend's mother was reported to have died, so I immediately called at the house. My friend opened the door and I said: "So your dear mother is dead." She looked surprised and answered: "Why, no." I said: "Well, isn't that too bad." I meant, of course, that it was too bad such a report had got started.—Exchange.

No Rest.

"Darling," she said, "if you should die before me I shall certainly try to talk to you."

"Gosh," he said, "aren't you even going to give me a minute's rest after death?"

Even when you want to, don't believe half that you hear.

The lack of riches is almost as bad as the abuse of them.

HAPPENINGS IN GOPHER STATE

News From All Parts of Minnesota Given in Condensed Form.

EVENTS BRIEFLY TOLD

Where Busy Readers Will Find News From All Parts of State Tersely Chronicled for Their Benefit.

Stillwater.—The fine country home of Judge J. N. Searles has been sold to E. L. Owens of Knoxville, Ill.

Fergus Falls.—Leo A. Sweazey, cashier at the Northern Pacific station here, gave himself up, saying that he was short in his accounts.

Cass Lake.—Frank Gorenflo, who operated the Endion hotel here seven years, has sold the property of Fred Potter, who is making numerous improvements.

Duluth.—Fire believed to have been started by children playing with matches, caused the death of three children of Mr. and Mrs. John T. Allen, Negroes.

New Ulm.—The Minnesota river rose considerably here, but it is well within its banks and no flooding of the lowlands is expected unless a protracted rainy season sets in.

Bagley.—For the office of postmaster at Bagley, an examination has been announced to be held at the Bemidji postoffice, April 14. The office has an annual compensation of $1,400.

Duluth.—James E. Ten Eyck, Jr., rowing coach of the Duluth Boat club, is named as defendant in a divorce suit brought by his wife, Mrs. Belle Ten Eyck, who charges desertion.

St. Cloud.—George Schumacher, a plumber, was injured when a portion of wall at the new factory of the Pandolfo Manufacturing company was blown to the ground by the high wind.

Moorhead.—The combined contracts for the high school and grade schools to be built in Moorhead will amount to more than $400,000, according to A. M. Hopeman, president of the board of education.

Marshall.—Mayor Schultz, who is spending the winter in California, petitioned by mail to allow his name to be used as a candidate for re-election, has written back declining the honor of the second term.

Virginia.—Fire caused by an explosion of a gas tank completely destroyed the mail car on a Duluth, Winnipeg and Pacific railroad passenger train at Putnam. The mail clerk sustained minor burns and bruises.

Bemidji.—Bemidji is receiving no small amount of advertising as the result of being designated as the northern terminal of the Missisippi River Scenic highway, which extends from this city to New Orleans.

Duluth.—With the gradual receding of the waters in the St. Louis river, the massive gorge jammed at the Fond du Lac bridge, broke up and moved down stream. Danger of further inundations of the river bank have passed, it is believed.

Cloquet.—Cloquet residents were apprehensive of the melting snows which put the Cloquet river in a dangerous condition. It overflowed at several places, but no serious damage near Cloquet has been reported. At Brookston, the only bridge available to automobile and team traffic, collapsed when the ice jam demolished temporary piling of the structure.

Ironton.—Leaving a note of farewell to his wife, in which he gave her all his household goods, money coming from the village and from the government, "But" Russ, the newly elected village clerk here, left and his whereabouts are unknown. He was a returned soldier. He is not known to have had any trouble and his action is a mystery to his fellow townsmen.

International Falls.—Sheriff Hugh McIntosh, who disappeared from this city last December, telephoned to an attorney here, a friend of his, resigning as sheriff of Koochiching county, and giving the attorney the power of attorney to act for him in collecting for him back pay from the county and looking after McIntosh's interests. The attorney said that McIntosh had not left the county because of the railroad strike, but "because of domestic difficulties."

Ortonville.—Floods in the Little Minnesota, Whetstone and Yellow Bank rivers are subsiding rapidly. These streams have their sources in the Dakota hills, where there was a large amount of snow. The recent warm weather melted it rapidly and sent the water in torrents down the three streams to the Minnesota river, which was already bank full. A flood in the Minnesota river valley resulted. Browns Valley was under water and residents were taken from their houses to places of safety in boats. Wagon roads are impassable and bridges have been carried away.

Ulen.—A new hotel this summer for Ulen is one of the aims of the new Community club, which was organized here at a meeting of town and country people, under the direction of Judge Frank T. Wilson, community advisor of the University of Minnesota, and Miss Esther Ferris, Clay county home demonstration agent.

Hibbing.—Sealed bids will be received at the office of the state auditor St. Paul, until April 12, for the brushing, cleaning, stumping, scrubbing and breaking of state lands situated in Itasca, St. Louis and Cass counties.

The Worm Turns.

"A committee to see you, sir," said the secretary.

"What does the committee want?" asked Mr. Grabcoin, in his crossest manner.

"It has a plan to lay before you, but I couldn't get the chairman to tell me what kind."

"I know what kind of plan it is. It's the sort that spells 'T-o-u-c-h.' Tell the esteemed committee I've gone to Florida and may run over to Cuba, where strong drink rages and wine is a mocker."—Birmingham Age-Herald.

A Learned Capital.

Aarau, capital of the Swiss canton of Argovia, posseses one of the hardest working libraries in the world. Though the library consists of only 80,000 volumes—which is not so large as public institutions go in the United States—the population of the capital itself is only 10,000. With eight volumes per inhabitant, the library of Aarau has just cause to boast of itself as a miniature Athens.

Logic in Her Assertion.

Mabel, age seven, led off after the Sunday blessing with a story she had heard on the way home from Sunday school. "A little boy," said Mabel, "who went to ball games said Sunday school wasn't much different from ball games, because at the Sunday school they sang, 'Stand Up for Jesus,' and at the ball game they said—"

"Mabel!" cried the horrified family in unison, "don't tell that story!"

"Why?" asked Mabel. "Have you all heard it?"

"Of course, and it's—"

"Well, then," proceeded Mabel calmly, "it won't hurt you to hear me tell it."—Kansas City Star.

GRIDDLE CAKES and WAFFLES

From the NEW ROYAL COOK BOOK

THERE is an art in making flapjack pancakes, griddle cakes or wheats, call them what you will. But it is an art very easily and quickly acquired if you follow the right recipes.

Here are some recipes for a variety of breakfast cakes that will make grandmother envious. The secret, of course, is Royal Baking Powder.

Royal Hot Griddle Cakes

2 cups flour
½ teaspoon salt
4 teaspoons Royal Baking Powder
1½ cups milk
2 tablespoons shortening

Mix and sift dry ingredients; add milk and melted shortening; beat well. Bake on slightly greased hot griddle.

Griddle Cakes with Eggs

1¾ cups flour
½ teaspoon salt
3 teaspoons Royal Baking Powder
2 eggs
1½ cups milk
1 tablespoon shortening

Mix and sift dry ingredients; add beaten eggs, milk and melted shortening; mix well. Bake immediately on hot griddle.

ROYAL BAKING POWDER

Absolutely Pure

Buckwheat Cakes

2 cups buckwheat flour
1 cup flour
6 teaspoons Royal Baking Powder
1½ teaspoon salt
2½ cups milk or milk and water
1 tablespoon molasses
1 tablespoon shortening

Sift together flours, baking powder and salt; add liquid, molasses and melted shortening; beat three minutes. Bake on hot greased griddle.

Waffles

2 cups flour
4 teaspoons Royal Baking Powder
¾ teaspoon salt
1¾ cups milk
2 eggs
1 tablespoon melted shortening

Sift flour, baking powder and salt together; add milk to yolks of eggs; mix thoroughly and add to dry ingredients; add melted shortening and mix in beaten whites of eggs. Bake in well greased hot waffle iron until brown. Serve hot with maple syrup. It should take about 1½ minutes to bake each waffle.

NOTICE OF MORTGAGE FORECLOSURE SALE.

Default having been made in the conditions of that certain mortgage hereinafter described, which said default consists of the mortgagor's failure to pay the 1918 taxes against the premises covered by said mortgage, and which taxes are now past due and delinquent and at date hereof amount to One Hundred Sixty and 97-100 (160.97) Dollars, which said mortgage was duly executed and delivered by Harry C. Maltby and Minnie B. Maltby, his wife, Mortgagors to B. Docken, Mortgagee, bearing date the 5th day of April, 1918, and with a power of sale therein contained duly recorded in the office of the Register of Deeds in and for the County of Marshall and State of Minnesota on the 24th day of April, 1918, at nine o'clock a. m., in Book 93 of Mortgages on Page 14, and whereas, the said mortgagee and holder of said mortgage has duly elected and does hereby elect to declare the whole principal sum of said mortgage due and payable at the date of this notice under the terms and conditions of said mortgage and the power of sale therein contained, and whereas, there is actually due and claimed to be due at the date of this notice the sum of One Thousand Fifty-five and 67-100 ($1,055.67) dollars, and whereas, said power of sale has become operative, and no action or proceedings have been instituted at law, or otherwise, to recover the debt secured by said mortgage, or any part thereof;

NOW THEREFORE, Notice is hereby given, that by virtue of the power of sale contained in said mortgage, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described in and conveyed by said mortgage, viz: The Southeast Quarter (SE¼) of Section Four (4) in Township One Hundred Fifty-five (155) North of Range Forty-one (41) West of the Fifth principal meridian, and, the West Half of the Southeast Quarter (W½SE¼), Southwest Quarter of the Northeast Quarter (SW¼NE¼) and Lot Two (2) of Section Two (2) in Township One Hundred Fifty-six (156) North of Range Forty-one (41) West of the Fifth Principal Meridian, in Marshall County, Minnesota, with the hereditaments and appurtenances, which sale will be made by the Sheriff of said Marshall County at the front door of the court house in the city of Warren in said county and state on the 24th day of April, 1920, at eleven o'clock a. m. of that day at public vendue to the highest bidder for cash to pay said debt of One Thousand Fifty-five and 67-100 (1,055.67) dollars and interest, and the taxes on said premises and Fifty ($50.00) dollars Attorney's fees as stipulated in and by said mortgage in case of foreclosure, and the disbursements allowed by law, subject to redemption at any time within one year as provided by law.

B. DOCKEN,
Mortgagee.

A. N. ECKSTROM,
Attorney for Mortgagee, Warren, Minn.

MORTGAGE FORECLOSURE SALE

Notice is Hereby Given, That default has been made in the conditions of a certain mortgage, containing a power of sale, executed by John E. McDonagh and Ovidte C. McDonagh, his wife, as mortgagors to B. L. Backe as mortgagee, dated the 21st day of May, A. D. 1914, and recorded in the office of the Register of Deeds of Marshall Co., State of Minnesota, on the 3rd day of June, A. D 1914, at the hour of 8:00 o'clock and 30 minutes in the forenoon of said day, in Book "74" of Mortgage Records, at page 120 thereof and which mortgage together with the debts secured thereby was duly assigned by said B. L. Backe, Mortgagee, to Mrs. Hannah Funk by written assignment, dated the 6th day of June, 1914, and recorded in the office of said Register of Deeds on the 7th day of January, 1915, at 8:30 A. M., in Book 75 of Mortgages on page 92 thereof, and that said default consists of failure to pay the sum of Two Hundred Dollars ($200.00) and interest thereon at six (6) per cent per annum since December 1, 1918, and that there is due and payable at the date of this notice upon said mortgage and the debt secured thereby the sum of Two Hundred Fourteen and no 100ths ($214.00) Dollars; and that no action or proceeding has been instituted to recover said debt secured by said mortgage or any part thereof;

And Therefore, That by virtue of said power of sale in said mortgage contained, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed and the land and premises described therein and covered thereby, situate lying and being in the County of Marshall State of Minnesota, and described as follows, to wit:

The Northeast Quarter (NE 1-4) of Southeast Quarter (SE 1-4) of Section Eight (8) in Township One Hundred Fifty-seven (157), North, of Range Thirty-nine (39), West, which will be sold at public auction to the highest bidder therefor, for cash, by the sheriff of said Marshall County, to satisfy and pay the amount which shall then be due on said debt so secured by said mortgage, and the sum of, Twenty-five ($25.00) Dollars, stipulated in said mortgage, as attorney's fees, and the costs and expenses of these foreclosure proceedings as allowed by law; and that the said sale will be made at the front door of the court house in the city of Warren in said Marshall County, State of Minnesota, at the hour of 10:00 o'clock in the forenoon, on Saturday, the 3rd day of April, 1920.

Life Insurance As a Protection

Life Insurance is more than just "protection" for your wife and family. It is protection for you in your business ventures. It is protection for you in your old-age. The cost to you is not money thrown away or lost forever. It is an investment of the best kind- a sure dollar-for-dollar proposition. Life insurance is only another means of saving your money PLUS the protection it offers. When you understand what it means to you, to your wife and family, and to your business, you'll realize its true value. Ask us about the new "Double Indemnity" Life Policy. Have settled claims for $6000.00 thru this agency in past year and a half.

He says the soil here is fine for the raising of cabbages, onions, rutabagas and all root crops.

Your cows will be glad to get any cabbages or rutabagas that are too small or of too ill shape for market.

In Memoriam

In loving memory of my dear husband Olof who died six sad months ago on Oct. 1st 1919.

A happy home we once enjoyed,
How sweet the memory still;
But death has left a vacant chair
The world can never fill.

A precious one has gone away
A voice I loved is stilled;
A place is vacant in my heart
That never can be filled

Patiently he suffered,
His troubles he bore,
But now it is ended,
He suffers no more,
To sleep I leave him,
in quiet and rest;
The parting was painful,
But God knows best.

His loving wife.
Albertina Johnson.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Nerves All Unstrung

"But Doan's Made Life Again Worth Living," Says Mrs. Harris

"I was in excellent health until my kidneys weakened," says Mrs. N. A. Harris, 1009 Indiana St., Neodesha, Kansas. "The kidney secretions burned like fire and passed so often I couldn't get a moment's rest. My back ached and for days at a time I was confined to bed, fairly tortured with the sharp pains. I couldn't stoop without fairly screaming with misery. I lost strength and weight and was so weak I became a nervous wreck. Headaches and dizziness added to my distress. My sight blurred; limbs, hands and face were swollen and puffy sacs came under my eyes. I lost hope of being well again. Finally a neighbor brought me a box of *Doan's Kidney Pills*, and later I got several boxes. My troubles began to lessen and soon I could sleep all night and wake up refreshed and happy and life was again worth living. I am now a strong, healthy woman and owe my health and happiness to *Doan's*."

Sworn to before me,
J. A. DEARDORFF, Notary Public.

Something Missed.

"Do you remember the first balloon you ever saw?"

"Quite well," replied the elderly gentleman. "Those were the happy days, but I've always felt that fate cheated me out of a thrill that was my due."

"How so?"

"I never saw a helper get tangled in the balloon ropes and go soaring toward the sky, suspended by one leg, while the blood of 5,000 spectators at the country fair froze in their veins with horror."—Birmingham Age-Herald.

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from your druggist, and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than one ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine, as this is sold under guarantee of money back if it fails to remove freckles.

SALTS IF BACKACHY AND KIDNEYS HURT

Stop Eating Meat for a While If Your Bladder Is Troubling You.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.—Adv.

But One Way Is Better.

A bluff, hearty old bachelor, friend of the family, trying to get on terms with the son of the family, asked him: "Have you practiced any fancy methods of skating, sonny?" "No," said sonny: "I can skate only two ways as yet." "Ah, and which are they?" "Standing up and sitting down," said sonny.

LAUGHS AT GREENLAND COLD

In His Primitive Abode, Eskimo Dwells in Comfort Through the Monotonous Arctic Winter.

The Eskimo of Greenland, no matter what his station in life may be, always has both a summer and winter home. The winter house is described by Roger Pocock in the Wide World Magazine as being a dugout with an upper structure built of turf and beams of driftwood. It has but one window, as winter in Greenland occurs during the four-month-long arctic night. Entrance to the one large room of which the house consists is gained through a long tunnel about five feet in height, in which the dogs live. In the rear of the living room is a raised dais on which the entire family sleep, and in the front part stands the stove. This stove consists of a hollow stone filled with seal oil in which burns a rag wick, which lights and heats the house and cooks the meals.

NOT MUCH STUDY INVOLVED

Grandma Evidently Didn't Think Highly of the Doings at Women's Debating Club.

Tiny Timothy had to be very quiet on certain days in the week. Sunday mornings were bad because then father had to study his lesson for the afternoon Sunday school. Tuesday evenings he had to tiptoe around while brother John studied his lodge ritual. Friday evenings sister Nellie went to a debating club and it was often preceded by the last look at her part in the debates.

Then one day mother announced that she had been invited to join a bridge club. Every one was anxious for her to join but little Timothy, who sighed: "Oh, mother, now will you have to study, too, before you go there? What do they recite at your club?"

Everybody smiled but dear old grandmother, who did not approve of bridge clubs. "Oh, she won't have to study much," she retorted tartly. "She can just listen at the first few meetings until she learns how to gossip like the rest of them."

"There's a Reason"

A Voice From Sioux City, Iowa, says

PE-RU-NA
Worth Its Weight In Gold

You cannot mistake the words of Mr. W. W. Northrup, of 908 Fourth Street, Sioux City, Iowa. He is enthusiastic about his present health and the merits of PE-RU-NA and wants everyone to know it. Here is a recent letter from him:—

"PE-RU-NA is worth its weight in gold and then some. I used to think it only a woman's remedy but have changed my mind. I had a cough, especially in the morning. After using half a bottle of PE-RU-NA was much better. I would cough up chunks of phlegm and mucus, my eyes itched and bothered me. Judging from the symptoms given in your almanac it was catarrh. My stomach is in much better condition since using your medicine."

"Use this testimonial, if you wish. Don't hesitate to advertise the merits of PE-RU-NA."

(Signed) W. W. NORTHRUP.

There are thousands just like Mr. Northrup, skeptical at first but convinced by a trial of PE-RU-NA.

DON'T BE AN UNBELIEVER.

If your trouble is of a catarrhal nature, try PE-RU-NA, then tell your friends. It is fine after an attack of grip or Spanish Flu.

Making a Start.

I heard an amusing story the other day concerning Sir John Lavery, the famous society artist.

It seems that one day he was engaged in painting the portrait of a beautiful but very shy little girl, when he chanced to find a threepenny bit in his color box.

"Do you collect threepenny bits?" he inquired of the child, showing her the coin.

"Yeth," she lisped.

"Here's one for your collection. Now how many have you?"

"One," replied the little sitter.—London Tit-Bits.

LOOK AT ASPIRIN

If the name "Bayer" is on tablets, you can get relief without fear.

When the Bayer Company introduced Aspirin over eighteen years ago, physicians soon proved it a marvelous help in relieving Rheumatism, Colds, Headache, Neuralgia, Earache, Toothache, Lumbago, Neuritis, Aching Joints, and Pain in general.

To get this same genuine, world-famous Aspirin, you must ask for "Bayer Tablets of Aspirin," marked with the "Bayer Cross." You will find safe and proper directions in every unbroken package.

Handy tin boxes of 12 tablets cost only a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.—Adv.

You Can't Rub It Away;
Rheumatism is in the Blood

Liniments Will Never Cure.

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?

Do not try to rub the pain away. Try the sensible plan of finding the cause of the pain, and go after that. Remove the cause, and you remove the pain.

You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has never had an equal as a blood purifier and scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Get a bottle of S. S. S., and get on the right treatment to-day. Special medical advice free. Address Medical Director, 111 Swift Laboratory, Atlanta, Ga.

Northfield.—St. Olaf college negative team won an easy victory over Augustana college of Rock Island, Ill., in a debate on the question of compulsory arbitration in public service corporations.

Littlefork.—W. L. Keiver has finished hulling his twenty-two-acre field of clover, and the yield is approximately 140 bushels, worth in the present market about $5,040, a gross yield of nearly $230 an acre.

Virginia.—Three children were overcome by smoke and 11 other persons trapped in flats above two stores by fire that caused damage estimated at $40,000. All the occupants of the flats were saved by firemen.

Montevideo.—In special election here it was voted to issue $100,000 in bonds for the erection of a new school. It is proposed to build a 10 room grade school building, to be ready for the fall term.

St. Cloud.—Andrew Anderson, aged 80, resident of this city for thirty years, met with a serious accident when a car driven by George Warner backed over him. Mr. Anderson's arm was fractured and he was hurt internally.

Minneapolis. — The Minneapolis board of education has approved a proposal to raise the salaries of all principals, teachers, janitors and clerks employed in the local schools $300 a year, effective next year. The increase will mean an added expenditure of more than $952,000 annually.

Owatonna.—A special election to vote $250,000 worth of bonds for Owatonna's proposed $550,000 high school building carried by a narrow majority of 22 votes. Women's votes were responsible for the carrying of the bond issue. George A. Baalson, principal, will receive $2,000 salary a year.

Winona.—Emile Michaux, director of the municipal band here for the last two years, has resigned to enter chautauqua work. O. W. Reese, former band director at Peru, Ind., has been selected to succeed him by the music bureau of the Association of Commerce, which maintains the band.

International Falls.—The local post, American Legion, unanimously adopted a resolution calling upon the Koochiching county board to appoint a former service man to fill out the unexpired term of Sheriff Hugh T. McIntosh, who disappeared several weeks ago and recently sent in his resignation.

St. Paul.—The Minnesota Railroad and Warehouse commission has definitely decided to locate the state-owned experimental flour mill in Minneapolis, it was announced after N. J. Holmberg, state commissioner of agriculture, and O. P. B. Jacobson, of the commission, had inspected numerous proposed locations in St. Paul and Minneapolis.

Bemidji.—Joseph Clarkin, arrested in a state room of the sleeping car on the southbound M. & I. train by Indian Agents William Johnson and Edward Escola charged with having nine dress suit cases filled with whisky he was taking from Canada to St. Paul, was arraigned before United States Commissioner Simons here and held in $500 to the Fergus Falls Federal grand jury.

Hastings.—Inquiries of a number of Chicago, Milwaukee & St. Paul railroad employees in other cities for houses here, with the intention of moving to Hastings, has renewed talk of making Hastings a division point. Information from railway sources is that it is contemplated running freight trains direct from the head of the lakes by way of Stillwater and Farmington to this point.

Stillwater.—Assistant County Attorney Sam Belisle was in North St. Paul to investigate the drowning of a man in a pond on the Gillette farm. The man, whose name was unknown, was aged and had been working on the farm for some time, but no one had learned his name.

Aurora.—Officers of the Utah Copper company of Boston and the Mesaba Iron company have completed a tour of inspection of mining properties in this vicinity, paying especial attention to the site for the $3,000,000 concentrator to be opened at the Argo mine, near here.

Another Royal Suggestion

PIES and PASTRIES
From the NEW ROYAL COOK BOOK

CHEER up! There is no further reason for worrying about table variety. The new Royal Cook Book gives new suggestions for every meal every day. The book is so full of surprises there will never be another dull meal in the home. Here are a few suggestions from the new Royal Cook Book.

Plain Pastry

This recipe is for one large pie with top and bottom crust

2 cups flour
½ teaspoon salt
2 teaspoons Royal Baking Powder
⅔ cup shortening
cold water

Sift together flour, salt and baking powder; add shortening and rub in very lightly with tips of fingers (the less it is handled the better the paste will be). Add cold water very slowly, enough to hold dough together (do not work or knead dough). Divide in halves; roll out one part thin on floured board and use for bottom crust. After pie is filled roll out other part for top.

Rich Pastry

2 cups pastry flour
½ teaspoon Royal Baking Powder
¼ teaspoon salt
⅔ cup shortening
cold water

Sift flour, baking powder and salt; add one-half shortening and rub in lightly with fingers; add water slowly until of right consistency to roll out. Divide in halves; roll out one half thin; put on in small pieces half remaining shortening; fold upper and lower edges in to center; fold sides in to center, fold sides to center again; roll out thin and put on pie plate. Repeat with other half for top crust.

ROYAL BAKING POWDER
Absolutely Pure

Apple Pie

1¼ cups flour
1½ teaspoons Royal Baking Powder
½ teaspoon salt
2 tablespoons shortening
4 apples, or 1 quart sliced apples
3 tablespoons sugar
1 teaspoon milk

Sift flour, baking powder and salt; add shortening and rub in very lightly; add just enough cold water to hold dough together. Roll half out on floured board, line bottom of pie plate; fill in apples, which have been washed, pared and cut into thin slices; sprinkle with sugar; flavor with cinnamon or nutmeg; wet edges of crust with cold water; roll out remainder of pastry; cover pie, pressing edges tightly together and bake in moderate oven 30 minutes.

SOMETHING TO WORK WITH

Young Man Perfectly Willing to Practice Economy if Old Gentleman Would Supply Materials.

There is a well-known banker whose only son does not, his father contends, appreciate the value of a dollar by about 99 cents. A short time ago the youth approached the old gentleman with a request for a considerable sum in addition to his regular allowance.

"Look here, my boy," the father said severely. "You do not seem to realize that you spend a great deal of money—throw it away, in fact. Don't you think it about time that you began to economize a bit?"

"Yes, I do, father," the young man responded earnestly. "Been thinking just that—fine thing, economy; provide against rainy day, and all that sort of rot. I'd love to start right in economizing, but I can't, because I haven't a cent to economize. If you'll just pass over that thousand, however, I will begin, right away!"

A Kindly Caddie.

"Oh, yes, sir, there's worse golf players in the world than you are, sir," the caddie said kindly. "Lots worse!"

"Well, that makes me feel better," the dub responded. Then he swung his club, failed to touch the ball, but lifted a section of turf as large as a dinner plate.

"Yes, sir," the caddie continued, "there's certainly worse players, but they never let anybody catch 'em on the links!"—Everybody's Magazine.

The Modern Rube.

"Say, Cy, I jes' found out what a rube is."

"Thet so, Hiram? What is it?"

"Why, it's one o' them forty-one-hour, $95-a-week labor guys that thinks a farmer is goin' to sell him food cheap."—New York World.

Headgear for Which Young Wife Had Pined Adorned Head of One More Fortunate.

"Every day for a week," the young wife said wistfully, "I've gone down to look at a hat in a show window—a wonderful hat, Tom; the kind of hat a woman dreams of but sees only once in years. Of course, I knew that I could not hope to buy it, as it was far more expensive than we could afford. The price was—"

"Perhaps we could manage it, dear, if you wish it so much," Tom interrupted fondly. "Business has been a little better the last month. I have two new contracts for large apartment houses. How much is the hat?"

"That is dear of you, Tom," she responded with a grateful smile, though her eyes grew sad, "but it is too late. Our cook happened to pass the store. I saw her wearing it home."

HEADACHE
Often Caused by
Acid-Stomach

Yes, indeed, more often than you think. Because ACID-STOMACH, starting with indigestion, heartburn, belching, food-repeating, bloat and gas, if not checked, will eventually affect every vital organ of the body. Severe, blinding, splitting headaches are, therefore, of frequent occurrence as a result of this upset condition.

Take EATONIC. It quickly banishes acid-stomach with its sour bloat, pain and gas.

It aids digestion—helps the stomach get full strength from every mouthful of food you eat. Millions of people are miserable, weak, sick and ailing because of ACID-STOMACH. Poisons, created by partly digested food charged with acid, are absorbed into the blood and distributed throughout the entire system. This often causes rheumatism, biliousness, cirrhosis of the liver, heart trouble, ulcers and even cancer of the stomach. It robs its victims of their health, undermines the strength of the most vigorous.

If you want to get back your physical and mental strength—be full of vim and vigor—enjoy life and be happy, you must get rid of your acid-stomach.

In EATONIC you will find the very help you need and it's guaranteed. So get a big 50c box from your druggist today. If it fails to please you, return it and he will refund your money.

A WORLD REBUILT

By the Golden Rule not by the rule of Gold

THIRTY denominations of the Church are uniting in a simultaneous campaign in the week of April 25th-May 2nd.

They are uniting because the task before the Church is too great for any one denomination; because there must be no duplication of effort; no waste.

These churches know that the world needs many things; but it needs Faith most of all.

They know that there can be no final solution of our economic problems that is not a spiritual solution, based on the teachings of Jesus Christ and His Golden Rule.

They have had the courage to survey the whole task, and to ask for a budget large enough to sustain (1) the work abroad, (2) the work at home including the church's part in the huge task of Americanization, (3) the colleges and (4) hospitals supported by the Churches, (5) the religious training of the young, and to provide (6) a living wage for the Church's ministers.

The budget is large in the aggregate; yet if each person who loves America would increase his contribution by only a few dollars the whole amount would be easily subscribed.

We face the task of rebuilding the world. Let the cornerstone be a strong and vital church in every American community; and the measuring rod by which the builders build must be the Golden Rule.

Life Insurance As a Protection

Life Insurance is more than just "protection" for your wife and family. It is protection for you in your business ventures. It is protection for you in your old age. The cost to you is not money thrown away or lost forever. It is an investment of the best kind- a sure dollar-for-dollar proposition. Life insurance is only another means of saving your money PLUS the protection it offers. When you understand what it means to you, to your wife and family, and to your business, you'll realize its true value. Ask us about the new "Double Indemnity" Life Policy. Have settled claims for $6000.00 thru this agency in past year and a half.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

I SUFFERED THREE YEARS

Finally was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Lowell, Mass.—"I was all run down and had an awful pain in my right side, was persistently constipated and had very dizzy spells. I suffered for three years and was perfectly miserable until a friend was telling me to try Lydia E. Pinkham's Vegetable Compound and I found it a wonderful medicine. I can now do twice as much work and I recommend the Vegetable Compound to other women. You can use these facts as a testimonial."—Mrs. M. THEALL BESSEY, 186 Appleton Street, Lowell, Mass.

Why women will continue to suffer so long is more than we can understand, when they can find health in Lydia E. Pinkham's Vegetable Compound!

For forty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

When Blood Is Bad

Granite Falls, Minn.—"During one expectant period I had varicose veins, which were extremely painful. A couple of bottles of Dr. Pierce's Favorite Prescription completely cured me of this condition, and my system was toned up and I had comparatively no suffering. An old lady recommended Dr. Pierce's remedies to me a couple of years before when one of my children had a solid crust of sores on his head. She told me that it was because my blood was in poor condition, so I took Dr. Pierce's Golden Medical Discovery to purify my blood, and at the same time gave the baby a few drops several times a day. The effect was wonderful and in a very short time he was a healthy looking baby and had a fine head of hair."—Mrs. John M. Thompson.

FROM GIRLHOOD UP

Centerville, Iowa.—"I have suffered terribly at times since girlhood; I was all run-down and weak. Was advised to try Dr. Pierce's Favorite Prescription, and when I took the first dose I began to improve. I took only three bottles of it and was cured. Have had five children and have been in good health since. I have frequently recommended the 'Prescription' to others. My sister has also had good results from it."—Mrs. Frank Burns, 727 E. Grant St.

WOMEN EVERYWHERE

St. Paul, Minn.—"For several years I suffered with woman's trouble. I read an advertisement in the newspapers about Dr. Pierce's Favorite Prescription and decided to try a bottle. In all I took about six bottles and it helped me right from the start; it actually cured me of the inflammation and pain in a very short time. and I think it a very wonderful medicine for women."—Mrs. Harry Frederickson, 268 Fuller St.

STRIKE IN EAST BECOMES SERIOUS

Walkout Is Joined in Several Eastern Districts by Trainmen.

CONCESSION IS MADE

Understood That Staff Attorneys Have Prepared Government Briefs in Event Palmer Decides to Take a Hand.

Washington.—Attorney General Palmer returned to Washington Monday and immediately conferred with officers of the department of justice who have been keeping in close touch with the railroad strike situation.

There was no indication what recommendations they laid before the attorney general, but they said the situation was serious.

It was understood that staff attorneys had begun preparation of governmental briefs for local action in event Mr. Palmer decides to take a hand in the settlement of the trouble.

Chicago.—Developments west of Pittsburgh in the switchmen's unauthorized strike Monday were regarded by railroad brotherhood officials as pointing toward a gradual dissolution of the insurgent forces, but in the east, where the walkout was joined in several districts by trainmen, the situation assumed a more serious aspect.

In the central and far west numerous reports of defections from the strikers' ranks followed the report of the first important break at Columbus, Ohio, where 600 switchmen voted to return to work.

At Chicago, admitted keynote of the walkout, railroad officials were presented "terms for settlement of the strike," which included recognition of the new union formed by dissenters from the brotherhood of railroad trainmen and the switchmen's union of North America.

Concession Is Made.

In the settlement offer, proffered by John Grunau, president of the Chicago's Yardmen's association, who called the strike, at least one radical concession was made—abrogation of the claims for back pay demanded by the older organizations in their contracts with the government. That possibly would mean a saving of hundreds of thousands of dollars to the railroads, it was said.

RELATIONS ARE STRAINED

Impression Is That British Are Trying to Discipline France.

Paris.—Nothing has as yet been decided as to Premier Millerand's attendance at the supreme council meetings at San Remo, and it was declared Monday in a reliable source that if the conference there was to discuss the misunderstanding between France and Great Britain he would not go at all.

A personal talk on the subject with Premier Lloyd George would be welcomed by the French premier if Mr. Lloyd George could find it convenient to come to Paris, but it is considered in official circles that as the point at issue interests France and Great Britain only it is needless to discuss it before the representatives of the other powers.

It is held here that the British government in persisting in the discussion has put the matter in a form where it is difficult to see what satisfaction it is possible to give. France has not been asked to evacuate Frankfort, and the impression is gaining ground, it was indicated, that what is sought above all is to discipline France.

SENATE BUSY ON ARMY BILL

Motion to Strike Out Provision for Voluntary Training.

Washington.—The senate was prepared to again grapple with the question of universal military training in resuming consideration of the army reorganization bill Monday.

Pending was the motion of Senator McKellar, Democrat, Tennessee, to strike out provisions for voluntary training of youths from 18 to 28 years of age which were submitted last week for the military committee's compulsory training plan.

Chairman Wadsworth of the military committee and other advocates of universal training were prepared to combat vigorously the motion of Senator McKellar and the latter was doubtful whether his motion would prevail. In event of defeat, Senator McKellar had announced he would offer amendments limiting the number of youths who could enlist and be trained annually at government expense.

Bentall Case to Jury.

Minneapolis.—The case of Jacob O. Bentall, former Socialist candidate for governor of Minnesota, who is being retried in United States district court on a charge of violating the espionage act, went to the jury at noon Monday. After Judge Page Morris had denied a motion made by Bentall's attorneys to dismiss the case on the grounds that insufficient evidence had been introduced by the government to substantiate their charges, the defense this morning closed their case without calling a single witness.

ADD TO INCOME OF FAMILY

Figures of Department of Labor Show That Many Wives Have Other Than Household Duties.

In a survey of family incomes, in nearly 100 cities of the United States, the department of labor found that in Johnstown, N. Y., three-quarters of the wives earn money. The Labor Review explains that this remarkable condition prevails in Johnstown because glove making is the prinicipal industry there and furnishes work which women can do at home. This appeals to them because they are able to earn good wages without leaving their households.

In almost one-sixth of the New York city homes visited women contributed earnings toward the support of the home. In Boston one wife out of ten works; in Buffalo one in twenty-eight; in Cleveland and Cincinnati one in seven, and in Pittsburgh only one in fifty. It is interesting to note that investigators found that a surprisingly large percentage of town dwellers derive some income from gardens and poultry. Ninety-three per cent of those visited in Cleveland had a garden or chickens.—Thrift Magazine.

Electricity in Next War.

That the use of high explosives in modern warfare has about reached the end of its development, is the opinion of a French inventor of one powerful compound of that nature. Neither can poisonous gases, it is indicated, be made much more dangerous than were those contrived in the world war. Flying mechanisms of various types promise much greater menace, and it is probable that any new developments in scientific warfare visible in the next international disagreement will be electrical in their nature. Electricity's use in the last war was relatively small.—Popular Mechanics Magazine.

Spanish Women Advancing.

Miss Chrystal Macmillan, British suffragist leader, who recently returned to England from Madrid, says the woman suffrage movement is making rapid progress in Spain. A number of women hold important educational positions and others are working as journalists on leading newspapers, but as yet there are comparatively few women physicians. The women of four Spanish nations, Spain, Argentina, Uruguay and Cuba, have now applied for affiliation with the International Women's Suffrage alliance.

St. Paul.—All units of the Minnesota National Guard on June 12 will go into ten days' encampment at Fort Snelling.

Winona.—Ninety-eight of the 100 public school teachers here have been re-elected for the next school year.

Blue Earth.—C. S. Kent was elected mayor here. Other city officials are Easton Flee, clerk, and A. G. Maas, treasurer.

Virginia.—Eveleth and Gilbert have started a move to establish a large hospital at some central point on the range this year.

Duluth.—Practically all the ice is out of the Great Lakes now. Navigation may begin earlier than usual this season, despite the cold winter.

Duluth.—Judge J. D. Ensign, who has served on the district bench of the 11th judicial district for 38 years, announced that he will not be a candidate for re-election.

Duluth.—R. A. Kent, superintendent of schools at Lawrence, Kan., has accepted the offer of the Duluth superintendency on a two year contract at a salary of $6,000 per year.

Faribault.—The Security bank of this city, established in 1894 as a state bank has been converted into the Security National bank with a paid up capital and surplus of $300,000.

Marshall.—All of the towns on the Marshall-Sleepy Eye branch of the North Western road, will petition the railroad company to restore the prewar train service on the branch.

Duluth.—Eight members of the Rotary club have offered their blood to save Gustav A. Wieland. Wieland has been ill for two weeks and doctors announced that transfusion of blood only would save his life.

Winona.—Potato prices continue to rise, while the supply is getting low, according to local dealers. Farmers' stocks are said to be practically exhausted and record prices are being paid for seed potatoes.

Blooming Prairie.—At a special election Blooming Prarie authorized a $50,000 bond issue to complete the fund necessary for the building of a $150,000 high school building and community center for the village.

Moorhead.—An amended franchise under which the Fargo & Moorhead Street Railway company would be permitted to increase fares from five to seven cents, was introduced in the Moorhead city council.

Red Wing.—School teachers of Goodhue county have adopted resolutions asking the various school boards of the county for a bonus of $10 per month for the entire term to be paid them at the close of school.

Minneapolis.—Twenty-two thousand dollars was paid for a six-months' old bull calf, Sir Lola Pontiac Segis Ormsby, in the Hackney-Irwin cattle sale at the Hippodrome building at the State Fair grounds. The purchase was made jointly by the St. Olaf College of Northfield and the Fleck farm of Faribault.

Minneapolis.—The population of Minneapolis is 380,498 according to the official Federal census for 1920 announced by the Census bureau in Washington. This is an increase of 79,090 over the total of 1910, or an increase of 26.24 per cent. The 1910 census gave Minneapolis a population of 301,408 persons. The percentage of growth in Minneapolis population compares favorably with the growth of the cities of more than 100,000 population for which official 1920 figures have been issued.

Fergus Falls.—Winter wheat and rye in Minnesota have come through the winter in fair condition, according to the April crop report of the Bureau of Crop Estimates issued by Paul H. Kirk, Minnesota field agent here. The condition of the rye crop is estimated at 90 per cent of normal as compared with 91 per cent at the same time last year. The condition of winter wheat in Minnesota is placed at 92 per cent of normal.

Hibbing.—A flying circus for the St. Louis county fair has been engaged by Secretary Richard Giffin who announces that three noted airmen will bring their "ships" to the range for the big show.

Minneapolis.—With the removal by the United States Grain corporation of its rule prohibiting contracts by millers and flour jobbers from delivery of flour later than sixty days after date of contract, Minneapolis flour mills took their first step toward resumption of complete private control, after more than two years of government supervision.

"TAKING STOCK"

Should Sentiment Always Have Precedence?

"Taking stock" of oneself is a periodical duty, probably not always practiced, and is as necessary as taking stock of your household effects or your "store goods." The right minded man will do this. In unmolested moments he gives way to deep meditation; he gathers his thoughts to ascertain if brains, energy, and ability are syncopating properly, working together on lines that answer to an ambition that looks for a satisfactory return.

If there be a deficit, his endeavor should be to discover the leakage. It may be that he lacks the nerve to go into a retrospective analysis, or fails in initiative that will prompt him to throw his horoscope in the future. Unless he can do these things he will never be able to pull himself out of any "rut" in which his condition has placed him. He must "take stock."

"Stock taking" leads to modern-day efficiency, and is demanded of every worker if unsatisfactory conditions are to be overcome. In the case of the farmer it may be that he is working a "too high-priced farm"; interest and rent may be an "overhead" eating up the profits. There may be other reasons why profits are not shown. It is just possible that he is sacrificing profit and encouraging loss because of sentiment, but he does not realize that this is the cause. The farm was his birthplace; reared upon it, he knows every nook and corner of the old place. He fished in the brook, hunted squirrels in the woods, hid in the hayfield, grew to manhood upon the place, courted and married and brought up his family there. These are ties that commend themselves, and why shouldn't sentiment have a say? To many this will appeal. But are these good reason to continue? Does not one owe it to himself and to his dependents to "take stock," and put into effect action that will bring a balance on the credit side of the ledger—the balance that will bring happiness and give a comfort far greater than a mass of unpaid bills and a house full of worry, and a devotion to sentiment? Should he not look around for more favorable conditions, which may easily be found?

Procrastination is said to be a thief. In this case the axiom is undoubtedly true. To allow the adverse conditions under which you may be laboring to continue may keep you for years longer in the present unsatisfactory position.

There was a man at Brazil, Ind., who made weekly visits for upward of a year to the office of the Canadian government at Indianapolis, Ind., and from the agent secured all the information he possibly could as to conditions in Western Canada. But he lacked decision, did not "take stock," or if he took it, failed to act. This was fourteen years ago. He lived on a small farm, which gave him a mere existence and no promise of anything more. He is still on the same place and no better off today than then. He had a friend working in a glass factory, who also had but little means. He became interested in Western Canada. He possessed, though, spirit and action. With the impulse thus prompted he moved to Saskatchewan and took up a farm. Today he is the owner of a splendid section of land, has plenty of money in the bank, and could retire with a handsome competence.

That which has been the good fortune of the Brazil glass worker, who had "taken stock" and profited by it, may be that which will follow any other of like temperament and a firm wish to erect for a satisfactory future.

Western Canada submits for consideration and approval conditions in agricultural lines that are exceptional. There is land there that annually produces about the same return as any other farming land, and it can be purchased at but a portion of what the place which has not been a source of profit can be sold for. A section instead of a quarter-section, worked under western conditions, with no more effort, solves the big "overhead" expense. The social conditions, which are an important factor in deciding on a new home location, are ideal.—Advertisement.

ASPIRIN—Its Uses

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Adv.

BISCUITS, BUNS and ROLLS

From the NEW ROYAL COOK BOOK

BISCUITS! What delight this word suggests. So tender they fairly melt in the mouth, and of such glorious flavor that the appetite is never satisfied. These are the kind of biscuits anyone can make with Royal Baking Powder and these unusual recipes.

Biscuits

2 cups flour
4 teaspoons Royal Baking Powder
½ teaspoon salt
2 tablespoons shortening
¾ cup milk or half milk and half water

Sift together flour, baking powder and salt, add shortening and rub in very lightly; add liquid slowly; roll or pat on floured board to about one inch in thickness (handle as little as possible); cut with biscuit cutter. Bake in hot oven 15 to 20 minutes.

Royal Cinnamon Buns

2¼ cups flour
1 teaspoon salt
4 teaspoons Royal Baking Powder
2 tablespoons shortening
1 egg
½ cup water
½ cup sugar
2 teaspoons cinnamon
4 tablespoons seeded raisins

Sift 2 tablespoons of measured sugar with flour, salt and baking powder; rub shortening in lightly; add beaten egg to water and add slowly. Roll out ⅓ inch thick on floured board; brush with melted butter, sprinkle with sugar, cinnamon and raisins. Roll as for jelly roll; cut into 1½ inch pieces; place with cut edges up on well-greased pan; sprinkle with a little sugar and cinnamon. Bake in moderate oven 30 to 35 minutes; remove from pan at once.

Parker House Rolls

4 cups flour
1 teaspoon salt
6 teaspoons Royal Baking Powder
2 tablespoons shortening
1½ cups milk

Sift flour, salt and baking powder together. Add melted shortening to milk and add slowly to dry ingredients stirring until smooth. Knead lightly on floured board and roll out ½ inch thick. Cut with biscuit cutter. Crease each circle with back of knife one side of center. Butter the small section and fold larger part well over the small. Place one inch apart in greased pan. Allow to stand 15 minutes in warm place. Brush each with melted butter and bake in moderate oven 15 to 20 minutes.

THAT is the kind of increase in salary the minister has received. His living expenses have risen just as fast and as far as yours.

But he is paid on the average just 52 cents more *per church member* than he was paid 34 years ago.

The Minister Never Fails You

Every officer of the Government with a war message to deliver appealed to the ministers first of all.

But 80% of the ministers receive less income than government economists figure as a minimum for the support of an average family.

When hospitals need money they enlist the support of the ministers—and receive it.

But when sickness visits the minister or the members of his family they must be treated in a charity ward. His pay is less than a day laborer's.

8 out of every 10 ministers receive less than $20 a week—about half the pay of a mechanic.

We Pay Him Half the Wages of a Mechanic

And of these pitifully inadequate salaries, how much do *you* contribute? Nothing if you are outside the church; an average of less than 3c a day if you are a church member.

All of us share in the benefits of Christian ministers to the community. They marry us; bury us; baptize our children; visit us when we are sick. In their hands is the spiritual training of the youth.

We Are All Profiteers at Their Expense

INTERCHURCH CAMPAIGN ASKS BILLION IN U. S.

Men Who Gave Services to Government for Dollar a Year Enlist in Cause under Banner of Cross.

During the week of April 25 Minnesota is to raise her quota in the billion dollar campaign proposed by the Interchurch World Movement. The responsibility of directing the financial campaign in this state rests upon W. L. Smithies, executive secretary of the Interchurch Council of Duluth, who has been appointed state campaign director.

Mr. Smithies organized and successfully directed war drives in northern Minnesota, including the Red Cross membership drive, Y. M. C. Campaign Directors Named.

Campaign directors have been appointed in each of the 11 districts. They in turn select a campaign director for each county, and the county directors assume the responsibility of community organization. These community organizations are made up of both church members and non-church men who have a friendly feeling toward the church.

Each cooperating denomination will have its solicitors who will work wholly among the people of their denomination. The citizens' committee in each community will approach friendly citizens with no particular church affiliation and call upon business organizations to present the program for more businesslike church activity.

"During the war," says Mr. Smithies, "business men of broad caliber were willing, as a patriotic service, to give their time and energy to the work of winning the war on the dollar-a-year basis. Men of the same kind—indeed, in many instances the same men—are accepting the challenge of this inspiring task of raising money for the spread of the Christian religion throughout the world, and for the efficient administration of Christian churches and institutions in the United States. These men recognize in this movement a new spirit of forgetfulness of theological or denominational differences. In fact, the movement is grounded on the principle that friendly rivalry between different denominations will enhance the effectiveness of the entire campaign for funds.

Every Dollar Assigned.

"For the first time in history, people of the United States will be asked to give to the World Movement and they will know beforehand just where every dollar of their money is going. Absolute protection of the local church identity and denominational identity is one of the strong features of the plan. No local church is asked to yield one whit of its rights and privileges when entering the united campaign.

"All denominations come together in a great meeting to make their reports. Denominations form divisions and local churches form units in those divisions. In addition there is the enlistment of the citizens' division, made up of friends in the community who have no denominational connections.

"It is proposed in the united campaign in the community that the great report meetings made up of denominational divisions and local church units, together with the powerful Citizens' Division, give a demonstration in the community of the solidarity of the Christian forces and the wonderful comprehensiveness of the church program which has grown out of the survey."

Your New Barn

Build it now. Have your new barn earning for you just that much sooner.

You will enjoy the winter more, knowing that the stock is properly housed. And they'll be in fine condition to earn more for you next year.

Take advantage of the fall months to complete all your building and repair work. It's the best season to get your buildings in ship-shape, and you won't be interrupted during the rush spring work next year.

NOTICE OF MORTGAGE FORECLOSURE SALE.

Default having been made in the conditions of that certain mortgage hereinafter described, which said default consists of the mortgagor's failure to pay the 1918 taxes against the premises covered by said mortgage, and which taxes are now past due and delinquent and at date hereof amount to One Hundred Sixty and 97-100 (160.97) Dollars, which said mortgage was duly executed and delivered by Harry C. Maltby and Minnie B. Maltby, his wife, Mortgagors to B. Docken, Mortgagee, bearing date the 5th day of April, 1918, and with a power of sale therein contained duly recorded in the office of the Register of Deeds in and for the County of Marshall and State of Minnesota on the 24th day of April, 1918, at nine o'clock a. m., in Book 93 of Mortgages on Page 14, and whereas, the said mortgagee and holder of said mortgage has duly elected and does hereby elect to declare the whole principal sum of said mortgage due and payable at the date of this notice under the terms and conditions of said mortgage and the power of sale therein contained, and whereas, there is actually due and claimed to be due at the date of this notice the sum of One Thousand Fifty-five and 67-100 ($1,055.67) Dollars, and whereas, said power of sale has become operative, and no action or proceedings have been instituted at law, or otherwise, to recover the debt secured by said mortgage, or any part thereof;

NOW THEREFORE, Notice is hereby given, that by virtue of the power of sale contained in said mortgage, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described in and conveyed by said mortgage, viz: The Southeast Quarter (SE¼) of Section Four (4) in Township One Hundred Fifty-five (155) North of Range Forty-one (41) West of the Fifth principal meridian, and, the West Half of the Southeast Quarter (W½SE¼), Southwest Quarter of the Northeast Quarter (SW¼NE¼) and Lot Two (2) of Section Two (2) in Township One Hundred Fifty-six (156) North of Range Forty-one (41) West of the Fifth Principal Meridian, in Marshall County, Minnesota, with the hereditaments and appurtenances, which sale will be made by the Sheriff of said Marshall County at the front door of the court house in the city of Warren in said county and state on the 24th day of April, 1920, at eleven o'clock a. m. of that day at public vendue to the highest bidder for cash to pay said debt of One Thousand Fifty-five and 67-100 (1,055.67) dollars and interest and the taxes on said premises [illegible] dollar Attorney's fees as stipulated in and by said mortgage in case of foreclosure, and the disbursements allowed by law, subject to redemption at any time within one year as provided by law.

Life Insurance As a Protection

Life Insurance is more than just "protection" for your wife and family. It is protection for you in your business ventures. It is protection for you in your old age. The cost to you is not money thrown away or lost forever. It is an investment of the best kind- a sure dollar-for-dollar proposition. Life insurance is only another means of saving your money PLUS the protection it offers. When you understand what it means to you, to your wife and family, and to your business, you'll realize its true value. Ask us about the new "Double Indemnity" Life Policy. Have settled claims for $6000.00 thru this agency in past year and a half.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Acid Stomach Makes the Body Sour

Nine Out of Ten People Suffer From It

It sends its harmful acids and gases all over the body, instead of health and strength. Day and night this ceaseless damage goes on. No matter how strong, its victim cannot long withstand the health-destroying effects of an acid stomach.

Good news for millions of sufferers. Chemists have found a sure remedy—one that takes the acid up and carries it out of the body; of course, when the cause is removed, the sufferer gets well.

Bloating, indigestion, sour, acid, gassy stomach miseries all removed. This is proven by over half a million ailing folks who have taken EATONIC with wonderful benefits. It can be obtained from any druggist, who will cheerfully refund its trifling cost if not entirely satisfactory. Everyone should enjoy its benefits. Frequently the first tablet gives relief.

Suffered for Years

Miserable From Kidney Trouble Doan's Made Mr. Barnett Strong and Well.

"I suffered untold agony with my kidneys for years," says John Barnett, 30 Virginia Place, Buffalo, N. Y. "Sometimes I felt that I would burn up with fever, but every now and then would have a severe chill. Often my clothes were wringing wet with perspiration. The kidney secretions were unnatural in color and odor and burned terribly. At night my shoes were so tight on my feet that I could hardly get them off and my hands swelled so I couldn't hold a teacup. My back! Oh, how it ached! I walked with two canes and was all bent over like an aged man. When the terrible pains shot through my kidneys my knees would give way, and many times I had to be lifted to my feet by people on the street. I didn't care whether I lived or died I was so miserable. I finally used *Doan's Kidney Pills* and they cured me of all kidney trouble. *Doan's* made me strong and well."

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from your druggist, and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than one ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine, as this is sold under guarantee of money back if it fails to remove freckles.

It is likely that the session will convene before May 15.

John Hendricks, a farmer of the De Smet district in South Dakota, was a heavy loser from a disastrous farm fire, which destroyed the large barn on his place. Twelve calves were burned to death, and in addition 800 bushels of oats, 60 tons of hay and other personal property was consumed.

From February 15 to April 3 a total of 315 deeds were recorded in the office of the register of deeds at Madison, S. D., representing a total valuation of $5,547,370.12. Between January 1, 1920, and February 15, 50 other deeds were recorded, this bringing the total valuation of transfers in farm land and city property to more than $6,000,000.

Fargo, N. D., was awarded unanimously the 1921 Rotary conference for the 15th district at the conference just closed at Wausau, Wis. More than 1,000 attended an informal reception at Rothschild pavilion, followed by a conference dinner, a brief address by E. J. Filiatrault, five minute talks by H. B. Craddick, district governor, and Albert S. Adams, international president.

Rev. H. H. H. Fox of St. John's Episcopal church of Detroit, Mich., was elected suffragan bishop of the diocese to have charge of a new division of the diocese in eastern Montana, at the annual convention of laymen and clergy at Livingston, Mont. The election followed a deadlock during which the clergy favored Rev. Edward M. Cross of St. John's church, St. Paul, Minn.

Potatoes, selling at Seattle at $200 a ton have been put under the boycott of the Seattle Caterers' association, and will disappear from the menu of every members' establishment until the price again has reached normal level. Hundreds of tons of potatoes now held in storage by caterers and restaurant men here, will be put on the market to farmers only, for seeding purposes. More than 100 Seattle restaurants are represented in the association.

A verdict of not guilty was returned following the trial of Mary and George Searle, at Lead, S. D., who were charged with murder in connection with the death of Mrs. Hilda Neamy, mother of Mrs. Searle. The jury was out 12 hours and 20 minutes. Judge McNenny discharged the prisoners. Mrs. Neamy's body was found in the furnace of her home.

State Veterinarian J. F. McGhee, of South Dakota found evidence of anthrax in several herds of cattle in southern Perkins county. A number of cattle in various herds have died from the disease.

Seven hours after he attempted to pass a forged check for $45 at an Aberdeen bank, Ned Cinbrow, Chicago, was sentenced to serve one year at hard labor in the state penitentiary, Sioux Falls.

Mrs. Bessie Broughten of Miles City, Mont., has been exonerated on the charge of stealing a horse belonging to Alf Irrion. He charged that she had stolen the horse and drove it 60 miles to her ranch.

W. E. Byerly, deputy collector of internal revenue in charge of the North Dakota district office at Fargo, was notified today that the office will be closed by the commissioner of internal revenue. The order for closing the office received contemplates handling North Dakota internal revenue business through the office at Aberdeen, S. D., Mr. Byerly said.

Secretary David F. Houston announced subscriptions to the issue of treasury certificates, dated April 1, maturing July 1, with interest at 4¾ per cent, totaled $200,669,000.

A thorough investigation will be made of the killing of Private R. Demott, an American citizen, who was shot while attempting to escape from a prison at Wesel, Germany, it was said at the state department.

The senate pensions committee reported favorably on the Sells bill providing pensions of from $12 to $30 a month for disabled veterans of the Spanish-American war, Boxer uprising and the Philippine insurrection.

A substitute for the republican joint peace resolution adopted last week by the house, was introduced by Senator Porter J. McCumber of North Dakota, leader of the republican mild reservationists in the peace treaty fight.

President Wilson will decide whether Carranza will be permitted to transport troops through American territory to attack the seceded Mexican State of Sonora from the north. Sonora will oppose such permission on the ground the state is entitled to self-determination.

Senate and house conferees agreed to continue bonus payments to 6,240 government employees and to abolish the nine subtreasuries, July 1, 1921.

Officers authorized by the army reorganization bill were reduced in the senate from 18,000 to 16,993, due to defeat of compulsory universal military training.

The horse is coming back in a last struggle to hold his place against the progress of the automobile, tractor, truck and airplane. The department of agriculture estimates that horses on United States farms increased from 19,833,000 in 1910 to 21,109,000 on Jan. 1, 1920. Mules increased, too, according to the estimates.

Representative citizens from every state were called by Commissioner of Education P. P. Claxton to meet in Washington May 19, 20 and 21, "to consider the pressing problem of education from the standpoint of statesmanship and the public welfare." Special invitations were sent to governors to head their state delegations.

Your New Home should be made artistic, sanitary and livable.

These walls should be Alabastined in the latest, up-to-the-minute nature color tints. Each room should reflect your own individuality and the treatment throughout be a complete perfect harmony in colors.

The walls of the old home, whether mansion or cottage, can be made just as attractive, just as sanitary, through the intelligent use of

Alabastine

Instead of kalsomine or wallpaper

How much better, when you have a new home, to *start right* than to have to correct errors afterward from former treatment with other materials, when you come to the use of Alabastine, as does nearly every one sooner or later.

Once your walls are Alabastined you can use any material over it should you desire, but having used Alabastine you will have no desire for any other treatment.

Alabastine is so easy to mix and apply—so lasting in its results—so absolutely sanitary—and so generally recognized as the proper decorative material in a class by itself that it is becoming difficult to manufacture fast enough to supply the demand.

Alabastine is a dry powder, put up in five-pound packages, white and beautiful tints, ready to mix and use by the addition of cold water, and with full directions on each package. *Every package of genuine Alabastine* has cross and circle printed in red.

SEEKS FOE OF JAP BEETLE

Specialist Has Been Detailed to Bring to This Country Enemy of Horticultural Pest.

The Japanese beetle is going to have its old enemies on its trail in this country. The United States department of agriculture has sent a man to Japan to find those enemies and send them across the ocean. They will then be established in the sections of New Jersey where the beetle has gained a foothold, and they are expected to aid greatly in the control of the pest.

The agent employed in Japan is familiar with Japanese conditions and is a specialist in this kind of work. It is expected that the task will require his sojourn in Japan for two or three years. While something is known of the parasites of the Japanese beetle a great deal is still to be learned only under field conditions where the beetle lives with all the enemies that prey upon it. The beetle reached this country with importations of greenhouse plants, and thus far apparently has been comparatively free from molestations by natural enemies.

GOT MARK TWAIN STIRRED UP

Humorist, Tired of Listening to Series of Remarkable Stories, Rose to the Occasion.

A naval officer said at a banquet in New York:

"Some of the war stories that I hear remind me of Mark Twain. Mark, you know, once sat in the smoking room of a steamer and listened for an hour or two to some remarkable lies. Then he drawled:

"'Boys, these feats of yours that you've been telling about recall an adventure of my own in Hannibal. There was a fire in Hannibal one night, and old man Hankinson got caught in the fourth story of the burning house. It looked as if he was a goner. None of the ladders was long enough to reach him. The crowd stared at one another with awed eyes. Nobody could think of anything to do. Then all of a sudden, boys, an idea occurred to me. "Fetch me a rope!" I yelled. Somebody fetched a rope, and with great presence of mind I flung the end of it up to the old man. "Tie her round your waist!" I yelled. Old man Hankinson did so and I pulled him down.'"

Where is Relief From Blazing Skin Diseases?

Must I Endure Forever the Torturous Itching?

The skin is fed from the blood, and upon the condition of the blood depends whether or not your skin will be healthy and free from boils, pimples, scaly irritations, red eruptions and other disfiguring and unsightly disorders.

The sensible treatment that will show real results is a remedy that will cleanse the blood thoroughly and kill the germs that cause the trouble. And for this purpose no remedy ever made can approach the record of S. S. S. which cleanses the blood of the disease germs, at the same time building up the general health.

LONG SINCE HE HEARD WORD

Tramp Probably Would Have Needed Dictionary to Get Proper Definition of Morals.

The tramp was a long, skinny individual with a particularly villainous cast of countenance, and he wore a pair of trousers that had been designed for a man of at least three times his diameter. His rap on the farmhouse door brought out a sour, hard-faced puritanical woman who froze him with one glance and then proceeded to eye him up and down—especially down.

"You needn't ask me for anything," she said, harshly. "I can see that your morals are of the loosest kind and that you deserve nothing."

"Well, mum," replied the tramp, glancing down at his nether garments, "mebbe so, though I ain't never heard 'em called that name before. Prob'ly me tailor ain't jes' up to date, but if you won't give me somethin' to help fill 'em out mebbe you'd spare me a bit of rope to hold 'em up with."—Exchange.

SOME OTHER KIND OF BISCUIT

Mrs. Pomple Satisfied Cows Were Not Fed on Anything That Was Composed of Milk.

One after the other, customers had come to the shop and complained about the milk.

"What I want to know," said Mrs. Pomple, who looked almost as thin as the milk, "is what you feed your cows on?"

"Feed them on?" snapped the dairyman. "Why, I reckon we feeds them better than a good many human beings I know feeds themselves"—this with a chalky stare at the thin customer. "My cows are fed on the fat of the land, and if their fodder ain't up to the mark, we give 'em the finest biscuits we can buy. And if we can't buy the biscuits, we make 'em. I stops at nothing when I wish to please my customers."

"I'm not denying it," declared Mrs. Pomple, "but I challenge you to contradict me when I declare that it ain't milk biscuits you feed 'em on."—London Tit-Bits.

HAPPENINGS IN GOPHER STATE

News From All Parts of Minnesota Given in Condensed Form.

EVENTS BRIEFLY TOLD

Where Busy Readers Will Find News From All Parts of State Tersely Chronicled for Their Benefit.

Virginia.—All grade school teachers of Virginia have signed contracts for the next teaching year, according to members of the school board.

Mora.—The Mora Booster band has secured William R. Wehrend, musical director at the University of Minnesota, as a permanent instructor.

Moorhead.—Carl A. Hallenberg, 83 years old, was found dead in his home. Physicians stated he evidently died of heart disease several days before.

Renville.—At a special election here bonds to the amount of $222,000 were voted by a large majority, to apply towards the building of a high school.

Sauk Rapids—At a meeting of the board of education of Sauk Rapids all the present teachers were re-elected for next year with substantial increase in salary.

Clear Lake.—Two women judges with a man as chairman will serve as an election board in each of the voting precincts of Clear Lake at the municipal elections.

Bemidji.—Robbers who broke into the postoffice at Hines, 20 miles north of Bemidji, secured $300. Postmaster O. V. Owen of Hines brought that information to Bemidji.

Virginia.—B. H. Hayes, Duluth, is on trial here charged with conniving to pass an alleged forged check for $17,778.75. The check was drawn on the village of Hibbing.

Stillwater.—During the first year of its existence in this city, 387 cases were heard in conciliation court, the smallest suit being for $1.25, while the largest allowed under the state law cannot exceed $25.

Hibbing.—The date for annual convention of state librarians, which is to be conducted in Hibbing this year, has not been decided upon. The convention will be one of the biggest ever staged on the range.

Cloquet.—Now is the time for farmers to burn the grass in natural meadows, according to Percy Vibert, forest ranger for this district, who also says that a permit must be secured before the burning is done.

Hastings.—Vermillion lodge No. 8, A. F. and A. M., has purchased the Masonic lodge building here from Dr. John J. Rogers of St. Paul. The purchase price was $10,000. The new owners will remodel the building.

Albert Lea.—Clark W. Brown, for the last nine years superintendent of schools of Lake City, Minn., has been appointed the successor of C. C. Baker, who resigned recently as superintendent of the Albert Lea public schools.

Luverne.—Members of the Rock County Boys and Girls Registered Calf club have received calves and will immediately begin preparing the stock for the annual exhibition to be slated September 17 at the county fair.

Winona.—The boys of the Lincoln school surprised their teachers by appearing clad in overalls. "We are going to help bring down the high cost of living," said one of the boys when questioned as to his unconventional appearance.

Winona.—Rev. Joseph Kock, assistant pastor of St. Joseph's Catholic church of this city has been granted a six months leave of absence by Bishop P. R. Heffron and will visit Germany, returning to Winona in the fall. His mother and two sisters are in Germany.

Moorhead.—Members of the Moorhead fire department and other civic organizations of the city are making arrangements to entertain between 800 and 1,000 visiting firemen when the annual state convention of the Minnesota firemen's association is held in Moorhead June 15 and 16.

Pipestone.—The first regular motorbus service to be established in this section of the state is the line in service from Ortonville to Pipestone, a distance of 100 miles. Round trips are made daily. The route is over the King of Trail highway running through Madison, Canby, Lake Benton, Ivanhoe and Tyler.

Pipestone.—Although a number of Pipestone county soldiers were killed or badly injured, perhaps none of the latter list was so severely wounded as was Sergeant Leon Hansen, who is now on hospital leave. Hansen's face was almost shot away by a shell in one of the battles. The surgeons have practically made a new face for the soldier and all that is lacking now is the making of a jawbone.

Windom.—Windom's official life as a city began under the new charter recently adopted by the voters. A complete set of city officials are now in charge of the affairs of the municipality, with A. F. Struck as mayor.

Hibbing.—A short course in agriculture with a railroad train and laboratory equipment will be given to farmers of northern Minnesota this summer. Secretary Griffin of the St. Louis County Agricultural Fair association has announced. The train, furnished without cost by the Great Northern, Northern Pacific and Soo line, will visit 21 towns of the state

Free Tin Boxes.

There are countless uses for tin boxes.

Most dealers in cigarettes have on hand boxes of this kind, eleven inches long, six inches wide and four inches deep, which are thrown away. Some dealers are glad to accommodate persons who desire these tin receptacles and will give them away without cost.

The following are some very good ways in which the tin boxes can be utilized:

Lunch boxes when out camping or fishing, as they will hold a good supply of lunch.

Covered with a white enamel and used as a cake-box or bread-box.

Keeping food away from rats, mice and other pests.

Painted and used as a flower box.—Thrift Magazine.

Hit Hard.

A village minister in New England was called upon to go several miles into the country to officiate at the funeral of a farmer's wife. Arrived at the house of grief, the minister spoke the usual words of sympathy and condolence to the bereft husband:

"You have met with a great loss, brother."

"Yaas," was the reply, "an' it makes good the old sayin' that misfortunes never come singly. I lost my best hoss four days ago, an' now she's gone. I tell ye I'm gettin' hit hard."—Harper's Weekly.

All Going Smoothly.

The chaplain came plodding along the road coming back from the front lines several hours after the infantry had gone over the top.

"How are things going up there?" inquired an artillery lieutenant.

"Fine, fine!" said the chaplain. "We're knocking them for a goal."

"Haven't seen many prisoners," said the lieutenant, skeptically.

"No, and I guess you won't," replied the chaplain; "our machine guns haven't jammed all morning."—Home Sector.

No Slackers.

"There is said to be a great demand for $10,000-a-year men," remarked Mr. Gadspur.

"So I hear," said Mr. Dumbwaite. "Any special requirements?"

"Well, I understand there isn't much talk about a five-day week and a six-hour day in $10,000 a year circles. The idea seems to be that a man can work six days a week for eight or ten hours a day without wrecking his health, and he might even look in on the job for an hour or two on Sunday, if necessary."—Birmingham Age-Herald.

The Present Need.

Max Eastman said at a Greenwich village tea:

"A millionaire business man lectured me about my discontent the other day. He said there was never such a chance for bright men as now. He said there were any number of $50,000 openings for bright men.

"'Of course there are,' said I. 'You need the very brightest men you can get to think up new reasons for boosting your prices still higher.'"

In 1930.

"I want to buy a battleship," said the lady secretary of the navy.

"Well?"

"I wonder if I could get the chairwoman of the naval committee interested?"

"Ask her to go battleship shopping with you."—Louisville Courier-Journal.

No Longer.

"How long do you suppose a young married couple could live on love?"

"As long as it lasts, I imagine."

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Owe Their Health To

Lydia E. Pinkham's Vegetable Compound—overshadowing indeed is the success of this great medicine. Compared with it, all other medicines for women's ills seem to be experiments.

Why is it so successful? Simply because of its sterling worth. For over forty years it has had no equal. Women for two generations have depended upon it with confidence.

Thousands of Their Letters are on our files, which prove these statements to be facts, not mere boasting.

Here Are Two Sample Letters:

Mother and Daughter Helped.

Middleburg, Pa.—"I am glad to state that Lydia E. Pinkham's Vegetable Compound did me much good when I was 35 years old. I was run down with female trouble and was not able to do anything, could not walk for a year and could not work. I had treatment from a physician but did not gain. I read in the papers and books about Lydia E. Pinkham's Vegetable Compound and decided to try it. The first few bottles gave me relief and I kept on using it until I got better and was able to do my work. The Vegetable Compound also regulated my daughter when she was 15 years old. I can recommend Vegetable Compound as the best medicine I have ever used."—Mrs. W. YERGER, R. 3, Box 21, Middleburg, Pa.

Fall River, Mass.—"Three years ago I gave birth to a little girl and after she was born I did not pick up well. I doctored for two months and my condition remained the same. One day one of your little books was left at my door and my husband suggested that I try a bottle of Lydia E. Pinkham's Vegetable Compound. I started it immediately and I felt better and could eat better after the first bottle, and I continued taking it for some time. Last year I gave birth to a baby boy and had a much easier time as I took the Vegetable Compound for four months before baby came. On getting up I had no pains like I had before, and no dizziness, and in two weeks felt about as well as ever."—Mrs. THOMAS WILKINSON, 363 Columbia Street, Fall River, Mass.

Another Royal Suggestion

DOUGHNUTS and CRULLERS

From the NEW ROYAL COOK BOOK

DOUGHNUTS made the doughboy happy during the war and no wonder. There is nothing more wholesome and delightful than doughnuts or crullers rightly made. Their rich, golden color and appetizing aroma will create an appetite quicker than anything else in the world.

Here are the famous doughnut and cruller recipes from the New Royal Cook Book

Doughnuts

3 tablespoons shortening
⅔ cup sugar
1 egg
¾ cup milk
1 teaspoon nutmeg
1 teaspoon salt
3 cups flour
4 teaspoons Royal Baking Powder

Cream shortening; add sugar and well-beaten egg; stir in milk; add nutmeg, salt, flour and baking powder which have been sifted together and enough additional flour to make dough stiff enough to roll. Roll out on floured board to about ¼ inch thick; cut out. Fry in deep fat hot enough to brown a piece of bread in 60 seconds. Drain on unglazed paper and sprinkle with powdered sugar.

Afternoon Tea Doughnuts

2 eggs
6 tablespoons sugar
¼ teaspoon salt
½ teaspoon grated nutmeg
3 tablespoons shortening
6 tablespoons milk
2 cups flour
3 teaspoons Royal Baking Powder

Beat eggs until very light, add sugar, salt, nutmeg and melted shortening; add milk, and flour and baking powder which have been sifted together; mix well. Drop by teaspoons into deep hot fat and fry until brown. Drain well on unglazed paper and sprinkle lightly with powdered sugar.

Crullers

4 tablespoons shortening
1 cup sugar
2 eggs
3 cups flour
1 teaspoon cinnamon
¼ teaspoon salt
3 teaspoons Royal Baking Powder
¾ cup milk

Cream shortening, add sugar gradually and beaten eggs; sift together flour, cinnamon, salt and baking powder; add one-half and mix well; add milk and remainder of dry ingredients to make soft dough. Roll out on floured board to about ¼ inch thick and cut into strips about 4 inches long and ½ inch wide; roll in hands and twist each strip and bring ends together. Fry in deep hot fat. Drain and roll in powdered sugar.

Just Where and How Is the Money to be Spent?

A businesslike Answer to a businesslike Question

THIRTY denominations cooperating in the Interchurch World Movement have budgeted their needs. No business could have done it more scientifically.

They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its budget under six main heads:

1 FOR THE CHURCH'S WORK AT HOME. A score of items come under this head. Consider only one. Five and a half million people in the United States cannot even read and write the English language. Who is to carry forward this vast work of Americanization if the church does not?

2 FOR HOSPITALS AND HOMES. Every year thousands of men and women seriously ill are turned away from Church hospitals because of lack of room. The children's homes are compelled to turn away more children than they can receive.

3 FOR HIGHER EDUCATION. Of the 450,000 American students in institutions of higher grade, one-half are in institutions founded and supported by the Churches. Many of these institutions have had no great endowment campaigns, but their needs are just as pressing as the needs of larger schools; and you have only to read their list of alumni and alumnae to measure the value of their contribution to America.

4 FOR RELIGIOUS TRAINING. At least 12,000,000 children and young people under 25 years of age are entering American life without any religious training at all. Remembering the faith of Washington and Lincoln, do you think that America will continue to produce Washingtons and Lincolns if faith dies out of the hearts of its youth?

5 FOR THE CHURCH'S WORK ABROAD. Influenza came first from the Orient thirty years ago; nearly all plagues are Oriental plagues. So long as China has only one physician to every 400,000 people the Orient will continue to be a menace. So long as one-third of the babies of India die before their second year our own babies are not safe. A Christian doctor or teacher sent abroad is working for America as truly as though he worked at home.

6 PREACHERS' SALARIES. The preacher is called the "forgotten man," and well he may be. Eight out of ten preachers are paid less than $20 a week!

Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget: examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. You can do it with the full satisfaction of knowing that every dollar of your gift has its post assigned to it in advance.

Every dollar for better America and a better world. When your church calls on you give—and give with your heart as well as your pocket-book.

Life Insurance As a Protection

Life Insurance is more than just "protection" for your wife and family. It is protection for you in your business ventures. It is protection for you in your old age. The cost to you is not money thrown away or lost forever. It is an investment of the best kind, a sure dollar-for-dollar proposition. Life insurance is only another means of saving your money PLUS the protection it offers. When you understand what it means to you, to your wife and family, and to your business, you'll realize its true value. Ask us about the new "Double Indemnity" Life Policy. Have settled claims for $6000.00 thru this agency in past year and a half.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Intentional Duplicate Exposure

$4,700,000
STATE OF MINNESOTA CERTIFICATES, OF INDEBTEDNESS

Bearing 5% Interest, Payable Semi-Annually, February 1 and August 1.

Offered for sale to the public in denominations of $100, $500 and $1000 at par and accrued interest from April 20, 1920.

These certificates are direct obligations of the State of Minnesota, and exempt from all taxes, Federal and State.

Sale begins April 20 and will continue 15 days, or until certificates are sold. Allotments will be made in the order filed.

Schedule of Maturities:

$706,000 August 1, 1921	$705,000 August 1, 1923
470,000 February 1, 1922	405,000 February 1, 1924

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

SIX MONTHS I COULD NOT WORK

Lydia E. Pinkham's Vegetable Compound Made Me Strong and Able to Work—I Recommend It To All My Friends.

Bayonne, N. J.—"I had pains in back and legs so that I could not stand caused by female trouble. I felt so tired all the time, had bad headaches, and for six months I could not work. I was treated by a physician and took other remedies but got no relief. A friend told me about Lydia E. Pinkham's Vegetable Compound and it has helped me very much. I am well and strong and now able to do my work. I cannot thank you enough and I recommend your medicine to my friends who are sick."—Mrs. SUSIE SACATANSKY, 25 East 17th St., Bayonne, N. J.

It must be admitted by every fair-minded, intelligent person, that a medicine could not live and grow in popularity for over forty years, and today hold a record for such wonderful success as does Lydia E. Pinkham's Vegetable Compound, without possessing great virtue and actual worth. Such medicines must be looked upon and termed both standard and dependable by every thinking person

The Dear, Dead Days.

"Does your wife object to your going out with your men friends?" asked Jinkins.

"Not my married men friends," replied Sheard. "But she draws the line at bachelors."

"Why?"

"She says whenever I go out with a party of bachelors I always return home greatly depressed."

Kernels Culled From News of Moment in All Parts of the World—Of Interest to All the People Everywhere.

Northwest

An association of the ministers of Dell Rapids, S. D., has been formed for the purpose of promoting the religious and social welfare of the city.

In a week's campaign the Aberdeen, S. D., Y. M. C. A. building committee raised by public subscription $225,000 with which to build a new association building in that city.

While extracting a shell from a gun, Alvin, 10 year old son of Andrew Goehring, of Highmore, South Dakota, accidentally discharged the bullet which killed him instantly.

Wallace Hurd, brakemen for the Great Northern railway, is dead at Watertown, S. D., from the effects of drinking a liquor manufactured by himself, according to a coroner's inquest.

Minnesota, Iowa, Illinois and Wisconsin will be represented at the district meeting of the Mississippi Valley Conservation Congress, scheduled to take place in La Crosse the latter part of the month.

Farmers of McPherson county, S. D., have received more than $75,000 from their wild hay crops during the last nine months, besides retaining enough feed to carry their herds through the winter.

Announcement is made by H. C. Cobb of Redfield, president of the South Dakota farm bureau, of the appointment of P. J. Crandall, former county agent of Union county as secretary of the state bureau.

E. L. Boland of Independence S. D., will realize more than $11,000 from his sweet clover crop of last year, having just finished threshing a 40 acre crop. Last fall he sold $4,500 in seed and still has about 600 bushels valued at approximately $6,000.

Announcement made by E. U. Behrdahl, secretary of the Retail Merchants' association of South Dakota, that the annual meeting of the association will take place May 11, 12 and 13 at Watertown. It is expected that 700 guests will be in that city for the meeting.

Coal dealers at the head of the lakes are apprehensive that the supplies of anthracite and bituminous coal will become acutely short before boats can arrive from down lakes. Captains who are fitting out their boats for their first trip from Duluth are having difficulty obtaining coal.

Extension improvements of right of way and stockyards here are being planned by the Chicago Milwaukee & St. Paul railroad at Mitchell, S. D., Division officials were here looking over the conditions and expressed the intention of beginning improvements which will enlarge the local stockyards and enable Mitchell to handle the livestock which is shipped to this place.

Rev. H. H. H. Fox of St. John's Episcopal church of Detroit, Mich., was elected suffragan bishop of the diocese to have charge of a new division of the diocese in eastern Montana, at the annual convention of laymen and clergy at Livingston. Mont. The election followed a deadlock during which the clergy favored Rev. Edward M. Cross of St. John's church, St. Paul, Minn.

Hotel registers would be barren of fictitious names in the event that the state adopt a law making it a misdemeanor to register under a fictitious name, in the opinion of A. H. Leimbacker of Fargo, president of the North Dakota Hotelmen's association. He said a bill, embodying that provision would be submitted to the next session of the legislature.

What is believed to be the record price for school land in Marshall county, S. D., is $276 an acre paid for 20 acres by Joe Gartner of Eden at the annual school lands sales held at Britton. The record previously was held by Spink county, where $205 was paid for a parcel of school lands. A delegation of Danes from southern Minnesota and northern Iowa bought heavily and will establish a colony near Lake City.

The North Dakota Workmen's Compensation bureau opened hearings at Fargo, to fix a minimum wage schedule, with most of the session devoted to restaurant and hotel employees. A minimum wage of $10 a week for the employees was discused, but no decision was reached. The commission decided that 2 hours a week and not more than three hours any school day will be the maximum employment allowed boys and girls of school age.

It is estimated that 35 per cent of the wheat crop in Brown, Edmunds, Day and Marshall counties, S. D., has been put into the soil during the last week. In the lighter soil districts most of the wheat is through the ground. Farmers are offering $75 a month for help and say the supply is sufficient at that price.

The champion egg eater of South Dakota is Lucas Schellen, living near Shindlar. He with several others entered in an egg-eating contest. He outdistanced all the others by eating 28 eggs and was awarded the state championship.

The "citizens" ticket defeated the Trades and Labor Assembly and Teachers Federation tickets in the annual board of education election at Fargo. Mrs. G. I. Gross, Fred Olson and Fred Hector were elected.

Another altitude record in land values near Flandreau, S. D., was established when E. F. Henry became the owner of the John Orvedahl quarter section in the south part of Grovena township. The consideration was $375 per acre.

Potatoes, selling at Seattle at $200 a ton have been put under the boycott of the Seattle Caterers' association, and will disappear from the menu of every members' establishment until the price again has reached normal level. Hundreds of tons of potatoes now held in storage by caterers and restaurant men here, will be put on the market to farmers only, for seeding purposes. More than 100 Seattle restaurants are represented in the association.

Washington

War department has detailed four De Haviland airplanes to carry a total of eight machine guns each.

Senate and house conferees agreed to continue bonus payments to 6,240 government employees and to abolish the nine subtreasuries, July 1, 1921.

Without a dissenting vote the house passed the deficiency appropriation bill, providing $390,000,000 for the railroad administration to wind up its affairs.

Annual army appropriation bill carrying a total of $377,246,944 or $305,533,076 less than the war department estimate, was reported to the house by the committee on military affairs.

John, Peter and Steven Scalcucci, Iron River, Mich., packing house owners, whose alleged possession of wine led to invasion of Iron county by federal agents, were indicted by the federal grand jury.

Governor E. E. Edwards of New Jersey has before him the house soldiers bonus bill, passed by the senate, allowing $10 a month for each month a New Jersey man served in the war with Germany. A maximum of $100 is fixed. A bond issue of $12,000,000 for paying the bonus will be referred to the people to vote upon.

Donald L. Campbell, a 15 year old high school student of Clinton, Iowa, was announced as first prize winner in the army national school contest for the best essay on the benefits of enlistment in the army. Second prize went to Marjorie Sheetz, Chillicothe, Mo., and third to Sallie Bowen Eason, Olive Branch, Miss. Medals will be awarded the winners, who will get a free trip to Washington.

Officers authorized by the army reorganization bill were reduced in the senate from 18,000 to 16,993, due to defeat of compulsory universal military training.

LIFT OFF CORNS!

Drop Freezone on a touchy corn, then lift that corn off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! No humbug!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.—Adv.

Made It Specific.

A little girl had been naughty, and her mother told her she must have no pudding for dinner. Later, the others ate a nice jam pudding, while the culprit received only bread and butter.

"Now, Jeanie," said her mother, at the end of the meal, "say grace."

Jeanie obeyed. Closing her eyes and her hands, she said, with emphasis:

"For what they have received may they be truly thankful."

If it weren't for your friends ther'd be no fun in anything.

Reckless Experiment.

"Friend," said Cactus Joe to the man who had just alighted from the bus, "could you tell us what a soviet is?"

"What do you want to know for?"

"Crimson Gulch has been getting so orderly and subdued that some of our most prominent citizens are talking about leaving. We need some excitement and we wouldn't mind a little trouble if it didn't last too long. From what I can hear a soviet, if it was managed right, would about fill the bill."

Perfect Health is Yours If the Blood is Kept Pure

Almost Every Human Ailment Is Directly Traceable to Impurities in the Blood.

You should pay particular heed to any indication that your blood supply is becoming sluggish, or that there is a lessening in its strong and vital force.

By keeping your blood purified, your system more easily wards off disease that is ever present, waiting to attack wherever there is an opening. A few bottles of S. S. S., the great vegetable blood medicine, will revitalize your blood and give you new strength and a healthy, vigorous vitality. Everyone needs it just now to keep the system in perfect condition. Go to your drug store and get a bottle to-day, and if you need any medical advice, you can obtain it without cost by writing to Medical Director, Swift Specific Co., 112 Swift Laboratory, Atlanta, Ga.

Things Not What They Seem.

It happened in Muncie. One of the city's socially prominent and beautiful young women was tripping along an uptown street when she met the wife of the pastor of her church.

"Oh, my dear, what a perfectly beautiful vanity case you are carrying!" exclaimed the minister's wife. At the same time the latter grasped the supposed vanity case, pressed the spring in order to see the interior, and out popped a dozen cigarettes.—Indianapolis News.

Preparing an Alibi.

"There's a friend in the outer office waiting for you, sir."

"Here, James, take this $10 and keep it till I come back."

Widely Divergent Interests.

Willis—I suppose the strike in your town is a purely local affair?

Gillis—Not in the least. The works are owned by Boston parties, the manager is from Chicago. the workmen came from Seattle, the labor organizer hails from New York, the strike-breakers were imported from Alabama, and the troops were sent by the governor, Our only local interest is ducking bricks.—Judge.

HAPPENINGS IN GOPHER STATE

News From All Parts of Minnesota Given in Condensed Form.

EVENTS BRIEFLY TOLD

Where Busy Readers Will Find News From All Parts of State Tersely Chronicled for Their Benefit.

Hutchinson.—All public school teachers have been re-elected by the board of education at increased salaries.

Hutchinson.—"Grandma" Kaer celebrated her 101st birthday here. Her health is fairly good and her mind active.

Duluth.—The steamer Sonora, a freighter, was the first to leave the Duluth harbor for another point in the 1920 season.

Virginia.—All grade school teachers of Virginia have signed contracts for the next teaching year, according to members of the school board.

Mora.—The Mora Booster band has secured William R. Wehrend, musical director at the University of Minnesota, as a permanent instructor.

Moorhead.—Carl A. Hallenberg, 83 years old, was found dead in his home. Physicians stated he evidently died of heart disease several days before.

Hibbing.—A sale of Holstein and Guernsey cattle during one of the days of the St. Louis county fair will be a new feature to be introduced this year.

Glencoe.—Arnold Hawkinson of Virginia has begun duties as county agent for McLeod county, vice C. H. Cook, resigned. Mr. Cook has gone to Mansfield, Ohio.

Luverne.—Potato growers of Jasper, this county have decided to erect a 50x100 feet modern warehouse this summer, equipped for winter storage, at a cost of $15,000.

Clear Lake.—Two women judges with a man as chairman will serve as an election board in each of the voting precincts of Clear Lake at the municipal elections.

Stillwater.—William Smithson was elected mayor of the city council to fill the unexpired term of J. R. Kolliner, resigned under the commission form of government.

St. Cloud.—Mathew Klies, 7 years old, was killed as a result of being struck by an automobile driven by John Schreiner. The boy fell from behind a wagon in front of the car.

Willmar.—Seeding in Kandiyohi county has been delayed by cold weather of the past two weeks. Although the land is dry, farmers say that the frost is not out of the ground.

Stillwater.—Blanks asking all citizens to don overalls for the summer were distributed broadcast here and the number of members joining the "Overall club" here is said to be considerable.

Willmar.—The old Mission Covenant church, which has been a landmark here for more than 30 years, will be razed and a new structure, which will cost approximately $50,000 will replace it.

Minneapolis.—Overalls and jumpers are making a strong bid for popularity at the University of Minnesota as a weapon against the high cost of living, with the initiative taken by the 90 freshmen of the college of medicine.

St. Cloud.—St. Cloud authorities are looking for a man giving the name of L. D. Werry of Davenport, Iowa, who, after applying for the position of secretary of the Commercial club, is alleged to have passed several worthless checks.

Winona.—Robert Irons, superintendent of schools at Rapid City, S. D., has been elected to the superintendency of the Winona public schools, succeeding Joseph V. Voorhees, resigned. He will begin his duties here about June 1.

Tracy.—A. O. Dahltorp, contractor, has purchased the old Methodist church building and will at once remodel the main portion of it into an apartment building which will give accommodations to four families, because of the shortage of houses.

Hutchnson.—The Hutchinson Produce company and Farmers' Co-operative Creamery, mailed out of Hutchinson during three days more than 10,000 pounds of butetr, which, because of the express embargo on perishables, have to go via parcel post to Baltimore, Washington and Philadelphia.

Foley.—Fifteen freight cars, five of them tank cars containing gasoline, went into the ditch here when a Great Northern freight train was wrecked. The accident is thought to have been caused by splitting rails. Virtually all of the cars overturned, and much of the gasoline, estimated at 250,000 gallons, ran from the tanks and farmers took it from the ditches along the right of way.

Winona.—Rev. Joseph Kock, assistant pastor of St. Joseph's Catholic church of this city, has been granted a six months leave of absence by Bishop P. R. Heffron and will visit Germany, returning to Winona in the fall. His mother and two sisters are in Germany.

Moorhead.—Members of the Moorhead fire department and other civic organizations of the city are making arrangements to entertain between 800 and 1,000 visiting firemen when the annual state convention of the Minnesota firemen's association is held in Moorhead June 15 and 16.

COOKIES and SMALL CAKES

From the NEW ROYAL COOK BOOK

WHEN the children romp in hungry as young bears, here are some wholesome, economical delights that will not only be received with glee, but will satisfy the most ravenous appetite in a most wholesome manner.

Cookies

¾ cup shortening
2 cups sugar
¼ cup milk
2 eggs
¼ teaspoon grated nutmeg
1 teaspoon vanilla extract or grated rind of 1 lemon
4 cups flour
3 teaspoons Royal Baking Powder

Cream shortening and sugar together; add milk to beaten eggs and beat again; add slowly to creamed shortening and sugar; add nutmeg and flavoring; add 2 cups flour sifted with baking powder; add enough more flour to make stiff dough. Roll out very thin on floured board; cut with cookie cutter, sprinkle with sugar, or put a raisin or a piece of English walnut in the center of each. Bake about 12 minutes in hot oven.

Cocoa Drop Cakes

4 tablespoons shortening
1 cup sugar
1 egg
½ cup milk
1½ cups flour
2 teaspoons Royal Baking Powder
½ cup cocoa
¼ teaspoon salt
1 teaspoon vanilla extract

Cream shortening; add sugar and well-beaten egg; beat well and add milk slowly; sift flour, baking powder, salt and cocoa into mixture; stir until smooth, add vanilla. Put one tablespoon of batter into each greased muffin tin and bake in moderate oven about 20 minutes. Cover with boiled icing.

Orange Cakes

4 tablespoons shortening
1 cup sugar
½ cup milk
1 egg
2 cups flour
3 teaspoons Royal Baking Powder
⅛ teaspoon salt
1 teaspoon orange extract
grated rind of 1 orange

Cream shortening; add sugar slowly, beating well; add milk a little at a time; then add well-beaten egg; sift flour, baking powder and salt together and add to mixture; add flavoring and grated orange rind; mix well. Bake in greased shallow tin, or individual cake tins, in hot oven 15 to 20 minutes. When cool cover with orange icing.

MUSIC OF ANCIENT GREECE

Bands That Marched to War With the Soldiers Played on Flutes, Pipes and Harps.

Poetry in ancient Greece was accompanied by the cithara and the lyre, while the flute was played by both men and women in furnishing martial music to the soldiers in time of war. Musical bands marched to war with the soldiers and played on flutes, pipes and harps.

The lyre and the harp were preferred by the Greeks for private use, for it was thought they did not prevent one from remaining master of himself, while the flute, pipe or clarinet put the man beside himself and obscured reason. There were extensive choirs whose music was distinctly connected with the religious life of the people. These choirs were composed of both men and women and were employed for public and private religious festivals.

The choirs celebrated victories in war, deaths, holy days, births and marriages. Alkman, who lived as early as 650 B. C., wrote a choir song for girls which was a dramatic part song.

Extravagance of Japanese.

The extravagance of the newly rich of Japan finds vent mostly in endowing colleges, assembling treasures of literature and art and ministering to those senses and desires through which men nourish the soul.

The Tide of Immigration.

Thirty-three million people have made the long voyage from alien shores to our own since liberty's eternal fire was kindled first on American soil.

Wonder what the women did for shiny noses before face powder was invented?

NOTHING TO DO BUT WORK!

When One Thinks of It, It Is Rather a Foolish Way to Spend One's Lifetime.

The most common complaint we hear from everybody we know is that they can't keep up with all there is to be done. We make the same complaint. Like you all, we undertake to do seventeen thousand things more than the hours of the day will permit us to do.

It is an awful mistake. To be driven like a galley slave is the rule we have made for our lives. And, oh, to quit it all, or to quit all but the things we would like to do and are worth while!

To never catch up, to never know what it is not to be tired—it is a foolish way to spend a lifetime. This one and only little lifetime that is ours.

And what are we to do about it? Cut loose and run away; we guess it is the only thing to do.—Los Angeles Times.

The Shady Sort.

"If you hire the right sort of a lawyer you can get out of this scrape."

"But how am I to know who is the right kind of a lawyer?"

"Pick out one who has a shabby office, although he could easily afford the best."

"What's the idea?"

"A lawyer of that kind is apt to be very successful in handling the affairs of clients who get fussed when they see mahogany furniture, thick carpets and elegant chandeliers."—Birmingham Age-Herald.

TEACHER SHORT OF SUPPLIES

Tommy's Excuse Rather a Poor One, but He Was in a Mighty Tight Corner.

The village schoolmaster had done very well with his war saving association. The scholars brought in their pennies regularly every week; some even had as much as a shilling to subscribe.

One Monday morning Mrs. Oates gave her son Tommy the sum of threepence to pay in. On his return for dinner the good lady asked to see his card.

"Look here, Tommy," she said sternly, "there's only twopence entered here! How is that?"

Tommy grew pale as he saw that his sin had found him out. But the taffee in the village shop had been so tempting. However, he did his best.

"Yes, mother," he stammered, "that's all the ink the teacher had."—London Answers.

Willing to Risk It.

One of the recent recruits to the army, a raw-boned Arkansan, was undergoing his examination by a lieutenant on the insignia worn by officers of various grades.

"What do two silver bars mean?" queried the lieutenant.

"Cap'n."

"One gold bar?"

"Second loot'nant."

"Silver eagle?"

The rookie scratched his head.

"Well, I ain't right sure about that one," he confessed, "but I reckon I'd take a chance and salute him, anyhow."—The Home Sector.

Hart-Parr Tractor!

This is practically the best Tractor on the market to-day. In the event that you are in the market for a Tractor, do not fail to call on me. I have a Hart-Parr on exhibition here at Holt and shall be glad to show it to you.

If you wish to buy a moderately priced tractor on terms to suit you, then do not fail to inspect the Hart-Parr before buying from anybody else.

The agency at Warren sold nearly 100 Hart-Parr Tractors, which in itself should be good proof that the Hart-Parr is the right tractor to buy.

Life Insurance As a Protection

Life Insurance is more than just "protection" for your wife and family. It is protection for you in your business ventures. It is protection for you in your old age. The cost to you is not money thrown away or lost forever. It is an investment of the best kind- a sure dollar-for-dollar proposition. Life insurance is only another means of saving your money PLUS the protection it offers. When you understand what it means to you, to your wife and family, and to your business, you'll realize its true value. Ask us about the new "Double Indemnity" Life Policy. Have settled claims for $6000.00 thru this agency in past year and a half.

How much should I give to make this a better world?

A CERTAIN man in New York filled out his income tax report.

It showed an income so large that his tax was 53%. *And his total gifts to church and charity for the year were $148.*

Think of it—thousands spent for luxuries and pleasure for himself; and $148 to leave the world a little better than he found it!

Most of us do better than that; but not so very much better.

Our average daily gift for all church causes is

—less than we spend for daily papers
—less than a local telephone call
—less than a third of the day's car fare
—less than 3 cents a day

No wonder that 80% of the ministers of America are paid less than $20 a week. No wonder that the church hospitals turn away thousands of sick people a year. No wonder that China has only one doctor for every 400,000 people. No wonder that every church board and charity society is forever meeting deficits, forever passing the hat.

It isn't because we are selfish; it isn't because we don't want to help. It's just because no one has ever put up a great big program to us, and asked us to think of the work of the church in a systematic businesslike way.

The Interchurch World Movement represents the united program of thirty denominations. They have surveyed their whole task, no business could have done it better.

They have budgeted their needs; no business could have a more scientific budget. They have united to prevent the possibility of waste and duplication. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

And they come to the men or women who love America —to you— this week asking you to use them as the channel through which a certain definite part of your income can be be applied to make this a better world.

Only you can determine what part of your income that should be.

It's a good time right now to answer that question. We're passing through the world just once; how much better will the world be because *you* passed through?

United Financial Campaign — April 25th to May 2nd

Cyrus Malberg called at the Rogers home Sunday morning.

Most of the farmers of this vicinity are well along with their spring work and some are nearly done.

Miss Pearl Warring visited at home over Sunday returning to her school work Monday.

Miss Celia Sanzer returned home last week after finishing a successful term of school in the Loftness district.

Notice

A public health exhibit will be displayed at the County Fair again this year. But this time the school children of the county are competing in the making of a number of public health appliances and posters. Prizes will be awarded for the three best iceless refrigerators, and for the three best fly traps. First, second, and and third prizes will also be given for the best posters on the following subjects: oral hygiene, food, milk, water, ventilation, and flies. Any school wishing to enter this contest should notify the office of the county superintendent of schools, or the public health nurse. The appliances and posters sheuld be sent in at the close of school.

The awarding of these prizes has been made possible through the cooperation of the Marshall County Fair Association which has given a sum of money for that purpose.

A general clean up will kill lots of flies and other pests.

Miss Sophia Nass was a Thief River Falls visitor Tuesday.

The Holt Chautauqua will be held on Monday, Tuesday and Wednesday June 28, 29, and 30th.

The republican caucus elected B. Docken as delegate to the county convention.

There's good money in raising vegetables for market. The cows will eat the small ones. Try it.

There will be a basket social held in the Wilson school house, Dist. No. 152 on Saturday evening, May 8th. All are cordially welcome.

The recent census gives Thief River Falls a population of nearly 5000 within the incorporation, which would give the city proper about 6000 people.

Rev. Kriedt of Thief River Falls will hold English services at the Holt Lutheran church at 2:30 Sunday afternoon May 16th. Everybody cordially invited to attend this service.

The Community play party held in the spacious school grounds last Monday evening, afforded a jolly good time for young and old. Some participated in gymnastic feats which is conducive to health, strength and efficiency while others found more joy in less strenuous exercise. We understand more evenings will be set apart for a community "getting to gether" in the near future.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

LIFE WAS A MISERY TO HER

Says this Woman Until Relieved by Lydia E. Pinkham's Vegetable Compound.

Carrollton, Ky.—"I suffered almost two years with female weakness. I could not walk any distance, ride or take any exercise at all without resting. If I swept the floor or did any kind of work it would bring my sickness on. I was weak and languid, had no energy, and life was a misery to me. I was under the care of a good physician for several months and tried other remedies. I had read of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking twelve bottles I found myself much improved and I took six more. I have never had any more trouble in that respect since. I have done all kinds of work and at present am an attendant at a State Hospital and am feeling fine. I have recommended your Vegetable Compound to dozens of my friends and shall always recommend it."—LILLIAN THARP, 824 S. 6th St., Carrollton, Ky.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

Beyond Expression.

An elderly lady was questioning the ex-artilleryman. "And what was the most terrible sight you witnessed, in the war?"

"Well, it was like this," replied the soldier. "We had just spotted a German machine-gun nest with about 12 enemy gunners that were holding up our advance. We located the nest and put the first shot right in the middle of the Jerries."

"How dreadful!" interrupted the old lady, "did it kill them all?"

"No'm," replied the soldier sadly, "it was a dud."—American Legion Weekly.

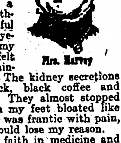
Frantic With Pain

A Physical Wreck From Kidney Trouble, But DOAN'S Made Her Well.

"Kidney trouble made a complete wreck of me," says Mrs. Wm. Harvey, 621 N. Eighth St., Grants Pass, Ore. "I was so despondent and miserable it seemed I had nothing left to live for. Death would have been a welcome relief. For six months I was in bed and never expected to leave it alive. I was too weak to move without the help of my nurse and so nervous I screamed when she touched me. My back and head hurt like a throbbing toothache. I had awful dizzy spells, my eyesight failed, my hands and feet felt dead. I was pain-racked all over. The kidney secretions looked like thick, black coffee and burned terribly. They almost stopped passing and then my feet bloated like bags of water. I was frantic with pain, and thought I would lose my reason.



Mrs. Harvey

"I had lost all faith in medicine and tried *Doan's Kidney Pills* only because a dear friend asked me. Right from the start I began to feel better. Doan's cured me."

MOST IMPORTANT NEWS OF WORLD

Big Happenings of the Week Condensed for Benefit of Busy Readers.

TOLD IN A FEW WORDS

Kernels Culled From News of Moment in All Parts of the World—Of Interest to All the People Everywhere.

Northwest

Canton.—Canton Torkelson of Canton was electrocuted when, while answering a telephone call, he stumbled and grasped some exposed wire where workmen were removing a switchboard.

Henry, S. D.—Businessmen of Henry have undertaken to raise by public subscription sufficient money to purchase an equipped athletic field which will be the center for all athletics in the city.

Sioux Falls.—Fred Frietag, a farmer of Delmont, was sentenced to a year in the Minnehaha county jail on a charge of evading the draft. It was alleged he refused to appear for physical examination.

Webster, S. D.—Crows have become so numerous in parts of Day county that the county commissioners have started a campaign for extermination of them by offering a bounty of 5 cents per head for the birds.

Neenah, Wis.—Rox River Valley paper mill men have completed organization of a $1,000,000 corporation which has started construction of a two machine paper mill and converting plant at Niagara Falls, N. Y.

Fargo, N. D.—The North Dakota League of Women Voters, organized at sessions in Fargo for the last two days, adopted a platform calling for numerous legislative enactments by the nation and the state.

Madison, Wis.—Herman B. Dahle, former member of congress from the third Wisconsin district, is dead at his home in Mount Horeb. He was born in Perry, Wis., in 1855. He served in the 56th and 57th congresses.

Fargo, N. D.—A minimum wage of $17.50 for women employed in hotels, cafeterias and soda fountains was tentatively adopted by the conference representing the employers, the workers and the public, conducted in Fargo.

Velva, N. D.—Mrs. Emil Roulier, aged 44, 13 miles from here, killed herself by poison after she had administered a dose to her 5 year old daughter, Lea. Worry and ill health is believed by officials to have unbalanced her mind.

Sioux City.—Peter Hagnes, a farmer of Canton, S. D., has brought action in federal court here to have a receiver appointed for the Midland Packing company, an $8,000,000 independent concern with a plant which has been in operation but a few months.

Rapids City, S. D.—One of the biggest real estate deals in years in this section of the country is announced in the sale of the Colonel J. M. Woods ranch of 900 acres for $100,000. The purchasers were R. P. Conkling and R. J. Gordon of Yankton county.

Fargo, N. D.—In an amended complaint, Miss Amanda Larson, victim of an accident for which a district court jury awarded her $23,000 damages, asked she be given $100,000 damages. Miss Larson asserts she has been permanently disabled by the accident.

Bozeman, Mont.—Miss Alice Chisholm of Bozeman, has been called into service for the Y. M. C. A. overseas for entertainment work with the American forces in the army of occupation at Coblenz, Germany. She expects to sail on the New York, an American line steamer.

Redfield, S. D.—While cleaning a chicken for dinner, Miss Blanch Fortin of Turton discovered what had become of the $5 goldpiece she had received as a Christmas present last year. On opening the chicken's gizzard, five coins were discovered. Four were pennies and the fifth was the missing goldpiece.

Hastings, N. D.—After cutting telegraph and telephone wires, closing the town off from all communication without outside points, robbers ransacked safety deposit boxes in the vault of the First State bank of Hastings. O. T. Olsen, cashier of the bank, said it was impossible to estimate the losses of safety box owners, but that some registered Liberty Bonds were known to have been stolen.

Ashland, Wis.—Considerable quantities of potatoes, buried in root cellars all winter, are coming to the market. Thousands of bushels in Northern Wisconsin were held up all winter by the unprecedented depth of snow and the condition of country roads, which were impassable for weeks. For a time no teams were able to get through on some country roads.

Minneapolis.—Bank deposits in Minnesota have increased from $76,083,000 in 1900 to $899,296,000 in 1920, according to a statement of comparative bank deposits of the northwest, issued by the First National bank of Minneapolis. In North Dakota the deposits have increased from $11,222,000 in 1900 to $210,868,000 in 1919, and in Montana the deposits have increased from $17,115,000 in 1900 to $190,880,000 in 1919. The statement shows there were 276 banks in Minnesota in 1900, as compared with 1,459 in 1919. In Montana the banks have increased from 35 in 1900 to 419 in 1919.

Washington

Washington—The summer home of Admiral Dewey in Rhode Island ave., presented to him as the gift of the American people, has been sold and will be converted into a store.

Washington—Suffragists predict the ratification of the national amendment within three months by at least two and possibly all of the five states of Delaware, Louisiana, North Carolina, Connecticut and Vermont.

Washington—Because of the depleted personnel, only one aviation squadron will be detailed for forest observation this year, the war department announced. The Ninth squadron, based at Mather Field, will cover California.

Washington.—More than $400,000,000 in government life insurance, carried by service men during the war, has been converted into pemanent government policies. Director Cholmley Jones reported. This represents the exchange of more than 133,000 policies.

Washington.—The campaign for ratification of the federal suffrage amendment has cost the national woman's party $93,599.75, it was announced at headquarters here. Most of the contributions came in small amounts from individual women, the record sum for any one month being $18,362 in March, 1920.

Washington—Collection of the nation's taxes last year cost the government 53 cents for each $100 in revenue, according to a statement by the bureau of internal revenue. Total collections for the year were $3,850,150,000 and the total expenditures in collecting this amount $20,573,000, the statement declared.

Foreign

London.—Five more hunger strikers were released from Wormwood Scrubbs prison.

Constantinople — Five hundred French troops were reported lost in the evacuation of Urfa, Mesopotamia.

Tipperary, Ireland.—The Ballyander police barracks in County Limerick surrendered to 100 men after a three-hour siege.

Madrid.—Final steps in passing the budget bill were taken by Parliament. The measure now goes to King Alfonso for his approval.

Rome.—Paul Joseph Tussbaum, bishop of the Corpus Christi, Texas, diocese, was nominated titular bishop of Gerasa at the Vatican.

Saragossa, Spain.—Tobacco workers in every factory throughout Spain have given notice they will strike if not granted a 25 per cent wage increase.

Versailles.—Apartments have been reserved here for the accommodation of Turkish delegates to the peace conference who probably will arrive May 5.

London.—Thomas J. MacNamara, minister of labor, told the House of Commons that the strikes and lockouts reported to the ministry of labor during 1919 aggregated 1,413.

Honolulu, T. H.—Scores of persons were killed and 25,000 acres of timber destroyed by forest fires in the Kamo district, says a Tokio cable to Nippu Jiji, Japanese newspaper here.

Berlin—Forty billion marks are involved in the government's purchase of the Federated States railways, which has been approved by the national assembly. The annual interest incurred in the nation's huge investment is estimated at 14,000,000 marks. More than 1,000,000 employees of the railways will be on the government payroll.

Domestic

Ottawa, Ill.—Sheriff C. S. Ayers announced that the Ottawa jail will be turned into hotel because prohibition has emptied it of prisoners.

New York.—The general scale committee of the anthracite mine workers rejected the counter offer of the operators covering wage demands.

Muskegon, Mich.—Stewart C. Moon, charged with the murder of his 10-year-old granddaughter, was pronounced insane here by a jury in circuit court.

Indianapolis.—William Ray, 19 year old Negro, was found guilty of the murder of Martha Huff, 14, a white girl, and sentenced to be electrocuted August 5th.

New Haven, Conn.—Increased salaries for instructors and assistant professors at Yale university, effective July 1, include, instructors, $1,500 to $3,000; assistant professors, $3,000 to $5,000.

Detroit, Mich.—Thirty thousand employees of the Ford Motor company were thrown out of work when the parent plant was partly closed down because of a shortage of raw materials caused by the railroad strike.

Orange, N. J.—Three hundred pounds of mail were burned when a postal plane from Washington to Newark became lost in a fog over the Orange mountains, crashed to the ground and burst into flames.

Omaha, Neb.—E. Adams, chairman of the national committee for the federation of all war societies, called a meeting of committees of the G. A. R., Spanish War Veterans, American Legion, Veterans of Foreign Wars and World War Veterans, at Washington, May 14.

New York—Absence of queues and oriental costumes and the presence in their midst of a woman delegate were some of the evidences of Americanization apparent at the annual convention of the Chinese Merchants' association which opened a three weeks session in Chinatown. Nearly 600 delegates from all parts of the country were present.

Fort Smith, Ark.—A 14 year old boy was killed and two men injured, one seriously, at Sallisaw, Okla., when an airplane, driven by Bob Fogg, former army aviator, fell 40 feet and ploughed its way through a crowd of 2,000 persons.

Another Royal Suggestion

MUFFINS and POPOVERS

From the NEW ROYAL COOK BOOK

BREAKFAST is too often eaten as a duty rather than a joy. The success of the day may depend upon the spirit of breakfast. The Royal Educational Department presents some breakfast dishes that will send the children to school with a hip hip hurrah and his majesty man to his daily duties with the "up and doing" feeling which knows no discouragement.

Muffins

2 cups flour
3 teaspoons Royal Baking Powder
1 tablespoon sugar
½ teaspoon salt
1 cup milk
2 eggs
1 tablespoon shortening

Sift together flour, baking powder, sugar and salt; add milk, well-beaten eggs and melted shortening; mix well. Grease muffin tins and put two tablespoons of batter into each. Bake in hot oven 20 to 25 minutes.

Eggless Muffins

2 cups flour
4 teaspoons Royal Baking Powder
2 tablespoons sugar
1 teaspoon salt
1 cup milk
2 tablespoons shortening

Mix and sift dry ingredients, add milk and melted shortening and beat until smooth. Bake in greased muffin tins in hot oven 20 to 25 minutes.

Corn Muffins

¾ cup corn meal
1¼ cups flour
4 teaspoons Royal Baking Powder
½ teaspoon salt
2 tablespoons sugar
1 cup milk
2 tablespoons shortening
1 egg

Sift together corn meal, flour, baking powder, salt and sugar; add milk, melted shortening and well-beaten egg; mix well. Grease muffin tins and drop two tablespoons of mixture into each. Bake about 35 minutes in hot oven.

Popovers

2 cups flour
½ teaspoon salt
2 eggs
2 cups milk

Sift together flour and salt. Make a well in flour, break eggs into well, add milk and stir until smooth. Pour into hot greased gem pans and bake 25 to 35 minutes in a very hot oven. If taken out of oven too soon they will fall.

The Sure Way to Test Roofing is on the Roof

Some men think that they can tell good roofing by smelling it. Figure it out yourself. How is any man's nose going to tell him how long roofing will last and how much protection from storms, snows and rains it will give.

And protection and lasting qualities are what you pay money for.

The only sure way to test roofing is on the roof.

That is where Certain-teed Roofing has been tested by time—tested for wear—tested for shelter—all over the world.

Certain-teed Roofing has never been known to wear out on the roof. It is guaranteed for 5, 10 or 15 years, according to weight.

Private Brands and Big Profits

Some dealers will try to sell you private brands of roofing, not because they are as good or better than Certain-teed, but because there is more dealer profit in them. Those profits come out of you.

Dealers make a fair profit on Certain-teed, but they are limited to a fair profit because so many dealers handle it and everybody knows the price.

Don't take a gambler's chance on an unknown brand. Buy for known value at a price which is fair to everyone.

Any reliable dealer can get Certain-teed for you quickly from a nearby Certain-teed warehouse or jobber. He gets it when he wants it and he gets what he wants. He can afford to sell you at a fair price.

Certain-teed

Beware of the dealer who tells you he has Certain-teed, but tries to sell you a private brand. He probably wants a bigger profit.

HORSES COUGHING? USE
Spohn's Distemper Compound
to break it up and get them back in condition. Twenty-six years' use has made "Spohn's" indispensable in treating Coughs and Colds, Influenza and Distemper, with their resulting complications, and all diseases of the throat, nose and lungs. Acts marvelously as a preventive, acts equally well as a cure. 60 cents and $1.15 per bottle at drug stores.
SPOHN MEDICAL COMPANY, Goshen, Ind.

Don't Let Catarrh Drag You into Consumption

Avoid Its Dangerous Stage.

There is a more serious stage of Catarrh than the annoyance caused by the stopped-up air passages, and the hawking and spitting and other distasteful features.

The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your path. Your own experience has taught you that the disease cannot be cured by sprays, inhalers, jellies and other local applications.

S. S. S. has proven a most satisfactory remedy for Catarrh because it goes direct to its source, and tends to remove the germs of the disease from the blood. Get a bottle from your druggist today, and begin the only logical treatment that gives real results. For free medical advice write to Medical Director, 104 Swift Laboratory, Atlanta, Ga.

A Jawbreaker.

"What dreadful name are you applying to that man?"

"Merely his own," responded the Russian courteously.

Consistent.

"He is a most consistent critic."

"So I judge by his running comments on fugitive poetry."

Naturally.

Stock Raising in WESTERN CANADA
WESTERN CANADA Farm Lands at Low Prices Wheat Belt of America

is as profitable as grain growing. Successes as wonderful as those from growing wheat, oats, barley, and flax have been made in **raising Horses, Cattle, Sheep and Hogs.** Bright, sunny climate, nutritious grasses, good water, enormous fodder crops—these spell success to the farmer and stock raiser. And remember, you can **buy on easy terms**

Farm Land at $15 to $30 An Acre

—land equal to that which through many years has yielded **from 20 to 45 bushels of wheat to the acre**—grazing land convenient to good grain farms at proportionately low prices. These lands have every rural convenience; good schools, churches, roads, telephones, etc., close to live towns and good markets.

If you want to get back to the farm, or to farm on a larger scale than is possible under your present conditions, **investigate what Western Canada has to offer you.**

Bemidji.—The resignation of H. Mayne Stanton, secretary of the Bemidji Civic and Commerce association, effective May 15, is announced. Mr. Stanton will become secretary of the Grand Forks, N. D., Commercial club.

Ellendale.—Members of the local American Legion post have taken the first steps in the financing of a moving picture theater to provide amusement for this village. They are to be aided by members of the Ellendale Business Men's association.

Ivanhoe.—At a largely attended meeting, the Ivanhoe Community club was organized here, following a number of meetings which had been conducted in different parts of the county by R. E. Olmstead of the University of Minnesota Farm school.

Chisholm.—Steven Propotnik, clothing merchant of this village, aged 38, died while being taken to the hospital from poisoning caused by eating olives. This is the first case of olive poisoning reported on the Range and as a result the health authorities have issued a warning.

Luverne.—Preliminary steps towards the establishment of free mail delivery service in Luverne are being taken in this city. All of the residences and business buildings will soon be numbered and the city council will have the names of the streets stenciled on the posts at the city's intersection.

Lake Benton. One lone muskrat ruined a motion picture show here. The animal entered the picture house and crawled up on the seat. The woman in the next seat took her immediate departure and many others followed, including men. In a very short time the muskrat was all alone in his section of the house.

Winona.—Five million German marks have been bought by residents of Winona the last six months, according to a prominent Winona banker in discussing the present exchange rates. "The purchasers believe the German government will become stable within the next year or two and the value of the mark will return to its old standard," said the banker.

Tower.—Fearing that he would bleed to death of a wound in the head sustained while working alone on the Bracco farm near here is believed to have caused Edward Oberg to take his life by hanging. A pail partly full of water and blood was found in the cabin and there was a bad bruise on the head, as well as blood on his clothes.

Stillwater. Miss Elizabeth Peck died at a hospital here from injuries received when struck by a streetcar near here. Miss Peck was on her way to St. Paul to meet friends. She was attempting to cross ahead of an approaching car when struck.

Baby Specialists.

THAT there are Physicians who specialize on Infant ailments you know. All Physicians understand Infant troubles: all Physicians treat them. It is his profession, his duty, to know human ills from the Stork to the Great Beyond.

But in serious cases he calls in the Specialist. Why? He knows as every Mother knows, or ought to know, that Baby is just a baby, needing special treatment, special remedies.

Can a Mother be less thoughtful? Can a Mother try to relieve Baby with a remedy that she would use for herself? Ask yourself; and answer honestly!

Always remember that Baby is just a baby. And remembering this you will remember that Fletcher's Castoria is made especially for Infants and Children.

CASTORIA

The False and the True.

Advertising by the use of large space, the expenditure of huge sums of money have placed on the market, have put in *your* home, perhaps, many articles that today have been discarded, as you will readily admit.

Do you recall anything that has more modestly appealed to the public than has Fletcher's Castoria: modest in all its claims, pleading at all times—and truthfully—for our babies?

The big splurg, the misleading claims may win for a time, but the honest truth-telling advertiser is like the old story of the tortoise that beat the hare.

Mothers everywhere, and their daughters, now mothers, speak frankly, glowingly, enthusiastically in praise of Fletcher's Castoria. Speak of it lovingly as a friend that has brought comfort, cheer and smiles to their little-one.

There are substitutes and imitations as there are for the diamond, for anything of value. One might almost say that that which is not copied has no value. So you have had the signature of Chas. H. Fletcher and a copy of the genuine wrapper kept constantly before you that you may guard against the false and the untrue.

Sounded Like It.

A schoolteacher relates the following dialogue which took place during a recent examination:

Teacher—Johnny, spell and define bewitching.

Johnny—Be-witch-ing, fascinating.

Teacher—Correct. Now, what does facinating mean? Who can tell?

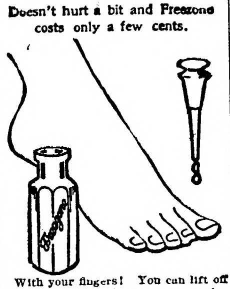
Silence for the space of half a minute, then up comes a hand, shaking with impatience to give the desired information.

Teacher—Well, Michael, tell us what your idea of fascinating is.

Michael (drawling, but shouting with the utmost assurance)—It's phwat yer put in yer arm ter keep off smallpox.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.



With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callous. Instantly it stops hurting, then shortly you lift that bothersome corn or callous right off, root and all, without one bit of pain or soreness. Truly! No humbug!—Adv.

Golden Opportunity.

Judge—Haven't I seen the defendant some place before?

Lawyer—Yes, your honor; he taught your wife how to sing like a grand opera star.

A Lady of Distinction.

Is recognized by the delicate fascinating influence of the perfume she uses. A bath with Cuticura Soap and hot water to thoroughly cleanse the pores, followed by a dusting with Cuticura Talcum Powder usually means a clear, sweet, healthy skin.—Adv.

Every man who has the courage of his convictions has to have a lot of it.

His Advantage.

Sunday School Teacher—The man with five talents increased them to ten, but the man with one hid his. That was wrong, wasn't it?

Willie Willis—Huh! Think of the laugh he had on the other guy when the income tax man came around and took away 95 per cent of the ten talents.—Judge.

WATER WITH ASPIRIN

Bayer Company, who Introduced Aspirin in 1900, give proper directions.

The Bayer Company, who introduced Aspirin, tell in their careful directions in each package of genuine "Bayer Tablets of Aspirin" that to get best results one or two glasses of water should be drank after taking tablets.

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Then you are getting the genuine, world-famous Aspirin, prescribed by physicians for over eighteen years.

Each unbroken "Bayer" package contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, and Pain generally.

Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.—Adv.

Concluding the Ceremony.

The Justice of the Peace—Do you take this woman to be your lawful wedded wife?

The Bridegroom—I do.

The Justice—Then I pronounce you man and wife. And remember you asked me to do this. Don't ever blame me.

The Kind.

"These automobile thieves who are so bold certainly have nerve."

"Yes; motor nerve."

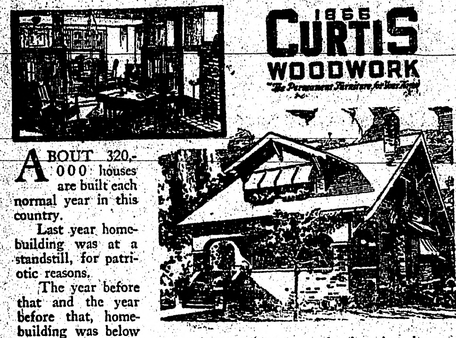
Are You Waiting for Prices to Come Down?



1866
CURTIS
WOODWORK
"The Permanent Furniture for Your Home"

ABOUT 320,000 houses are built each normal year in this country.

Last year home-building was at a standstill, for patriotic reasons.

The year before that and the year before that, home-building was below normal because "prices were too high." As a result, there is a shortage in this country of about 700,000 houses!

Consequently, there is a "hungry market" for building materials. General Demand is about to launch a campaign for home-building. What will General Supply do? What effect will a big demand have on prices? You can draw your own conclusions.

You can decide now whether you want to take advantage of the present favorable prices of materials and build now, or whether you want to wait three, five, ten or fifteen years until "prices are right" and then build, in the meantime, doing without the comfort, convenience, and satisfaction of a home of your own.

Think it over. Our advice is, Build Now! not because the Government asks you to, but because

Life Insurance As a Protection

Life Insurance is more than just "protection" for your wife and family. It is protection for you in your business ventures. It is protection for you in your old age. The cost to you is not money thrown away or lost forever. It is an investment of the best kind- a sure dollar-for-dollar proposition. Life insurance is only another means of saving your money PLUS the protection it offers. When you understand what it means to you, to your wife and family, and to your business, you'll realize its true value. Ask us about the new "Double Indemnity" Life Policy. Have settled claims for $6000.00 thru this agency in past year and a half.

Alfred Sollom and family visited at his mother's home Sunday.

The Golden Valley neighborhood now have in about 30 phones.

Orvis Olen went to Greenbush last Saturday to visit at the A. H. Huseth home, returning the first of the week.

Swat the fly early, as those flying around now will breed thousands of others and cause much sickness and diseases of several kinds.

Mrs. Kaasa and Mrs. Rotsland of T. R. Falls came Monday to spend the afternoon at the Torger Ness home four miles west from Holt.

Mr. and Mrs. Iver Engebretsen entertained Sunday the following guests: Mrs. Sagstuen and sons, Anton and Carsten, Clara and David Johnson and Agnes Ekerdalen.

Clarence Knutson made an auto trip to Grand Forks Sunday to get his family who had been visiting relatives in and near that place for sometime. On account of bad roads, the return trip was made the next day.

The farmers have started a petition asking to have the prices of different kinds of grain fixed by congress so that they will not be at the mercy of the grain speculators and gamblers. The blanks are at the bank and all farmers are urged to sign up. Other places should take up this work so as to make concerted action all along the line.

JULIUS A. SCHMAHL

Republican Candidate for Governor

Vote for Schmahl

at the June Primaries

Eighteen Years of Faithful Service

To the People of Minnesota and the Nation

A man has to learn to be a Congressman.

A new congressman must begin at the bottom of the class and work up.

A. E. Bowen, nominated for Congress by the Non-Partisian League, in stating why he declined to be a candidate, said that, if elected, he would be buried in some insignificant committee assignment, would have but little chance to express himself on the floor of the House, and would be unable to render his constituents the service they could reasonably expect of him. He is absolutely correct. Though above the average in ability, he would have to remain there for years before coming to the front as a factor in shaping the affairs of the nation. And that is true of every new man elected.

Halvor Steenerson had to begin at the bottom and work up. He is now chairman of the Committee on Post Offices and Post Roads- the legislative head of the world's greatest co-operative business institution, the postal service of the United States. He is probably the best informed man in the nation today on postal affairs. For years he has been one of the main forces back of the rural free delivery service, and he hasn't forgotten the folks at home, for the Ninth District of Minnesota is among the first in the country in its miles of rural mail routes.

In former Republican periods of power the New England states largely controlled in Congress. They returned their members term after term until they got on the important committees and secured leadership. Minnesota and Iowa today are in a position of commanding influence in Congress for the same reason. Minnesota and Iowa leadership in Congress means control in behalf of agriculture- the farmers. New England leadership means control in behalf of the manufacturers and their employees.

Agriculture is the big industry in the Ninth District. It is a fine theory that every man should take a national view in legislation, but in actual practice every congressman fights for the principal industries in his district. If he did not do so, he would not remain a congressman. The farmers have had no abler advocate in Congress than Halvor Steenerson, and he is now in position to be of greater service to them than ever before.

He came to northwestern Minnesota when it was a vast wilderness, and has lived to see it become one of the garden spots of the nation. His heart is with the people of this district, his pleasure is in seeing that they get a square deal, and he has the fighting ability necessary to be effective in their behalf.

Death of P. A. Riesberg

P. A. Riesberg died at one o'clock last week Thursday afternoon at the Thief River Falls hospital where he had been a patient for almost nine weeks. Death was due to a complication of diseases, from some of which he suffered for some time, as his health had not been good for two or three years.

Mr. Riesberg was born in Westerbotten, Sweden in 1865 and was married in that country to Miss Elizabeth Nesslund. They came to America in 1888 and settled in Warren, Marshall county Minnesota.

Four or five years later they settled on a homestead in East Valley and ever since then have made their home in this vicinity.

Eight children were born to these parents, three of whom preceeded their father in death.

Mr. Riesberg took an active part in the development of the country and was always willing to do more than his share in any cause. He was in business for several years and had a wide acquaintance. He held many offices of trust and was always faithful in the discharge of his duties.

The funeral services were held at the Holt Free Mission church Monday afternoon, Revs. Myhrer and Strom officiating. The M. W. A. lodge, of which the deceased was a charter member, and clerk for many years, had charge of the funeral, with Arvid Carlson acting as Master of Ceremonies. Interment was made in the Holt cemetery.

The News joins their many friends in extending heartfelt sympathy to the sorrowing widow, children, sister and other relatives of the deceased.

Sam Mickelson has traded his homestead at Randen to T. A. Tobiason for property here formerly owned by B. Eide.

Everybody was surprised Saturday when Julius Schmahl withdrew his name from the so called elimination convention. The convention selected the following men to be voted for at the June primaries: Governor, Jake Preus; Lt. Gov. L. W. Collins; Secy. of State, Mike Holm of Roseau.

C. H. Gunheim believes in substantial improvements. He built a large barn on his farm last year and commenced work on an eight room dwelling house which he is having finished this spring. Last week he had a large silo shipped here which he will erect during the summer and have ready to fill this fall. Mr. Gunheim realizes that the man with a well filled silo does not need to worry about feed.

The law provides that village councils may levy a poll tax of from one to four days labor. The Holt council has levied a poll tax of two days labor and the law provides that this may be paid in cash, if so desired, at the rate of $1.50 per day. As it costs considerable money under present conditions to have the street commissioner do the collecting, it has been decided that those who wish to settle their poll tax in cash, will pay the same to A. L. Carlson, village treasurer, and those who desire to work should report the same to Ludvig Monson, street commissioner. This is a patriotic duty for every male resident and all should be glad of an opportunity to help improve our village.

Now is the time to renew your subscription to this paper before the price goes up.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

MOST IMPORTANT NEWS OF WORLD

Big Happenings of the Week Condensed for Benefit of Busy Readers.

TOLD IN A FEW WORDS

Kernels Culled From News of Moment in All Parts of the World—Of Interest to All the People Everywhere.

Northwest

Caledonia, Wis.—The body of Frank Maresh, 84 years old, retired farmer, was found in an unused shed. He had been missing for a week.

Grand Forks, N. D.—Delegates to the North Dakota Federation of Labor in annual meeting here, passed a resolution condemning the overall club movement.

Watertown.—Arrangements are being made for the annual meeting here on June of the South Dakota Bankers' association. Indications point to a record-breaking attendance.

Winnipeg.—Heavy flood conditions prevail throughout North Alberta, between Calgary and Edmonton. The city of Reddeer has been flooded out by rapidly melting banks of snow.

Pierre, S. D.—Governer Peter Norbeck appeared in his office dressed in khaki overalls, presented to him by other state officials. This is probably the first time a state executive has taken this step.

Castlewood, S. D.—Castlewood has become a city. A. F. Poulson, one of the best known pioneer residents, is the first mayor. Because of an increase in population, Castlewood automatically becomes a city.

Hillsboro, N. D.—Lieut. Edwin Knutson, a native of this community, arrived here recently with his French war bride and will soon go to his homestead near Scobey, Mont., where the couple will make their future home.

Mitchell, S. D.—Harry Lift, 20 year old cripple, who has earned his living several months by washing dishes in a lunchroom, has left for Oakland, Calif., to receive his share of a large estate left by a relative of his father.

Roundup, Mont.—Joe West, aged 40, shot and killed his wife and two children, aged 8 and 9, and then shot himself through the head, dying instantly. No reason is assigned for the act, except despondency over financial matters.

Winnipeg.—Removal of restrictions on wheat trading so that open trading may be resumed next autumn is to be urged upon the federal government and parliment by representative grainmen from Winnipeg and Montreal.

Mitchell, S. D.—It cost General Leonard Wood $42,791 to carry the republican primaries at the South Dakota presidential preference primary, according to a statement just filed by W. H. King, state manager for the Wood campaign.

Redfield, S. D.—The office of the adjutant general, which has been located at Redfield for the past seven years is being moved to Aberdeen by William A. Hazle who was appointed to succeed General W. A. Morris of this city to this position.

Winnipeg, Man.—Carrying the first aerial mail from the United States to Canada, Lieutenant A. E. Bingham, Winnipeg, Man., arrived here from Grand Forks, N. D. Bingham had the wind in his favor throughout the trip, covering the 165 miles in two hours and ten minutes.

Brookings, S. D.—Bread clubs, a new project of the club department of the state college, have already enrolled 400 members. There is to be a champion bread demonstration team in every county of South Dakota to represent the county at the state demonstration to be held during the state fair. The state champion team will represent South Dakota at the Interstate fair at Sioux City and will compete with teams from 12 states.

Barron, Wis.—Barron county ranks as one of the banner counties of Wisconsin. It claims the largest co-operative creamery in the world, the largest potato growers' association in America, the largest percentage of cleared land of any northern county, the largest number of shipping associations and the largest number of farmers using modern methods of potato raising. It is now rated second in the state for the largest number of pure bred bulls.

Duluth.—Timber workers, members of the American Federation of Labor and Industrial Workers of the World, went on a strike in northern Minnesota, northern Wisconsin and northern Michigan. C. A. Johnson, national organizer for the American Federation of Labor, from the headquarters district No. 2 in Rhinelander, Wis., which includes the three states, asserted 20,000 are on strike. This is declared an exagerated estimate by operators.

Dickinson, N. D.—Representatives of the United States department of agriculture are investigating the spread of the sugar beet web worm which has appeared here. The worm was first noticed in this section last fall and government representatives wish to prevent its increase during the coming season.

Billings, Mont.—Jack Perry, known as "Calgary Red," wanted in Canada to serve a ten-year term for assault and robbery and held here on bootlegging charges six months old, sawed his way out of the county jail in broad daylight, and is still at large

Washington

Washington.—Nothwestern bankers were included in a delegation appearing before two house committees to protest against the federal reserve board's regulation requiring the collection of checks at par.

Washington.—Grain and livestock men are here besieging the interstate commerce commission and congress to increase the revolving loan fund in the railroad loan from $300,000,000 to $600,000,000 to enable the roads to purchase adequate equipment to overcome the car shortage.

Washington.—Declaring that the parcel post may become an important agency in reducing living costs, Fourth Assistant Postmaster General Blakeslee asked the senate to repeal laws prohibiting the sending of matter by parcel post within a 50 mile radius of the office of origin.

Washington — Information reaching here is to the effect that the various factions in Mexico have entered into an agreement which calls for ousting Carranza from the presidency May 15, and the selection as president ad interim of Alfredo Roblez Domingues to rule pending a regular election of a successor.

Washington.—Nothing is accomplished but the birth of another set of profiteers by the men joining the overall wearing mania, said Miss Florence King of Chicago, president of the National Woman's Association of Commerce, while here making plans for the annual convention of the association at Columbus in July.

Washington.—A bill giving the secretary of state right to license all cable lines landing on American shores was introduced by Senator Frank B. Kellogg (rep. Minn.), who said American cable communications with South America were being hampered by a Brazilian grant to exclusive rights to an English company to operate cables in its territory.

Foreign

Madrid.—The Spanish cabinet, headed by Allende Salazar, resigned. King Alfonso accepted the resignation.

Berlin.—Former King Ludwig has returned to one of his castles in Bavaria from Switzerland, where he had lived since the revolution.

Paris—The supreme council may continue as an international organization composed of prime ministers, says a London dispatch to the Temps.

Paris—Many striking railroad workers are returning to their positions with the State, Orleans and Paris and Lyons and Mediterranean railroads, in spite of pressure exerted by extremists.

London.—Miss Laurette Taylor, whose premier in "One Night in Rome" was broken up last Thursday night, received an ovation when she presented the postponed performance at the Garrick.

Ottawa.—Sir George Foster informed the house of commons that negotiations toward appointment of a Canadian diplomatic representative to the United States are being conducted by the government.

Paris.—The conference of ambassadors has decided to postpone the plebiscite in the Teschen district of Silesia for two months. The balloting to decide the nationality of the region will occur on July 12, instead of May 12, the date originally fixed.

Domestic

New York.—Wililam Thompson Price, 75 years old, well known playwright and author, died of heart disease.

Gorman, Texas.—Fire originating in a livery stable from an unknown cause destroyed more than a dozen buildings here. The loss is estimated at $100,000.

Dunning, Neb.—Ruth Taylor, 8 years old, and Ruby Moger, 7, school girls, were killed by lightning today at a schoolhouse near here. The building was demolished.

Cleveland.—A general opening wage schedule, the highest ever paid, has been adopted by the Lake Carriers association. In some cases the increase amounts to 30 per cent.

Bisbee, Ariz.— Theodore Grantillos and his son, Eufacio were both shot through the head, the bullets passing through the skull, Sunday, and are alive to tell the story today.

Detroit, Mich.—The Detroit United Railway company received demands for a wage adjustment of its 3,000 city and interurban carmen. One dollar an hour is the maximum asked by the employees.

Detroit. — Ten Detroiters thought they had solved the housing problem. Then they discovered that the "agent" who rented them houses had no authority to do so. Police are looking for the "agent."

Chicago—Attempts of master barbers to increase the price of hair cuts to 75 cents because of wage increases granted would be fought by the Journeymen Barber's union, A. B. Raymond, business agent, declared today.

Little Rock, Ark.—J. H. Blunt, Negro nominated for governor at a convention of Negro republicans, who had left the regular republican state convention, paid the necessary fee to get his name on the ballots as a republican candidate.

Chicago.—More than 350 persons were held at police stations, having been arrested in what Chief of Police Garrity terms a "spring cleanup of criminals." Among those held were alleged radicals.

Chicago.—Construction on Chicago's new union station will go ahead, railroad officials announced, as the result of arrangements made to sell $10,000,000 additional bonds.

Boston.—The average cost of living for American wage earners advanced 7 per cent between November, 1919, and March, 1920, said a report of the national industrial conference board.

REVOLUTIONISTS TAKE CARRANZA

Principal Cities and States of Mexico Now Occupied by Rebels.

LEADERS ARE EXECUTED

Cesareo Castro Has Placed Himself at the Disposition of General Obregon With the Forces That Control Torreon.

El Paso, Tex.—All of Mexico, except the states of Yucatan, Campeche and Chiapas and the northern part of the territory of Lower California, is in the hands of the revolutionists, according to a bulletin given out by the local consulate of the Liberal Constitutional party.

The bulletin confirmed the report of the capture of President Carranza near Apiazaco, Hidalgo, and gave details.

"It is also confirmed," the bulletin said, that Generals Murguia, Urquizo and Barragan, the latter the famous chief of staff of Carranza, were executed.

It is confirmed, too, that General Candido Aguilar, son-in-law of Carranza, and Manuel M. Dieguez, lost their lives in a fight in the state of Vera Cruz in which General Alberto Salinas, nephew of Carranza, commander of the aviation school, was wounded and captured.

States Join Obregon.

Vera Cruz.—The legislatures of San Luis Potosi and Durango have recognized the plans of the government at Agua Prieta. Many additional generals have given their adherence to the revolt, principally Cesareo Castro, who has placed himself at the disposition of General Obregon with the forces that control Torreon and the whole of the Laquna region. All the principal towns of the country are controlled by the Obregon movement.

MOVE FOR NATIONALIZATION

Frequent Clashes Between Strikers and Drivers of Taxicabs.

Paris. — Leon Jourhaux, master spirit of the French federation of labor, has failed apparently to strengthen the movement for nationalization of public utilities by ordering a strike on transportation lines, subways and tramways in Paris. At 10 o'clock Monday forenoon omnibuses were going about as usual, but there were only a few cabs to be seen.

Frequent clashes occurred Monday forenoon between taxicab drivers who were ready to run their machines and strikers. Tramways were working regularly, but remained within the walls of Paris and did not enter the suburbs. Men operating them were not attended, as on May day, by police or soldiers. Auto buses continued to circulate and there were no attempts at violence against them.

The strike is complete at Marseilles and St. Etienne and is in effect at Lyons. The congress of the federation of police of France and the colonies, scheduled to take place tomorrow at Nancy, has been cancelled by order of M. Steeg, minister of the interior, because of the strike situation.

Interest now centers on whether Leon Jourhaux decides gas and electrical workers shall be called out. The executive committee of the labor federation is in continuous session.

WILSON STANDS BY TREATY

League of Nations "Hope of the World," President Says.

Washington.—The treaty of Versailles as it came from Paris has been thrown squarely into the coming presidential campaign.

President Wilson formally has called upon the Democratic party, of which he is the titular head to "endorse and support it," the treaty, and "condemn the Lodge reservations."

Senator Lodge of Massachusetts, the Republican leader in the fight to amend the document, has accepted the president's challenge and political observers here regarded the issue as clearly drawn.

Mr. Wilson's views as to the treaty as a campaign issue were stated in a telegram Sunday night to G. E. Hamaker of Portland, Oregon, chairman of the Multnomah county Democratic central committee.

Declaring the league of nations "the hope of the world" the president said "it was imperative" that the Democratic party "should at once proclaim itself the uncompromising champion of the nation's honor and the advocate of everything the United States can do in the service of humanity."

Two Conventions in Illinois.

Springfield, Ill. — Democratic and Republican state conventions met here Monday to select delegates at large to the national conventions and to transact other party business. In the Republican camp a spirited clash for control between Governor Frank O. Lowden and William H. Thompson, mayor of Chicago, was forecast, while in the Democratic meeting it was said by leaders that the only point of difference would be the adoption of a resolution bearing on the liquor situation.

Welcome Relief From the Tortures of Rheumatism

Can Come Only From the Proper Treatment.

Many forms of rheumatism are caused by millions of tiny germs that infest the blood, and until the blood is absolutely freed of these germs, there is no real relief in sight.

The most satisfactory remedy for rheumatism is S. S. S. because it is one of the most thorough blood purifiers known to medical science. This fine old remedy cleanses the blood of impurities, and acts as an antidote to the germ of rheumatism.

S. S. S. is sold by druggists everywhere. For valuable literature and advice address Chief Medical Adviser, 107 Swift Laboratory, Atlanta, Ga.

DEW HAS VITALIZING EFFECT

Abundant Proof That It Possesses Invigorating Action That Affects Growth of Plants.

Dew is vitalizing, not entirely because it is water but because it possesses an invigorating action due partly at any rate to the fact that it is saturated with oxygen, and it has been stated that during its formation peroxide of hydrogen and some ozone are developed. It is not improbable that the peculiarly attractive and refreshing quality that marks the early-morning air has its origin in this way. The difficulty of inducing grass to flourish under a tree in full leaf is well known and is generally explained by saying that the tree absorbs the nourishing constituents of the soil or that it keeps the sunlight away from the grass and protects it from rain. It is doubtful whether any of these explanations is true, the real reason most probably being that the vitalizing dew cannot form upon the grass under a tree, whereas as a rule both rain and light can reach it.

No Prohibitionist.

"Don't you think James has a great deal of dry wit?"

"Yes, but I would like more spirit in it."

The plainer the woman the longer it takes her to select a becoming bonnet.

COULDN'T FORGET THE GREEN

Mrs. Flannigan's Neat Expression of Loyalty to Her Native and Her Adopted Land.

Mrs. Flannigan for years has proudly exhibited from her front window a row of geraniums, in pots wrapped in bright, Irish green crepe paper, says the Indianapolis News. But the other day when her neighbor, whose son was in France for several months, pulled back her window curtain and revealed her flower pots, decorated in red, white and blue paper, Mrs. Flannigan was visibly troubled. She worried and worried. It is quite hard to be loyal to two countries at the same time, yet Mrs. Flannigan desired to be so.

Then one morning her wide Irish smile came back to her face. And passers-by saw in the Flannigan front window a row of flower pots brave in red, white and blue coverings and every covering was tied to the pot with a wide band of green ribbon.

Unqualified Indorsement.

"Are you in favor of votes for women?"

"Why ask such a question at this late day?" inquired Senator Sorghum in return. "How can a statesman hope to get 'em if he isn't in favor of 'em?"

An occasional domestic storm is necessary to clarify the matrimonial atmosphere.

MORALE AIDED BY MUSIC

Fact Brought Out by the War Bound to Have Great Effect on Future Generations.

"Music makes morale," and so promptly music was enlisted in the war. Song leaders were appointed at all the training camps and immediately the glory of real music was spread before the millions of men as a reinforcement and aid to the idealism which had brought them into the war.

From then on the soldiers had music individually, in masses, in groups. They made it themselves, it was made for them by our finest artists. They had phonographs. They had records by the millions. The process of musical education was swift, and the pupils were apt. Now they have returned to us men who know good music as a large part of their life and entertainment, have become reasonably apt performers themselves in a great many cases. What must this mean to the country? It must mean that the people as a whole are readier than ever before to listen to it as well as to be taught it.

Wild Beasts' Toll in India.

Not a day passes of your own life but somewhere in India some 50 people have died through the action of wild beasts. It is not to be supposed that efforts are not made to destroy these monsters. Standing rewards are offered by the government for the killing of all the more dangerous types. But so wild and impenetrable are their sanctuaries that it is impossible to do anything except to keep their number within bounds in the more populous territories.

No Poetry Then.

"Stone walls do not a prison make, nor iron bars a cage," said the sympathetic visitor to the convict.

"That's fine poetry, ma'am," replied the prisoner, "but just let 'em lock you up inside stone walls and behind iron bars and see if you can get out."

PERU'S DRIFTING SAND DUNES

Plateau Shelf Has Strange Crescent-Shaped Formations That Are Packed Hard.

As one makes the ascent of the Andes from the Pacific port of Mollendo, Peru, following the line of the Southern of Peru railway, the climb to the divide is broken by two great steps or widespreading shelves of desert or pampa.

On the first of these steps, about two hours' steep climb from the sea, and at an altitude of from four thousand to five thousand feet, are located the famous drifting sand hills of Peru. The plateau is here about twenty miles wide, the air thin and dry and no trace of vegetation to be seen, only these gigantic crescent-shaped sand dunes dotting the pampa as far as the eye can see.

Composed of fine gray crystal sand, they gleam white against the brown of the desert, and their horns point toward the prevailing south wind of this region. They are from fifteen to twenty feet in breadth across the thick part of the crescent and sometimes one hundred feet from horn to horn. So tightly is the sand packed that the feet of the horses or mules make little impression on it.

Unique Specimens.

"The only thing," solemnly said Professor Pate, "that walks back from the tomb with the mourners and refuses to be buried is character."

"Just so!" replied Festus Pester. "And the only thing that comes back from the cemetery giggling and on the dead run is the rickety old widower who figures on—ee-hee! hee!—marrying again."—Kansas City Star.

Its Class.

"What steed do you suppose was most popular in the days of chivalry?"

"It must have been a knight-mare."

One resents being bossed by his neighbor, and just as much by a thousand of his neighbors.

HAPPENINGS IN GOPHER STATE

News From All Parts of Minnesota Given in Condensed Form.

EVENTS BRIEFLY TOLD

Where Busy Readers Will Find News From All Parts of State Tersely Chronicled for Their Benefit.

Red Lake Falls.—The Farmers' State bank of Plummer, has been sold to Edward Florence of Humboldt, Minn.

Virginia—A permanent camp is to be purchased for the use of boys of Virginia by the local Y. M. C. A. It will be located on one of the nearby lakes.

Stillwater.—Nearly $3,000 has been subscribed by the local community service for the purpose of building a bathhouse on the shores of Lily lake, near here.

Duluth—Coal dealers here have received notice the prices of soft coal will be $1.30 higher than last year on cargoes now en route for Duluth from Lake Erie ports.

Stillwater.—Julia, daughter of Jacob Hedstrom, Afton, committed suicide by hanging while despondent at the home of her father. Her body was found by her brother.

Pine City—Pine county is being visited this spring by many landseekers from southern Minnesota, Iowa and the Dakotas, attracted here by low priced productive lands.

Beardsley—Crowds coming from the surrounding territory for many miles are attending the community evangelistic campaign conducted in the Methodist Episcopal church here.

Hastings—By a decision handed down in Dakota county district court here the village of Farmington is enjoined from issuing bonds for paving until approved by a five-eighths majority of the voters.

St. Paul.—Sibley State park, the state's newest recreation ground, located on Andrew Lake in Kandiyohi county, will be opened to the public this year, Carlos Avery state game and fish commissioner announced.

Owatonna—Plans for the forty-third annual commencement of Pillsbury academy are being completed. The commencement exercises will be June 2 and will be marked by speakers, physical and military drill. A class of 28 will be graduated.

Red Lake Falls.—Under a proposed ordinance before the City council, milk vendors selling in this city will be required to have their cows tested for tuberculosis once a year. It is estimated the cost of the tuberculin test will not exceed $2.

Adrian.—The Fifth Minnesota district Women's Christian Temperance union workers held a two-day's annual convention here. Mrs. H. R. Upton, president of the district association, presided. Delegates were present from all counties of the district.

Winona.—John Ehlers, aged 72, pioneer farmer of Wilson, Winona county, died as the result of injuries suffered when he was kicked by a horse. Mr. Ehlers had been a resident of Winona county for 60 years, his father being one of the first settlers.

Montevideo.—Making a sharp turn to avoid a collision with another car, an automobile driven by C. M. Hetherington, of Montevideo, struck and ran over P. Pearson. Pearson's skull was fractured and he died at a local hospital. A coroner's jury returned a verdict of unavoidable accidental death.

Hibbing.—Brush and grass fires near Forbes and Hobson lakes have been reported to the forest ranger's office in the township hall. A fire along the St. Louis river, south of Forbes, gained momentum by the wind and destroyed a farmhouse belonging to O. Pedersen. It swept but a small area and was kept in check by the forest rangers.

Hastings—Dakota county's grand jury returned an indictment against Theodore Patton, on the charge of wife desertion and nonsupport of their 4 year old daughter. Patton was arraigned before Judge W. L. Converse, St. Cloud. Sentence, however, was suspended, provided the accused take a position approved by the court and contribute to the support of his family.

St. Paul.—Nothing paid in and $309,567.70 paid out—that was the unusual record one day recently in the state treasury. It was the third day in 15 years that there were no receipts according to George LaFond, chief accountant in the treasury. Disbursements the same day consisted mostly of soldiers' bonus payments which aggregated $177,000 for the day. Subscriptions to the bonus bond sale were less than $50,000 yesterday, but no credits were made to the fund.

St. Paul.—Minnesota will celebrate the sixty-second anniversary of her admission to the union as a state Tuesday, May 11. Territorial pioneers will hold an all day meeting at the old capitol to commemorate the event, recalling reminiscenses of the days when Minnesota was a territory. Minnesota was admitted to the union May 11, 1858.

Luverne.—The first official act of Mayor C. O. Wright upon his return from spending the winter in California was to order the police to strictly enforce the traffic laws. Violators are to be severely dealt with.

LIFT CORNS OFF IT DOESN'T HURT

With fingers! Corns lift out and costs only few cents

Pain? No, not one bit! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift that bothersome corn right off. Yes, magic! Costs only a few cents.

Try Freezone! Your druggist sells a tiny bottle, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the mysterious ether discovery of a Cincinnati genius. —Adv.

Life Insurance As a Protection

Life Insurance is more than just "protection" for your wife and family. It is protection for you in your business ventures. It is protection for you in your old age. The cost to you is not money thrown away or lost forever. It is an investment of the best kind- a sure dollar-for-dollar proposition. Life insurance is only another means of saving your money PLUS the protection it offers. When you understand what it means to you, to your wife and family, and to your business, you'll realize its true value. Ask us about the new "Double Indemnity" Life Policy. Have settled claims for $6000.00 thru this agency in past year and a half.

Hart-Parr Tractor!

This is practically the best Tractor on the market to-day. In the event that you are in the market for a Tractor, do not fail to call on me. I have a Hart-Parr on exhibition here at Holt and shall be glad to show it to you.

If you wish to buy a moderately priced tractor on terms to suit you, then do not fail to inspect the Hart-Parr before buying from anybody else.

The agency at Warren sold nearly 100 Hart-Parr Tractors, which in itself should be good proof that the Hart-Parr is the right tractor to buy.

Eighteen Years of Faithful Service

To the People of Minnesota and the Nation

A man has to learn to be a Congressman.

A new congressman must begin at the bottom of the class and work up.

A. E. Bowen, nominated for Congress by the Non-Partisian League, in stating why he declined to be a candidate, said that, if elected, he would be buried in some insignificant committee assignment, would have but little chance to express himself on the floor of the House, and would be unable to render his constituents the service they could reasonably expect of him. He is absolutely correct. Though above the average in ability, he would have to remain there for years before coming to the front as a factor in shaping the affairs of the nation. And that is true of every new man elected.

Halvor Steenerson had to begin at the bottom and work up. He is now chairman of the Committee on Post Offices and Post Roads- the legislative head of the world's greatest co-operative business institution, the postal service of the United States. He is probably the best informed man in the nation today on postal affairs. For years he has been one of the main forces back of the rural free delivery service, and he hasn't forgotten the folks at home, for the Ninth District of Minnesota is among the first in the country in its miles of rural mail routes.

In former Republican periods of power the New England states largely controlled in Congress. They returned their members term after term until they got on the important committees and secured leadership. Minnesota and Iowa today are in a position of commanding influence in Congress for the same reason. Minnesota and Iowa leadership in Congress means control in behalf of agriculture- the farmers. New England leadership means control in behalf of the manufacturers and their employees.

Agriculture is the big industry in the Ninth District. It is a fine theory that every man should take a national view in legislation, but in actual practice every congressman fights for the principal industries in his district. If he did not do so, he would not remain a congressman. The farmers have had no abler advocate in Congress than Halvor Steenerson, and he is now in position to be of greater service to them than ever before.

He came to northwestern Minnesota when it was a vast wilderness, and has lived to see it become one of the garden spots of the nation. His heart is with the people of this district, his pleasure is in seeing that they get a square deal, and he has the fighting ability necessary to be effective in their behalf.

IMPORTANT FACTS About PARIS GREEN

Any Paris Green is a good insecticide— it's the old reliable destroyer of insect pests.

But—without paying more—you can get more for your money if you'll buy Ansbacher's Paris Green.

Back of it are years of experience—skill and factory facilities born of half a century spent in producing Paris Green.

And this means to you—a Paris Green with minimum free arsenic and maximum killing power—quick death and safety all in one.

You will find the kind of quality in Ansbacher's Arsenate of Lead (Dry and Paste) and Bordeaux Mixture that has built their reputation.

TONNAGE TAX

Tonnage tax has been an issue—a political issue—in Minnesota for about twelve years. It has been used as a political club. Almost no facts as to its nature or its effects have been published, but the Minnesota Fair Tax Association now proposes, in a series of advertisements, to give the principal facts concerning the iron ore industry and its taxation and thus give the people of Minnesota an opportunity to judge for themselves as to the effect of a tonnage tax.

If these facts are not correct, they can easily be proved untrue; if they are correct, they are of most serious concern to everybody in Minnesota.

1. **No state levies a tonnage tax.**
   If any state should levy a tonnage tax, surely it is the great coal mining state of Pennsylvania. Its mineral production and export is much greater than Minnesota's, but it does not levy a tonnage tax. Neither does any other state.
2. **Every state that has tried a tonnage tax has discarded it as unwise, unjust, and unprofitable.**
   Michigan had a tonnage tax from 1853 to 1891 when the law was repealed as injurious to the state.
   Minnesota had a tonnage tax from 1881 to 1895 when it was repealed in face of vigorous opposition from the "steel trust."
   British Columbia tried a tonnage tax for a number of years but found it so unprofitable that it was repealed.
3. **One of the "arguments" in favor of a tonnage tax is the "steel trust"—people seem to think that iron mining in Minnesota means the "steel trust."**
   Do you know that there are about 130 iron mines in Minnesota and that the "steel trust" operates only 32 of them?
   Do you know that the "steel trust" does not own or operate a single mine on the Cuyuna Range?
   Do you know that the "steel trust" does not own or control one-half of one per cent of the iron ore that the U. S. Geological Commission says exists in Minnesota?

Why adopt something that is so bad that nobody else will have it?

Why levy a tax that will hit the people of Minnesota 200 times as hard as it hits the "steel trust?"

ANNUAL TIME OF TROUBLE

Housecleaning Date May Change, but Its Consequences Can by No Means Be Avoided.

Housecleaning is one of the spring festivals that has no fixed date, being movable on the domestic calendar. It is observed in many places following the close of the Lenten season, when the first crocus has bloomed its welcome to the returning birds, when the grass shows green, the sun mounts higher each day and the buds are puffed up with ambition to clothe tree and shrub in summer garb. . . . It's close at hand, may be celebrated now as each domestic circle elects, and may be expected to show many of the characteristics of the olden days. Men should not grumble when the festival is in progress. They get the easiest part. They may have difficulty in locating what they want, but they are in it only part of the time; the home folks are there all the time. It is one time of the year when the men folks ought to smile.—Ohio State Journal.

A Touch of Mischief.

There had been a difference of opinion in the preacher's family in which six-year-old Elizabeth thought she got the worst of it. So at prayer time she was unhappy and resentful toward the world in general and her own ministerial family in particular. But she knelt at her mother's knee as usual and went through her usual evening petitions. Finally she prayed:

"Oh, Lord, make all the bad people good."

Then as an afterthought she added:

"And, God, if you can, please make all the good people nice."—The World Outlook.

AS IT APPEARED TO HIM

Hubby Had No Difficulty at All in Classifying His Wife as Species of Tree.

They are a husband and wife who have many quarrels. And she is not a fair antagonist, because she always weeps during every quarrel in order to win her point. The other night she brought home a new fur hat which she proudly exhibited to her husband, who did not like it, and proceeded to say so. "Why, it looks queer to even the dog," he ended. "Look how he's barking at it. He thinks it is a coon in a tree."

"Don't you call me a tree," she stormed, and then began to cry. "I suppose you're going to say next that I'm either a quince or persimmon tree."

"No," he smiled blandly. "I should think a weeping willow would be a more appropriate name."

A Hearse Horse.

The man entered the cab and instructed the driver to take him to his residence near the cemetery. On dismounting, he gave the cabby eighteen pence, his exact legal fare and no more.

The cabby looked at the coins, slowly pocketed them, and said, pointing to the horse:

"D'ye see that white 'oss with the short tail?"

"Yes," said the man, rather puzzled: "what of him?"

"Oh, nothink; only I 'opes as the next time you're brought here as it'll be by a black 'oss with a long tail! Evenin', sir."—Edinburgh Scotsman.

TURTLE LAKE MAN CONFESSES CRIME

Attack on Layer's Cows by Wolf's Dog Resulted in Wholesale Killing.

HURRIED TO PRISON

Fear That Farmers Might Attempt to Lynch the Wholesale Murderer Caused Officials to Withhold All Information.

Bismarck, N. D.—Henry Layer, a farmer living near Turtle Lake, N. D., and the self-confessed murderer of Mr. and Mrs. Jacob Wolf, their five daughters and their chore boy, Jake Hofer, on the Wolf farm three miles west of Turtle Lake, on April 22, began to serve a life sentence in the state pentenitary Thursday afternoon.

Layer was brought to the state prison by Sheriff Ole Stefferud of McLean county, where the murder was committed.

Within three hours after Layer had pleaded guilty before Judge Nuessle at Washburn, N. D., he was in the penitentiary.

He showed no emotion until the warden began questioning him preparatory to assigning him to a cell for the night. Layer nearly broke down when the warden began to ask him about his six children, left worse than fatherless.

Washburn, N. D.—Because a dog belonging to Jacob Wolf, his nearby neighbor, had injured two of his cows, Henry Layer killed Wolf, his wife and their five daughters and their chore boy, according to his confession made here.

Layer confessed Wednesday night to killing seven members of the Wolf family and their chore boy. The confession was kept secret until he could be arraigned before the judge, plead guilty, receive his sentence and be taken away in a fast automobile.

Fear that the farmers of McLean County might attempt to lynch the murderer caused Sheriff Stefferud and State's Attorney Williams to withhold any information regarding the confession until Layer had been taken to Bismarck.

Layer was arrested Tuesday night and brought to Washburn and placed in the county jail without the knowledge of anyone except his family and the arresting officers.

The quarrel that ended in the wholesale murder was the culmination of long standing ill feeling between himself and Wolf, Layer said.

Layer told the authorities that he went to the Wolf farm about noon on Thursday, April 22, to compel Wolf to pay for the attack of the latter's dog on the Layer cows.

The two men quarreled and Wolf ordered Layer to leave the house and farm. Layer refused and Wolf went into the next room and returned to the kitchen with his double-barreled shotgun and threatened to shoot Layer.

Layer said he grabbed the gun and while the two were struggling for its possession it was twice discharged. Layer said the first shot killed Mrs. Wolf and the second struck the chore boy, Jake Hofer, killing him.

Shot Wolf in Back.

Layer said he took the gun away from Wolf and that the latter then ran out of the kitchen toward the barn while Layer rushed into the Wolf sitting room, caught up a handful of shells and loaded the gun. He saw Wolf running toward the barn and shot him in the back.

When Wolf fell, Layer said he ran out and shot him the second time, placing the muzzle of the gun against Wolf's body.

Two of the girls, according to Layer's confession, ran from the house to the barn. They were followed by Layer, who shot them both. The first shot wounded one of the girls. Layer said he placed the muzzle of the gun against the other girl's head and in spite of her pleas for mercy killed her and then shot the wounded girl the second time, killing her.

According to Layer's story, he then returned to the house, loading the shotgun as he went, and found the three other girls screaming from fear and grief. He placed the gun muzzle against the heads of two of them and blew out their brains.

"Supposed" He Used Hatchet.

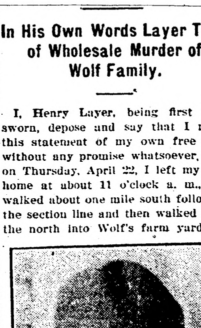
Layer said he did not remember killing the fifth girl with a hatchet but "supposed" he must have done so. He said he would have killed the eight-months-old baby if he had known it was in the house.

After he had committed the wholesale murder Layer said he covered the girls' bodies in the barn with hay, dragged Wolf's body in there also and threw hay over it, returned to the house and threw the bodies of Mrs. Wolf, Jake Hofer and the three other girls into the cellar through the kitchen trapdoor. Layer said he took the shotgun to a nearby slough, where it was afterwards found, washed his hands and removed the blood from his clothing. He said he then returned home without telling his wife or children where he had been, and went to work.

SLAYER TELLS STORY OF CRIME

In His Own Words Layer Tells of Wholesale Murder of Wolf Family.

I, Henry Layer, being first duly sworn, depose and say that I make this statement of my own free will, without any promise whatsoever, that on Thursday, April 22, I left my own home at about 11 o'clock a. m., and walked about one mile south following the section line and then walked from the north into Wolf's farm yard, arriving there at about 11:30 a. m., and walked into the house and there found Mr. Jacob Wolf, Mrs. Wolf, the five children and the hired hand, Jacob Hofer. I began talking to Jacob Wolf, demanding damages for the injury done to my cow by Wolf's dog. I told Wolf to come and look at the cow and see for himself how much damage the dog had done to my cow. Wolf then told me to leave his yard and go away. This conversation took place while I and Wolf were standing in the doorway leading from the stormshed into the house proper.



HENRY LAYER

I then told him not to get mad, and he (Wolf) got the gun, a double barreled shotgun, out of his front room. I then tried to take the gun away from him, and in the fight between Wolf and myself for the gun, one shot went off and then another in quick succession. One or the shots killed Mrs. Wolf. I did not see her fall, but saw her lay there.

I then got the gun away from Wolf and then got more shells out of the bureau drawer in the front room, where I saw Wolf take two shells at the time he (Wolf) got the gun and began shooting. I do not remember at whom I shot first, but believe I shot at Jacob Wolf, who by this time had run out of the house across the yard toward the cow shed, and hit him and I saw Jacob Wolf fall.

I then went out of the house, where Jacob Wolf lay, and fired another shot into Wolf's body. I then went into the cowshed, saw there Wolf's two girls and shot them where they stood in the northwest corner of the shed. I then returned to the house and there shot and killed the rest of Wolf's family.

I then returned to the yard, carrying Wolf's coat, dragged Wolf's body into the shed, first covered the bodies of the two girls with hay, which I took out of the manger, threw Wolf's body and then also covered his (Wolf's) body with hay, then returned to the house, opened the trap door leading from the kitchen into the basement and threw the bodies of the dead laying about the kitchen, one after another, into the basement, then put down the trap door.

The reason I did not kill the baby was, I believe, because I did not go into the room in which the baby lay. I then pulled loose the telephone wires from the instrument. I then left the Wolf house, carrying the gun, closing the doors behind me as I walked out. Before leaving the house I picked up all the empty shells, carrying them with me also.

I then broke the gun, carrying the same, walked south through Wolf's yard toward the slough, which I knew was there. When I got to the slough I threw the broken gun and shells I had in my pocket into the slough, and then turned east on the north side of Brekken's lake till I came to the draw leading north, and followed this draw to the hill and then crossed the hill and cut over toward the road north of Wolf's farm, and then followed this road to my house, a distance of about two miles. I don't know what time it was when I got home, but believe it was about 2:30 p. m. I will also add that after I finished the shooting in the cowshed I threw about three or four empty shells from the cowshed into the hayloft through an open door.

This is the whole truth.

PE-RU-NA and MANALIN Cured Me

Mrs. E. M. Harris, R. R. No. 3, Ashland, Wis., sends a message of cheer to the sick:

"After following your advice and using Peruna and Manalin, I was cured of catarrh of the nose, throat and stomach, from which I had suffered for several years. When I commenced taking Peruna I could not make my bed without stopping to rest. Now I do all my work and am in good health. I recommend this valuable remedy to all suffering from any disease of the stomach."

Terrible Tortures From Itching Skin Diseases

No Sure Relief Until the Cause Is Removed.

When the blood becomes infested with millions of tiny disease germs that attack the skin, then the fiery irritation and intense itching will remain with you until these germs are removed from the blood.

Genuine relief therefore, can only be expected from a treatment that goes right to the seat of the trouble, and strikes at its cause. Such a remedy is S. S. S., the reliable old blood purifier that kills the germs of disease, and sends a new supply of rich red blood coursing through the veins.

S. S. S. has been used successfully in some of the worst cases of eczema and other skin disorders.

Easily Passed Examination Although Previously Told Condition Was Hopeless

"I was so bad off with kidney trouble I had to give up my work as engineer," says J. B. Ragless, 210 West 60th Street, Chicago, Ill. "My back gave out completely. It was as weak as if it were broken. Often I tossed and turned the whole night long. I became dizzy and would have to grab the nearest object to keep from falling. At times the kidney secretions hardly passed at all, while again they would be profuse and oblige me to arise time and time again. The urine burned cruelly. I lost twenty-five pounds in weight; and I had taken so many things without relief I became discouraged, in fact, I was told there was no help for me.

"At last I began with *Doan's Kidney Pills*, and they made a new man of me. It wasn't any time before I was back to normal weight and had passed a life insurance examination, without any trouble. *Over twelve years have since gone by and my cure is still permanent.*"

Prayed for Cure Finds it After 10 Years

Food Would Sour and Boil —Teeth Like Chalk

Mr. Herbert M. Gessner writes from his home in Berlin, N. H.:

I had stomach trouble over ten years; kept getting worse. I tried everything for relief but it came back worse than ever. Last fall I got awfully bad; could only eat light loaf bread and tea. In January I got so bad that what I would eat would sour and boil; my teeth would be like chalk. I suffered terribly. I prayed every day for something to cure me. One day I read about EATONIC and told my wife to get me a box at the drug store as I was going to work at 4 p. m. I took one-third of it and began to feel relief; when it was three-fourths gone, I felt fine and when it was used up I had no pains. Wife got me another box but I have felt the pain but twice. I used five tablets out of the new box and I have no more stomach trouble. Now I write to tell you how thankful I am that I heard of EATONIC. I feel like a new man; I eat what I like, drink plenty of water, and it never hurts me at all.

REMARKABLE RECOVERY

Extraordinary Curative Power of Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I want to let you know what good Lydia E. Pinkham's Vegetable Compound has done me. I had organic troubles and am going through the Change of Life. I was taken with a pain in my side and a bad headache. I could not lie down, could not eat or sleep. I suffered something terrible and the doctor's medicine did me no good at all—my pains got worse instead of better. I began taking the Vegetable Compound and felt a change from the first. Now I feel fine and advise any one going through the Change of Life to try it, for it cured me after I had given up all hopes of getting better. You can publish this and I will tell any one who writes to me the good it has done me."—Mrs. MARGARET DANZ, 743 N. 25th Street, Phila., Pa.

It hardly seems possible that there is a woman in this country who will continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved more suffering among women than any other medicine in the world.

Seventy to a House.

Warsaw is probably one of the most densely populated cities in the world. Its growth in area has been retarded by the fact that under the Russian regime certain fixed city limits were drawn many years ago, and for military reasons no houses were to be built outside of these limits. In a recent census it was found that the number of inhabitants to a building in Warsaw was about 70, as compared with only seven or eight in London.

GOVERNMENT TO END BLOCKADE

Telegraphic Appeals Sent to all State Railway and Public Service Commissions.

SHIPPERS ASK ACTION

Fuel Situation Has Developed to the Danger Point—Proposed to Start a General Movement of Coal Cars Eastward.

Washington.—The interstate commerce commission took its first step Monday toward breaking the freight blockade. Telegraphic appeals were sent to all state railway and public service commissions, urging them to join with the government in lifting the burden, while the commission's forces of inspectors began to get accurate data respecting conditions at critical points.

Members of the commission recognized that the present crisis would provide a real test for the new transportation act and likewise, that the emergency clauses must measure up to the claims of their staunchest supporters.

Shippers Ask Action.

With increasing complaints from shippers and requests for assistance from the railroads themselves, the commission is understood to have determined to go into the freight tie-up with hammer and tongs. Officials, however, urged patience, since it may require days and even weeks, to start anything like a resumption of normal transportation service.

In its first attempts at freeing the maze of rail equipment, the commission probably will deal with local situations in the various cities through individual roads. This was expected to last, however, only until a general scheme can be worked out by which priorities and embargoes can be employed to restrain the onrushing stream of commodities waiting at every station.

Further suggestions of the railroads were given the commission at conferences with representatives of the railroads and shippers' organizations officials. The fuel situation has slowly developed to the danger point, representatives said, and they proposed that the commission establish a general movement of coal cars eastward.

CARRANZA NOT LOCATED

President Is Joined by Son-in-Law in Mountains.

Vera Cruz.—Candido Aguilar, governor of the state of Vera Cruz and son-in-law of President Carranza, who has been virtually a prisoner of revolutionary forces near Orizaba for the past week, escaped Sunday night. It is believed he is trying to join Carranza, who fled into the mountains near Chalchicomula on Friday and who, so far as known, has not yet been located. General Aguilar has with him about 300 of his followers.

Pursuit of Carranza is being vigorously pushed by Generals Pedro Sanchez and Miginio Aguilar, leaders of the revolutionary forces which fought a grim battle with Carranza's army near Rinconada last week. They have a superior force of cavalry, and are searching the mountains for some trace of the fugitive president. General Medina left here Monday over the interoceanic railroad for the purpose of intercepting Carranza if he attempts to reach the state of Vera Cruz.

General Liberado Lara Torres, who was wounded in the fighting of May 13 and was later brought to this city for treatment, died Sunday.

CANNOT VISIT HUSBAND

Layer's Wife Denied Chance to See Him in Prison.

Bismarck, N. D.—Mrs. Henry C. Layer, wife of the confessed slayer of the eight Turtle Lake murder victims, attempted to see her husband at the state penitentiary here Sunday afternoon, but was refused this request by the prison authorities.

Mrs. Layer was accompanied by her brother and sister-in-law, and had motored to Bismarck from her home near the Wolf farm, five miles from Turtle Lake.

The authorities at the penitentiary stated that Layer had not been in custody long enough for them to admit visitors to see him, and besides this, the authorities say, prisoners sentenced to life imprisonment are not granted privileges given other inmates.

Mrs. Layer and her relatives returned to Turtle Lake Sunday night. They probably will be permitted to visit Layer later, the authorities announced Monday.

Recent Happenings in Minnesota Given in Brief Items for Busy Readers.

ENTIRE FIELD COVERED

News of Events in Gopher State Gathered From Many Different Sources and Arranged in Crisp Readable Form.

Foley—The Great Northern stockyards here were burned Sunday and six head of cattle perished.

Fergus Falls—William Kerch, who lived 15 miles southwest of here, was drowned while fishing. His parents believe he was seized with illness and fell into the water.

Moorhead—Six freight cars were smashed up when an east bound freight train on the Northern Pacific struck a cook shack at the east edge of Moorhead Saturday night.

Thief River Falls—The senior class of the Lincoln high school to graduate this year is the largest in the history of the local schools. The class has eighty-five members, including thirty-one in the normal department.

St. Cloud—J. R. Jerrard got advices from the government fish hatchery at Duluth that ten cans of young trout will be shipped to him for distribution in the nearby spring brooks at the request of Congressman Harold Knutson.

Bemidji—With the sale of $100,000 of road bonds which were purchased by Beltrami county banks, the board of county commissioners are now entering upon an aggressive road building campaign and another $100,000 bond will be offered for sale June 1.

Pequot—F. Wefelmeyer, president of the Wefelmeyer & Thiessen Pickle company, has secured enough contracts from cucumber growers in the vicinity of Pequot to warrant his establishing a pickle station here. A site for the new plant has been secured.

Slayton—Five horses and five calves were killed and a large quantity of hay and farm machinery was destroyed when the barn on the farm of Harry Hobert, a few miles from this place, was struck by lightning in a thunder storm. The total loss is placed at $4,500.

Hibbing—Reducing the number of steam shovels in operation in the hull pit, the Oliver Mining company is taking every precaution against the shortage of coal, which threatens to become serious, according to mine operators. The shops here are not working night shifts.

Hastings—Archbishop Austin Dowling of St. Paul, officiated at first communion services for 247 boys and girls here. The services were followed by a meeting in the high school auditorium at which Archbishop Dowling spoke one the relation of the small towns to the city.

Crookston—A chautauqua will be held here July 14 to 19 under the auspices of the Ladies' Aid society of the Methodist church. Arrangements have been completed between the aid society and the advance manager of the Vawter Chautauqua system, and according to the program. Governor E. W. Hoch of Kansas will be one of the main features during the week.

Hibbing—Unless the farmers in the rural districts near Hibbing can obtain labor, crops will not be up to expectations, according to a statement credited to Secretary Richard Griffin of the St. Louis County fair. The farmers in many instances cannot afford to pay the salaries demanded of them by farm labor. Potatoes will be one of the biggest crops planted this year.

Little Falls—H. Frissinger, com-

Alexandria—Two officers of the United Society of Christian Endeavor, the national organization of the Christian Endeavor movement, will speak at the 30th annual Minnesota Christian Endeavor convention here, June 24-27. Dr. Daniel A. Poling, associate president, will open the convention with an address on Thursday evening, June 24th. Clarence C. Hamilton, field manager of the Christian Endeavor World will be the chief conference leader.

Minneapolis—Portable school buildings probably will house part of this city's school children next year. Because of the increased cost of materials and labor construction of seven schools has been indefinitely postponed. Bids for four schools amount to the entire available building fund, from which it was planned to construct seven high grade structures. Members of the local board of education are inclined to believe that portable buildings, which can be put up much cheaper than the regulation schoolhouse, would be a better solution.

Deer River—Fire of unknown origin destroyed a warehouse belonging to C. W. Reithuer in which was stored supplies and logging outfit belonging to H. E. Lindhe. The total loss is $10,000; insurance, $6,000. The residence of John McDonald next to the building was damaged to the extent of $1,500, insurance, $1,000.

Red Lake Falls.—Under a proposed ordinance before the City council, milk vendors selling in this city will be required to have their cows tested for tuberculosis once a year. It is estimated the cost of the tuberculin test will not exceed $2.

IN BUYING ASPIRIN ALWAYS SAY "BAYER"

Look for the name "Bayer" on tablets, then you need never worry.

"Bayer Tablets of Aspirin," can be taken safely for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Joint Pains, Neuritis, and Pain generally.

To get quick relief follow carefully the safe and proper directions in each unbroken package of "Bayer Tablets of Aspirin." This package is plainly stamped with the safety "Bayer Cross."

The "Bayer Cross" means the genuine, world-famous Aspirin prescribed by physicians for over eighteen years.

Handy tin boxes of 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.—Adv.

ACTOR ALSO PHILOSOPHER

Sir Herbert Tree Put on Record as Author of Two Really Witty Observations.

Apropos of two funny imitations, Sir Herbert Tree once said: "A man never knows what a big fool he is until he sees himself imitated by one." He disliked flattery, and said so in these words: "Flattery makes the great little, and the little great."

In presenting his portrait to a critic, he wrote on the margin: "To the worst of critics and the best of friends." His friend the critic was rather surprised with this curious inscription, and asked Sir Herbert for a little explanation. Tree quickly replied:

"When you put more butter into your criticisms, I'll say you are the best of critics and the worst of friends."

Wanted a Little Too Much.

Mary was the only girl and took an active part in the rough games of her brothers. The fact that she was a girl was a handicap which often spoiled her fun. One evening Aunt Tillie was amusing Mary's mother by telling fortunes from cards. Mary showed such keen interest that Aunt Tillie asked her to make a wish while she cut cards for her. Of course, the right card came up and the wish had to become true. But Mary would not believe.

"Now, please, dearie, won't you tell us what you wished for?" her aunt asked.

After some hesitation Mary replied: "I wished I was a boy."

Why Some Dealers Sell Private Brand Roofing

Any responsible dealer can sell Certain-teed, but some dealers prefer to sell private brands. Why? Because competition is not possible—nobody else has their private brand for sale—nothing regulates in any way the profit that they can take on a private brand if you'll buy it.

If they sell Certain-teed they must limit their margin of profit to a reasonable figure. They get enough, but they can't play the hog. Every reputable dealer has a free right to buy and sell it at fair prices.

Private Brands Are a Gamble

Where's the percentage for you in private brands anyway? You don't know what they will do for you. You don't know whether the little mills that made them know how to make good roofing or not. And even roofing experts can't tell much about roofing by just looking at it.

But you know the Certain-teed reputation for high-quality products and for fair dealing. You know that Certain-teed Roofing is guaranteed.

It's as easy as two and two. When you buy Certain-teed you know what you are getting. When you buy some private brand you don't.

And don't forget that any responsible dealer can get Certain-teed for you quickly from a nearby Certain-teed warehouse or jobber. He gets it when he wants it and he gets what he wants. He can afford to sell you at a fair price.

Certain-teed

Beware of the dealer who tells you he has Certain-teed, but tries to sell you a private brand. He probably wants a bigger profit.

Strength in Faith.

It is the man or the woman of faith and hence of courage, who is the master of circumstances, and who makes his or her power felt in the world. It is the man or the woman who lacks faith and who as a consequence is weakened and crippled by fears and foreboding who is the creature of all passing occurances.—Exchange.

Pleasant Method.

Craze for Tattooing.

Tattoo artists in London have been busy since the armistice. One soldier has had the names of all the battles in which he participated indelibly written on his arm. It was a rather long job, for he had been through the war from the start in 1014. In Thames court recently a man appeared with his hand, quite barren of hair, covered with tattooed butterflies, stars, etc.

He who would succeed in any line of business must first plan his work, then work his plan.

Special Care of Baby.

That Baby should have a bed of its own all are agreed. Yet it is more reasonable for an infant to sleep with grown-ups than to use a man's medicine in an attempt to regulate the delicate organism of that same infant. Either practice is to be shunned. Neither would be tolerated by specialists in children's diseases.

Your Physician will tell you that Baby's medicine must be prepared with even greater care than Baby's food.

A Baby's stomach when in good health is too often disarranged by improper food. Could you for a moment, then, think of giving to your *ailing* child anything but a medicine especially prepared for Infants and Children? Don't be deceived.

Make a mental note of this:—It is important, Mothers, that you should remember that to function well, the digestive organs of your Baby must receive special care. No Baby is so abnormal that the desired results may be had from the use of medicines primarily prepared for grown-ups.

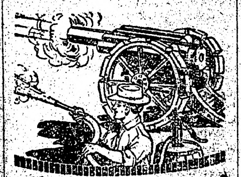
WOMEN ADOPT 10,000 ORPHANS

Connecticut to Provide Foster Mothers for Little Victims of Turks.

Ten thousand little victims of Turkish brutality are to be foster-mothered by the big hearted women of Connecticut as the result of appeals by Near East Relief, the former Committee for Armenian and Syrian Relief of 1 Madison avenue, New York city. The women at a meeting voted to "adopt" that number as their share of the 250,000 homeless and starving boys and girls orphaned in the massacres and deportations.

Three hundred representatives of women's organizations attended the meeting at Hartford, at which Governor Marcus H. Holcomb presided and pleaded the cause of the stricken peoples. Another speaker was Henry Morgenthau, former U. S. Ambassador to Turkey.

Assurances that the example of these noble hearted Connecticut women will be followed by similar organizations in all the other states have been received at the headquarters of the Near East Relief, 1 Madison avenue, New York city.



Killing Power!

Anything that kills — from firearms to poison—is dangerous. The safety factor is an important consideration in manufacture.

The minute you detract from the killing power of Paris Green you are not getting what you pay for. Consequently —the first consideration in the making of Ansbacher's Paris Green has been quick, certain death to the insects. At the same time the amount of free arsenic has been so minimized that it won't injure a leaf of the most delicate foliage. It is death to bugs and harmless to plants. It's a safe insecticide.

It stays in suspension in the spray and does more without costing more.

The Ansbacher name is your guarantee of quality and under this brand comes an exceptionally effective Arsenate of Lead (Dry and Paste) and Bordeaux Mixture.

Life Insurance As a Protection

Life Insurance is more than just "protection" for your wife and family. It is protection for you in your business ventures. It is protection for you in your old age. The cost to you is not money thrown away or lost forever. It is an investment of the best kind- a sure dollar-for-dollar proposition. Life insurance is only another means of saving your money PLUS the protection it offers. When you understand what it means to you, to your wife and family, and to your business, you'll realize its true value. Ask us about the new "Double Indemnity" Life Policy. Have settled claims for $6000.00 thru this agency in past year and a half.

Planting of Memorial Trees named for dead soldiers and sailors at 2 P. M. Parade, Exercises and decoration of graves at the cemetery will follow.

Death of Fred Larson

Fred Larson died a few minutes before noon on Monday, in Thief River Falls hospital where he had gone the previous Thursday for treatment. Mr. Larson had been in failing health for several months and was suffering from attacks of both heart failure and erysipelas.

A few days ago while fixing a barbed wire fence he received a slight scratch, scarcely noticeable, just below the eye which developed into blood poisoning and probably somewhat hastened his death.

The deceased was born in Norway August 1st. 1851 and came to America in 1881 and settled near Kempton, Grand Forks county, North Dakota, where he was married to Miss Tore Olson in 1890 and where three of their children were born. In 1901 they moved to Marshall County Minn. and lived in East Valley a few years before moving to their home in Holt township.

Nine children, seven boys and 2 girls, were born to Mr. and Mrs. Larson, all of whom are living at or near the home of their parents, with the exception of one son, Nels, who died less than two years ago during the epidemic of the flu.

Mr. Larson leaves two brothers and two sisters, besides the sorrowing widow and children to mourn his death and to all of whom sincere sympathy is extended by all the friends of the family.

Funeral services were held yesterday at the Lutheran church in Holt, of which the deceased had been a member since his residence here, Rev. Ordahl officiating and interment was made in the local cemetery.

Treat your potatoes for scab, etc. with Mueuric Chloride. For sale at Holt Merc Co.

Chas McLane has finished drilling C. Hoffman's well and has commenced drilling a well for V. J. Price.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Big Happenings of the Week Condensed for Benefit of Busy Readers.

TOLD IN A FEW WORDS

Kernels Culled From News of Moment in All Parts of the World—Of Interest to All the People Everywhere.

Northwest

Dodge, Wis.—Fire which swept through the lumberyard of Andrew Hoesley of this village, caused a loss of $7,000. The entire yard, including lumber and sheds, were destroyed.

Chippewa Falls, S. D.—Two children playing in a large barn were rescued when that structure burned, with two houses. Their mother was slightly burned while saving the children.

Whitewater, Wis.—Dr. Arthur L. Midgley, 40, former lieutenant colonel who had been in poor health since being gassed during his service in France, shot and killed himself.

Bozeman, Mont.—The electrical engineering department at the Montana state college has arraigned to send college news once each week to all amateur wireless operators of the state.

Sheboygan, Wis.—Fire at the plant of the Sheboygan Fiber Furniture company resulted in a loss of from $35,000 to $40,000 in contents of the building and about $5,000 in the building itself.

Bowman, N. D.—T. E. Austin, former treasurer of Bowman county pleaded guilty to the charge of embezzlement, sentence being suspended by Judge Frank T. Lembke of the district court.

Plentywood, Mont.—Conditions for a bumper crop never were better in Sheridan and adjoining counties. Ample rain has fallen and the weather for the last 10 days has been ideal for rushing the work of planting.

Aberdeen, S. D.—Harold Woshnak, 21, was killed when an automobile which he was driving overturned near Conde, pinning him under it. The accident was not discovered until some time afterward and the victim was dead.

Bismarck, N. D.—Work is to start immediately on the $1,000,000 vehicle bridge spanning the Missouri river between here and Mandan, according to Major Frane Baker, a member of the state highway commission. Bids were opened last week.

Mitchell, S. D.—Pearl Stopfer, five years old, was badly burned when her clothing caught fire while playing near a bonfire. The child's cries attracted the attention of her mother, who smothered the flames but not until the girl was badly burned.

Rapid City, S. D.—Superintendent R. B. Irons of the Rapid City schools has been elected superintendent of the Winona, Minn., city schools, and will take up his new position this fall. He has been superintendent of the Rapid City schools for eight years.

New Rockford, N. D.—New Rockford is renewing its fight to obtain the removal of the state capitol from Bismarck and initiated petitions are being circulated in the state for the purpose of submitting the question to the voters at the November election.

Tacoma, Wash.—The state minimum wage conference voted to raise the wages of women factory workers in the state to minimum of $18 a week. The present minimum is $13.20. The new scale is expected to be put into effect by the state industrial commission.

Marinette, Wis.—Mrs. John McCall accidentally shot and killed her seven year old son. The mother prepared to shoot a large loon on the bay from the second story window of her home, when the rifle was accidently discharged. The bullet went through the floor and struck the child who was playing in the room below.

Winnipeg, Man.—Eleven members of a band of whisky smugglers, captured while operating on the southern boundary of Manitoba, have been fined a total of $2,400 it was announced by Commissioner J. G. Rattray of the Provincial police. Some of the men lived close to the United States boundary. Police suspect of men disposed of their liquor shipments in the United States.

Edgemont, S. D.—To have a bridge collapse under them while crossing it in an automobile, and escape with their lives, was the thrilling experience of Mrs. H. L. Gibboney of Lead, and Mrs. F. V. Babcock of Deadwood, who were accompanied by Harvey Meyers, driver. The car had just started to cross the bridge spanning the Cheyenne river, when, with a report like that of a cannon, the bridge broke in the center and dropped into the river, 30 feet below.

Grand Forks, N. D.—Many North Dakota and eastern Minnesota cities were represented in the hearings before the International Waterway commission here. They supported the project that contemplates linking up the Great Lakes with the Atlantic ocean.

Henry, S. D.—The commercial club of this city is promoting the erection of a $25,000 potato warehouse to be erected here this summer. Henry and vicinity is recognized as the largest potato district in the state and a warehouse here will be of great value in increasing acreage and bettering the quality of seed.

Washington

Washington—John Parton Payne has been appointed director general of railroads to succeed Walked D. Hines.

Washington—Of 132,270 insurance claims filed to date with the bureau of war risk insurance 127,151, including claims for death and total permanent disability, representing a total of $1,135,552,173 have been liquidated.

Washington—The house passed the Knox peace resolution and sent it to President Wilson. It has already been passed by the senate. The vote was 228 to 139. It indicates the resolution cannot be passed over the presidential veto, as the majority is less than the necessary two-thirds.

Washington—Interstate Commerce Commission acting under its emergency powers to relieve the transportation congestion that is menacing business and threatening credit conditions in the country, issued orders which mean restoration of unified operation of freight traffic such as prevailed under the railroad administration.

Washington—Insurgent republican and democratic senators, demanding action on anti-profiteering, sugar export embargo and other legislation to reduce the cost of living, caused the leaders of both parties to call caucuses to decide on a legislative program and determine whether congress shall adjourn without consideration of the measures or take them up after a national convention recess.

Foreign

Rome—Pope Benedict received Arthur J. Balfour, lord president of the council in the British cabinet, in private audience.

Ottawa—Elimination of war import duties and substitution of luxury taxes are provided in proposals submitted to parliament by the finance minister.

London—The government's Irish home rule bill was changed to provide for two senates for northern and southern Ireland in the proposed Irish parliament.

Quebec—The ofrest fire which threatened destruction to several villages and large timber tracts in Belle Chasse county, is under control, according to reports received here.

Paris—Brigadier General Fournier, commander of the French fortress of Maubeuge at the beginning of the war, and six of his subordinates, courtmartialed for surendering the fortress to the Germans in September, 1914, were acquitted yesterday.

London—Premier Francesco Nitti has formed his new cabinet with the support of the Catholics, according to a Paris dispatch to the London Times. It is composed as follows: premier and minister of interior, Francesco Nitti; foreign minister, Victorio Scialloa; minister of war, Signor Bonomi; marine.

Domestic

Chicago—District Attorney C. F Clyne announced today he would prosecute dealers who forced customers to buy other articles to obtain sugar.

New York—Opening of commercial wireless service between Scandinavian countries and the United States was announced here by the Radio corporation of America.

Seattle—Brigaide General Frank Taylor, United States army, retired, a veteran of the civil Indian and Spanish American wars, died suddenly at the home of his daughter here.

Wichita, Kan—Judge Alton B. Parker, democratic presidential candidate in 1904, was chosen to preside at the Allen-Gompers debate in New York, Governor Henry J. Allen announced.

Little Rock, Ark.—Jonathan Kellogg, 78 years old, adjutant general of the trans-Mississippi department of the United Conference veterans and for many years prominent in that organization, died here.

Chicago—Federal prohibition officials are searching for the warehouse believed to hold the million dollar whisky supply of the seven men arrested in raids which disclosed hundreds of alleged illegal whisky sales.

Wichita, Kan.—Four carloads of sugar, alleged to have been held for speculation, were seized at Wellington and Emporia, Kan., by a deputy United States marshal, upon instructions from Fred Robertson, United States district attorney for Kansas.

New York—The trade of the United States with Mexico, it appears, will touch the $300,000,000 mark for the fiscal year 1920, which ends next month. Our trade with Mexico, even during the disturbed period since the resignation of President Diaz in 1911, has shown remarkable gains.

Chicago—Five thousand city employees who struck are to return to work. The teamsters voted unanimously to return, when the city council finance committee declared their demands would not be considered while they were on strike. Other unions followed the teamster's lead.

Detroit—The 4,000 motormen and conductors empoyed on city and interurban lines of the Detroit United Railway company will decide by referendum whether to accept or reject what company officials said was their final wage offer, a maximum of 75 cents an hour, as compared with $1 an hour demanded.

Lincoln, Kan.—Judge Dallas Grover of the Lincoln county court refused to accept a plea of guilty from Miss Stella Hyman, charged with first degree murder. Miss Hyman confessed to poisoning her sister and brother-in-law, Mr. and Mrs. Ed Bunch.

Baltimore—By a vote of 105 to 19, the Maryland democratic state convention approved a resolution committing the party to a modification of the Volstead act to permit the making and use of home-made wines and cider, and the manufacture and sale of beer in the original package for home consumption

ASKS MANDATE FOR ARMENIA

President Believes it Will Be the Choice of the People of the United States.

OPPOSITION PREDICTED

Senator Harding of Ohio Declares That Both Democrats and Republicans Are Against Such a Step.

Washington.—Authority to accept for the United States a mandatory over Armenia was asked of congress by President Wilson. The executive said he was conscious that he was "urging a very critical choice" but that he did so "in the earnest belief that it will be the wish of the people of the United States that this should be done."

The president's message was read in both house and senate, but was discussed in neither. Each house referred it to its committee on foreign relations with no indication when it would be taken up.

Some Republicans in the senate predicted that the message would be in the senate committee indefinitely.

Senator Lodge of Massachusetts, chairman of the senate committee and leader of the Republicans, had no comment to make on the executive's message. In the past, however, he has declared emphatically his opposition to a mandate.

Senator Harding, Republican, of Ohio, chairman of the committee which investigated Armenian affairs, said he would never consent to taking a mandate over Armenia and added that he did not think the senate would consent.

The president in his message informed the senate that he had "accepted the invitation of the allied supreme council that he undertake to arbitrate the very difficult questions of the boundary between Turkey and Armenia," saying he had thought it his duty "to accept this difficult and delicate task."

KILLED IN AUTO ACCIDENT

Auto Plunges Into Ditch Causing Serious Harm.

Fargo, N. D.—When an automobile, containing 10 passengers, including the driver who lost control of the machine in attempting to make a sharp turn in the road, plunged into a ditch four miles north of Moorhead at 2 o'clock Sunday morning, Miss Myrtle Lindgren, 16, candy dipper at Madson's cafe, suffered a broken neck and fractured skull, resulting in her death shortly afterwards while being carried into St. John's hospital. Other members of the party were either bruised or slightly injured.

The car, a Studebaker "six" equipped with winter top, driven by Raymond Darch of the William H. Doyle taxi line, 8 Seventh street south, took the plunge, turning completely over and straddling the ditch on the south side of the road, known as the Georgetown highway. The car was returning from a barn dance held Saturday evening in the vicinity of Kragnes, Clay county. Shortly before the spill, according to one of the occupants, the car traveling 55 miles an hour, had passed another machine. The auto, overloaded, was hitting between 22 and 25 miles an hour when Darch attempted to make the curve, and the right rear wheel is said to have come off.

U. S. TO MAKE INVESTIGATION

Wood Organization Spends $15,000 in New Jersey.

Washington.—Frank H Hitchcock, one of Major General Leonard Wood's campaign managers, told a senate investigating committee Monday that so far as he knew the largest sum spent in any state by the Wood organization was $15,000, in New Jersey. He added that the next largest was $12,500 in Maryland.

Mr. Hitchcock said that in New York "as in a number of other states" the Wood supporters "financed their own campaign in their own way" without asking assistance from the Wood organization.

Mr. Hitchcock said that in Michigan the Wood campaign was financed "by local people," without any call on the national organization. Colonel Fred Alger of Detroit, he said, was the state chairman.

Hamilton Kane, Republican national committeeman in New Jersey, took charge of the Wood expenditures in that state, the witness testified, adding that all of the money used in the state was accounted for under the direct primary law.

Robbers Get $115,000

Pittsburgh, Pa.—The First National bank at Finleyville, Pa., near here, was held up and robbed by six men who escaped, according to word received here by the police. The bandits are said to have escaped with $100,000 in bonds and securities and $15,000 in cash. The cashier, who was the only man in the bank at the time, is reported to have been knocked unconscious and locked in the vault while the institution was rifled. A sheriff's posse has gone in pursuit.

Millions of Tiny Germs Cause Your Catarrh

Real Relief Comes Only by Cleansing the Blood of the Germs.

Practicing Her Lesson.

I recently visited my married sister, who has a flaxen-haired daughter of three years. During my visit I taught my little niece to put one arm around my neck, the other about my sister, and "all three kiss together."

A rather shy young man called upon me one evening and, though we had met but twice before, I sat with him on the couch in order to show him some pictures.

Before I realized what she was doing my infant niece had one arm around my neck and was reaching frantically for the young man, all the while repeating: "All free tiss todezzer."—Exchange.

ASPIRIN INTRODUCED BY "BAYER" IN 1900

Look for name "Bayer" on the tablets, then you need never worry.

If you want the true, world-famous Aspirin, as prescribed by physicians for over eighteen years, you must ask for "Bayer Tablets of Aspirin."

The "Bayer Cross" is stamped on each tablet and appears on each package for your protection against imitations.

In each package of "Bayer Tablets of Aspirin" are safe and proper directions for Colds, Headache, Neuralgia, Toothache, Earache, Rheumatism, Lumbago, Neuritis, and for Pain in general.

Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.—Adv.

Junior Demands Variety.

Junior insists on hearing a story at bedtime. He has exhausted all the fairy stories of his entire army of relatives and friends.

The other night Junior made his usual demand for a story. Grandmother, always to be relied upon, racked her brain for a new one and finally had to fall back on one he had heard before. Grandmother saw his lips curl as she started in on the tale. Then he threw back his head, yawned and reached for his grandmother's hand.

"Aw, cut that out, granny," he said. "That's old stuff. Let's talk about the strike."

What They Called Each Other.

"Both ob dese here gents," said the witness, Mandy Thomas, rather impressed with the importance of being in court, "was standin' at the corner conversin' with each other pretty hot an' pointed like."

"Relate the conversation," said the prosecutor.

"Ah don't remember it, sah," said Mandy, thoughtfully, "'cept dat dey was callin' each other what dey is."

BUILT MANY CENTURIES AGO

Florida's Shell Mounds Believed to Date Back to Before Beginning of Christian Era.

Florida's shell mounds, which are found in different portions of the state, are unquestionably of human construction, and were probably built by some race of people who inhabited the country about the beginning of the Christian era. These mounds were found overgrown with herbage and forest as long ago as when the first red man set foot in Florida, and the fact that the deposit of earth above them was sufficient to give place to the root of trees proved their great age.

There have been found in all these mounds pieces of pottery imbedded in the shell conglomerate, as well as articles made of shell and bone, rude stone implements and many bones of fish and animals, such as deer, terrapin, rabbits, alligators and others. There are in the entire state about forty mounds, the most important of which are those of King Phillip's town, near the outlet of Lake Harney, which are 450 feet long, from 100 to 150 feet broad, and with an average height of eight feet.

FAINTING AND DIZZY SPELLS

The Cause of such Symptoms and Remedy Told in This Letter.

Syracuse, N. Y.—"When I commenced the Change of Life I was poorly, had no appetite and had fainting spells. I suffered for two or three years before I began taking Lydia E. Pinkham's Vegetable Compound and the Liver Pills which I saw advertised in the papers and in your little books. I took about twelve bottles of your Vegetable Compound and found it a wonderful remedy. I commenced to pick up at once and my suffering was relieved. I have told others about your medicine and know of some who have taken it. I am glad to help others all I can."—Mrs. R. E. DEMING, 437 W. Lafayette Ave., Syracuse, N. Y.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Moreover this reliable remedy contains no narcotics or harmful drugs and owes its efficiency to the medicinal extractives of the native roots and herbs which it contains.

Her Particular Tree.

Christine was visiting Aunt Louise while the latter worked in her garden.

"Have you any pickin trees?" asked Christine.

"What?" was aunt's puzzled reply. "What are they?"

"Why, a pickin tree," rejoined Christine in a tone full of surprise that anyone should not know the species, "why, my grandpa has some in his garden. They have pretty flowers for me to pick. I can't pick any other without being naughty."

Virginia—August Halberg was brought here from Aurora by the county officers on a charge of manufacturing liquor, Halberg was accompanied by his entire family, consisting of his wife and seven children.

Cass Lake—Cass Lake is getting ready to entertain the Association of Northwest Commercial club secretaries, who will arrive here for an outing about the middle of July. The secretaries will hold a two-day session here.

Blooming Prairie—Plans for the construction of a memorial to soldiers of this section who died in the world war are being made by the commercial club. Citizens of the village will be asked to contribute funds for the memorial.

Mora—Nick Karpen, a young man, son of John Karpen of Pomroy township, Kanabec county, had his hand blown off by dynamite and Carl Gruett, a companion, was badly injured in the face by flying bits of the injured hand.

Hastings—At a meeting of Dakota county commissioners here a contract was awarded to the S. J. Groves & Sons company of Minneapolis for the grading of a 17 miles stretch on the state road No. 2, between Hastings and South St. Paul.

Cookston—The final Polk county bread contest, to decide what school teams shall attend the state contest at the Minnesota fair next fall will be held here May 28. Schools throughout the county will send teams to the contest which will be held here.

Fergus Falls—The Otter Tail County Fair association has completed its program for the summer race meet, June 10, 11 and 12 at Fergus Falls, which dates coincide with the grand council meeting of the United Commercial Travelers to be held in this city.

Willmar—More than 200 members of the Damascus commandery No. 1, Knights Templar, of St. Paul made a journey to Willmar, where they paraded through the principal streets. The parade was headed by Charles S. [illegible], grand commander of the Knights Templars of Minnesota. Representatives of commanderies of many adjoining towns also were present.

Brainerd—Albert Lunde, son of Gilbert Lunde of Brainerd, according to Sheriff Claus A. Theorin, was the suspected robber killed by Marshall Marman of Delano when he attempted to escape from an automobile in which he was being taken to Minneapolis. It was learned here. It was at first thought the man was A. A. Anderson of Slayton.

Bemidji—At the land sale conducted by S. C. Bailey, representative of the state auditor's office, in this city at the courthouse Wednesday, three forties of land were sold at a total price of approximately $1,400. Portions of the land sold as high as $25 an acre.

Thief River Falls—W. A. Siegler, superintendent of schools here had his right hand so severely injured in a planer in the manual training department that amputation of the first and second fingers were necessary. Mr. Siegler was attempting to feed a narrow strip of board into the planer when the accident occurred.

Luverne—Joe Willers, 32 years old a farmer living a short distance west of here, committed suicide here. He slashed his throat with a razor. No cause has been assigned for the deed.

Truman—At a meeting of Martin county sheep raisers here a wool growers association was formed. The county will have about 20,000 pounds of wool to market through the association this year.

St. Paul—Crop prospects are excellent in the Red river valley and northern Minnesota, Hugh J. Hughes, marketing director of the state department of agriculture, reported on his return from a trip through those sections.

Hibbing—A strike of miners at the Stevenson mine, owned by the Corrigan-McKinney interests, is reported. Underground workers struck in sympathy with a Finnish shift which was discharged. The number of men to walk out is not definitely known.

St. Paul—Two prominent St. Paulites was occupy places on the program of the 30th annual Minnesota Christian Endeavor convention at Alexandria, June 24-27. Dr. J. W. Bean, Dayton Avenue Presbyterian church will conduct a series of devotional periods. Peter MacFarlane, director of the Union Gospel Mission, will give the closing address the evening of the 27th.

St. Paul—Minnesota will be represented by strong National Guard and civilian rifle teams at the national rifle matches July 30 to Aug. 28, at Camp Perry, Ohio. Adjt.-Gen. W. F. Rhinow made the announcement today upon receipt of war department orders from Maj. Morton C. Mumma, executive officer on rifle matches, authorizing the participation of a Minnesota civilian team.

Frazee—Frazee is going to have a public park. The movement inaugurated by the ladies of the city in circulating petitions asking the Nichols-Chisolm Lumber company to donote to the village a parcel of land to be dedicated to park purposes, met with approval of the officials of the company, who have complied with the request of the people and will donate a suitable site for a park.

St. Paul—To prevent the spread of the forest fire menace in northern Minnesota the state relief board will be asked to retain the 50 additional patrolmen now on duty in these regions when the state forestry board meets. W. T. Cox, state forester, said the expenditure to maintain this corps would be slight in comparison to the amount of property which would be saved, Mr. Cox said.

St. Paul—Progress in work in the state soldier bonus department resulted in the dismissal of 31 men and 16 women employees, by order of Adjutant General W. F. Rhinow, chairman of the board. The board retained 153 employees. Nearly 3,000 bonus claims were paid the past week. Bonus claimants are becoming more anxious for their money, and many are writing the board to hurry their checks.

Bemidji—Northern Development association boosters from all parts of Northern Minnesota will gather here Friday and Saturday July 18 and 19, at the regular summer meeting of that organization. Speakers of national prominence have been secured and a special feature of the meeting this year will be exhibits of various industries of the state. Experts will explain the details of each exhibit.

Brainerd—Brainerd's new $116,000 Northern Pacific railway station has been formally opened to the public. President Hannaford of the road was present during the ceremony, which included a civic celebration lasting far into the night. Mr. Hannaford recalled his first visit to Brainerd 48 years ago, when he sought work with the railroad of which he is now the executive head.

St. Paul—Governor Burnquist has issued a proclamation establishing a closed season during 1920 on Chinese ringneck pheasants. The 1919 game law permitted the hunting of these birds from Oct 15 to Dec 1, except in the event that the governor issues a proclamation declaring the season closed during any year. The proclamation was recommended by Carlos Avery, state game and fish commissioner.

Hibbing—One thousand dollars in Liberty bonds have mysteriously disappeared from the vaults in the board of education's rooms of the Jefferson school building. The bonds are believed to have been stolen and the police are working on the case. Eight hundred dollars worth of bonds belonged to J. W. Richardson, principal of the Washington school and the remainder to C. C. Alexander, superintendent of schools.

Windom—The calendar for the coming term of the district court was given a little touch of life when two damage suits were placed on the docket. Because it is alleged that an injury which he sustained while working on a farm last summer was not properly treated by Dr. Soggo, $15,000 damages are asked by Edward Speiman. The city of Windom is made defendant in a suit for $2,000 by Mr. Tasler, who claims he sustained damages to that amount by reason of the bad streets last fall.

St. Cloud—Sheriff Schoerner caught John Grossman, Frank Thielen and Matty Immerfall, three miles west of Avon with a complete moonshine outfit and 13 barrels of mash loaded on one truck and two wagons. Mash was poured on the highway and the outfit brought to the courthouse here.

La Porte—Search of almost seven months for the bodies of George Child, 63 years old, and his son, Earl, 35 years old, of Federal Dam, was ended when an Indian named John Drum beater discovered the body of the father in Leech lake. The son's body was found two weeks ago.

THE UNFORGOTTEN.

Myriads of dead in earth's warm bosom slumber,
Tenderly blanketed by verdant sod,
A myriad more, beneath old ocean's thunder,
Silent await the final act of God.

For God remembers—he who notes the sparrow—
The piteous pale ones who pass away,
On earth forgotten, as all joy and sorrow
And love forgotten are in life's brief day.

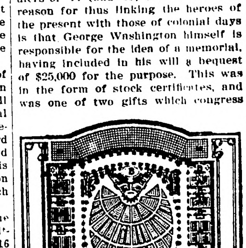
But they who die upon the field of glory,
Whether on ocean's plain or Marathon,
They are the unforgotten, and their story
Rings down the ages until time is done.

HALL OF HEROES

Worthy Memorial Projected for National Capital.

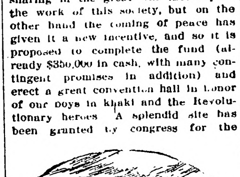
To Be Dedicated to Soldiers of the Republic Who Have Given to It "Their Last Full Measure of Devotion."

It now seems probable that one of the tangible fruits of the world war, in the form of memorials, will be an immense convention hall to be located in the national capital, which strangely enough has no really suitable meeting place for large audiences. If the building, for which plans have been accepted and a splendid site secured through the co-operation of congress, is erected, it will be designated as a memorial both to the soldiers of '17 (and '18) and of '76. The reason for thus linking the heroes of the present with those of colonial days is that George Washington himself is responsible for the idea of a memorial, having included in his will a bequest of $25,000 for the purpose. This was in the form of stock certificates, and was one of two gifts which congress gave him in view of the fact that he would accept no compensation of the usual sort for his services. In setting aside this gift in his will, Washington designated that it be used for the diffusion of knowledge.



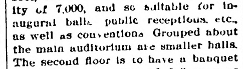
Floor Plan of the Proposed Memorial Structure. The Center Oval Is the Auditorium Proper, Seating 7,000 Persons. "A" Indicates Assembly Rooms, "B" Reception Rooms, and "C" the Carriage Lanes.

While the original stock certificates have long since become of little value, the idea has never been lost sight of, and an organization was formed to raise money for the memorial. Our sharing in the great war interrupted the work of this society, but on the other hand the coming of peace has given it a new incentive, and so it is proposed to complete the fund (already $350,000 in cash, with many contingent promises in addition) and erect a great convention hall in honor of our boys in khaki and the Revolutionary heroes. A splendid site has been granted by congress for the building that now occupied by the old Pennsylvania railway station.



Sectional View of Memorial Hall

It provides for a main auditorium with a floor space of 38,500 square feet, with a gallery of 10,000 square feet, the two having a seating capacity of 7,000, and so suitable for inaugural balls, public receptions, etc., as well as conventions. Grouped about the main auditorium are smaller halls. The second floor is to have a banquet hall with a capacity of 600 persons and rooms designed to serve as permanent offices for patriotic societies.—Popular Mechanics Magazine.



Day of Solemn Observance.

Those who cannot bring themselves to a cessation of their normal pursuits long enough to join in the memorial services, to bow their heads in a momentary tribute to American valor, at least can refrain from making the event the occasion of a holiday. They owe this much to the dead and to the families whose hearts are saddened. American sentiment can be shown in no better way than by observing May 30 as a real Memorial day.

"Henry!"

Mrs. Brown's voice was stern. Mr. Brown recognized the signs of a coming storm, so he prepared to listen.

"I saw Gerald, our boy, smoking a pipe today—actually, a dirty, smelly pipe!" the poor woman ended with a sob.

"Well, what can we do?" exclaimed her husband. "The boy's seventeen, and has two dollars a week pocket money. I don't see—"

"You mean to say that you will allow him to smoke? Why, it's sheer madness!"

Henry nodded. Then, after witnessing the unique spectacle of his wife speechless for once, he strolled off into the garden, where he came across Gerald in a corner with the pipe going full blast.

"Hello, my boy!" he cried. "This is something new, isn't it? By the way, I've left my pouch in the house. Can you give me a fill?"

Then he, as he walked away puffing happily, murmured:

"It may be madness, but there's method in it. I can see Gerald's pouch being quite a money saver to poor old dad."—Rehoboth Sunday Herald.

Ups and Downs.

"An orator has to come down to the level of his audience's intelligence," remarked the mild egoist.

"There used to be some such idea," replied Senator Sorghum. "But the orator nowadays has all he can do to rise to the occasion."

SUBSIST MAINLY ON DATES

Fruit Is the Mainstay of Life to the People of Egypt, Arabia, and Persia.

East is west so far as the palm is concerned, Hawaii, California, Florida, Cuba, Egypt, Palestine, they all know their palms. Of all varieties none is so dear to the heart as the date palm. We all know its delicious fruit, but few can conceive the desert dweller's love for it, for he only can appreciate its grateful shade in the sweltering desert heat.

The date palm is always a sure sign of water, for to thrive it must have this. Rising often to a height of 100 feet, it is a haven of refuge to the parched traveler, who knows that to dig near it is to find water. Then there is the delicious fruit to be considered, too. Many of us know the date as a luxury—sometimes stuffed or otherwise, but a considerable part of the inhabitants of Egypt, of Arabia and Persia, subsist almost entirely on its fruit. They boast also of its medicinal virtues. Then the camels feed upon the date stone.

GOT CHARACTERS MIXED UP

According to English Actor, History Is Not a Strong Point With Theatergoers.

The late H. B. Irving once told in Philadelphia a story about his father's performance of Sardou's "Robespierre." He said:

"Two dear old ladies sat in their stalls at the Lyceum, waiting for 'Robespierre' to begin.

"'By the way, who was Robespierre?' said the first old lady.

"'Why, don't you know?' said the second old lady. 'He's the man who was murdered in his bath by Marie Corelli.'

"'Oh, no, my dear!' said the first old lady. 'That can't be right, for Marie Corelli is still alive. I remember who it was now. It was Charlotte Bronte.'"

Then, at the end of the story, Mr. Irving added:

"I once told this anecdote to a duchess. When I finished the duchess gave a kind of puzzled laugh and said:

"'[illegible]'"

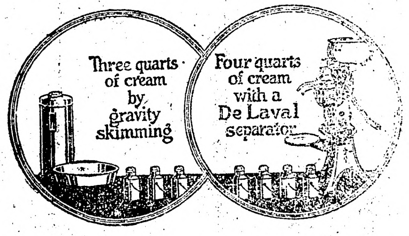
HOLT MERC. CO.
Holt, Minn.



Three quarts of cream by gravity skimming
Four quarts of cream with a De Laval separator

A DE LAVAL Cream Separator returns at least 25 per cent more cream than any "gravity method." At the present high butter-fat prices (and they are going up, continuously) a De Laval pays for itself in a few months.

No one owning two or more cows can afford to skim by gravity or use an inferior, half-worn-out separator.

We stand ready to prove this if you will give us five minutes next time you are in town

Life Insurance As a Protection

Life Insurance is more than just "protection" for your wife and family. It is protection for you in your business ventures. It is protection for you in your old age. The cost to you is not money thrown away or lost forever. It is an investment of the best kind- a sure dollar-for-dollar proposition. Life insurance is only another means of saving your money PLUS the protection it offers. When you understand what it means to you, to your wife and family, and to your business, you'll realize its true value. Ask us about the new "Double Indemnity" Life Policy. Have settled claims for $6000.00 thru this agency in past year and a half.

TONNAGE TAX
IS A
DOUBLE TAX

Many people think that the iron mines do not pay as much taxes as other property.

This is NOT TRUE.

Iron ore pays MORE taxes than ANY OTHER FORM OF PROPERTY in the state.

HOW MUCH MORE?
Iron ore is assessed 25% more than city property.
Iron ore is assessed 50% more than farm lands.
Iron ore is assessed 100% more than household goods.

Not only does iron ore pay on a higher valuation but it pays a HIGHER RATE than Southern Minnesota.

HOW MUCH HIGHER?

The average tax rate of the forty-one counties of Southern Minnesota is	41.65 mills
The average tax rate on all iron ore mines in Minnesota is	55.36 mills

The tax rate on iron ore is 32.9% higher than the tax rate of the counties of Southern Minnesota which are demanding a tonnage tax.

Not a single Southern Minnesota county pays as high a tax rate as does iron ore. NOT ONE.

Many people think that the iron mines do not pay THE STATE anything.

This is what the STATE gets.

For the year 1919 the iron ore properties of the state pay the state

In direct taxes	$2,340,403.00
In gross earnings taxes	1,708,164.00
Total	$4,048,567.00
In state royalties	954,679.00
Grand total	$5,003,246.00

Do you object to being double-taxed yourself?
If so, why do you insist upon double-taxing someone else?

Memorial Day in Holt

Memorial Day was fittingly observed in Holt Sunday afternoon with an impressive program under the auspices of the American Legion and the Holt school.

The program commenced with the planting of Memorial Trees on the school ground. A Victory elm was first planted and then one for each of the men who died while in the countrys service, as follows:

Alfred C. Olson, Adolph Sollom, Rhinehart Reierson, Richard A. Sevenson, George Svenkenson and Peter Kolden.

A short record of each man's service was read as the tree was planted to his memory. A duplicate of that record was placed in a bottle with the following papers: a copy of the resolution declaring that a state of war already existed with Germany, United States Flag, picture of President Wilson, copy of Wilson's fourteen points, copy of Armstice terms, abstract of the Peace Treaty and League of Nations, and the names of the six men who died in service, and one of these bottles was buried with each tree. This was a beautiful ceremony and one long to be remembered by all present.

After the tree planting the school auditorium was soon packed by an attentive audience to listen to a splendid and an inspiring Memorial address by Rev. Swartz of Coleraine who pleased everyone with his pure Americanism. The Legion marched to the cemetery to the music of the snare drum by Master Loyd Bennes of Thief River Falls, followed by a large crowd. The soldiers decorated the graves of their comrade, Rheinhart Reierson, and of M. B. Fitch, a veteran of the civil war.

Rev. Swartz offered a touching prayer and then the exercises closed with the firing of salutes over the graves.

Lars Chenit is building a porch to his house.

Our Flag

Our flag carries American ideas, American history, and American feelings. Beginning with the colonies, and coming down to our time, in its sacred heraldry, in its glorious insignia, it has gathered and stored chiefly this supreme idea: Divine right of liberty in man. Every color means liberty; not lawlessness, nor license, but organized institutional liberty—liberty thru law, and law for liberty. It is a whole national history. It is the constitution. It is the government. It is the free people that stand in the government on the Contitution.—
Rev. Henry Ward Beecher.

School Notes.

The Holt Public School closed last Friday with a basket picnic dinner and program on the school campus. Everything mentioned in the program was carried out to the letter and every one present; both young and old enjoyed the day. The Girl Scouts did fine in their respective booths, 1st patrol making four dollars selling popcorn, 2nd patrol six dollars selling lemonade, and 3rd patrol eighteen dollars selling ice-cream.

Every pupil should make good use of their vacation.

We received notice last week of another raise in the price of print paper, to take effect June 1st, and we are obliged to raise prices too, or go to the poor house.

It's just as easy to pay your poll tax to the village treasurer as your light bills. Under the old system it used to take two or three days to collect the light bills and about a week, or more, to collect the poll tax. At present wages that would cost too much and every patriotic, public spirited inhabitant will walk up like a man and either pay or work [illegible] poll tax.

THE HOLT WEEKLY NEWS.

Notice

Notice is hereby given that persuant to a resolution passed by the village council on March 23rd, 1920, that evey male inhabitant of the village of Holt, Minn. between the ages of 21 and 50 years, is required to pay a poll tax of two (2) days in labor, and all those desiring to pay in labor must report to the fact the street commissioner, Ludvig Monson on or before the last day of June 1920.

The state law provides that poll tax may be paid in cash, if any one so desires, at the rate of $1.50 for each days labor, therefore anyone who desires to pay cash instead of labor, hereby is required to pay $3.00 poll tax to A. L. Carlson, the village treasurer, on or before the last day of June 1920.

All money paid for poll tax will be used this summer to fix up the streets, and every one knows that is work that needs to be done.

By order of the Village Council,
Racine Olson, President.
H. B. Young, Clerk.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

HAD CHRONIC BRONCHITIS FOR TWENTY-SIX YEARS NOW WELL AND HAPPY

THIS IS WORTH READING

The experience of Mr. E. J. Toupalik, 1438 Rose street, LaCrosse, Wisconsin, is chiefly remarkable on account of the length of time he was afflicted.

He writes: "I have been suffering with chronic bronchitis for twenty-six years and every winter I would catch cold and become so hoarse I could not speak for six or eight weeks. I could get only temporary relief.

"This winter I was taken with Grip and was in awful shape. A fellow workman advised me to take PE-RU-NA. By the time I had used three-fourths of a bottle, the hoarseness was gone, also that tired feeling. I am on my second bottle. Hereafter PE-RU-NA will be constantly in my house. It is the best medicine ever put up for the purpose."

For any disease due to catarrh or catarrhal conditions, PE-RU-NA is equally dependable. Coughs, colds, catarrh of the head, stomach trouble, constipation, rheumatism, pains in the back, side and loins, bloating, belching gas, indigestion, catarrh of the large and small intestines, are some of the troubles for which PE-RU-NA is especially recommended.

PE-RU-NA can be purchased anywhere in either tablet or liquid form.

A Determined Speller.

"I understand you gave your youngest baby a mighty queer name."

"Yes," said the veteran printer. "I suppose a great many people will think it strange calling a girl 'Bible Jenkins.'"

"What made you do such a thing?"

"I don't like the way folks have gotten into of using small type indiscriminately. I made up my mind I would see to it that there will be at least a few occasions when Bible will have to be spelled with a capital B."

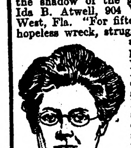
DEATH WAS NEAR

Florida Woman in Critical Condition From Dropsy, But Doan's Brought Recovery

"Dropsy brought me right down to the shadow of the grave," says Mrs. Ida B. Atwell, 904 William St., Key West, Fla. "For fifteen years I was a hopeless wreck, struggling between life and death. The pains were so severe in my back I screamed in agony. My head ached so severely I thought my skull was being crushed. Black specks floated before my eyes, and I had to grasp the bed to keep from falling.



Mrs. Atwell

"The kidney secretions burned and scalded and I could pass only a few drops at a time. My body bloated. The pressure of so much water on my chest almost smothered me. My feet also swelled and large sacs of water hung beneath my eyes. My skin had a shiny, white appearance and anywhere I pressed a dent would remain for hours. I became a nervous wreck.

"A friend told me about *Doan's Kidney Pills* and oh! I felt so happy when I found they were helping me. Continued use of *Doan's* completely cured me." *Sworn to before me.*

Kalispell, Mont.—Esther Mero, 3 years old, spent 48 hours in the hills and was found, after a seach by hundreds of men, little the worse for her experience.

Aberdeen, S. D.—George Gabriel, 13 years old, was killed and his father, Peter Gabriel, seriously injured when their automobile was demolished by a freight train.

Hot Springs, S. D.—Mayor Juckett died at a local sanatorium this afternoon following an operation for mastoids. Mr. Juckett was also president of the school board.

Whitewater, Wis.—Dr. Arthur L. Midgley, 40, former lieutenant colonel who had been in poor health since being gassed during his service in France, shot and killed himself.

Dodge, Wis.—Fire which swept through the lumberyard of Andrew Hoesley of this village, caused a loss of $7,000. The entire yard, including lumber and sheds, were destroyed.

Kelso, Wash.—Two children were burned to death, two young women sustained burns and their mother was injured severely, when the residence of Henry Bloyd was destroyed by fire.

Mountain Iron, Minn.—In a quarrel over a kettle, John Gredich was probably fatally injured, and his nephew, Mike Gredich, seriously wounded by shots said to have been fired by Joe Gredich.

Sheboygan, Wis.—Fire at the plant of the Sheboygan Fiber Furniture company resulted in a loss of from $35,000 to $40,000 in contents of the building and about $5,000 in the building itself.

Red Wing, Minn—Casper Taylor, residing near Maiden Rock, Wis., who would have attained his 100th birthday on Oct. 18, next, is dead at his home. He was the oldest known resident of this vicinity.

Bismarck, N. D.—Governor Lynn J. Frazier has issued a proclamation fixing the week of June 7 to 12 as "Good Roads" week. The people of the state are asked to join in the movement for better highways.

Helena, Mont—The Montana railway commission has sent Ralph Budd, president of the Great Northern railway, a protest against an alleged statement by him that no coal famine is likely in Montana.

Helena, Mont.—Helena is to have reduced electric light rates, increased gas rates and increased streetcar fairs, beginning June 15, by a ruling of the Montana public service commission. The increase in gas and car fares asked for were granted in part.

Butte, Mont.—The mystery surrounding the disappearance of Robert H. Lindsay, mining engineer of Great Falls, remains unsolved. Searching parties after spending more than 24 hours in the Ticon shaft without finding a trace of him gave up the search.

Ryder, N. D.—Lena Melinck, 3 years old, and Rose Melinck, 7 years old, daughters of Peter Melinck, a farmer, were burned to death when a barn on their father's farm was destroyed by fire. The children were playing in the barn when the first started.

Manning, N. D.—A county seat fight has been precipitated in Dunn county by the circulation in a petition asking that Dunn Center be made the county seat. Kildeer has countered with a similar petition and several other towns are to make petitions, according to announcement. The seat of government is now located at this place.

Aberdeen, Wash—A body believed by Sheriff Bartell to be that of Ole Hanson, alleged I. W. W., sought in connection with the shooting of four former soldiers on Nov. 11 at Centralia, Wash., in an Armistice day parade, was found yesterday in a dense woods near Oakville, Grays Harbor county, Washington. There was a bullet hole through the head. A pistol lay beside the body.

Edgemont, S. D.—To have a bridge collapse under them while crossing it in an automobile, and escape with their lives, was the thrilling experience of Mrs. H. L. Gibboney of Lead, and Mrs. F. V. Babcock of Deadwood, who were accompanied by Harvey Meyers, driver. The car had just started to cross the bridge spanning the Cheyenne river, when, with a report like that of a cannon, the bridge broke in the center and dropped into the river, 30 feet below.

Tacoma, Wash.—The state minimum wage conference voted to raise the wages of women factory workers in the state to minimum of $18 a week. The present minimum is $13.20. The new scale is expected to be put into effect by the state industrial commission.

Racine, Wis.—Racine police have on their book records of a burglary committed by the meanest thief that ever invaded Racine, they say. The titled individual entered the Danish Lutheran church stole a half gallon of wine and the contents of the contribution box

Washington

Washington—President Wilson has vetoed the Knox peace release resolution which was passed by both houses of congress.

Washington—The senate has decided against giving the president authority to undertake a mandate over Armenia, as requested by President Wilson.

SENATORS ASK INTERVENTION

Armed Force to Mexico in Case Friendly Government Is Not Established.

FAVORS POLICE FORCE

Suggests That United States Send Naval and Military Forces of Government to Open and Maintain Every Port.

Washington.—Armed intervention in Mexico should the new forces in control there show an inability or unwillingness to set up a stable government more friendly towards Americans, was recommended to the senate by the foreign relations sub-committee which has been investigating Mexican affairs.

Should a stable government be established, the committee recommended that full recognition be accorded it and that financial assistance be offered by the United States.

The committee said, however, that full recognition should not be given until a treaty had been entered into, predicated upon assurances;

That provisions of Article 27 of the constitution of 1917, commonly regarded by foreigners as confiscatory, shall not be enforced against Americans.

Asks Change in Regulations.

That the constitutional clause, providing that none but a Mexican citizen may be a minister of any religious creed in Mexico, and that no periodical of a religious character shall comment upon any political affairs of the nation, or publish any information regarding the acts of the authorities or private individuals insofar as they have to do with public affairs, be inapplicable to Americans.

That the provision that no minister or religious corporation may conduct schools or primary instruction, shall not be applicable in the case of Americans, and

That the article under which undesirable foreigners may be expelled be so revised as to give Americans the right to confer with the representative of their government.

The recommendations also proposed a provision in the agreement for the immediate appointment of a claims commission to adjudicate the claims of Americans, the commission to be made up of men chosen by the two governments and with the understanding that its findings be binding and be immediately carried out by the payment of the damages adjudged.

Police Force Suggested.

Should the Mexican officials fail to agree to such a plan, or to establish a government capable of affording adequate protection to Americans, the committee suggested that the United States will send a police force, "consisting of the naval and military forces of our government into the republic of Mexico to open and maintain open every line of communication between the City of Mexico and every seaport and every border port of Mexico."

DEBATE ANTI-TRUST ACT

Law Makers Vote to Permit Cooperative Marketing.

Washington.—By a vote of 233 to 58, the house passed and sent to the senate the bill permitting farmers, planters, ranchmen, dairymen or fruit growers to combine for the collective marketing and sale of their own products notwithstanding anti-trust laws.

The measure was drafted by Chairman Volstead of the house judiciary committee as a substitute for the Kapper-Hersman bill and similar measures to legalize collective bargaining by agricultural producers.

Debate developed sharp division of opinion, supporters of the bill declaring it would give farmers and other producers an opportunity to negotiate a fair price for their products. Opponents of the measure asserted that it would increase the cost of living and that it was class legislation.

Limitations included in the bill, said by its supporters to be designed to exclude from its benefits all but actual farmers, provide that the combinations that may be organized must not pay more than eight per cent dividend annually on capital stock, and that every member must have one vote irrespective of his invested capital.

Control of the combinations organized under the bill would be placed in the hands of the secretary of agriculture, who may, after hearing, order the combinations to stop practices which help to restrain trade or lessen competition.

Calf Shows Contempt of Crowd.

St. Paul.—A $50,000 calf is just like any other bovine of the same age except for its pedigree. Alcartra King Sylvia—rated the best calf in the world—refused to be perturbed over the thousands who flooded to see him at the "million-dollar" Holstein-Friesian show at the fair grounds. When R. W. Pollock, national extension secretary for the Holstein association tried to arouse him out of a deep bed of hay he up and without discrimination kicked at everyone in range.

Why Exclusive Agencies Cost More to Operate

A roofing dealer who has an exclusive agency has no competition on his private brand. As a result he can charge a large profit if you'll buy.

In addition, he is usually a long distance from his little manufacturer and must invest more money to keep his stock up.

Now look at the Certain-teed way. Any responsible dealer can sell Certain-teed. Each dealer carries a small representative stock. If he needs more he orders from a nearby Certain-teed warehouse or jobber. It usually takes only a day or two to get it.

The result is small investment, small storage cost, light insurance, and no slow-moving articles.

Certain-teed Saves You Money

That's why Certain-teed dealers operate at less expense. And it's also why Certain-teed saves you money because they can afford to sell at close margins and there are enough of them to insure you a fair deal.

Now let's see what you get when you buy Certain-teed Roofing.

It's roofing that has never been known to wear out on the roof. It is guaranteed for 5, 10 or 15 years, according to weight. It is weather-proof, fire-retarding and spark-proof.

There is nothing else you want from roofing. And since you get this highest quality roofing at a saving, it's the logical buy.

Any responsible dealer can get Certain-teed for you quickly from a nearby Certain-teed warehouse or jobber. He gets it when he wants it and he gets what he wants. He can afford to sell you at a fair price.

Certain-teed

Beware of the dealer who tells you he has Certain-teed, but tries to sell you a private brand. He probably wants a bigger profit.

Acid Stomach

Makes the Body Sour

Nine Out of Ten People Suffer From It

It sends its harmful acids and gases all over the body, instead of health and strength. Day and night this ceaseless damage goes on. No matter how strong, its victim cannot long withstand the health-destroying effects of an acid stomach.

Good news for millions of sufferers. Chemists have found a sure remedy—one that takes the acid up and carries it out of the body; of course, when the cause is removed, the sufferer gets well.

Bloating, indigestion, sour, acid, gassy stomach miseries all removed. This is proven by over half a million ailing folks who have taken EATONIC with wonderful benefits. It can be obtained from any druggist, who will cheerfully refund its trifling cost if not entirely satisfactory. Everyone should enjoy its benefits. Frequently the first tablet gives relief.

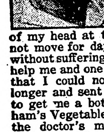
PAINS NEARLY DOUBLED ME UP

Nothing Helped Me Until I Took Lydia E. Pinkham's Vegetable Compound.



Wyandotte, Mich.—"For the last four years I have doctored off and on without help. I have had pains every month so bad that I would nearly double up. Sometimes I could not sweep a room without stopping to rest, and everything I ate upset my stomach. Three years ago I lost a child and suffered so badly that I was out of my head at times. My bowels did not move for days and I could not eat without suffering. The doctor could not help me and one day I told my husband that I could not stand the pain any longer and sent him to the drug-store to get me a bottle of Lydia E. Pinkham's Vegetable Compound and threw the doctor's medicine away. After taking three bottles of Vegetable Compound and using two bottles of Lydia E. Pinkham's Sanative Wash I could do my own housework. If it had not been for your medicine I don't know where I would be today and I am never without a bottle of it in the house. You may publish this if you like that it may help some other woman."—Mrs. MARY STENDER, 120 Orange St., Wyandotte, Mich.

Are You Human?

A little baby. A little child. Don't they appeal to you? Doesn't your heart yearn to pick them up, to cuddle them close to you, to shield them from all harm? sure it does else you're not human. Being human you love them. Their very helplessness makes you reach out in all your strength to aid them. In health there's no flower so beautiful. In illness there's no night so black.

Save them then. Use every precaution. Take no chance.

When sickness comes, as sickness will, remember its just a baby, just a child and if the Physician isn't at hand don't try some remedy that you may have around the house for your own use.

Fletcher's Castoria was made especially for babies' ills and you can use it with perfect safety as any doctor will tell you. Keep it in the house.

CASTORIA

Do the People Know?

Do you know why you are asked to call for Fletcher's Castoria when you want a child's remedy: why you must insist on Fletcher's?

For years we have been explaining how the popularity of Fletcher's Castoria has brought out innumerable imitations, substitutes and counterfeits.

To protect the babies: to shield the homes and in defense of generations to come we appeal to the better judgment of parents to insist on having Fletcher's Castoria when in need of a child's medicine. And remember above all things that a child's medicine is made for children—a medicine prepared for grown-ups is not interchangeable. A baby's food for a baby. And a baby's medicine is just as essential for the baby.

The Castoria Recipe (it's on every wrapper) has been prepared by the same hands in the same manner for so many years that the signature of Chas. H. Fletcher and perfection in the product are synonymous.

FIVE-YEAR-OLDS WILL TALK

And Surely This One Came Near to "Spilling the Beans" for Poor Mamma.

After looking at all the rugs in the store, the customer decided that she thought she liked the pink one with the purple roses best.

"But I'd like to see it in my room," she said. "I suppose you'll send it up on approval?"

"Well, madam, it's—er—hardly usual," demurred the proprietor. "But in the circumstances, perhaps—"

The customer's five-year-old daughter," who had stood silent during the long inspection, now tugged violently at her mother's skirt.

"Oh, mamma," she piped in her fatally clear treble, "hadn't you better warn him to be sure and get it there in time? Our party's tomorrow, you know."

Some Chance for Him

When Jack Jolly, the golf ball manufacturer, was in town last fall a friend with whom he was playing said:

"Jack, do you think I'll ever learn to play this game?"

"How old are you?" asked Jack

"Forty-two," was the reply.

"Well," retorted Jack," "I have a friend in Scotland who was 81 years old his last birthday and he says his game is still improving."

Her Object.

Maxine changed countenance when I saw her at the beauty doctor's."

"Naturally. That is what she went there for."

HE KNEW HIS LIMITATIONS

Small Boy Didn't Imagine He Would Amount to Much in the Better Land.

"Spiritualistic mediums in their descriptions of the next world are absurd. The next world, indeed, is a very ticklish subject to handle."

The speaker was Sir Oliver Lodge. He continued:

"A little boy was told by his Sunday school teacher that he would leave his body behind when he died.

"'I don't understand that,' he said in a frightened voice.

"'You see,' explained the teacher, 'you will take all that is good with you to the better land, and leave all that is naughty here on earth.'

"He thought a moment, then he said soberly:

"'I guess I'm going to be pretty thin up there, teacher.'"

Agricultural Missionaries

To heighten agricultural production the world over and thus increase the world's food supply, with the resultant blows at old H. C. of L., an international association of agricultural missions has been formed. Its members will carry modern agricultural methods into every land.—World Outlook.

Mighty Few Do

"Why don't you join a golf club?"

"Man, I don't know how to play golf."

"That's no reason. Ninety per cent of the golf club members don't know how to play the game, either."

Not a New Discovery.

George Ade, seated in the library of the Chicago Athletic club, looked up from his magazine and said:

"It says here that an English scientist has discovered how to turn anything to gold."

Mr. Ade blew forth a smoke cloud thoughtfully.

"But, then," he added, "our profiteers discovered that several years ago."

Demonstration.

"Here is this would-be critic talking about a water color in oil. Did you ever hear of a water color which could be in oil?"

"Sure. Sea blue."

Harvest 20 to 45 Bushel to Acre Wheat in Western Canada

Think what that means to you in good hard dollars with the great demand for wheat at high prices. Many farmers in Western Canada have paid for their land from a single crop. The same success may still be yours, for you can buy on easy terms.

Farm Land at $15 to $30 an Acre

located near thriving towns, good markets, railways—land of a kind which grows 20 to 45 bushels of wheat to the acre. Good grazing lands at low prices convenient to your grain farm enable you to reap the profits from stock raising and dairying.

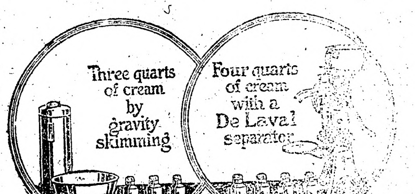
HOLT MERC. CO.

Holt, Minn.



Three quarts of cream by gravity skimming
Four quarts of cream with a De Laval separator

A DE LAVAL Cream Separator returns at least 25 per cent more cream than any "gravity method." At the present high butter-fat prices (and they are going up continuously) a De Laval pays for itself in a few months.

No one owning two or more cows can afford to skim by gravity or use an inferior, half-worn-out separator.

We stand ready to prove this if you will give us five minutes next time you are in town

Sooner or later you will buy a

HOW LONG WILL IRON MINING LAST IN MINNESOTA?

50 Years — (if there is a tonnage tax)

1250 Years — (if there is NO tonnage tax)

Minnesota has a comparative small amount of high grade iron ore—1,400,000,000 tons that is now commercially valuable, the state tax commission says.

But Minnesota has an enormous amount of low grade iron ore—variously estimated at from 55 Billions to over 100 Billions of tons (the Federal Geological Commission says 72 Billions of tons).

The Minnesota iron ore that is now commercially valuable will last about 50 years.

Its low grade ores, if they can be developed, will last from 1,000 to 2,000 years.

Minnesota's iron ore is now taxed higher than any other form of property—50 per cent higher than farm lands, 100 per cent higher than household goods.

A tonnage tax on top of the present high tax will make the development and mining of Minnesota's low grade ores impossible.

Shall we levy a tonnage tax and kill the iron ore industry in Minnesota in a few years or shall we develop the iron ore industry of the state and collect millions every year for CENTURIES?

All money paid for poll tax will be used this summer to fix up the streets, and every one knows that is work that needs to be done.

Mr. and Mrs. C. K. Perkins of Minneapolis arrived in Holt last week and on Friday the latter went to Warroad to visit friends. Mr. P. is a representative of the King Sales Service of Minneapolis, who are conducting a closing out sale for R. Reierson.

Relief quickly obtained through Dr. Albertson's Chiropractic Adjustments. Acute and chronic diseases successfully treated. Even those who have been pronounced incurable, have been restored to perfect health again. Phone No. 85. Crookston, Minn.

It's just as easy to pay your poll tax to the village treasurer as your light bills. Under the old system it used to take two or three days to collect the light bills and about a week, or more, to collect the poll tax. At present wages that would cost too much and every patriotic, public spirited inhabitant will walk up like a man and either pay or work his poll tax.

Notice

Notice is hereby given that persuant to a resolution passed by the village council on March 23rd, 1920, that every male inhabitant of the village of Holt, Minn. between the ages of 21 and 50 years, is required to pay a poll tax of two (2) days in labor, and all those desiring to pay in labor must report to the fact the street commissioner, Ludvig Monson on or before the last day of June 1920.

The state law provides that poll tax may be paid in cash, if any one so desires, at the rate of $1.50 for each days labor, therefore anyone who desires to pay cash instead of labor, hereby is required to pay $3.00 poll tax to A. L. Carlson, the village treasurer, on or before the last day of June 1920.

All money paid for poll tax will be used this summer to improve the streets of the village.

By order of the Village Council,
Racine Olson, President.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Backache Slowing You Up?

Are you dragging along with a dull, throbbing backache? Feel lame mornings, tired all day; suffer torturing twinges at every move? Often the kidneys are to blame. A cold, strain or overwork congests the kidneys; poisons accumulate and mysterious aches and pains result. You may have headaches and dizzy spells, too, with perhaps bladder irregularity. Use *Doan's Kidney Pills.* They have helped thousands. *Ask your neighbor!*

A North Dakota Case

James McIntosh, justice of peace, First Nat. Bank Bldg., Cando, N. D., says: "I had a steady, dull ache in the small of my back and could hardly straighten after stooping. I was bothered by headaches and dizzy spells, and the irregular action of my kidneys gave me a great deal of annoyance. I decided to try Doan's Kidney Pills. Doan's cured me of the attack."

Ugly, Unsightly Pimples Are Signals of Bad Blood

Give Heed to the Warning.

Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, scaly eruptions and other skin disorders that burn like flames of fire.

They mean that your blood needs S. S. S. to cleanse it of these accumulations that cause unlimited trouble. This remedy is the greatest vegetable blood purifier known, and contains no minerals or chemicals to injure the most delicate skin.

Get a bottle of S. S. S. today, and get rid of those unsightly and disfiguring pimples, and other skin irritations. If you wish special medical advice, you can obtain it without charge by writing to Medical Director, 105 Swift Laboratory, Atlanta, Ga.

NOBLE RELICS OF THE PAST

Triumphal Arch of Titus, at Rome, and the Colosseum, Are Splendid in Their Ruin.

The triumphal arch of Titus in Rome was built in 70 A. D., to commemorate the defeat of the Jews, and was dedicated to the Emperor Titus after his death. It is adorned with fine sculptures in relief. On the frieze outside is a sacrificial procession and on the inner side Titus is seen crowned by Victory in a quadriga driven by Roma. On another part of the arch is a triumphal procession of Jews, the Table of Shew Bread and the seven-branched candlestick. In the center of the vaulting the consecrated emperor is seen being carried to heaven by an eagle.

In 1882 the arch was a set of ruins, and some of the medieval additions were removed and it was partly reconstructed. The colosseum, with seats for 50,000 spectators, originally called the Flavian amphitheater, was completed by Titus in the year 80 A. D., and derives its later name, probably, from a colossal statue of Nero. The colosseum is now all in ruins.

LEARNED LESSON OF THRIFT

Boys and Girls of New Jersey Town Have Made Record of Which They Are Proud.

If there has been less talk of the servant problem in Bridgeton, New Jersey, than elsewhere, it is quite explainable. Not to be outdone by their European sisters and brothers in matters of thrift and industry, 25 youngsters in that town have invested $1,000 in United States thrift stamps this year, thanks to their own hard work. Boys and girls alike have welcomed opportunities of doing remunerative dishwashing, sweeping, dusting, store clerking, baby-minding, errand-running, etc., with the goal of economy symbolized by government stamps ahead of them. The more ambitious have undertaken cutting weeds, carrying coal, sifting ashes, selling papers, raising chickens, cleaning pavements, and some have even won prizes to add to their savings. Having found that time can be converted into money it is doubtful whether these boys will again find the street corner a worthwhile place for spending idle hours, or the girls be content to waste periods in porch chatter.

Price and Percentage.

Increase of price when measured in percentage is very often incorrectly given. When the price doubles the increase is 100 per cent, but many people describe it as an increase of 50 per cent.

Sioux City—Special reports on crop conditions in northwestern Iowa, South Dakota and northern Nebraska from about 100 localities show good progress made during the week in corn planting, which is completed in this state and well advanced up north.

Ladysmith, Wis.—Frank Havernich, farmer living near Sheldon, took his own life by exploding a charge of dynamite. Havernich prefaced the tragedy with a letter mailed to a neighbor in which he told the exact place where his body might be found. Poor health is believed to have caused his act.

Sioux Falls, S. D.—This city has nearly 6,000 children of school age, and 85,333 of all ages, according to the annual state census, just completed here. This is an increase of 624 children of all ages, and 467 of school age, over the census of 1919. Of the 5,930 children of school age, 2,912 are boys and 3,018 are girls.

Fargo, N D.—The Fargo city commission increased salaries of the Fargo fire department members, being the second increase granted within a year. The commission also went on record as favoring increased street railway fares and asked that the state railroad commission, which has jurisdiction, authorize the increase.

Fargo, N D.—The principal result anticipated by state officials from the decision of the United States supreme court upholding the state supreme court's decision that certain industrial laws adopted by the state legislature are constitutional, will be the marketing of state bonds with which to finance the industries in question.

Aberdeen, S. D.—The South Dakota Research association, organized to consider problems of the school room from an experimental point, will hold its first meeting at the Northern Normal in this city June 22 and 23. The association is established under the auspices of the Bureau of Research of the normal school. Its membership is limited to South Dakota teachers.

Gorham, N D.—Marion, the two year old daughter of Mr. and Mrs. Forest Goodman of this place, escaped death when she fell from the porch on the second floor striking on her forehead on a concrete sidewalk. Examination by a doctor showed that she had little more than received a severe bump which, he said, will disappear within a few days.

Arcadia, Wis.—Walter Horeaus, 26 years old, employed in a local garage, was killed when a tractor which he was driving turned over and pinned him under the machine. Horeaus was dead when found by other workmen.

Rapid City, N. D.—After electing officers for the coming year but without deciding upon the next meeting place, the South Dakota Sunday school convention adjourned. Attendance at the convention was larger than any preceding gathering, averaging 2,000 at each session.

Washington — Standardization by law of the weight of the bread loaf was advocated by Charles C. Neale, commissioner of weights and measures of Minnesota, before the conference on weights and measures at the United States bureau of standards. "Public opinion is demanding this as necessary to place the 'staff of life' on a secure basis," Mr. Neale said.

COURT UPHOLDS DRY AMENDMENT

Power Granted to Federal and State Government to Enforce Prohibition.

ALL LIQUORS INCLUDED

Enforcement Act Prohibiting Storage of Liquors in Warehouses Is Only Important Case Left to Decide.

Washington.—The prohibition amendment and the enforcement act were held constitutional by the supreme court in a unanimous decision.

While attorneys for the interests attacking the two measures were granted permission to file motions for rehearings, the decision was regarded as a death blow to the wets.

The court's opinion, rendered by Justice Vandevanter, was sweeping. It held that the amendment not only came within the amending powers conferred by the federal constitution, but was lawfully proposed and now was the law of the land. While recognizing that congress has limitations in respect to the enforcement of laws regarding beverages, the court held those limits were not transcended in the enactment of the enforcement act restricting alcoholic contents of intoxicants to one-half of one per cent.

While New York, New Jersey and Wisconsin acts permitting manufacture and sale of beverages containing more than one-half of one per cent alcoholic content, were not directly involved, the decision was interpreted as invalidating them. The court said the first section of the amendment of its own force, "invalidates any legislative act—whether by congress, by a state legislature, or by a territorial assembly.

Concurrent power granted by the amendment to federal and state governments to enforce prohibition, the court further held, "does not enable congress or the several states to defeat or thwart prohibition but only to enforce it by appropriate means."

The decision set at rest contentions previously laid before the court that the amendment could not affect alcoholic liquors manufactured prior to January 16, when the amendment became effective. The court held that the amendment applied to such liquors the same as to any produced after that time.

Regarding arguments to the effect that a state having constitutional referendum provisions could not have been said to have ratified the amendment until it had been submitted to the voters, the court cited its opinion rendered last Monday in the Ohio referendum cases, in which it held that such referendum provisions do not apply to federal amendments.

Only one prohibition case of importance remains undecided. It is an appeal from New York involving the constitutionality of portions of the enforcement act prohibiting storage in warehouses of intoxicating liquors designated for personal use. This case was argued this spring but with the court's adjournment for the summer cannot be decided before October at the earliest.

TO PICKET CONVENTION

More Than 100 Women Representing 22 States, to Take Part.

Chicago. — Polite but impressive picketing of the Republican national convention was decided on by shock troops of the National Women's party here, under the leadership of Alice Paul.

The picketing started Tuesday morning and will continue indefinitely. More than 100 women, representing 22 states and every phase of women's activities, all carrying banners bearing the names of their states and slogans, will occupy positions outside the Coliseum. Other women will work among delegates from their states in the various state headquarters. Verbal heckling has no place on the program.

Every effort of the suffragists, Miss Paul said, will be directed toward inducing national leaders to urge the governors of Connecticut and Vermont to call special sessions of the legislatures in their states and pass on suffrage. The legislatures, Miss Paul insists, are ready to ratify the suffrage amendment if the governors will call the special sessions. None of the suffragists in paying any attention at present to the wording of proposed suffrage planks in the Republican platform. They hope for strong indorsement of their cause as a collateral move but they insist that the time is past for platform declarations to be of much assistance.

Demands New Trial for Larkin

Chicago.—Demand for a new trial for James Larkin, Irish labor leader convicted of criminal anarchy and sentenced to five years in Sing Sing, is contained in a resolution adopted by the Chicago Federation of Labor. Terming the trial unfair the resolution declared it showed "co-operation of anti-labor forces in the state of New York and the United States with efforts of the British imperial government to repress by force the struggle of Irish labor for industrial and political freedom."

LOWDEN GAINS DURING CONTEST

Committee Refuses Earnest Pleas of Negro Contestants for Seats.

KNOX SUPPORTS SPROUL

Street Sale of Tickets Ordered Investigated by H. W. Mager, Collector of Internal Revenue.

Chicago.—Delegate contests, which have furnished spectacular features of the pre-convention period, were finished Saturday night by the Republican national committee with decided advantage to Governor Lowden.

Although on actual instructions of the 137 contested delegates, General Wood received 12 and Governor Lowden seven with 116 uninstructed, the reported leanings of the disputed delegates favor the Illinois governor.

The committee in the two Missouri seats, refused to seat any contestants.

All of the 11 district delegates from Virginia aligned with the Slemp faction were seated. The committee rejected earnest pleas of negro contestants for seats and also decided separate anti-organization contests in the third and eighth districts in favor of the Slemp faction.

According to the reports of the candidates favored by the delegates seated, the 135 delegates involved were distributed as follows:

Wood, 18; Lowden, 65; Johnson, 4; Judge Pritchard of North Carolina, 17; uninstructed and scattering, 31; with the two Missouri contests rejected entirely.

All of the contests are expected to be appealed to the convention credentials committee and subject to revision by the convention itself.

The committee's decisions left the actual instructed lineup on the convention temporary roll, without regard to uninstructed delegates' known leanings, as follows:

Wood, 124; Johnson, 112; Lowden, 72; Harding, 39; Poindexter, 14; Sproul, 76; Sutherland, 16; and Judge Pritchard of North Carolina, 22.

Knox for Sproul.

Washington. — Senator Knox of Pennsylvania, who was recently indorsed by his colleague, Senator Penrose, for the Republican presidential nomination, came out Saturday night for Governor Sproul.

Senator Knox also formaly announced that he would not attend the Republican national convention, to which he had been chosen as a delegate at large from Pennsylvania, because of "private business." His proxy, he said, would be held by Judge A. R. Reed of Pittsburgh.

Tickets $300 Each.

Chicago.—Street sales of tickets to the Republican convention were ordered investigated by H. W. Mager, collector of internal revenue.

The federal law requires persons selling tickets in this manner to pay 50 per cent of the price received to the government. Collector Mager said the sale of three tickets at $300 each had been reported to him.

Platform to Front.

Chicago.—The contest between the various aspirants for the Republican presidential nomination is momentarily obscured by a preliminary contest over the platform. One is the league of nations plank and the other is the industrial relations plank. The latter is acknowledged to be loaded with dynamite and the former is so surrounded by counterclaims that it has been arranged and that it has not been arranged that the real truth of the situation is not apparent. Most all the practical politicians, however, were predicting that any coalition of party leaders which presents the successful solution for the league of nations plank will be able to nominate their candidate for the presidency.

INVESTIGATION CONDUCTED

Recommends Establishment of Federal News Print Board.

Washington. — Prosecution under the Sherman ati-trust and Clayton acts of print paper manufacturers of profiteering was recommended by the senate manufacturers sub-committee which conducted an investigation of the paper situation.

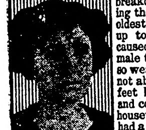
The committee further recommended that should government efforts to maintain a reasonable price meet with failure a federal news print board be established "to supervise the manufacture and distribution of print paper."

Whisky Found in Roadster.

Helena, Mont.—Held for alleged traffic in whisky, G. F. Myerick, said to be of Great Falls, and Walter Brennan of Helena, were arrested by the police and turned over to the county authoirties. A roadster, said to belong to Myerick, in which seven cases of bottles containing whisky were found in the basement of a local garage after the officers had chased the car into the city from a country road, is aslo being held and the liquor is in the custody of Sheriff George W. Hufaker.

A LETTER FOR WOMEN

From a Woman Whose Serious Illness Was Overcome by Lydia E. Pinkham's Vegetable Compound.



Garnett, Kas.—"I first took Lydia E. Pinkham's Vegetable Compound for a complete nervous breakdown following the birth of my oldest child. I got up too soon which caused serious female trouble. I was so weak that I was not able to be on my feet but very little and could not do my housework at all. I had a bad pain in my left side and it would pain terribly if I stepped off a curb-stone. One day one of your booklets was thrown in the yard and I read every word in it. There were so many who had been helped by your medicine that I wanted to try it and my husband went to town and got me a bottle. It seemed as though I felt relief after the second dose, so I kept on until I had taken five bottles and by that time I was as well as I could wish. About a year later I gave birth to a ten pound boy, and have had two more children since and my health has been fine. If I ever have trouble of any kind I am going to take your medicine for I give it all the praise for my good health. I always recommend your medicine whenever I can."—Mrs. EVA E. SHAY, Garnett, Kansas.

Prayed for Cure Finds it After 10 Years

Food Would Sour and Boil —Teeth Like Chalk

Mr. Herbert M. Gessner writes from his home in Berlin, N. H.:

I had stomach trouble over ten years; kept getting worse. I tried everything for relief but it came back worse than ever. Last fall I got awfully bad; could only eat light loaf bread and tea. In January I got so bad that what I would eat would sour and boil; my teeth would be like chalk. I suffered terribly. I prayed every day for something to cure me. One day I read about EATONIC and told my wife to get me a box at the drug store as I was going to work at 4 p. m. I took one-third of it and began to feel relief; when it was three-fourths gone, I felt fine and when it was used up I had no pains. Wife got me another box but I have felt the pain but twice. I used five tablets out of the new box and I have no more stomach trouble. Now I write to tell you how thankful I am that I heard of EATONIC. I feel like a new man; I eat what I like, drink plenty of water, and it never hurts me at all.

Moorhead—The regular summer vacation school, which will be conducted by the elementary department of the Moorhead normal school, will open on Tuesday, June 15, and will continue for six weks, closing Friday, July 23.

Moorhead—A farm boys' encampment from the counties of Clay, Becker, Norman and Mahnomen is being planned for the last part of June, according to announcement by O. M. Olson, Clay county agricultural agent.

Winona—Winona will be the only section of the northwest to be visited by the New York to Nome, Alaska, air tour, to be conducted by the war department early in July, according to Captain H. T. Douglas of the air service.

New Richland—Negotiations have been completed by this village for light and power lines to be built by the Northern States Power company from its plant at Rapidan to New Richland. The line will be complete in August.

Virginia—With moonshine dripping from a still and all the apparatus still operating Steve Jalich, living at the top of the Adams hill, Eveleth, was surprised when Deputy Sheriff William Shaver and assistants visited him. Jalich was arrested on two charges.

Sherburn—Twenty business men of Sherburn and Dunnel have purchased a 327-acre farm on Fox Lake, at $300 per acre and will use it for a public amusement park and summer resort. The project is to be put through this season, according to announcement.

Duluth—Ely Vukodonivich, who was shot by a detective when he refused to stop his automobile in which it is alleged he was transporting liquor, is dead. In a deathbed statement, Vukodonivich asserted he did not have liquor in his automobile and that he was bringing his car to a stop when the detective fired the shot.

St Paul—Payments of state soldiers' bonuses, recently suspended because of lack of funds, will be temporarily resumed next month, when more than $500,000 will be available from current tax collections. M. J. Desmond, superintendent of accounts in the office of State Auditor J. A. O. Preus, made the announcement from a sick bed in St Joseph's hospital, St Paul, where he is recovering from an operation for appendicitis.

St Paul—For the fourth consecutive time Minnesota has broken the record for the greatest per capita sale of Christmas seals in the Upper Mississippi valley, according to a report made by officials of the Minnesota Public Health association. Total returns from the Minnesota seal sale were $143,659.56, of which approximately 60 per cent is being spent by the county public health associations. The per capita sale in Minnesota was 6 3 cents.

Mankato—One hundred graduates from the Mankato State Normal school received diplomas at the commencement exercises here.

Minneapolis—J. A. Town of Worthington, was elected department commander of the Minnesota department of the Grand Army of the Republic at the close of its annual meeting here. He succeeds Dr. J. D. Budd of Duluth.

Worthington—Robert Davies, a farmer, accidentally ran the tine of a pitchfork into the head of his little daughter, piercing her brain and causing death. Davies was working in the barn and did not know the girl had followed him into the building.

Chatfield—Charles Cotton, who on October 31, 1919, shot several high school boys with bird shot, who were playing Halloween pranks, one being seriously injured, was indicted by the grand jury at Preston, charged with assault in the second degree. Cotton was given a preliminary hearing and pleaded not guilty.

Shevlin—Charles McDonald, proprietor of a garage here, was held up by a lone bandit and forced to give up the automobile he was driving. The man took the car and drove a half mile beyond Bagley, where he abandoned it in the center of the road, presumably catching a train. McDonald had no money on his person.

Alexandria—Coswell W. Crist, athletic coach and manual training teacher in the Alexandria high school, was drowned in Lake Carlos when a heavy wind upset a canoe in which he and a young woman were paddling. The accident occurred in the middle of the lake. By clinging to the keel of the upturned craft the young woman saved her life.

Albert Lea—Michael Ahern, an old railroad man aged 75 years, was instantly killed here at the union station by an incoming Minneapolis & St. Louis road freight, which severed Ahearn's head from his body. The engineer did not see the man and thought he must have fallen under the train as it passed near some tall weeds growing by the track.

East Grand Forks—Joseph Miller, prominent Minnesota Point farmer, who left his home on Minnesota Point Thursday, May 27 for Grand Forks to get money to pay off building contractors on his farm, was found at Moorhead with $684.30 of the $700 he had when he left. No reason can be assigned for his leaving home except that he was temporarily in an unbalanced mental condition.

Northfield—Nearly $115,000 of the $1,000,000 originally bequeathed to St. Olaf college at Northfield by Harold Thorson will be taken by the state of North Dakota in inheritance taxes, officers of the college were formed by George Wallace, North Dakota tax commissioner. Of the property conveyed to the college under Thorson's will, approximately $600,000 is within the North Dakota border, Mr. Wallace said.

Minneapolis—Solution of the mystery surrounding the murde rof the woman found in an untenanted house, 4333 Bryant avenue south, is no nearer realization. Despite the fact that every clue given the police was investigated and several hundred persons inspected the body of the victim at the county morgue, the identification of the woman and the motive leading to her slaying remain as much a puzzle as when the crime was first discovered.

St. Paul—Minnesota treasury disbursements exceeded receipts by nearly $2,800,000 during May and reduced the cash in the state strong box to $8,184,767, according to a June 1 statement issued by Henry Rines, state treasurer. The largest single item of disbursement was approximately $2,000,000 on state soldiers' bonuses. George La Fond, chief accountant of the treasury, predicted that the July 1 balance will be larger because of payments due this month on tax collections and receipts in the permanent trust fund from loans.

Minneapolis—Eight labor unions were enjoined from further prosecution of an alleged boycott against a local meat market by a permanent injunction issued by Judge Daniel Fish in Hennepin county district court. Judge Fish characterized the case as a direct issue between advocates of the union shop and proponents of the open or nonunion plan. In a memorandum, he declared that the record showed clearly that "labor organizations have begun and are pursuing a concerted attack upon the plaintiff's business, with intent to injure or destroy it unless he consented to unionize his shop."

Luverne—High school commencement exercises here have been postponed, the result of irregularities in connection with state examination questions. Early last week it was found that copies of state examination questions had been taken from the safe in the school here, and had been distributed to high school students at Worthington. The question sheets had been removed from the container in such a manner that authorities doubt if the loss would have been learned had not certain students at Worthington appraised the school authorities there of the fact that the question sheets had come into the hands of certain students.

Cause of Breathlessness.

Breathlessness is caused by [illegible] deficiency of the heart either from lack of proper exercise or from disease. The heart fails to pump the blood to the lungs fast enough and accordingly the CO_2 accumulates and overstimulates the breathing center. This causes the sensation of inability to breath fast enough.

GIRL PLEADS TO DIE, KILLS HER

Youth's Confession Clears Up Mysterious Murder in Michigan.

KISSES HIM GOOD-BY

Boy Tells Weird Story of Chance Acquaintance Pleading for Death and How He Choked Her With Handkerchief.

Pontiac, Mich.—The murder by strangulation of twenty-year-old Vera Schneider, telephone operator, was solved by a confession of Anson Best, twenty-one years old, of Flint, who under a grilling by Prosecutor Gillespie admitted the murder.

The confession was a weird affair, Best asserting the girl, with whom he said he had struck up an acquaintance in the street, declared she was tired of living and forced him to strangle her with his handkerchiefs despite his protest.

Miss Schneider's body was found on the porch of a partially constructed house. There were signs of a severe struggle, but the girl had not been criminally attacked.

Here Is the Confession.

Following is Best's confession:

"Vera Schneider spoke to me and I spoke and we turned right around and she started to talk to me," Best said. "She wanted to go downtown and I got to talking to her, and I told her my name and asked her name and I asked her how she came to speak to a strange fellow.

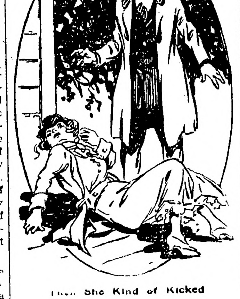
"She seemed to be discouraged over something and I told her it was no use feeling that way about it, so we walked down Saginaw street and crossed the street and after we crossed the railroad track, we crossed the street back and went down Auburn street until we came to this house.

"We stopped on the sidewalk and she threw both arms around my neck and kissed me and we sat there and talked a little while.

"She was discouraged over something, but wouldn't say what it was; she wouldn't tell me, and finally she asked me if I would kill her. She said she wanted to die and I told her it was no use feeling that way because other people in the world didn't think that way.

"She asked me if I had a handkerchief or something, that she wanted me to choke her to death.

"I kept refusing and finally she asked me to and I took the handkerchief and tied the knot around her [illegible]. It didn't choke her or anything, but just was tight or lay loose. And I told her that she didn't want to be choked; she didn't want to die.



Then She Kind of Kicked

Kisses Him Good-By.

"She said she did, she wanted me to do it, and she threw both arms around my neck and kissed me and said good-by. She wanted me to pull the handkerchiefs tight, and so I took hold of them and pulled them tight.

"She didn't kick any at first at all then she kind of kicked—just her feet a little and it was only a few minutes after that that I went across from the edge of the porch to the sidewalk and down to the creek and washed my hands, and an officer stopped me, and I stood around there until the body was taken down in the ambulance and then I went down and got a sandwich and a glass of milk and went on home."

Officials discredit the youth's story. They believe Best sought to overpower the girl, fought with her, and finally placed the knotted handkerchiefs about her throat.

"Kick" in Mule Feed

Cynthiana, Ky.—Though many [illegible] of liquor have originated in this county it has been dry here recently until three young men sniffed the fumes of a certain brand of "horse and mule" feed. They boiled some, adding a little water, and then sampled it. For four days they knew no more.

"Blue" Law Is Beaten.

Huntington, W. Va.—William [illegible] charged with clearing land on Sunday in violation of the state's "blue" laws, was found not guilty. Brown testified that he was cutting down trees for firewood and this coming under the head of necessities, he was freed.

WANTED IT AS A WARNING

Old Gentleman Had Particular Use for That Peculiarly Atrocious Looking Beetle.

On the counter of the Christmas bazaar stood all the usual horrors which an unscrupulous world insists on giving the poor kiddies as "toys." There were animals, birds and insects which resembled nothing save the creatures of a particularly fierce nightmare.

The customer steadied himself by a chair and, after a careful selection, picked up one specially terrible beetle.

"I'll take that," he told the assistant. "How much is it?"

"Half a dollar!" replied the girl. "Is it for your little boy?"

"No; I want to take it to a dinner party I have to attend."

"Whatever for?" exclaimed the girl, surprised out of her carefully acquired calm.

"Well, I'm going to stand it in front of me on the table when the drinks are going round and when I see two beetles—well, it's time to go home!"

"In real friendship there is always the knitting of soul to soul, the exchange of heart for heart."

Many people think of a free government as one which does not employ tax collectors.

WILLING TO STRIKE BARGAIN

Wife Quite Ready to Abandon Style if Her Hubby Would Only Do His Part.

She was one of those dressy women who always wear the latest thing, whether it suits her or not.

One day her hat touched her nose; next week it rested on the back of her neck. Her last frock barely covered her shoe tops, her new ones huddled round her ankles. Oh, she was always "it!"

Her husband was no passive resister. Regularly he raised his voice in protest at each craving after fashion. But the one thing that really annoyed him was when she suddenly scraped her hair straight back from her forehead on top and trained it down like window curtains on each side of her face.

"Look here!" he said in exasperation. "Can't I induce you to stop wearing your hair over your ears?"

"Certainly!" she replied, with a charming smile. "Buy me diamond earrings."

Quickest Way.

"How do you think this high cost of living can be suspended?" "The only way I know of is to hang the profiteers."

A man "runs" into debt and he crawls out of it.

Try This Experiment

Turn your separator a few revolutions below speed. Take a sample of your skim-milk and cream. Have your creamery test it. Note your loss.

Now make a trip to my store—try the same experiment with a Sharples Suction-feed Cream Separator. Turn even as low as 35 turns per minute. Have your creamery test that too. You'll find that you're getting *all* the cream, in spite of the low speed. That's what places the

SHARPLES SUCTION-FEED CREAM SEPARATOR

head and shoulders above all other makes—it gets *all* the cream at widely varying speeds. Every separator (bar Sharples) has a fixed milk feed — below speed much of the milk goes through without perfect separation. The "Sharples" milk feed varies with the operating speed—drinks up no more milk than it can perfectly separate. Saves 7 to 13 lbs. of butter per cow per year over any other separator. 4,000 actual tests show that 19 out of 20 people turn below speed most of the time. Trade in your old separator for a "Sharples."

Miss Nellie Saastad returned home Friday form their trip to Winnepeg and her sister, Mrs. Ahlborn returned to her home in Ladysmith, Wis.

Several auto loads of people from this place went to Grygla Sunday to take in the sights of our sister village and to witness the ball game at that place.

Diedrick Mathison, Hardy Bjerk and mother and sister, Mrs. Kauch of Crookston autoed to McIntosh Saturday for an over Sunday visit with relatives.

Mrs. John Melquist and little Russell Melquist accompanied by Miss Mabel Hagglung went to Erskine Sunday evening to visit the former's home folks.

A Trio and Concert Co. will give the opening numbers of the Holt Chautauqua, Monday June 28, more music next day and "Bob, of the Northland," another musical company Wednesday. All kinds of good music, from all kinds of good people.

Mrs. Nels Christianson and Mrs. Holten of Fertile, came Thursday to visit between trains at the H. J. Oien home. Miss Verna, the formers daughter, who has been visiting here several days, accompanied by her niece Alice Oien, returned home with her mother the same day.

Mike Holm came to Marshall county in 1883 and is one of the older settlers of this part of the state and knows the conditions and needs of the people of this section much better than those from other parts of the country. We should all take special pride in voting for him for Secy. of State at the primary election next Monday.

The following were pleasantly entertained at the home of Mr. and Mrs. Wm. Wendt Sunday:—Mr. and Mrs. Wartenburg and Mr. and Mrs. Geo. Gusa and family, Martin Kisch, Mr. and Mrs. Silbaugh and family, Mr. and Mrs. Henry Wegge, Mr. and Mrs. Waler Wegge, Mrs. King and children, Anton and William Wartenburg, and Edward Wagner.

Mike Holm has worked hard on the State Fair Board and his county always makes a good showing at the state fair and has won first prize for four successive years. He has been a member of that board for several years and was recently re-elected for a term of three years. He has been Probate Judge of Roseau county for 18 years and is a vote getter. Be sure to vote for him Monday for Secy. of State.

Death of Dr. Olson

R. L. Olson died Tuesday afternoon at the hospital in Thief River Falls. His death was due to blood poisoning, which caused him great suffering for the last few days, and death came as a welcome relief from pain. The attack of blood poisoning was brot on by a cut on the finger which did not seem to give any trouble for a few days but finally caused swellings that reached up to the throat, and a couple of days before death it extended to his limbs and medical skill and good nursing could not overcome the effects of the poison.

Funeral services will be held tomorrow, (Saturday), at the home at one o'clock and at the church at two o'clock.

Sincere sympathy is extended to the sorrowing widow and son, the aged father and the other relatives and friends of the deceased.

Dr. Turley will be here Thursday June 24th to do dental work.

Mr. and Mrs. Johnnie Jahr were business visitors in T. R. Falls last Saturday.

Mr. and Mrs. Erik Johnson went to Thief River Falls Sunday to attend the meetings.

Anton Rodahl commenced work last week on C. Hoffman's new barn which is to be 32x48 with 14 ft. posts.

S. G. Svenkeson will have an auction sale Saturday June 26th of the timber which he sawed last winter.

You can help to boost the village, by boosting for our big chautauqua, which comes the last three days of this month.

Walter Wegge has sold out his confectionery store and restaurant in Newfolden and has moved onto his farm near Holt.

Rev. Kriedt of Thief River Falls will hold English services in the Holt Lutheran church at 2:30 Sunday afternoon June 20th. Please note change of date.

Miss Gunhild Sollom and sister Myrtle went to Bemidji last Saturday for several weeks. The former to attend summer school and the latter to study vocal music and incidentally to enjoy an outing.

Mike Holm is a northern Minnesota man who has grown up with the country and helped in its development and knows all about it. Don't forget that, when you cast your ballot for Secy. of State next Monday.

The Holt Farmers Creamery had the largest number of patrons bring cream to them this week Monday than at any time since the creamery was started. They shipped 88 tubs of butter Saturday and the make is increasing.

C. H. Gunheim has his new house finished and it will soon be occupied by the family. Mr. Gunheim may well be proud of the newly acquired buildings on his farm which shows up fine for this part of Marshall Co. and for Holt Township.

Special meetings in the Mission church in Newfolden on Friday Saturday and Sunday June 18, 19 and 20. Three meetings each day at 11, 3, and 8 o'clock. Prof. Bjuge of Minneapolis Rev. Thompson of Winona, Rev. Bet Nyborg of Thief River Falls and Rev. M. T. Strom will assist with these big meetings.

Mrs. Paul Olson returned Tuesday from attending the meetings in Thief River Falls.

The Holt Farmers Elevator Co. hold their first annual meeting next Tuesday.

Several people from Holt and vicinity attended the meetings in Thief River Falls last week.

No better or higher grade of summer entertainment can be found anywhere than at the Holt Chautauqua, as they are not a cheap show, but good moral lectures and musicals given by people of known reputations.

It isn't very often that northern Minnesota has a chance to vote for a man from their own part of the state and now that we have a chance we should all vote to a man for Mike Holm next Monday for Secy. of State. Lets give him a good Boost in his old home county of Marshall.

Mrs. C. L. Heinze and son Harry, accompanied by S. S. Kolden and family; Mr. and Mrs. T. O. Dovre and son Teddy, Mr. and Mrs. Aug. Ness and son Edward, A. Bjerk, Miss Larson and brother Arthur went to Thief River Falls Sunday to picnic with Mr. Heinze and son Frank who are working there.

Steenerson's Platform

Many of the people of this country, or their ancestors, came here to escape militarism. Let us keep the nation free from it. I am opposed to compulsory training or service. I believe in adequate preparation for defense, but am not for aggression or entangling alliances.

I favor raising as much as possible of the national revenue by income and inheritance taxes on the great fortunes; in using the taxing power to keep them leveled down so they will not become a menace to the freedom of the people.

There is need for much improvement in the marketing channels of the country. I believe co-operative organizations, under government encouragement and regulation, the most hopeful means toward better conditions.

We should exercise the greatest possible toleration for the opinions of the individual on political, religious and other subjects. Freedom of speech may sometimes be abused, but it is one of the fundamental principles on which the nation was built, and one of the things we must be careful to preserve.

The greatest need of the nation at present is economy in government expenses. There has been spent more money during the war period than in all the years from 1776 to 1914. We must put the country back on a solid financial foundation, which can only be achieved by economy and increased production.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

HARDING IS NOMINATED

Convention Hall, Chicago.—Warren G. Harding of Ohio and Calvin Coolidge of Massachusetts are the standard bearers selected by the Republican national convention to lead the fight in the presidential campaign.

Senator Harding received the nomination for president on the tenth ballot after one of the most interesting contests in the history of the party.

Governor Coolidge was named for second place on the first ballot. The honor went to him without real opposition.

The first four ballots for the nomination for president were taken Friday with General Wood in the lead. He started with 287½ and gained slightly on each succeeding ballot, raching his high water mark of 314½ on the fourth. The following ballots showed him slowly losing strength. Lowden was second and kept pace with Wood in gains. He reached the limit of his strength in the seventh ballot when he rolled up 311½. Johnson polled his highest vote in the third, 148.

Warren G. Harding, Candidate for President.

First Four Ballots.

The following is the result of the first four ballots:

	First	Second	Third	Fourth
Wood	287½	289½	303	314½
Lowden	211½	259½	282½	289
Johnson	133½	146	148	140½
Harding	65½	59	58½	61½
Sproul	84	78½	79½	79½
Coolidge	34	32	27	25
Hoover	5½	5½	5½	5
Butler	69½	41	25	20
La Follette	24	24	24	23
Du Pont	7	7	2	2
Poindexter	20	15	15	15
Pritchard	21	10	..	..
Borah	2	1	1	1
Sutherland	17	15	9	3
Knox	..	1	2	2
J. E. Watson	..	...	2	4
C. B. Warren (Mich.)	1	...	...	...

After being in session nine hours, the weary and sizzling delegates were glad to call it a day's work.

When the convention reassembled Saturday morning the word was on every tongue that Harding had been selected to try to break the deadlock.

At 10:45 the fifth ballot was ordered and the clerk called the roll.

When Kansas had been reached Wood had lost seven votes and Harding had gained six.

Harding Makes Gains.

Wood had lost 14½ votes when Missouri was reached. Lowden had lost 1½. Harding was making an occasional gain.

When New York threw 42 votes to Lowden a great roar swept the convention hall and the Lowden supporters went into a loud demonstration. That threw Lowden a gain of 8½ on the balloting so far.

For President,
WARREN G. HARDING.
For Vice President,
CALVIN COOLIDGE.

Ohio asked for a poll.

There was an echoing of Harding shouts and some for Wood through the hall as the roll was called.

In the midst of the poll one of the Wood delegates started to say "Senator Harding last night, having refiled for the senate," but the uproar in the delegation shut him off and the poll went on. The man who tried to speak voted for Wood.

The Ohio poll showed Harding, 39; Wood, 9. No change. Oregon also demanded a poll. Pennsylvania stood pat with 75 for Sproul and 1 for Knox.

There was no nomination on the fifth ballot. Wood lost 15½ votes. Harding and Lowden both made gains.

Lowden Passes Wood.

Governor Lowden passed General Wood, and the prediction of the Wood managers that they would gain votes on the first ballot of the day was not fulfilled.

Lowden ran up to 303, while Wood only touched 299. Johnson fell to 133½.

Other totals on the fifth ballot were: Harding, 78; Sproul, 82½; Coolidge, 29; Hoover, 6; Butler, 4; Knox, 1; Ward of New York, 1; Kellogg, Minnesota, 1; Poindexter, 15; Sutherland, 1; La Follette, 24; Du Pont, 6.

The calling of the roll jogged along on the sixth ballot uneventfully until Georgia was reached and a poll was demanded.

Wood lost one in Georgia by an absent delegate and alternate.

Then the first real break came in Michigan's solid 30, which has been standing firm for Johnson.

Eleven of the 30 broke to Wood and 1 to Lowden. The remaining 18 stood for Johnson.

Three Gain on Sixth.

On the sixth ballot Wood, Lowden and Harding all made gains.

By the unofficial figures Wood and Lowden were tied with 311½ votes each. Harding had 89, a gain of 11 over his showing on the fifth.

Harding gained from Missouri, raising his gain on the sixth ballot to 9.

Wood had gained 12½ by the time Nebraska was reached.

In New York Wood lost 1 and Lowden gained 2, making him 44 from the state.

The line-up of the Ohio delegation broke on a poll, some of the Harding strength going to Wood. Wood gained 4. The vote was: Harding, 35; Wood, 13.

Gains for the Wood forces in Ohio caused another demonstration on the floor. The word same up from the various managers that they intended to stand pat and fight it out a little longer.

Figures for Sixth.

The official figures for the sixth ballot were: Wood, 311½; Lowden, 311½;; Johnson, 110½; Harding, 80; Sproul, 77; Coolidge, 28; Hoover, 5; Butler, 4; Knox, 1; Kellogg of Minnesota, 1; Poindexter, 15½; Dupont, 4; La Follette, 24; Watson, 1; Ward of New York, 2.

With a tie between the leaders at the end of the sixth ballot and everybody expecting a jump one way or the other on the seventh, the convention gave itself up to ten minutes of uproar before it proceeded.

Figures for Seventh.

The first gain of the seventh went to Harding. He got two from Alabama.

Wood got one vote from Connecticut, which was taken from Lowden's 13. Delaware gave two of her 6 to Harding.

The official figures for the seventh were: Wood, 312; Lowden, 311½; Johnson, 99½; Sproul, 76; Butler, 2; Harding, 105; Knox, 1; Lenroot, 1; Ward, 1; Kellogg, 1; Dupont, 3; Hoover, 4; Poindexter, 15; Coolidge, 28; La Follette, 24.

A recess was taken at the conclusion of this ballot, and during that time there were frenzied conferences among the leaders in an attempt to bring the struggle to an end.

Prize Goes to Harding.

The word was passed around when the convention reconvened that Harding was the man picked to win. The ninth ballot gave evidence that this prophecy was to be fulfilled when the Ohio senator was found to be away in the lead. The flood of votes turned to him in earnest in the tenth and last ballot. As the roll call proceeded it was seen that the fight was over and state delegations fell over themselves in the scramble to get into the band wagon. The announcement of the result was smothered by the pandemonium of noise let loose by the relieved and exhausted delegates.

Coolidge Named on First Ballot.

For running mate to the Ohio senator the convention wasted little time in making a choice. The names presented for the consideration of the delegates were: Irvine L. Lenroot of Wisconsin; Gov. Henry Allen of Kansas, Governor Calvin Coolidge of Massachusetts, Col. Henry Anderson of West Virginia and Senator Gronna of North Dakota.

Calvin Coolidge, Candidate for Vice President.

The ballot resulted as follows: Lenroot, 146½; Allen, 68½; Coolidge, 676½; Anderson, 82; Gronna, 24; scattering, 40½.

Its work ended, the convention then adjourned.

WARREN G. HARDING

Warren G. Harding was born in Blooming Grove, Morrow county, Ohio, November 2, 1865. He has been engaged in the newspaper business at Marion, Ohio, since 1884. He is president of the Harding Publishing company, publishers of the Marion Daily Star. On July 8, 1891, he married Miss Florence King of Marion, Ohio. Mr. Harding was a member of the Seventy-fifth and Seventy-sixth Ohio general assemblies as senator from the Thirteenth district, 1899-1903. He was lieutenant governor of the state in 1904 and 1905. He was elected to the United States senate November 3, 1914 for the term ending March 3, 1921.

ESSENCE OF PLATFORM

The outstanding features of the platform as adopted are in brief:

Complete avoidance of any pledge to ratify the treaty of peace and the League of Nations with or without reservations.

Indorsement of the action of the Republican senators in regard to the treaty, and a ringing reaffirmation of the foreign policies of Washington, Jefferson and Monroe.

Promise to work for the establishment of some kind of international arrangement for the peaceable adjustment of disputes between nations without the sacrifice of American sovereignty.

Condemnation of President Wilson for proposing the Armenian mandate and commendation for the senators who turned it down.

Sweeping denunciation of President Wilson's watchful waiting policy in Mexico and a pledge to adopt a firm and consistent policy for the protection of American lives and property everywhere.

A declaration in favor of the principle of arbitration laid down in the Cummins-Esch railroad bill for the settlement of strikes in public utilities.

Indorsement of the principle of collective bargaining as the best method of maintaining industrial peace.

A pledge to enforce all laws, without specifically mentioning the prohibition amendment.

Condemnation of the Democratic administration for failure to enforce the laws against profiteering and refusal to suggest a remedy for the high cost of living.

Approval of the act of congress aiding soldiers and sailors, but avoiding the soldiers' bonus issue.

Millions in Salmon.

Since the Columbia river salmon canning industry was started by pioneer fishermen in 1876 a total of $130,000,000 worth of salmon has been taken from the 90,000 acres of fishing territory in the river from Cascade locks to its mouth.—Brooklyn Eagle.

The Thinkers of Old.

In the seventeenth and eighteenth centuries the greatest thinkers of the world gave themselves up to mathematical and physical research.

Too Many Missing Periods.

Mary was in the hospital for some time and did not see as much of her mother as she would have liked, and bewailed the fact by saying: "Oh, mamma, I only see you at the tops and bottom of these days and I don't like it a bit."

Wood Protector.

A coat of Japanese lacquer when applied to wood or metal is proof against alcohol, against boiling water, against almost all known agencies.

Literal Truth.

On a crowded transport going to France, the men had to sleep where they could find room. One of them, lying on the deck, said to his buddy: "Talk about your hardships! This is the hardest ship I was ever on."

What I Owe to My Parents.

"One good mother is worth a hundred schoolmasters." The truth of this time-honored proverb is borne out by the tributes which successful men pay to the influence of their mothers.

WILLING TO GO HALF WAY

Little Jimmy's Answer to Leading Question Distinctly in Nature of a Compromise.

Aunt Marie was very good, indeed, to her five-year-old nephew, James. She gave him everything his little heart desired. But still she was often inclined to tease him and whenever he showed resentment she teased him still further by threatening to take away something she had given him.

The other night she began her usual teasing, taking for the subject herself and her charms. "Why, Jimmie thinks I'm a wonder," and she turned to little James provokingly and asked: "Don't you think I'm pretty? Don't you think I'm good?"

The little fellow was disturbed. He wanted to tell the truth, and he also wanted to keep auntie's favor. Finally he found his tongue. "Well, I do fink you're pretty good," he said truthfully.

ALL HE COULD DO FOR HIM

According to This, Prospects of Thirsty Gent Getting a Drink Didn't Seem to Be Promising.

"How can I go about it to get a drink in this town?" asked a recently arrived gent, who looked as if he needed irrigation.

"Well," replied the landlord of the Petunia tavern, "I'll tell you what you might do: Go to the second corner up the street, pass around it and go to the alley about half-way, and you'll come to a gate standing open, a crack in a fence made out of old billboard lumber. Go in through the gate and along to a cellar back of the shanty standing in the lot, lift the cellar door and go down the steps, whistle three times, and a dirty feller will come with a lantern, and look you over and tell you that there ain't nothin' doing in this dod-blasted town since the blankity-blank prohibitionists got so sizzle-fired active. This is the best I can do for you, Mr. Dryer."—Houston Post.

In an action involving the constitutionality of state laws, it was said, a court of three federal judges is required to pass on the issue.

Fargo, N. D.—C. W. Bris, C. W. Van Wei and Fred Anderson, officers of a rabbit farming company, have been indicted by the United States grand jury on charges of violation of the postal laws in promoting their enterprise. Four other men arrested in connection with the affair were not held.

Sioux Falls, S. D.—A young man named Butler and a companion, both of Sioux Falls, have been liberated by the Canadian authorities after an automobile, a quantity of liquor and weapons, which they were alleged to have been carrying, were confiscated. It is said their experience cost them $5,000.

St. Paul—Minnesota crops never looked better than now, James A. Larson, assistant secretary of state, reported on his return from a 200 mile trip into the southwestern part of the state. Prospects for a big harvest in other sections of Minnesota are equally encouraging, he said.

Washington

Washington—The Sixty-sixth congress has ended its long session. Unless an emergency arises which makes necessary a special session, it will not meet again until December 6.

Washington—The United States will be represented unofficially at the forthcoming conference in London between the bolshevik minister of trade and commerce and the supreme economic council.

Washington—President Wilson vetoed the budget bill and after the house had passed a new measure overcoming the president's objections it went to the senate where it failed of passage before adjournment.

Washington—Eleven bills and resolutions passed by congress in its closing hours were vetoed by President Wilson, including the water power measure and the joint resolution repealing most of the wartime laws.

Washington—A detail of one or more American naval officers as advisers to the Peruvian navy had been requested by Ambassador Pezet of that country and selection of the officers will be made soon, Secretary Daniels announced.

Washington—Both the federal prohibition amendment and the Volstead enforcement act were held constitutional in a sweeping decision by the United States supreme court. The court's opinion on the main issues involved was unanimous.

Washington—Relief for the counties near the Minnesota and Red rivers was authorized by congress when the Volstead bill for a construction project at Lake Traverse to control the flood waters of the two streams was approved by the senate. The measure, doubtless, will be signed by the president.

Foreign

Honolulu—Nineteen cases of cholera have been recorded at Kobe, Tokio dispatches say.

London—Possibility of abandonment of the Spa conference between the Allies and Germany is being discussed in European capitals.

Santiago, Chile—Three members of the Chilean cabinet have resigned as a result of the government's removal of several provincial and departmental directors and chiefs of police.

San Salvador—The Association of University students has appealed to the government to commute the death sentence of seven of former President Cabrera's aids for participation in bombardment of the capital.

Domestic

Chicago—The Chicago city council passed a daylight saving ordinance, effective from June 13 until the last Sunday in October.

New York—Dr. Edward Herman M. Sell, last of seven physicians who organized the American Academy of Medicine in 1876, died here.

Utica—Annie Sullivan of this city, who was in the New York Central wreck at Schenectady, is dead. This raises the number of dead to 15, five of whom were from Utica.

Washington — Eighty-one enlisted men of the navy and marine corps, a record number, passed the recent examination for entrance to the naval academy, the navy department announced.

Chicago—Chicago banks will, after clocks are turned back to standard time next fall, continue business hours from 9 a. m. to 2 p. m., which were established to conform to the Chicago daylight saving law.

St. Louis—A still, said to be the largest taken in Missouri, was confiscated in a vacant house here. It extended from the second story floor to the third story ceiling, and its capacity is said to have been 200 gallons a day.

Chicago—More children are employed in Chicago this year than ever before, due to high cost of living and high wages paid juvenile workers. Approximately 30,000 between 14 and 16 have jobs, an increase of more than 13,000 over last year.

Fort Smith, Ark.—Leon G. Guthrie, meteorologist in charge of the United States weather bureau here, reported to headquarters at Washington on the fall of the meteor Tuesday night. He stated it had undoubtedly exploded within six miles of Fort Smith.

New York—After entering a plea of not guilty at a trial which lasted two days, James E. Foye, former clerk at the Biltmore hotel, changed his mind and pleaded guilty to theft of $350,000 worth of jewelry from Mrs. Regina V. G. Millhiser, while she was a guest at the hotel.

Washington—Bids for the sale of the Leviathan, the largest ship in the American merchant marine, will be opened June 30. The Leviathan, taken over from Germany at the outbreak of the war, was built in 1914 at Hamburg by Blohm & Boss and has a gross tonnage of 54,282. The vessel has accommodations for 985 first class passengers, 525 second class, 848 third class and 1,600 steerage.

Chicago—The three day celebration of the 75th anniversary of the founding of the Chicago diocese and the 25th anniversary of the ordination of the Most Rev. George W. Mundelein, archbishop of the diocese, began with celebration on pontifical high mass at Holy Name cathedral.

Chicago—Recruiting stations were opened in 21 schools of the city to enroll 361 students as vacation substitute mail carriers. "Many carriers are likely to break down unless they get their vacations," said Colonel Le Roy T. Stewart, superintendent of mails.

You Don't Have to Gamble When You Buy Roofing

Trying to fill a four-flush may be good poker, but you can't afford to apply the same principle to buying roofing. And you don't have to.

Certain-teed Roofing offers you a fair and square buy. Its merits are on the table—all above board—everybody knows them.

Certain-teed Roofing is guaranteed for 5, 10 or 15 years, according to weight. That guarantee is backed by the largest manufacturers of prepared roofing in the world. In no case has Certain-teed ever been known to wear out on the roof.

Certain-teed Roofing is weather-proof, fire-retarding and spark-proof. It gives real roofing protection.

Certain-teed Means Known Value

There's no gamble in that proposition.

What do you get when you buy private brands? What will they do? You know nothing about them.

If you are willing to buy cheap roofing, get it at a fair price. We make a third-grade roofing, called Guard Roofing, which is satisfactory where long life is not required. It looks as good as any roofing. It is priced and sold strictly on the basis of third-grade roofing.

Any responsible dealer can get either Certain-teed or Guard for you quickly from a nearby Certain-teed warehouse or jobber. He gets it when he wants it and he gets what he wants. He can afford to sell you at a fair price.

Certain-teed

Beware of the dealer who tells you he has Certain-teed, but tries to sell you a private brand. He probably wants a bigger profit.

Well Placed.

The Renter—Say, you, you told me the room you rented to me commanded a fine view and I find it opens on a light shaft.

The Agent—That's right. The Scrapleigh couple live across the shaft and they put up some of the best rough battles you ever saw. You gotta ringside seat.

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from your druggist, and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than one ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine, as this is sold under guarantee of money back if it fails to remove freckles.

No man can have his cake and eat it, too, and yet we go on squandering money and thinking life is so costly.

Frantic With Pain

Doan's However Brought Complete Recovery and Trouble Has Never Returned

"My kidneys were weakened by exposure in Alaska," says Hermann Schrader, 325 Park Ave., Hoboken, N. J., "and my misery at times became so great I thought I would lose my mind. I had terrible pains in my back, and a constant desire to urinate. My back felt as if it were in sections with each crushing against the other. Finally I was taken desperately ill. It seemed as if something were crushing out my life. Before long I passed a gravel stone the size of a pea. If the pain had been any more intense I think I would have died. I was having practically no flushing of the kidneys and my weight had reduced from 178 pounds to 125. The doctor told me I had gravel and small stones filling up the passages of the bladder. After all of this I began to use *Doan's Kidney Pills* and soon improved. In a short time I was well and my cure has lasted fifteen years. Today I am in perfect health."

Killing Power!

Anything that kills — from firearms to poison—is dangerous. The safety factor is an important consideration in manufacture.

The minute you detract from the killing power of Paris Green you are not getting what you pay for. Consequently—the first consideration in the making of Ansbacher's Paris Green has been quick, certain death to the insects. At the same time the amount of free arsenic has been so minimized that it won't injure a leaf of the most delicate foliage. It is death to bugs and harmless to plants. It's a safe insecticide.

It stays in suspension in the spray and does more without costing more.

The Ansbacher name is your guarantee of quality and under this brand comes an exceptionally effective Arsenate of Lead (Dry and Paste) and Bordeaux Mixture.

Try This Experiment

Turn your separator a few revolutions below speed. Take a sample of your skim-milk and cream. Have your creamery test it. Note your loss.

Now make a trip to my store—try the same experiment with a Sharples Suction-feed Cream Separator. Turn even as low as 35 turns per minute. Have your creamery test that too. You'll find that you're getting *all* the cream, in spite of the low speed. That's what places the

SHARPLES SUCTION-FEED CREAM SEPARATOR

head and shoulders above all other makes—it gets *all* the cream at widely varying speeds. Every separator (bar Sharples) has a fixed milk feed — below speed much of the milk goes through without perfect separation. The "Sharples" milk feed varies with the operating speed—drinks up no more milk than it can perfectly separate. Saves 7 to 13 lbs. of butter per cow per year over any other separator. 4,000 actual tests show that 19 out of 20 people turn below speed most of the time. Trade in your old separator for a "Sharples."

Note knee-low supply tank.

Easy to clean—just one piece in bowl to wash.

VOL. X. HOLT, MARSHALL COUNTY, MINNESOTA, FRIDAY JUNE 25, 1920 NO. 7

The Chautauqua opens Monday.

Mrs. T. E. Ellestad has been on the sick list this week.

C. L. Sandberg went to Minneapolis Saturday on business.

Sunday School picnic at Steiner Sunday. Take a lunch along.

Ole Backlund left Tuesday evening for a weeks visit at Hoffman.

Save money by buying Season Tickets for the Holt Chautauqua.

Mrs. Martin Mattson was a T. R. Falls visitor last week Thursday.

Mrs. Andrew Bjerk went to Reynolds N. D. Friday to visit relatives.

Jno. Melquist and Albert Hagglund were Thief River Falls visitors Tuesday evening.

Mr. and Mrs. A. H. Huseth of Greenbush visited at the H. J. Oien home Sunday.

Sam Mickelson and Chas. Beckstrom of Warren came for an over Sunday visit at the former's home.

Several people from Holt and vicinity attended the special meetings at Newfolden the past week.

Axel Nelson went to Thief River Falls Wednesday to attend a meeting of the Red Lake Drainage Board.

The Bakke and Docken families attended a picnic of the Sons of Norway, at Thief River Falls Sunday.

It costs just twice as much to buy single admission as it does to buy season tickets for the Holt Chautauqua.

Miss Cora E. Knutson of Randen and Eddie Davidson were united in marriage at Warren last week Wednesday.

Miss Dora Olson arrived here on Saturday for a few days visit with her parents, Mr. and Mrs. Paul T. Olson and family.

Mr. and Mrs. P. J. Hougaard of Strandquist visited at P. Larson's Sunday afternoon, also called at C. W. Christianson's.

Miss Clarice Spokley who has been attending school at Crookston arrived here Tuesday to visit her parents Mr. and Mrs. Andrew Spokley.

Mesdames Chas Smith and Herman Heinze and son Benny returned Friday from Alexandria where they have been attending Gospel meetings.

Andrew Severson and hired man, Selmer Anderson, autoed here the past week from Fordville, N. D. in his new Overland to vivit his brother, Tom Severson and family.

Miss Stella Mickelson went to Crookston on Wednesday and from there her sister, Amanda, was to accompany her to Warren, where the former expected to have an operation for an abscess on her cheek bone.

Mr. and Mrs. R. O. Lund went to Paynesville last week to attend the wedding of the latters brother. Mr. Lund went on to the cities on business and returned home Monday, Mrs. Lund remaining at Paynesville for a longer visit with relatives.

A Trio and Concert Co. will give the opening numbers of the Holt Chautauqua, Monday June 28, more music next day and "Bob, of the Northland," another musical company Wednesday. All kinds of good music, from all kinds of good people.

The following were very pleasantly entertained at the home of Mr. and Mrs. Fred St[illegible]nhauer last Sunday: Mr. and Mrs. Severson and family, Mr. and Mrs. Nick Scholtz and family, Mr. and Mrs. Harry Ortloff and family, Mr. and Mrs. Paul Ortloff and family and Miss Olson, all of St Hilaire.

Jake Wins

Preus wins by about 10,000 votes with a total of over 120,000. The balance of the republican state ticket is undoubtedly nominated.

Steenerson's case seems to be in doubt. Volstead was beaten because he was dry, but they got a prohibition preacher in his place. There is something queer about politics.

It has been figured that Holt village had sixty-one republican voters primary election day. Fifty-five of them voted, four were out of town, one was sick and one failed to vote. Preus received 19 votes and Shipstead 34. Mike Holm bagged 25, others scattering. Thormodson beat Steenerson by ten votes, and Johnson was high man for the Supreme Court.

Holt township gave Shipstead 42 votes, Preus 6, the balance of the state ticket about the same, Thormodson 40, Steenerson 16, and Siegel 29; Dibbel 7 for Supreme Judge.

All the business places sell tickets for the Holt Chautauqua.

It's wonderful, the capacity some people have of forgetting things.

Mr. and Mrs. Chas. H. Gunheim moved last week onto their fine farm near Holt.

K. Brown started on a business trip to Wilmar and other points in Minnesota Monday.

Prof. C. B. Bjurge of Minneapolis will preach here next Sunday afternoon at 3 o'clock.

Dr. Mellby was called to the J. M. Ryan home Tuesday evening to officiate at the birth of a baby girl.

Misses Rosie Heinze and Thecla Smith went to Alexandria Friday to attend the big gospel meetings being held there.

The carpenters have Hjalmer Peterson's new house enclosed and painted. The building is of the cottage style, 24x26 with one room upstairs and makes them a nice home.

No better or higher grade of summer entertainment can be found anywhere than at the Holt Chautauqua, as they are not a cheap show, but good moral lectures and musicals given by people of known reputations.

Rev. Jno. O. Ferris, of Minneapolis, will speak both morning and afternoon at the Sunday School picnic at Steiner Sunday June 27. A good program promised. The Holt Sunday School has a special invitation to attend. Take your lunch.

The Holt Farmers Elevator Co., elected the following directors at their annual meeting:

J. A. Sorum, H. A. Fosholm, G. P. Sorter, T. B. Folden, Olaf Dahl M. O. Mattson and Henry Wendt.

The company has done a good business the past year and everyone, manager, officers and all have worked hard to make their first year a success and they did so well that a 25 per cent dividend was declared.

The company furnished all present at the meeting a nice treat of lunches and cigars.

The stockholders desire to thank the manager, H. J. Oien, also the officers and directors for their efficient management of the past years business, and promise to do their part to make the coming year a success.

Relief quickly obtained through Dr. Albertson's Chiropractic Adjustments. Acute and chronic diseases successfully treated. Even those who have been pronounced incurable, have been restored to perfect health again. Phone No. 85. Crookston, Minn.

Obituary of Dr. Olson

Roman L. Olson was born in Tellmarken, Norway, March 24, 1866, and departed this life June 15th, 1920, aged 54 years, two months and 21 days.

Dr. Olson's parents came to this country, when he was four years old, and settled at New Richland, Steele county, Minn. Later they moved to Ashby, Grant county, this state, and from there the young man left home to make his own way in the world, commencing the practice of his profession at McIntosh. A few years later he moved to Thief River Falls, where on July 2nd, 1896, he was united in marriage with Miss Thea Danielson of Cokato, Minn. They made their home in Thief River Falls for a short time and then moved to this county and settled on a farm, but he continued the practice of a veterinary as long as his health would permit.

One son, Levi, preceeded his father to the better world, when only 7 years and 8 months of age.

Their other son, Martin, still remains as a comfort to his widowed mother, also a niece, Miss Gladys Hagen, who has lived with them for several years and has always been as a daughter to them. There also remains to mourn their loss: the aged father, who has made his home with them for many years, three brothers and many other relatives and friends to all of whom sincere sympathy is extended.

Mr. Larson, the undertaker from Thief River Falls and Arvid Carlson of Newfolden had charge of the funeral, which was held Saturday afternoon at the Mission church, Rev. Myhrer and Strom officiating.

This was one of the largest funerals ever held in Holt and the floral offerings were many and beautiful.

The interment was made in the Holt cemetery.

The relatives present from a distance were:

Halvor Olson of Elbow Lake, Mrs. Anderson of Minneapolis, Sam Groven and Mrs. Theodore Olson and their families of near Goodridge, Ole Olson and family of Middle River, Ole Knutson and family of Thief River Falls and many other relatives and friends.

Card of Thanks.

We wish to extend our heartfelt thanks to the neighbors and friends for their help and sympathy during the sickness and death of our loved one. Also for getting the church ready and for the beautiful decorations and the many beautiful floral offerings.

We will always remember this kindness, with a feeling of gratitude for all.

Mrs. R. L. Olson and family
Lever Olson and Sons
and the other relatives.

E. M. Eennes was in town a few day this week on business.

Our paper will probably be late next week as we want to attend all the programs of the Chautauqua.

Middle River expects to celebrate the 5th of July and Holt the 28th, 29th, and 30th of June. Don't forget the dates.

Mrs. H. L. Strong and baby came from Garfield, Minn. Tuesday to visit her parents, Mr. and Mrs. G. Svenson and family, for two or three weeks.

John Husby has resigned as county agent. He has been offered the position of superintendent of the animal husbandry division at the Northwest School of Agriculture at Crookston.

Movies every Saturday night at the Woodman hall.

D. B. Bakke went to Duluth yesterday on business.

Quite a number of people from here enjoyed an outing at Maple Lake Sunday.

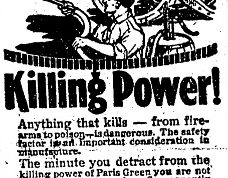
A large delegation of people from southeast of Holt were in Warren last week to attend the hearing on Ditch No 33.

A bunch of Holt people went to Karlstad Saturday evening to see Farley the army champion win the wrestling match.

Mrs. Geo. Redick and baby came from Grand Forks N. D. Wednesday to visit her sister, Miss Gunderson for a week.

Miss Betty Johnson and her sister, Mrs. Momberg of Minneapolis, were business visitors in T. R. Falls the first of the week.

A birthday party was given to two of the little O'Hara children last Sunday and several girls and boys of Holt enjoyed the day with them.



Killing Power!

Anything that kills — from firearms to poison—is dangerous. The safety factor is an important consideration in manufacture.

The minute you detract from the killing power of Paris Green you are not getting what you pay for. Consequently—the first consideration in the making of Ansbacher's Paris Green has been quick, certain death to the insects. At the same time the amount of free arsenic has been so minimized that it won't injure a leaf of the most delicate foliage. It is death to bugs and harmless to plants. It's a safe insecticide.

It stays in suspension in the spray and does more without costing more.

The Ansbacher name is your guarantee of quality and under this brand comes an exceptionally effective Arsenate of Lead (Dry and Paste) and Bordeaux Mixture.

Afternoon program at 3
Holt Chautauqua

On June 17th occurred the marriage of Miss Agnes Gunderson to Dr. Harry Frost both of Crookston, Minn. Eighty guests were present to witness the marriage ceremony at the church, after which a reception was held at the home of the bride's parents. Many beautiful presents were given to the happy couple, showing the esteem in which they were held by their friends.

Dr. and Mrs. Frost departed that same evening for Itaska Park and will afterwards spend the summer in Minneapolis. Miss Gunderson had many friends in and around Holt who know her as a lovable and accomplished young lady. Dr. Frost tho a stranger to many, is a clean moral young man with a fine prospect in his chosen profession.—C.

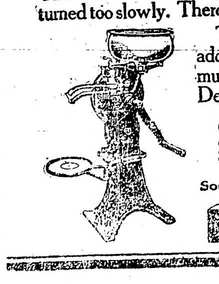
Straight talk on Cream Separators by
HOLT MERC. CO.
Holt, Minn.

NO MATTER what anyone may claim, there is *only one speed* at which a cream separator should be turned in order to get all the cream and cream of uniform thickness.

That's the speed plainly indicated on the crank of every separator, of *whatever* make.

Full speed is the only assurance of full capacity and full efficiency.

Every De Laval now has a Bell Speed-Indicator. The bell warns the operator if the separator is turned too slowly. There can be no mistake about it.



The Bell Speed-Indicator adds nothing to the price but much to the value of the De Laval Cream Separator.

Come in, examine the machine and see how the Bell Speed-Indicator works.

Sooner or later you will buy a

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Do Not Get Careless With Your Blood Supply

Impurities Invite Disease.

You should pay particular heed to any indication that your blood supply is becoming sluggish, or that there is a lessening in its strong and vital force.

By keeping your blood purified, your system more easily wards off disease that is ever present, waiting to attack wherever there is an opening. A few bottles of S. S. S., the great vegetable blood medicine, will revitalize your blood and give you new strength and a healthy, vigorous vitality. Everyone needs it just now to keep the system in perfect condition. Go to your drug store and get a bottle to-day, and if you need any medical advice, you can obtain it without cost by writing to Medical Director, Swift Specific Co., 109 Swift Laboratory, Atlanta, Ga.

BREAK IN TRAIN'S SCHEDULE

Fair Driver of Auto Had a Hunch and the Sequel Proved She Was Correct.

Let me recommend a ride in a new car with a woman driver as the best prescription for a thrill that will last a lifetime, writes a correspondent. Mine came when, after reluctantly accepting an invitation to ride from a friend who had just received her new machine, we mounted the incline to a grade crossing in a suburb and started across the tracks. In the exact middle the engine stopped and nothing we could do had the slightest effect on it. While working we were approached by an excited flagman.

"A limited is due here in two minutes," he said, "and it never has stopped at this station."

"It will today," calmly replied my friend. And it did, but not before it had been flagged and the train crew helped boost us from the rails.

More Critical.

"Kind sir," began the measly mendicant, "the Lord loves even the meanest and most humble of us, and—"

"I am more particular!" interrupted J. Fuller Gloom. "On your way!"—Kansas City Star.

How the average woman does abuse her husband—and how he does deserve it!

MAN IS AFTER INFORMATION

After Listening to Much Sage Advice, Bill Jones Wants One Matter Cleared Up.

Our friend Bill Jones is a traveling man and needs rest, but unfortunately he doesn't sleep well. He has consulted a number of doctors in the various towns he visits, and being a systematic person has made a sort of digest of the advice he has received. It sums up as follows:

Don't sleep on your left side, as that creates a pressure on the heart.

Don't sleep on your right side, as it interferes with the action of the right lung.

Don't sleep on your back, as that is bad for the nervous system.

Don't sleep on your stomach, as that causes a pressure bad for the digestion.

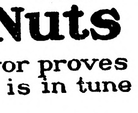
"Don't sleep in a chair, as the body cannot properly relax.

Bill wants to know if anyone can tell him how to keep from falling over when he sleeps standing up.

Couldn't Escape Them.

"Hello, George. I hear you can't meet your creditors." "You're all wrong! I meet one every five minutes."

Most of the movements to right the wrongs of the people stop after the first parade disperses.



This time of year it's a good idea to combine fresh fruit or berries with your morning dish of

MOST IMPORTANT NEWS OF WORLD

Big Happenings of the Week Condensed for Benefit of Busy Readers.

TOLD IN A FEW WORDS

Kernels Culled From News of Moment in All Parts of the World—Of Interest to All the People Everywhere.

Northwest

Mitchell, S. D.—South Dakota Association of Graduate Nurses at their annual convention here, decided to make a concerted effort to increase the number of nurses in the state.

Watertown, S. D.—Watertown is going back to the curfew plan under a law that has been on the statute books for some years. All under the age of 17 must not be on the streets after 9 p. m.

Bismarck, N. D.—Dorr Aldrich of Braddock, N. D., an aged farmer, was dragged to death by a horse. He had tied the halter rope about his body while leading the animal when it became frightened.

Ladysmith, Wis.—Green cowhides were bought by a local dealer recently for nine cents per pound; a year ago the prevailing price was about 36 cents per pound. The wool market at this time is unusually dull.

Barron, Wis.—The Barron Co-operative creamery, the largest creamery in the world, broke its own record for butter production when 840 tubs of butter were manufactured last week. A total of 180 tubs was turned out in one day.

Bismark, N. D.—More than 1,000 claims for hail losses have been filed with the state hail insurance department, S. A. Olsness, insurance commissioner, said. The early hail storms centered in Pembina, Bottineau, Renville, Stark and Pierce counties.

Muscatine, Iowa—Burglars failed in attempt to loot the savings bank at Nicholas, 12 miles west of Muscatine. The outer door of the bank was forced open with tools stolen from a nearby blacksmith shop and the outer lock on the vault blown open. An automatic lock inside the vault prevented entrance.

Bantry—Herman Schilling, a farmer near here, in an effort to kill off his crop of young grasshoppers, ran a heavy roller over his land. Most of the baby hoppers are still frail and can hop but feebly, so countless numbers were crushed by the roller. Mr. Schilling considers experiment well worth the effort.

La Crosse, Wis.—Marking the 50th anniversary of his ordination as priest, Rt. Rev. James Schwebach, bishop at the La Crosse diocese, was honored by an assemblage of citizens of every sect and creed, and by several hundred priests, archbishops and bishops from all sections of the country, on the occasion of the celebration of his golden jubilee.

Superior, Wis.—Two stills with an estimated capacity of producing daily 40 gallons of moonshine liquor, 450 gallons of mash and 47 gallons of completed liquor were found by a raiding party composed of state, county and city officers, while searching a wood about two miles from Borea, Wis. Operators of the plant are believed to have escaped.

Ashland, Wis.—The north Wisconsin hay crop will rank from 90 to 100 per cent, based on the condition of the crop in Ashland county and in the vicinity of Ashland. Winter wheat was killed to a small extent in some places, but it will be 80 per cent yield as it now looks. Spring rye looks good. The potato acreage may not quite reach the total of last year, on account of the high price of seed.

Grafton, N. D.—The coroner's inquest and other investigations have failed to reveal evidences of foul play in connection with the death of Mrs. Frank Koudel, aged wife of a Pisek resident, whose body was found buried in a sack in the Koukel shed. The husband, 75 years old, claimed to have buried the body after finding his wife dead in a yard outside the house. Finding the ground hard, he was unable to dig a very large grave so had to break the arms and legs in order to get the body into the hole. He says that he covered it with an old quilt, filled up the grave and said nothing to anyone. The story is regarded as correct and it is believed that the old man wished to save funeral expenses.

Fargo, N. D.—Wage increases to members of the faculty and employes at the North Dakota Agricultural college add $46,256 to the 1920-21 maintenance budget, prepared by Dr. E. F. Ladd, president of the college. The total for the new budget of $317,776, as compared to $269,739 for the fiscal year closing July 1 and $249,779 for 1918-19.

Eau Claire, Wis.—Dewey Wilcox 22 years old, was sentenced to three years in the Green Bay reformatory after pleading guilty before Judge Jenkins to a charge of giving habit forming drugs to three girls at Chippewa Falls. He was arrested on complaint of persons who said they saw him administer the drug.

Bismarck, N. D.—K. L. Stair, speaker of the house of representatives at the last session, has assumed formal control of the North Dakota penitentiary as warden. Mr. Stair, who comes from Bottineau county, was appointed on April 27.

Washington

Washington—At the republican convention in Chicago was the first time since 1888 that more than three ballots found the party without a choice and the seventh time since the nomination of Lincoln that more than one ballot had been required.

Washington—Reports have reached the state department through unofficial channels that the new Mexican government is about to send to the United States a mission to discuss the relations between the two countries, in an entirely informal way.

Washington—The Bureau of internal revenue announced its intention to continue the rigid enforcement of the child labor tax provision of the revenue law pending a decision by the supreme court which adjourned until October without acting on a case appealed from the North Carolina district court.

Washington — Arrangements have been perfected for pooling lake coal shipments, for the season of 1920, Thomas K. Mather, chairman of the executive committee of lake coal shippers telegraphed Chairman Atchison of the interstate commerce commission. The commission warned directors against confiscation of coal consigned to common carriers and to other public utilities.

Foreign

Brussels—King Albert and Queen Elizabeth expect to leave for Brazil on Sept. 1.

Mexico City—There have been 32 cases of bubonic plague, with 22 fatalities, since the first outbreak of the disease at Vera Cruz on April 14.

Prague—The Czech-Slovack government has sold approximately 15,400,000 pounds of sugar to the United States, and negotatiations are continuing for an additional 17,000,000 pounds.

Berlin — Konstantin Fehrenbach, president of the German national assembly, has agreed to attempt to form a ministry, following a conference attended by Karl Trimborn, the centrist leader, and President Ebert.

Cookstown, Ireland—A hundred Sinn Feiners attacked the police barracks here and drove the police to the upper part of the building. They captured two police constables and withdrew after two hours fighting.

Domestic

West Point—A record class, 270 cadets, graduated from West Point.

Tacoma, Wash.—The 7,750 ton steel steamship Rotarian was launched at the Todd drydock yard here.

Springfield, Ill.—The supreme court today held the Illinois primary law unconstitutional.

New Haven—Miss Helen Taft, daughter of the former president, will be married at Murray Bay, Canada, July 15.

New York—The American labor party announced it would remain distinct and not become aligned with a proposed third party.

Portland, Ore.—The woman "drummer" is not wanted in the Travelers Protective association, according to a vote of the organization in annual convention here.

Minneapolis—Official figures announced by the federal census board credit Minneapolis with the lowest infant mortality among the 12 largest cities in the United States.

Washington—Qualified aviators holding commissions in the officers reserve corps will be permitted to continue their training at selected army fields, the war department announced.

New York—Indictments charging profiteering against the American Woolen company of New York and Massachusetts, and A. M. Wood, president of the corporations, were quashed by Federal Judge Mack.

Aurora, Ill.—The Illinois Policemen's association in annual convention here unanimously adopted a resolution opposing strikes by "men or women in police service, as the public looks to them for protection."

St. Louis—Nat Goldstein, delegate to the republican national convention from the 11th district, announced he had returned $2,500 he received to further the candidacy of Governor Frank O. Lowden for the republican presidential nomination.

Chicago—Four men were lacking still to complete the jury to try William Bross Lloyd, "millionaire red," and others, charged with conspiracy to overthrow the government. Since May 10 approximately 800 veniremen have been rejected.

Kenosha, Wis.—Whisky valued at $75,000 was stolen at the railroad station at Kenosha, Wis. The cargo, dispatched from Cincinnati, was addressed to the Kenosha Products company. Federal prohibition agents prepared to seize the whisky, but on arriving found an empty freight car.

Chicago—The purchase of Northwestern university campus site for the erection of the new schools of law, medicine, dentistry and commerce has been assured, it was announced. The university's board of trustees has voted to buy a nine acre tract for about $1,500,000. Governor Frank O. Lowden and W. J. Bryan are among the alumni of the law school subscribing towards the erection of a new school building.

New York—After entering a plea of not guilty at a trial which lasted two days, James E. Foye, former clerk at the Biltmore hotel, changed his mind and pleaded guilty to theft of $350,000 worth of jewelry from Mrs. Regina V. G. Millhiser, while she was a guest at the hotel.

New Orleans—A wedding ceremony in St. Louis cathedral was postponed several hours because the officiating priest, Father Antoine, declared the bride was immodestly attired and violated a recent order of Archbishop Shaw of the diocese of New Orleans relative to wearing apparel.

GOVERNOR ASKS BARRING OF JAP

Congress Told to Exclude Immigrant and Prevent Growth of Colonies.

POPULATION INCREASES

California Showed a Japanese Population 10 Years Ago of 41,365—That Population Has Increased to 87,279.

Sacramento, Cal.—The influx of Japanese into California has brought about "alarming" conditions and it has become necessary to protect the sovereignty of the state against this "growing menace," through diplomatic negotiation of the strict exclusion act, Governor William D. Stephens said in a letter addressed to Secretary of State Colby.

Governor Stephens expressed the hope in the letter that the initiative measure now being projected in the state to deny Asiatics the right to all land purchases or lease holds would be accepted by the electorate by an overwhelming majority. While California harbors no animosity against the Japanese people, he said, the state does not wish them to settle within her borders and to develop a Japanese population in her midst. He asks that immediate negotiations be entered into with Japan to make impossible further "evasions" of existing immigration agreements and to make such agreements as rigorous as possible.

Grows Fast in 20 Years.

"Twenty years ago our Japanese population was nominal," the letter said. "Ten years ago the census reports of the United States government showed a Japanese population in California of 41,356. A computation and survey recently made by the board of control of the state of California indicates that this Japanese population has been more than doubled—amounting now to 87,279. The best figures available indicates that our Japanese population comprises between 80 and 85 per cent of the total Japanese population of continental United States."

Governor Stephens said he feared that the initiative measure, if passed, might fall short of its purpose through the Japanese retaining possession of agricultural contracts and that therefore government action was necessary.

GREECE GIVEN FREE HAND

French and British Troops to Concentrate on Constantinople.

Boulogne.—Greece was given a free hand in the military measures in Turkey which were decided upon at the Hythe conference Sunday, according to information received here. The premiers and their advisers found these measures were required immediately because of the grave situation resulting from Mustapha Kemal's Nationalist forces reaching the Dardanelles.

French and British troops and the British fleet will be concentrated for the defense of Constantinople and the straits.

The delegates to the Hythe conference, it is declared, were of the opinion that the taking of these measures would be sufficient to deal with the situation.

Premiers Lloyd George and Millerand accompanied by Marshal Foch, and Frederic Francois-Marshal, French minister of finance, arrived here Monday morning from Folkestone. In the party was Premier Venizelos of Greece. This completed the delegations which participated in the conversations here Monday and Tuesday, the Italian and Belgian representatives having arrived Sunday night.

STRIKE AIMED AT BOARD

Roads Place Embargo on All Kinds of Freight Shipments.

Baltimore.—The strike Sunday of yardmen of the Pennsylvania and Baltimore and Ohio railroads in the Baltimore district, continued Monday with the local freight yards tied up except the B. & O. yard at Curtis Bay but there had been no interference with the passenger service, according to officials.

Both roads placed an embargo on all kinds of freight shipments except coal for public utilities and hospitals and foodstuffs.

A notice was posted by the Pennsylvania warning the strikers that they must report for duty by noon Monday or be regarded as discharged from the service.

The strikers declare their action is not aimed at the railroads but is against the federal labor board because of its delay in coming to a decision on the wage question.

Wants American Aid

Sebastopol.—Closer relations between Russia and the United States are desired by General Baron Wrangel, commander of the South Russia volunteer army. He said the United States had "shown itself a champion of real democracy by intervening in the great war" and said he hoped Russian students might attend American universities. American mechanical experts, the general said, could assist in the rehabilitation of Russia's railways and the development of her natural resources.

LABOR AGAINST PROFITEERING

Assistance to Be Given by A. F. of L. in Organizing Local Societies.

LEAGUE IS INDORSED

Opponents Unable to Gather Sufficient Supporters for a Roll Call—Irish Sympathizers Against Move.

Montreal.—The federation decided it would fight "criminal profiteering" and the high cost of living by the cooperative movement. It pledged its assistance to local and central bodies in forming societies and establishing and operating cooperative stores.

A levy of $1 on every local union to establish a bureau of cooperation for "promoting and advancing the cause of true cooperation in the United States and Canada" was approved.

Samuel Gompers, president, was authorized to appoint a committee to investigate the feasibility of establishing a national labor university.

Montreal—The American Federation of Labor adjourned its annual convention here Saturday night after indorsing the league of nations without reservations.

Closes With Stormy Session.

The closing session of the two-weeks' convention was a stormy one, Irish sympathizers, supported by the progressive wing of the federation, opposed the movement to indorse the league, and throughout the debate on the question, President Samuel Gompers had difficulty in maintaining order. His gavel was smashed in his efforts to quiet the proceedings.

The league of nations issue arose shortly before adjournment. Its opponents were unable to gather sufficient votes for a roll call and a number of Irish sympathizers jumped to the floor and demanded that their votes be recorded as "no" in the records.

Gompers Takes Floor.

President Gompers was compelled to take the floor in support of the league, when it became apparent that the delegates were swinging to the opposition. Members of the executive council made emphatic appeals in behalf of the covenant.

KAISER'S LIFE IN DANGER

Attempt Made by German to Assassinate Former Emperor.

Doorn.—An attempt against the life of former Emperor William of Germany was made last Wednesday afternoon, according to persistent rumors here.

Details of the reported attempt are veiled in mystery, but it is asserted that William escaped without injury.

A villager, at first thought to be a Belgian, but later identified as a German, is said to have entered the castle by the use of a false permit and then tried to kill Count Hohenzollern.

M. Pereboom, private secretary to the former emperor, assured the Associated Press that no attack had been made on William of Hohenzollern.

Dispatches received later reported a Belgian who succeeded in gaining admittance to Doorn castle, the residence of William of Hohenzollern, had attacked the former emperor and wounded him in the jaw. Since that time the report has been current that an attack has been made, but no confirmation of it has been received. A Berlin dispatch received Friday night stated a newspaper at Baden had learned "from a trustworthy source" that Count Hohenzollern was critically ill," but there was no intimation his condition was the result of an attack upon him.

NEGROES KILL WHITE MAN

Riot Starts When White Man Makes Slurring Remark.

Chicago.—A sailor was killed, and three persons, including a city patrolman, were injured in a riot between whites and negroes on Chicago's south side. According to a statement issued by Chief Garrity, trouble started when a white man made a slurring remark as a parade composed of negroes, was passing the corner of Thirty-Fifth street and Prarie avenue. The parade disbanded and negroes started in pursuit of the white man. Other whites went to his rescue and several policemen attempted to stop the trouble. Shooting started when the police appeared. The name of the slain sailor has not been learned. It was believed he was attached to the Great Lakes training station.

Heads Marine Corps.

Washington.—Appointment of Major General A. LeJeune as major general of the marine corps, to succeed Major General George Barnett, was announced by Secretary Daniels. LeJeune commanded the second division when it broke the German line in the Meuse-Argonne offensive and the secretary said his appointment to command the marine corps was in line with the policy of the department to reward officers who served with distinction during the war.

THE MISERY OF BACKACHE

Removed by Lydia E. Pinkham's Vegetable Compound.

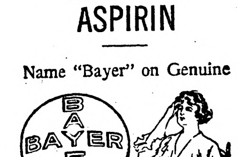
Muskegon, Mich.—"For six years I was so weak in my back at times that I could hardly walk. Lydia E. Pinkham's Vegetable Compound was recommended to me and it made me good and strong again so that I am able to do all my work. I highly recommend your medicine and tell everyone I meet what it did for me." —Mrs. G. SCHOONFIELD, 240 Wood Ave, Muskegon, Mich.

Woman's Precious Gift

The one which she should most zealously guard is her health, but she often neglects to do so in season until some ailment peculiar to her sex has fastened itself upon her. When so affected women may rely upon Lydia E. Pinkham's Vegetable Compound, a remedy that has been wonderfully successful in restoring health to suffering women.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Ever notice that when you are on time the other fellow is invariably late?

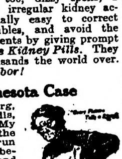


ASPIRIN

Name "Bayer" on Genuine

"Bayer Tablets of Aspirin" is genuine Aspirin proved safe by millions and prescribed by physicians for over twenty years. Accept only an unbroken "Bayer package" which contains proper directions to relieve Headache, Toothache, Earache, Neuralgia, Rheumatism, Colds and Pain. Handy tin boxes of 12 tablets cost few cents. Druggists also sell larger "Bayer packages." Aspirin is trade mark Bayer Manufacture Monoaceticacidester of Salicylicacid.—Adv.

Sometimes an easy-going person is hard to get rid of.



Back Giving Out?

That "bad back" is probably due to weak kidneys. It shows in constant dull, throbbing backache, or sharp twinges when stooping or lifting. You have headaches, too, dizzy spells, a tired feeling and irregular kidney action. It is usually easy to correct these early troubles, and avoid the more serious ailments by giving prompt help. Use *Doan's Kidney Pills*. They have helped thousands the world over. *Ask your neighbor!*

A Minnesota Case

Mrs. Wm. Berg, Granite Falls, Minn., says: "My back ached all the time and I felt run down. I often became dizzy, and specks appeared before my eyes. Mornings I was lame and sore and my kidneys were out of order. I was told to try Doan's Kidney Pills and purchased some. Doan's removed the backache and regulated my kidneys."

Acid Stomach Makes the Body Sour

Nine Out of Ten People Suffer From It

It sends its harmful acids and gases all over the body, instead of health and strength. Day and night this ceaseless damage goes on. No matter how strong, its victim cannot long withstand the health-destroying effects of an acid stomach.

Good news for millions of sufferers. Chemists have found a sure remedy—one that takes the acid up and carries it out of the body; of course, when the cause is removed, the sufferer gets well.

Bloating, indigestion, sour, acid, gassy stomach miseries all removed. This is proven by over half a million ailing folks who have taken EATONIC with wonderful benefits. It can be obtained from any druggist, who will cheerfully refund its trifling cost if not entirely satisfactory. Everyone should enjoy its benefits. Frequently the first tablet gives relief.

Biwabik—Miss Mildred S. Mandel of Biwabik enjoys the distinction of being the first local girl to graduate from the University of Minnesota.

Canby—Local authorities are looking for two automobiles which were stolen in Canby within two days. The machine of A. Klosterbore was taken from his garage.

Brainerd—Charles Nordstrom, a miner, was accidently killed in an iron mine at Cuyuna. He leaves a widow and four children who live on a farm near Little Falls.

Owatonna—William Crickmore was elected president of the Steele County Shorthorn Breeders' association at the annual meeting of that organization here.

Brainerd—F. H. Simpson has resigned as president of the local chamber of commerce and has disposed of his interests in Brainerd. He will leave for Washington soon.

Moorhead—The death of Nels C. Nelson, Hawley farmer, who was reported by County Coroner E. G. Melander to have committed suicide by shooting himself at his home, was accidental, according to a statement by the coroner.

Crookston—John Huseby, present county agent of Marshall county, will succeed W. C. Gousseff on the faculty of the Northwest School of Agriculture here as the instructor in animal husbandry.

Hastings—The ninth annual graduating exercises of the graded and semi-graded schools of Dakota county were conducted in the high school auditorium. About 100 pupils from all the schools of the county were graduated.

Stillwater—A rousing Fourth of July celebration will be conducted here on July 5. One of the big attractions will be the regatta on Lake St. Croix for which cash prizes aggregating several hundred dollars will be awarded.

Stillwater—Rev. Gilbert L. Wilson, pastor of the First Presbyterian church, has announced his resignation, having accepted a position with Macalester college as field manager and also as an instructor with that educational institution.

Bemidji—Robert Harrington and W. K. Wagner were taken into custody by Indian Agent William Johnson at the six mile corner north of the city, several days ago, and it is alleged that they had a small quantity of whisky in their possession.

Stillwater—Rev. Gilbert Wilson, pastor of the First Presbyterian church of this city for the last three years, has resigned to accept a position as field manager and instructor of Macalester college, St. Paul, recently tendered him.

Brainerd—The chamber of commerce has taken up the matter of disposing of the city garbage. The secretary has negotiated with a farmer, Mr. Lafavor, to take care of garbage, provided 150 or 200 families will subscribe for this service.

Thief River Falls—The owners of the site on which the Union block formerly stood on Third street, and which was destroyed by fire in January last, are planning the erection of a modern brick building as soon as the plans are completed.

Fergus Falls—Three victims of the recent hurricane here were buried in this city. They were Richard Hoemar, his son, William, and Mrs Richard Steinbach. They all lost their lives in the destruction of their buildings on the flats west of here.

Minneapolis—Two men attacked Private O. W. Allen of the marine corps, on furlough from the Great Lakes naval training station, while he was waiting for a street car at Forty-seventh street and Minnehaha avenue, and after a struggle robbed him of $47.

Marshall—Two alleged automobile thieves are to be tried at the present term of the district court. G. A. Roberts and Bert Boyden, being charged with the theft of a car belonging to Len Miller of this city. The men, when arraigned, entered pleas of not guilty.

St. Cloud—The Michael Bretz farm, four miles east of the city, has been sold to Valentine Dahlheimer of St. Michael for $35,000. There are nearly 160 acres in the farm, making the price per acre approximately $225. C. L. West of this city negotiated the deal. The Bretz farm is one of the finest farms in this vicinity.

Fergus Falls—Carl Doerr, who resides in the town of Elmo, this county, began suit in the district court here a short time ago to obtain a divorce from his wife on the ground that she had deserted him and had been guilty of cruelty towards him. His wife led a counter complaint, and the court, after hearing the evidence, granted her a divorce.

Mora—The "Kanabec County Pure Bred Stock association" had an auction sale at the county fair grounds at Mora, the first time in the history of Kanabec. Business places were all closed for the afternoon.

Virginia—Virginia technical and vocational high school graduated 72 in all departments, the largest class in the history of the school.

Brookston—Several cases of smallpox here. Miss Ringdahl, the county nurse, has been here from Floodwood several days looking after the cases.

Bemidji—President W. M. Deputy has issued an appeal to the citizens of Bemidji to provide rooms for the students attending the summer school at the state normal here.

Carlton—The continued rains are working havoc with farmers' potatoes already in the ground in Carlton county, many cases being reported of their rotting in the ground while often farmers cannot plant because of the moisture.

Baudette—Preparations are fast being completed for the big district Yeoman picnic to be held here the last Sunday in July. The program will resemble that of a Fourth of July affair, with races, ball games and prominent speakers.

Moorhead—A six week's summer school at the elementary department of the Moorhead Normal has opened. Students may make up work in which they are behind, lay a foundation for next year's work, or take up courses offered for the summer.

Virginia—The body of Private Arthur C. Williams, son of Mr. and Mrs. William Williams of Hibbing, arrived in Virginia, being the first body of an overseas soldier who died abroad to be returned here. He died of pneumonia at a base hospital in France Sept. 26, 1918.

Carlton—While as far as known no lives were lost in the electrical and wind storm that swept over this section, it did considerable damage to buildings, fences, trees and property generally. This village was without electrical power for several hours because of trouble experienced by the Great Northern Power company.

Minneapolis—Ludvig Mosbaek of Askav, president of the Minnesota Potato exchange predicts that 5,000 carloads of potatoes will be handled through the exchange next fall. While the potato acreage this year is 10 per cent below normal, says Mr. Mosbaek he believes the shortage will be offset by the normal surplus that Minnesota annually produces.

St. Paul—Prof. J. D. Black, chief of the division of agricultural economics, has been placed in charge of Federal investigations of the land economics division of the office of farm management in the lake state regions. He will have charge of the work in Minnesota, Michigan and Wisconsin and will study in particular methods employed by land companies in colonizing lands.

St. Paul—Minneapolis has been selected by the directors of the Minnesota potato exchange for permanent headquarters. The organization was formed last February by representative potato growers of the state and agricultural extension men from the state university. A general manager will be chosen soon, it is said, and steps taken for organizing a sales agency for Minnesota potato growers.

Moorhead, Minn.—The convention of the Minnesota State Firemen's association closed here with the election of officers, John Berg, former mayor of International Falls, being elected president. Other officers elected were: First vice president, W. E. Cudmore, Rochester; second vice president, C. S. Bailey, Bemidji; secretary, John A. Gross, Red Wing; statistician, John Boylhart, Rochester.

Minneapolis—The department of agriculture of the University of Minnesota will send a delegation of speakers and workers headed by Dean R. W. Thatcher, to the school for Minnesota rural pastors to be held at Hamline university, St. Paul, June 14 to July 3. Subjects of an agricultural and home-making nature will be discussed by the University farm speakers from 11 a. m. to 12 m. and from 3 to 4 p. m. each day.

St. Paul—Hundreds of graduates and many other former students of the Central School of Agriculture will go to University farm June 26, to attend a reunion. The program will include a big picnic dinner, chapel exercises and sports and games, ending with a moving picture entertainment and a dancing party in the evening. Nine reunions of school students have been held or are yet to be held in different parts of the state but the one at University farm will be the largest.

St. Paul—The proposed plan to enable Minnesota service men to cash their bonus claims at once by taking small discounts was declared feasible by M. J. Desmond, superintendent of accounts in the office of State Auditor Preus. The superintendent was first to announce that bonus payments would be temporarily resumed with funds from current tax collections which he estimated would make a total of $1,325,000 available for bonuses in thirty days, and to raise the question of whether additional payments cannot soon be made in anticipation of November tax collections. "I believe the plan would prove successful and that the great majority of service men will prefer to discount their bonus claims for cash than to wait for the full amount," said Mr. Desmond.

Virginia—Local Odd Fellows rejoice over the news from the convention at Mankato that their delegates secured the next grand lodge for this city. The delegates from this city were George Trimble, H. Kauppi, Mrs. George Horne and Edward C. A. Johnson.

Bovey—Peter Hill and Jalmar Saari, both of Keewatin, were convicted in justice court by Judge Keo Leroux of Grand Rapids on the charge of spearing fish in Round lake close to the C. V. Smith resort, north of Bovey. The young men were caught in the act by Game Warden Murphy. Both were fined.

Children Cry For Fletcher's CASTORIA

Special Care of Baby.

That Baby should have a bed of its own all are agreed. Yet it is more reasonable for an infant to sleep with grown-ups than to use a man's medicine in an attempt to regulate the delicate organism of that same infant. Either practice is to be shunned. Neither would be tolerated by specialists in children's diseases.

Your Physician will tell you that Baby's medicine must be prepared with even greater care than Baby's food.

A Baby's stomach when in good health is too often disarranged by improper food. Could you for a moment, then, think of giving to your *ailing* child anything but a medicine especially prepared for Infants and Children? Don't be deceived.

Make a mental note of this:—It is important, Mothers, that you should remember that to function well, the digestive organs of your Baby must receive special care. No Baby is so abnormal that the desired results may be had from the use of medicines primarily prepared for grown-ups.

TIME MAKES LITTLE CHANGE

Booth Tarkington Relates Anecdote to Show How Characteristics Prevail to the End.

Novelist Booth Tarkington was talking about the cowardly attack that a gang of Germans had made on a solitary French officer in the restaurant of the Hotel Adlon in Berlin.

"The Germans," he said, "were unspeakable in the beginning, and they will be unspeakable to the end."

He shook his head thoughtfully.

"People can't change," he said. "Henry Labouchere was born a fearless wit and a fearless wit he died. A few hours before his death, you know, Labouchere's nephew upset a tiny spirit lamp that was burning by the bedside. The dying man awoke out of a fitful doze and saw the miniature conflagration.

"'Flames?' he said. 'Not yet, I think.'

"And he laughed quizzically and dozed again."

SHOWED SIGNS OF TIPPLING

Hens' Behavior Caused English Youngster to Be Doubtful of Good Character of Vicinity.

Johnny recently paid his first visit to his aunt's farm in England. The little boy had not been there long before he came running to her in great excitement.

"Aunty," he exclaimed, with the air of one imparting grave news, "I don't think this is a very nice place!"

"Why, what makes you think that, Johnny?" was her amused reply.

"Well, aunty, the public houses (saloons) open very early," was the startling rejoinder. "Nearly all your hens have the hiccoughs already this morning."

A Difference.

"I understood there were scandalous goings on at the party last night."

"Oh, no, grandma, the young folks merely indulged in some osculatory diversions."

"Well, that was all right, but that rascally Jimmy told me you were all playing kissing games."

When one suspects, he is right at least half the time.

IMPORTANT FACTS About PARIS GREEN

Any Paris Green is a good insecticide— it's the old reliable destroyer of insect pests.

But—without paying more—you can get more for your money if you'll buy Ansbacher's Paris Green.

Back of it are years of experience—skill and factory facilities born of half a century spent in producing Paris Green.

And this means to you—a Paris Green with minimum free arsenic and maximum killing power—quick death and safety all in one.

You will find the kind of quality in Ansbacher's Arsenate of Lead (Dry and Paste) and Bordeaux Mixture that has built their reputation.

Try This Experiment

Turn your separator a few revolutions below speed. Take a sample of your skim-milk and cream. Have your creamery test it. Note your loss.

Now make a trip to my store—try the same experiment with a Sharples Suction-feed Cream Separator. Turn even as low as 35 turns per minute. Have your creamery test that too. You'll find that you're getting all the cream, in spite of the low speed. That's what places the

SHARPLES SUCTION-FEED CREAM SEPARATOR

head and shoulders above all other makes—it gets all the cream at widely varying speeds. Every separator (bar Sharples) has a fixed milk feed—below speed much of the milk goes through without perfect separation. The "Sharples" milk feed varies with the operating speed—drinks up no more milk than it can perfectly separate. Saves 7 to 13 lbs. of butter per cow per year over any other separator. 4,000 actual tests show that 19 out of 20 people turn below speed most of the time. Trade in your old separator for a "Sharples."

Note knee-low supply tank.

Our Flag

Our flag carries American ideas, American history, and American feelings. Beginning with the colonies, and coming down to our time, in its sacred heraldry, in its glorious insignia, it has gathered and stored chiefly this supreme idea: Divine right of liberty in man. Every color means liberty; not lawlessness, nor license, but organized institutional liberty—liberty thru law, and law for liberty. It is a whole national history. It is the constitution. It is the government. It is the free people that stand in the government on the Contitution.—

Rev. Henry Ward Beecher.

Killing Power!

Anything that kills — from firearms to poison—is dangerous. The safety factor is an important consideration in manufacture.

The minute you detract from the killing power of Paris Green you are not getting what you pay for. Consequently —the first consideration in the making of Ansbacher's Paris Green has been quick, certain death to the insects. At the same time the amount of free arsenic has been so minimized that it won't injure a leaf of the most delicate foliage. It is death to bugs and harmless to plants. It's a safe insecticide.

It stays in suspension in the spray and does more without costing more.

The Ansbacher name is your guarantee of quality and under this brand comes an exceptionally effective Arsenate of Lead (Dry and Paste) and Bordeaux Mixture.

MOST IMPORTANT NEWS OF WORLD

Big Happenings of the Week Condensed for Benefit of Busy Readers.

TOLD IN A FEW WORDS

Kernels Culled From News of Moment in All Parts of the World—Of Interest to All the People Everywhere.

Northwest

Sioux Falls, S. D.—Bids were opened here for construction of Columbus college buildings in Sioux Falls. The buildings are expected to cost $1,250,000. The bids were reported satisfactory.

Ladysmith, Wis.—The housing situation in Ladysmith is more acute than at any other time in its history. Families are crowded together in two or three small rooms, while others are living in tents in the outskirts of the town.

Bayfield, Wis.—Bayfield county fruit growers are making preparations for handling one of the biggest crops in the history of agriculture. Strawberries are plentiful. Other fruits, such as apples and cherries, also seem to be in great abundance.

Dickinson, N. D.—While talking politics in front of the Villard hotel in this city, Joseph Kuskelly, pioneer settler and rancher of this city dropped dead from a stroke of apoplexy. Mr. Kuskelly was 82 years old. He came to this section in 1881.

Lake Geneva, Wis.—Ten thousand dollars was subscribed by 700 delegates to the Y. M. C. A. student conference to further religious work at Middle Western colleges next year. The students will pay the subscriptions from vacation earnings.

Miles City, Mont.—The body of Roy Slaymaker, aged 4, who was drowned in an arm of the Yellowstone June 10, was recovered about twenty miles below here by Sam Daly, Northern Pacific section foreman at Tusler, who picked it up with a rowboat.

Deadwood, S. D.—Although the engine, baggage car and chair coach of a Chicago, Burlington & Quincy passenger train turned over on their sides when the cars left the rails here only one passenger was injured. The engine crew stayed at their posts.

Deadwood, S. D.—After threatening to close its plant, which supplies this city and Lead with gas, the People's Gas company was placed in the hands of a receiver here. Judge McNeiry acting upon the application of the councils of both cities appointed N. K. Edson, local manager, receiver.

Weston, Wis.—Weston has lost the distinction of being without a church, Sunday the First Methodist church was dedicated among those officiating being Dr. E. D. Lohlsteadt of St. Paul. The former home of the only saloonkeeper has been transferred into a parsonage and the village dancehall converted into the church just dedicated.

Stevens Point, Wis.—The price of old potatoes in this section is steadily declining. Within two months potatoes have declined from between $8 and $9 to $4.50 per 100 pounds. New potatoes in Portage county districts, the heart of Wisconsin's potato belt, are looking well and farmers are promising an earlier crop this year than ever before.

La Crosse, Wis.—La Crosse is up in arms over the official census return giving the city a population of 30,363, or 54 less than 10 years ago. With hundreds of new residences, large new factories and plant additions erected in the last decade, businessmen insist La Crosse has grown, not gone backward, and will demand a recount.

Sioux Falls, S. D.—Damages approximating $50,000 will have to be paid by the state of South Dakota for losses to farmers because of recent hail storms, according to C. A. Gustavson of Trend, state hail insurance adjuster. Damage to small grains range from 10 to 85 per cent and to corn from 10 to 25 per cent according to Gustavson.

Regina, Sask. — Mennonites will leave their lands in the Swift Current district in July and will go to Mississippi, where they have purchased 125,000 acres of land, according to a statement today by J. E. Friesen, administrator for the colony. Their present holdings will be sold for $5,000,000. They have paid $18 an acre for land in Mississippi.

Milwaukee, Wis.—Patrick Callahan, one of the oldest conductors on the Chicago & Northwestern road, and three other Milwaukeeans, Henry Schiewitz, Harry Urkofsky and Benjamin Tannenbaum, business men, were arrested by deputy United States marshals on the charge of conspiring to defraud the government through the theft and sale of tickets.

Milwaukee, Wis.—Danger of a coal famine in the Northwest is acute, hardship and suffering will be caused and industries will be forced to close unless strenuous governmental action is at once taken to relieve conditions, Attorney General Palmer was told in a telegram from the Milwaukee Association of Commerce, immediately afterward a conference was arranged between association officials and United States Senator Lenroot to discuss the advisability of sending a Milwaukee delegation to Washington to ask for relief. It is urged that coal exports to foreign nations be stopped.

Sturgis, S. D.—Three prisoners awaiting trial here broke jail and have not been recaptured. Two of them were held ofr robbery and one on a larceny indictment.

Sykeston, N. D.—William Evans of Sykeston, a passenger in the aeroplane driven by A. E. Alton of Grand Forks, N. D., was killed here when following a successful flight, he walked directly into the propeller, revolving at high speed. Evans' death was instantaneous. Witnesses to the accident say that Evans seemed dizzy when he stepped out of the seat of the plane. He was an automobile mechanic.

Winnipeg, Man.—Preliminary work has started on a $20,000,000 power plant near Lillooet, B. C., the development of the Bridge river power site. It will require a tunnel a mile and a half long under Mission mountain in the Selkirk range of the Rockies, discharging into Seaton lake, six miles from Lillooet. The fall will be 1,400 feet and an estimated horsepower of 400,000 will be developed.

Washington

Washington—The department of labor will appeal from the decision of Federal Judge Anderson of Boston holding the communist party to be a lawful organization and releasing 17 members held for deportation meanwhile holding the decision binding only in the judge's jurisdiction.

Washington—Suffragists representing 15 states appealed to Senator Warren G. Harding to use his influence to have the governors of Connecticut and Vermont call special sessions of the legislature to ratify the nationwide suffrage amendment. He declined to do this, but intimated he would have good news for the suffragists at an early date. The women left disappointed.

Washington—Calling attention to the discovery of bubonic plague in several American and Mexican gulf ports and renewing his warning regarding the introduction of the plague from Mediterranean ports which are known to be infected, Surgeon General Hugh S. Cumming urged communities throughout the country and especially along the coast to inaugurate rat extermination campaigns.

Foreign

Geneva—Recent statistics published in Germany on that country's war losses stated 1,350,000 men were killed.

Tokio—Prince Carol of Rumania, who will make a fomal visit to Japan, arrived and was received with royal honors.

Amsterdam—A ministry decree forbids all but Dutch military airplanes to fly over the castle at Doorn occupied by the former German emperor.

Mexico City—Provisional President de la Huerta has invited 40 newspapers of the United States to send representatives to study conditions in Mexico.

London—Bolshevik forces are continuing to drive back the Poles along the Zhmerinka-Proskuroff railway, west of Kiev, says an official communication issued at Moscow and received here by wireless.

Domestic

Chicago—A $650,000 parcel post building is to be erected as a temporary relief from the mail congestion in the postoffice.

Winnipeg, Man.—A considerable slackening in the settler movement from the United States to Western Canada is indicated in the recent report of the Canadian immigration commissioner.

Cheyenne, Wyo.—Hailstones as large as apples crashed through roofs of Hillsdale, 12 miles from here, and reduced two farm buildings near there to kindling wood, according to telephonic reports.

San Angelo, Texas—B. M. Halbort paid $1,750 to William Riddel of Monmouth, Ore., for a two year old Angora buck goat, at the fifth annual convention and show of the Sheep and Goat Raisers Association of Texas.

San Francisco—The Democratic National convention will be picketed by women carrying banners asking what action the body contemplates regarding resumption of trade relations with soviet Russia, it was announced by Miss Lucy Branham of Baltimore, upon her arrival here.

Washington—Damages asked by owners of motor vehicles in collision with government mail trucks cannot be paid because of absence of any funds for reimbursement, James S. Blakeslee, fourth assistant postmaster general, declared in a letter to H. B. Leary, Jr., of Washington.

Pierre, S. D.—Governor Peter Norbeck, in presenting his message to the joint session of the Legislature, devoted as much time to an explanation of his requests as he did to the reading. Governor Norbeck gave reason for asking for greater compensation for state employes and increased funds for state institutions. He outlined steps taken by the cement and coal commissions developing those lines, and the situation as regards the hydro-electric project. The governor called attention to crowded condition at the state capitol. He said provision should be made for a governor's residence stating that he had been compelled to return his family to Redfield because the house he occupied in this city was sold.

Buffalo, N. Y.—How to raise the remaining $40,000,000 of its $100,000,000 new world movement fund and the method of its administration for the extension of educational, evangelistic, Americanization and mission work are questions that will occupy the thirteenth meeting of the Northern Baptist convention in session here.

Chicago—Frank K. Gloyd, hat checker who sued a Chicago hotel for $5,000, alleging that he had turned more than $3,000 in tips over to the hotel in less than two years, lost his case when Judge Joseph B. David ruled for the defendant.

HAPPENINGS IN GOPHER STATE

News From All Parts of Minnesota Given in Condensed Form.

EVENTS BRIEFLY TOLD

Where Busy Readers Will Find News From All Parts of State Tersely Chronicled for Their Benefit.

Canby—Local authorities are looking for two automobiles which were stolen in Canby within two days. The machine of A. Klosterbore was taken from his garage.

Itasca—Douglas Lodge, the popular resort at the state park here, has been reopened and indications are that it will be busy during the entire summer.

Virginia—The play ground season opened here with the five city playgrounds filled to capacity. Coach Alf Jackson and Miss Kathryn Carey of the high school faculty are in charge.

Duluth—The Lake Superior Prevention of Accidents conference was held. "Safe installation of electrical blasting equipment" was the subject of an address to be given by T. H. Mischell.

Fairmont—Two thousand members of young peoples societies from 20 German Lutheran congregations of southern Minnesota met here to form a central body to increase the scope of these organizations.

Hibbing—Frank Brackvich is dead from wounds received when shot through the head twice by an unknown man in a dispute over a card game. The man who did the shooting has not been captured.

Ivanhoe—Contact with a live wire seriously injured Clifford Lien, 14 years old. Turning on a light, young Lien grasped the wire which carried voltage enough to throw him to the floor and render him unconscious.

Minneapolis — Modern chicken thieves, whose depredations have been discovered, used chloroform to subdue their feathered loot, owners of the fouls told the police. The loss of 68 chickens from four coops were reported.

Winona—An independence day celebration will be conducted here under the auspices of the American Legion post of Winona. Legion posts in neighboring towns in Minnesota and Wisconsin will be asked to co-operate in the program.

Bemidji—Through the efforts of Game Warden John Cline, a yearling deer has been secured near Gemmell, which was caught in a cattle corral and has been brought to Bemidji and placed in an inclosed yard in the City park at Diamond point.

Bemidji—More than 100 delegates were entertained here at the summer outing of the Minnesota Fire Underwriters association. The delegates were entertained at Birchmont, Bemidji's popular summer resort, at the head of Lake Bemidji, and the meeting was purely an outing.

Mankato—Eugene Conner has been arrested on a charge of setting fire to the Hotel Francis at Ellendale, operated by Mrs. Zada Connor. He had caused considerable disturbance around the hotel for several days past and had been told to leave and stay away, but he returned only to start trouble again so it is claimed.

Bemidji—Lightning struck the barn on the I. E. Raymond farm five miles east of Bemidji last week and fire totally destroyed the building and contents. Mr. Raymond is 75 years old and has successfully operated his farm single handed. The loss sustained is a severe shock to him and friends are soliciting funds in his behalf.

Virginia—District Judge Freeman is trying the damage suit of J. B. Hume against the Duluth & Iron Range Co., the Wiwabak Transfer Co., and Vince-Vidas for $50,000 damages alleged to have been sustained when a passenger train hit a motor truck of the company driven by Vidas, on which Hume was a passenger.

Moorhead—Paving projects in Moorhead involving the pavement of about a hundred blocks have been abandoned for this year as a result of the Minnesota supreme court decision holding that cities under home rule charters are not affected by general paving legislation enacted by the last legislature in the last session. An election must now be held to authorize.

Montevideo—Stepping from a moving airplane at an altitude of 1,100 feet, Orville Bonn of Montevideo, a sergeant, pilot in the American air service in the world war, made a successful descent with the aid of a new parachute This was the first demonstration in Minnesota of this parachute, an invention of Roy Gahn of this city. It has been adopted by the government after thorough tests.

Grand Rapids—Local high school students, some of whom are said to be members of this year's graduating class, are blamed for a number of rotten eggs being thrown through a window of the Charles Chalberg home, into the room occupied by Principal Cook of the high school, against whom the boys are said to have a grievance. A window was broken and the house more or less smeared with the eggs. Mrs. Charles Chalberg is very indignant over the outrage and may prefer charges against some of the ring-leaders, whom she claims to know Mr Cook, is naturally equally incensed.

Roosevelt—Last week a piece of land on the state road east of town, was sold for $75 an acre. The land had no improvements.

Wheaton—Wheaton's first market day was popular, sales in all store were brisk, buyers coming from a radius of 35 miles.

St. Paul—Mrs. Claudius Bombach, wife of the chief accountant in the office of J. A. O. Preus, state auditor, died at the St. Paul City hospital after three weeks illness. She is survived by her husband and one son, Emil F. Bombach.

Winona—Because of the great number of bugs attracted by the electric lights, the city council has ordered the Winona white way and downtown districts darkened for the summer. A protest has been registered against the order.

Mankato—Jacob B. Wolfe of Stacyville, Ia., bled to death as the result of an accident at Owatonna yesterday afternoon when his car collided with a team and buggy. The whole of the buggy passed through the windshield and cut Wolf's jugular vein.

Angus—A picnic of the Progressive Farmers' club was held at the farm home of Mrs. Inga Pederson, east of Angus. A large crowd was in attendance and the affair proved a huge success. Halvor Steenerson and Mr. Rako of the State Federation of Farm bureaus were speakers.

Detroit—The caterpillar or worm pest is again in evidence through all the woods of Becker county. In certain sections the worms literally covers the trees, and while they seemingly prefer the basswood, yet the oaks, maple, boxelder and others are likewise being stripped of their foliage.

Duluth—The Saengerfest convened here with nearly 1,000 delegates from all over the central and western states and from Canada present. More than 1,000 singers were in the concert. Members of Scandinavian lodges that had been in session in Duluth and Superior remained over for the event.

Caney—Because of the complaint that too many young girls and boys attend public dances here, Chief of Police Oscar Snortum says the old law which has been in the statute books of Minnesota for many years, relating to the age of those attending public dances, will be strictly enforced here in the future.

Little Falls—A man, believed to be B. E. Hurd of Pine River, is in a critical condition at the hospital here as a result of having slashed his throat on a Northern Pacific train. He was a passenger on No. 9 and when a short distance south of here stuck a pocket knife in his throat making a gash of about two inches.

Jackson—Eating lettuce which had been sprinkled with insect powder nearly resulted in the death of the family of Wesley Prokes, living near here. The lettuce bed and cucumber plot on the Prokes place adjoin each other and insect powder placed on the cucumber vines had been blown by the wind onto the lettuce. Several members of the family were poisoned and dangerously ill for a time.

St. Paul—Harrison Fuller, commander of the Minnesota department of the American Legion, has sent a bulletin to all local posts urging their co-operation in a publicity campaign by department headquarters to give people of the state news of activities of the department and of the various posts and women's auxiliaries. Mr. Fuller requests that an officer in each local post be named post publicity officer.

Dell Rapids—Ralph Riley, of Mt. Vernon, is dead as the result of drinking the contents of a bottle of strichnine. The boy's father had been digging a ditch for a drain when he found the bottle and threw it aside. The boy found the bottle and died in convulsions a few minutes after drinkink the contents. About a year ago the boy's brother was fatally burned while playing with a fire of old newspapers near his home.

Red Wing—A cloudburst which struck this city caused derailment of nine freight cars on the Chicago Great Western railway and caused the turning over of an automobile with six occupants on a road three miles from here. The approach to a trestle three miles from the city limits on the Great Western road was washed out and derailed nine cars of a train entering the city. The cars were loaded with stock, but none was injured.

St. Paul—Failure of the United States Health service to secure priority orders for shipments of alum and chlorine to purify local water supplies leaves many Minnesota cities and towns at the mercy of the railroads, Dr. Charles E. Smith, Jr., executive officer of the State Board of Health, declared. Several Minnesota towns using such chemicals to purify water have only limited supplies on hand now, Dr. Smith said, which when exhausted will leave the town without pure water. The state health department is preparing for such an emergency and intends to launch local campaigns to inform the people of the necessity of boiling water for drinking purposes to safeguard against possible epidemics of typhoid fever.

Minneapolis—Jacob O. Bentall, sentenced to two years in the federal penitentiary for violation of the espionage act, has been granted a stay until July 24 on the issuance of the writ of commitment. He was convicted for alleged seditious remarks made in a speech at Hutchinson, Minn., July 31, 1917.

Fairmont—Gertrude and Della Metz, daughters of Rev. C. C. Metz. and Edward Johnson, a young farmer were severely injured when their automobile was struck by a truck and hurled into a ditch here. The young woman suffered broken arms and Johnson was injured about the head.

WILSON BACKER SHAPES PLANKS

All Prospects of Fight Against Administration Leadership Swept Away.

BRYAN IS EXCLUDED

Subcommittee Appointed by Chairman Glass to Draft Platform—Bryan Leads Fight for a Dry Plank.

San Francisco.—Platform builders of the Democratic national convention got down to their real work late Monday night with the organization of the resolutions committee with Senator Glass of Virginia, as chairman and the designation of a subcommittee of nine to draft the party declaration of principles.

With all prospects of a fight against administration leadership swept away. and William J. Bryan even excluded from the subcommittee membership, while Brainbridge Colby, President Wilson's secretary of state, was included, the subcommittee will get down to work whipping the plank into shape for presentation to the convention.

A fight against Senator Glass as chairman collapsed and the name of his opponent, Senator Walsh of Montana, was not presented. Senator Walsh, however, was selected by Senator Glass, a member of the subcommittee.

The subcommittee appointed by Chairman Glass to draft the platform follows: Senator Glass, chairman; Senator Walsh, Montana; Vance McCormick, Pennsylvania; Secretary Colby, District of Columbia; M. M. Crane, Texas; Senator McKellar, Tennessee; Horace Hawkins, Colorado; William R. Pattengall, Maine; George H. Hodges, Kansas.

William Jennings Bryan, leading the fight for a dry plank, Senator Walsh of Massachusetts, who has a plank of his own which does not advocate ratification of the treaty, and W. Bourke Cochran, of New York, who is spokesman for advocates of an Irish recognition plank, all are members of the full committee, but none of them were chosen by Senator Glass to membership on the subcommittee. In some quarters the makeup of the subcommittee was interpreted as forecasting that the principal fight over these three leading issues would come, not in the subcommittee, but in the deliberations of the full committee and of the convention itself when it comes to review the subcommittee's work.

FIERCE BATTLE RAGING

Bolsheviki Seeking Decisive Results at All Costs.

Warsaw.—Fierce fighting is proceeding along the entire Polish front and increasing in intensity, according to Monday's Polish official communication.

The Bolsheviki, profiting by numerical superiority and great masses of cavalry, are seeking decisive results at all costs, it is stated. The heavy fighting for several days in the region of Lake Messussol ended with the defeat of the Bolsheviki, who were dislodged from their positions.

According to the communication the enemy's resistance has been broken all along the line between the pripet and the Ryzerey-Kalenkowicz railroad where the Bolsheviki lost 2,000 men killed.

The Poles captured quantities of important war material. The Bolsheviki General Budeny's army has been prevented from developing its success in occupying Jemilczyn.

ITALY IS SCENE OF RIOTS

Unemployment Is Alleged Reason for Strikes in Progress.

Rome.—Reports of disorders in widely separated parts of Italy appear to corroborate the impression that they are part of a deep scheme to overturn social order throughout the entire country. Unemployment is the alleged reason for the strikes now in progress and for rioting.

At Cadore, Venetia, red flags have been hoisted above the municipal buildings. Telegraph lines have been cut and roads blocked with trees at Lozzo, Callazo and Domegge. Carabineers in armored cars have dispersed rioters at Bribasso. At Roncole, an aqueduct has been cut. Discontent has burst out violently at Piombina, and soldiers and police have been attacked with revolvers and hand grenades, and have replied with machine gun fire. Many on each side have been killed and wounded.

Twister Hits Southern Minnnesota.

St. Cloud, Minn.—Storm of cyclonic proportions wrecked the Frank Brell store, the Tschida pool hall and the plant of the Morrison Lumber company at Pierz Sunday evening. Two small twisters were visible in the air as the storm approached Pierz and the two united just before the village was struck. Several residences were badly damaged and two new barns were destroyed. Meinhart Hartmann was cut by flying glass and sustained minor injuries. Terrific rain accompanied the storm.

Case Seemed Hopeless

Use of Doan's, However, Brought Complete Recovery and the Results Have Been Lasting.

"I used to think my back would surely break," says Mrs. H. S. Fix, prominent lodge woman, 340 Carpenter Street, Reading, Pa. "My back pained me constantly. I was as helpless as a baby and a nurse had to stay with me all the time. The kidney secretions burned and passed as often as every ten minutes. Sometimes my eyes were almost closed by the swollen sacs beneath them and my limbs, too, swelled twice their normal size. For almost a year I was practically helpless and never expected to get downstairs again. I had been told that nothing could be done for me, and had given up all hope of ever getting better. My condition was critical when I was told about Doan's Kidney Pills. I began using them and the results made me hopeful of getting well again. The pain in my back eased up and my swollen limbs started to look more natural. I kept on using Doan's and became entirely well. I owe my life to Doan's."

Prayed for Cure Finds it After 10 Years

Food Would Sour and Boil —Teeth Like Chalk

Mr. Herbert M. Gessner writes from his home in Berlin, N. H.:

I had stomach trouble over ten years; kept getting worse. I tried everything for relief but it came back worse than ever. Last fall I got awfully bad; could only eat light loaf bread and tea. In January I got so bad that what I would eat would sour and boil; my teeth would be like chalk. I suffered terribly. I prayed every day for something to cure me. One day I read about EATONIC and told my wife to get me a box at the drug store as I was going to work at 4 p. m. I took one-third of it and began to feel relief; when it was three-fourths gone, I felt fine and when it was used up I had no pains. Wife got me another box but I have felt the pain but twice. I used five tablets out of the new box and I have no more stomach trouble. Now I write to tell you how thankful I am that I heard of EATONIC. I feel like a new man; I eat what I like, drink plenty of water, and it never hurts me at all.

TOO WEAK TO DO ANYTHING

A Serious Feminine Illness Remedied By Lydia E. Pinkham's Vegetable Compound.

Casco, Wis.—"After the birth of each of my children I had displacement and was so weak I couldn't do anything I found a book about Lydia E. Pinkham's Vegetable Compound so thought I would try it, and after taking it I soon felt better. That was fifteen years ago and I have felt well ever since except that I had a slight attack of the trouble some time ago and took some more of your Compound and was soon all right again. I always recommend your medicine and you may publish my testimonial for the benefit of other women."—Mrs. JULES BERO, Jr., R. 1, Box 99, Casco, Wis.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and today holds the record of being the most successful remedy for female ills in this country, and thousands of voluntary testimonials prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Stock Raising in WESTERN CANADA

is as profitable as grain growing. Successes as wonderful as those from growing wheat, oats, barley, and flax have been made in raising Horses, Cattle, Sheep and Hogs. Bright, sunny climate, nutritious grasses, good water, enormous fodder crops—these spell success to the farmer and stock raiser. And remember, you can buy on easy terms

Farm Land at $15 to $30 an Acre

—land equal to that which through many years has yielded from 20 to 45 bushels of wheat to the acre—grazing land convenient to good grain farms at proportionately low prices. These lands have every rural convenience; good schools, churches, roads, telephones, etc., close to live towns and good markets.

If you want to get back to the farm, or to farm on a larger scale than is possible under your present conditions, investigate what Western Canada has to offer you.

LEAVE GIRL TO DIE UNDER CAR

Men Force Her Chum Into Another Machine and Drive Away.

IS BURNED TO CINDER

Tragedy Is Culmination of Wild Ride of Intoxicated Party—Girl's Wrist Watch Fused by the Heat.

New York.—Despite the pleadings of a girl companion, who begged them to try to save her companion who was being cremated beneath a burning automobile, two men, both under the influence of liquor, forced the companion into another automobile and drove away while the screams of the burning girl grew fainter and fainter.

The girl, whose identity is unknown save that her name was Helen, was of a party of four in an automobile that turned turtle at Old Mill road and Queens boulevard shortly after four o'clock in the morning.

The tragedy, the culmination of a wild ride, was witnessed by Anthony Kutillas and his wife, who live almost opposite the spot where the accident happened, and Thomas Fischer of 1821 Palmetto street, Ridgewood, N. J.

Awakened by Screams.

The Kutillas were awakened by the screams of two girls shortly after three o'clock. They rushed to a window and saw an automobile running a zig-zag course past their house. The automobile soon disappeared, but the screams of the girls could still be heard.

In a few moments the car returned, running at a high rate of speed and stopped when the driver saw a stalled car belonging to Fischer. Stopping but a few seconds, the chauffeur started again with such speed that the car overturned.

The two men and one of the women were thrown clear of the wreckage, but the second girl had been pinioned beneath the wreckage. Flames burst out immediately.

The girl who had been thrown from the car was uninjured and, according to Mr. and Mrs. Kutillas and Fischer, begged the men frantically to save the girl who was being burned to death.

"Never Mind Her, Come On."

"Never mind her!" shouted one of the men. "Come on!" With that he grabbed her and started pulling her down the road. Another car came along and the two men forced the girl into the second machine and sped away.

Burned to a Cinder.

In the meantime the girl under the car had become a flaming torch. Her screams had ceased by the time Mr. Kutillas reached the scene. Fischer was working frantically to extinguish the blaze. He was joined by Kutillas and a number of men returning from a dance.

Mrs. Kutillas telephoned an alarm of fire and it was not until the firemen arrived and extinguished the blazing gasoline that the charred body of the girl could be removed from the pyre.

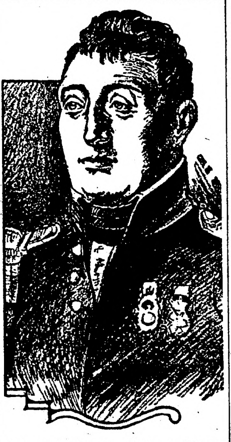
Her form had been burned to a cinder. A wrist watch had been fused by the heat. It was so badly damaged that it could not serve as an identification mark. Protected by the girl's body lay a purse containing some charred papers and business cards of firms in Montclair, Newark and Jersey City.

One More Unfortunate.

Manchester, O.—Identity of a beautiful girl buried in a graveyard three miles from here will never be known. She appeared at a farm and was taken in for the night. She left in the morning, and three days later she was found on a deserted houseboat, alone and near death from starvation and exposure. When turned over to local Red Cross workers, she said: "I have cut all home ties. There is nothing on me by which I can be identified. I don't want my family to know of my fate." She lived two days but never made any other statement.

Lafayette

CHAMPION OF FREEDOM

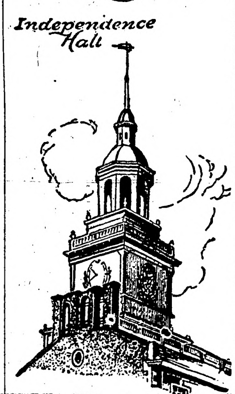


General Lafayette, From a Picture Made Late in Life.

He came to fight for Freedom's cause
Against a tyrant's power,
When Washington at Valley Forge
Had reached his darkest hour.
His army fought beside our own,
And, when the task was done,
Another nation had been born,
For victory was won.

A boy in years—a man in heart—
Son of a mighty race,
He wrote his name in mighty deeds
That time shall not erase.
He brought new hope, and faith, and strength
In time of black despair,
And freedom triumphed on our soil,
For France was fighting there.

And then across the many years,
By history's glorious chance,
Against oppression's heavy hand
Our soldiers fought for France;
And when the last hard fight was won
We well had paid the debt
That always had been ours to pay
To France and Lafayette!



Independence hall came into existence without any thought of the part it was destined to play in the birth of the nation. Necessity really created it. It appears, from documents well authenticated, that the Provincial assembly of Pennsylvania had been meeting in a house, annually rented in Philadelphia, until May 1. 1729. It was shortly after this date that the assembly voted £2,000 toward the purchase of ground for the building and its construction. It was designed by Andrew Hamilton, a barrister of Philadelphia, who in making his plans, provided for two wings, one of them Congress hall. In 1732 ground for the building was broken, but the construction dragged on for some years before the work was finished, although certain rooms were used for some years before the whole was completed.

Construction of Congress hall began in 1787, and was completed in 1789, and the remaining wing of Independence hall, known as "City Hall," was started in 1789 and finished in 1791.

Colonies' Second Petition.

In 1775, on the 8th of July, the second Continental congress adopted the second petition to the king. This congress, which was held at Philadelphia, was the same which later adopted the Declaration of Independence. On the same day of the same year Lord Dunmore, the royal governor of Virginia, fearing a general uprising of the colonies, took refuge with his family on board the Fowney, a British warship stationed at Yorktown.

In 1776, on the 8th of July, the Declaration of Independence was proclaimed from the steps of the statehouse at Philadelphia, and read aloud to the army at New York

CHIMES THAT ARE HISTORIC

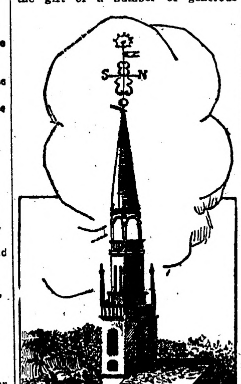
Bells of the Old North Church, Boston, a Part of the Country's Glorious History.

On the date that the armistice was granted by the Allies the chimes in the Old North church, Boston, were rung for forty-five minutes, thus keeping up their record of ringing for every important event in the history of the United States.

The sound of these historic bells was the signal which started Paul Revere on his famous ride. Ten years before the Revolution the bells rang for the repeal of the Stamp act, their ringing proclaimed the news of the signing of the Declaration of Independence, of the peace which followed the War of 1812, and of the peace which ended the Mexican war. The peace jubilee following the cessation of the Civil war was celebrated by these bells, also the victorious conclusion of the Spanish war. A sadder duty was sounding dirges after the deaths of Lincoln, Garfield, Zachary Taylor and Vice-President Wilson.

The eight bells in the chimes were cast in England and set up in the old belfry in 1745. The bells are numbered and each bears an inscription. Some of these inscriptions which explain the origin of the bell are:

No. 1. "This peal of eight bells is the gift of a number of generous persons to Christ church in Boston, New England, Anno 1744, A. F."



Steeple of Old North Church as It Appeared in 1715.

No. 8 "We are the first ring of bells for ye British empire in North America. Anno 1744, A. R."

No 6 "The subscriptions for these bells were begun by John Hancock and Robert Temple, church wardens, 1743, and completed by Robert Jenkins and John Gould, church wardens, 1744, A. R."

Up to 1840 it required nine men to play the chimes as it was then done. Each man held a rope and pulled swinging bells until the clapper touched the sides. That was a cumbersome method, and if one of the men were absent the ringing had to be given up.

Now each bell is fixed, and when the rope is pulled a striker falls on the side of the bell, making the sound.

Charles H. Jewell, the present chime ringer, is one of the Jewell family, whose members have been chime ringers in the Old North church for ninety years. The privilege of ringing the bell is handed from father to son. When Charles, who is fifty-four years old, gives up his task, Fred Jewell expects to take his father's place. And when Fred has served his time there is a grandson, Charles, now only five years of age, who is destined to become the fifth Jewell to ring the historic chimes for joy, sorrow, for good news and for bad.

NATION HOLDS DAY SACRED

Rightly or Wrongly, the Fourth of July Is Enshrined in the Hearts of Americans.

The discovery of a long-lost letter from Thomas McKean, one of the signers of the American Declaration of Independence, to Cesar Augustus Rodney, nephew of Cesar Rodney, another signer of that document, reveals information that the Declaration was not actually signed on the 4th of July. "Now that I am on the subject," wrote Mr. McKean, in August, 1813, replying to a question by Mr. Rodney, "I will tell you some truth, not generally known. In the printed journal of congress for 1776, volume 2, it would appear that the Declaration of Independence was signed on the 4th of July by the members, whose names are there inserted; but the fact is not so, for no person signed it on that day nor for many days after . . . on the 4th of July, 1776, the Declaration of Independence was ordered to be engrossed, on parchment & then to be signed." Mr. McKean adds that after the 4th he was away from Philadelphia for some months assisting General Washington in completing a "camp of ten thousand men," and that he then returned to congress and added his own signature. It is all very interesting, but of course it will not make any difference to the Fourth.

Don't Buy Private Brand Roofing

When you buy an unknown private brand of roofing you give the dealer, if he is unscrupulous, a chance to double-cross you.

In the first place, how do you know what quality of roofing you are buying? He may say that it is first-grade, because even an expert cannot tell the grade by just looking at it. Our third-grade roofing looks as good as any.

The chances are that you will get a medium or poor grade of roofing and pay a first-grade price for it. At least, an unscrupulous dealer with an unknown private brand of roofing can work that on you if he wants to.

Don't Pay a Long Profit

In the second place, how much profit is the dealer taking on your transaction? There is nothing to stop his taking a good, long one if you'll buy. That's why some dealers would rather sell private brands than Certain-teed.

Any responsible dealer can sell Certain-teed if he plays the game squarely. He gets a fair profit, but he cannot stretch it because so many dealers handle it and everybody knows the price.

Of course, you know what to expect from Certain-teed. It is highest quality, guaranteed for 5, 10 or 15 years, according to weight, and completely shelters your property. That's a real buy.

Any reliable dealer can get Certain-teed for you quickly from a nearby Certain-teed warehouse or jobber. He gets it when he wants it and he gets what he wants. He can afford to sell you at a fair price.

Certain-teed Products Corporation
General Offices, St. Louis
Offices and Warehouses in Principal Cities

Certain-teed

Beware of the dealer who tells you he has Certain-teed, but tries to sell you a private brand. He probably wants a bigger profit.

New Zealand.

Discovery of the island of New Zealand is attributed to Tasman in 1642, but exploration did not take place until the time of Capt. James Cook, 150 years later, while colonization was delayed until 20 years before the American Civil war. Colonization resembled the settlement of the American colonies in that settlements were made in half a dozen places instead of being promoted from a central base, according to the usual British method.

Pressing Question.

"Is your candidate a good man?"

"Oh, yes, he is a good man, all right, but I am not sure he is one of the elect."

Once in a while the greatest truth is told by the biggest liar.

Her Tragedy.

"We have such a good joke on Mamie."

"What is it?"

"After she married that rich old curmudgeon the family physician told her he was as sound as a dollar and likely to last for the next 20 years."

CUSTOMS FIFTY YEARS AGO.

Who among us would say to-day, "I never use a Dentifrice; I never have to?"

Yet Fifty years ago, odd as it may seem, not one person in 1,000 used a Dentifrice—or even a tooth brush.

So to-day, after more than 30 years of persistent publicity of Allen's Foot=Ease, the Antiseptic Powder for the Feet, not many well-turned-out people care to confess, "You know I never have to use a Powder for the Feet!"

More than One Million five hundred thousand pounds of Powder for the Feet were used by our Army and Navy during the war.

The reason is this: Confining the feet in Leather or Canvas Shoes is bound to create friction more or less. Allen's Foot=Ease removes the friction from the shoes. It is this friction which causes callouses, corns and bunions. You know what friction does to your motor-car axle. Why not remove it from your footwear by Shaking into your Shoes to-day, Allen's Foot=Ease, the cleanly, wholesome, healing, Antiseptic powder? Get the habit, as millions now have it, who inhabit our, as yet, imperfect world.—Adv.

The Itching and Sting of Blazing, Fiery Eczema

Seems Like the Skin Is on Fire.

There is a harassing discomfort caused by Eczema that becomes a torture. The itching is almost unbearable and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source.

The source of Eczema is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain. Get a bottle today, and you will see results from the right treatment. Write for advice. Are You Waiting for Prices to Come Down?

1866 CURTIS WOODWORK

"The Permanent Furniture for Your Home"

ABOUT 320,000 houses are built each normal year in this country.

Last year home-building was at a standstill, for patriotic reasons.

The year before that and the year before that, home-building was below normal because "prices were too high." As a result, there is a shortage in this country of about 700,000 houses!

Consequently, there is a "hungry market" for building materials. General Demand is about to launch a campaign for home-building. What will General Supply do? What effect will a big demand have on prices? You can draw your own conclusions.

You can decide now whether you want to take advantage of the present favorable prices of materials and build now, or whether you want to wait three, five, ten or fifteen years until "prices are right" and then build, in the meantime, doing without the comfort, convenience, and satisfaction of a home of your own.

Think it over. Our advice is, Build Now! not because the Government asks you to, but because

IMPORTANT FACTS About PARIS GREEN

Any Paris Green is a good insecticide— it's the old reliable destroyer of insect pests.

But—without paying more—you can get more for your money if you'll buy Ansbacher's Paris Green.

Back of it are years of experience—skill and factory facilities born of half a century spent in producing Paris Green.

And this means to you—a Paris Green with minimum free arsenic and maximum killing power — quick death and safety all in one.

You will find the kind of quality in Ansbacher's Arseniate of Lead (Dry and Paste) and Bordeaux Mixture that has built their reputation.

Try This Experiment

Note knee-low supply tank.

Turn your separator a few revolutions below speed. Take a sample of your skim-milk and cream. Have your creamery test it. Note your loss.

Now make a trip to my store—try the same experiment with a Sharples Suction-feed Cream Separator. Turn even as low as 35 turns per minute. Have your creamery test that too. You'll find that you're getting *all* the cream, in spite of the low speed. That's what places the

SHARPLES SUCTION-FEED CREAM SEPARATOR

head and shoulders above all other makes—it gets all the cream at widely varying speeds. Every separator (bar Sharples) has a fixed milk feed — below speed much of the milk goes through without perfect separation. The "Sharples" milk feed varies with the operating speed—drinks up no more milk than it can perfectly separate. Saves 7 to 13 lbs. of butter per cow per year over any other separator. 4,000 actual tests show that 19 out of 20 people turn below speed most of the time. Trade in your old separator for a "Sharples."

Easy to clean—just one piece in bowl to wash.
